Bang-Up Program Set For July 4 By Lions

Community Fourth of July celebrations of the past won't hold a candle—Roman, that is—to the 1961 version here.

That's the promise of the Hilltop Lions who are nailing down final plans for a big wing-ding at West High School's Magly Field.

General Chairman Bob Foster said the biggest assortment of fireworks ever will be shot-off at 8:45 p.m.

Gates for the evening of free entertainment open at 6 p.m.

The big, six-act show begins at 7:30 p.m., according to Foster. Entertainment tailored to both kids and adults is on tap.

"Bonnie," the clown who doubles as a magician, will be on hand; as will the Rythmetts, a four-girl dancing team; Dusty Rhoades, a washboard player; Andy and Peggy, a singing team; and Bill Vaughn, a barnyard story impressionist.

Emcee will be WTVN personality Earl Green. Chick Strickler will act as program director.

A special feature of this year's celebration will be the appearance of the 1st Ohio Volunteer Cavalry, Company M. The outfit—whose forerunners were mustered in at Camp Chase in Oct. of 1861 — is headed by Dr. Byron Stinson of Clarksburg. It consists of nine men, eight horses, cannon and bunker.

The men all wear authentic Civil War uniforms and will demonstrate cavalry drills, concluding their performance by firing the cannon.

Fireworks will include ground displays ranging from "Stars and Stripes" to the "Hilltop Lions Sign" and a selection of aerial pieces.

During the show, members of the Lions softball team will sell soft drinks in the stands. The ladies auxiliary, headed by Mrs. Larry Farrand, will have hot dogs, popcorn, potato chips and ice cream for sale.

The fireworks will go on come rain or shine, according to Foster.

Each hour from 3 to 6 p.m., an aerial bomb will be shot off to remind Hilltoppers of the free show.

The Lions each year sponsor the celebration as their way of thanking the Hilltop for its support during the annual lightbulb and newspaper sales, Foster said.

Lots Of Activity Elsewhere, Too!

July 4 fun seekers have more than just the Hilltop celebration to look forward to if they desire.

Jets Stadium on W. Mound-st will open early for those want to eat picnic lunches early, or baskets may be checked in for those who want to eat between ball games. The Jets will play the Charleston Marlins in a twi-night doubleheader, starting at 5 p.m. The second game will start at 8 p.m. and a gigantic fireworks display will follow it.

Southview Park, on Greenlawn-av just west of the river, will be the scene of a big celebration put on by the Council of South Side Organizations. On the agenda: 1 p.m., flag raising and ball games continuing until 7:30; 8 p.m., Harmony Glee club and South Side German Band concert; Order of Arrow Indian War Dance; 9 p.m. big fireworks display.

Georgian Heights (far west off Sullivant-av) will feature a street parade at 11 a.m. following the crowning of Queen Dinah Baker. Prizes will be awarded to winning floats and ticket holders at the Georgian Heights schoolyard after the parade.

Hall Ridge club, Hall-rd, will have a swimming and diving competition, and relay races at 2 p.m. and fireworks at 9 p.m. The event is open to members and their out-of-town guests.

One of the largest weekend events in Central Ohio will be at Ashville July 1 through 4. A bathing beauty and queen contest will be held Monday evening after a 7 p.m. parade. The windup Tuesday will feature: 11 a.m. a parade; 12:30, concerts by 12 high school and community bands; 2:30 p.m.—dance group, ball game; 4:30 p.m. fire department demonstration, followed by an aerial bomb blast over the grounds, releasing 50 $1 bills and $300 in merchandise slips; evening—dancing and carnival rides; 11 p.m. a mammoth fireworks display.

....And He's Off Into Orbit

OF COURSE the Hilltop Lions didn't actually put Fourth of July Committeeman Dick Fagan into space at Magly Field, but it shows what they have in mind for their annual Independence Day program. Plenty of fireworks. Touching the match to Fagan's rocket is Carle Strickler while General Chairman Bob Foster and Program Director Chick Strickler await the countdown.

Contracts Accepted By MHA For Senior Citizens Center

A New York construction firm has been selected by the Metropolitan Housing Authority to do the bulk of the work on the new $2.5 million Senior Citizens Center.

General contract for the project—which will sprout on the West Side over the next year and a half—has been awarded to R. T. Farnsworth and Co., Inc. of New York City on a low bid of $1,689,500.

Successful bidders for subcontracts were:

- Mechanical — Limbach Co., Columbus, $383,000.
- Electrical — Electric Power Equipment Co., Columbus, $177,200.
- Landscaping — Hollandia Gardens, E. Vienna, O., $16,850.

Total development cost of the center, exclusive of the land cost, will be $2,297,832. The architect's estimate was $2,412,000.

Second low bidder on the general contract was a Columbus firm, Kesk, Inc., with an across-the-board bid of $2,355,000 for all phases of the work.

Other firms seeking the general contract were, (in the relative order of their bids): Garwick and Ross, Columbus; Joseph Shilkan Co., Columbus; Satterlin Co., Columbus; Barker and Combs.

Construction on the project is scheduled to be completed by January, 1963. A firm starting date has not been set but a MHA spokesman indicated it would be "very soon."

The extensive new facility for Columbus' senior citizens will be located on a 3.5-acre tract adjacent to Sunshine Park.

It will be bounded by Cherry-dr on the north, McDowell on the east and Gift-st on the west.

In addition to the 183-unit apartment towering 11 stories high, the center will be graced with a recreation building and well-shrubbed grounds.

The recreation building will serve persons from throughout Franklin County.

The Senior Citizens Center—combining both living and recreational facilities—is unique to Columbus, according to Russell Taylor, MHA director.

Decision to build the center dates back to a survey made by the MHA on conditions of the elderly here.

In general, according to Taylor, the study uncovered a pressing need for adequate housing for the aged. Taylor explained that low income often forces senior citizens to live in substandard dwellings.

We Celebrate For Freedom's Best Helper

July 4, 1776 is a most important date in the history of the world.

And July 3, 1826 is another very important date and one that deserves some celebration on this long holiday week-end.

Seventy-five years ago the first typesetting machine was set in operation in the composing room of Horace Greeley's New York Tribune.

This marked the liberation from 400 years of hand-setting of type and gave the gift of wings to the printed word.

It is interesting to note that while we celebrate our liberty on July 4, that the machine that has done more than anything else to aid in perpetuating this liberty was first successfully used on July 3, just 110 years later.

Early Deadline Set For News, Advertising

Because of the Fourth of July holiday, the Hartley Newspapers offices will be closed Tuesday, July 4.

Early deadlines have been set for all news and advertising material.

All news matter — correspondence, wedding announcements and so forth—MUST be in by Saturday morning.

Deadlines for classified advertising in the West Rural-Urban News and the Southeast Rural-Urban News is 10 a.m. Monday; for all other newspapers, Monday noon.

All display advertising must be in by 10 a.m. Saturday.

IT WAS A CLOSE SHAVE!

Customer James Martin looked up just in time to shout "Look out" and dive out of the chair before this semi-trailer rig of the Unger Trucking Company came roaring in the front door of Self's Barber Shop at 1016 W. Broad-st this morning. The air brakes apparently failed and the driver Arnold Raver of Indianapolis attempted to avoid heavy morning traffic by cutting across the corner of the Rogers-av intersection, shearing a telephone pole, missing two other poles by inches, and coming to rest in the barbershop. Both barber and customer Martin escaped through the window, but second chair barber George Young, 340 Chester-rd, and customer Emilio Ceccal, 80 Avondale, were taken to Mt. Carmel Hospital, along with the driver. All were in fair condition at last report.

Cunningham Disputes Valleyview Dr. Rezoning

By Bill Gross

A "little man" is raising a big fuss in Valleyview.

The little man — as he pictures himself — is trailer court owner Harold Cunningham.

The big fuss revolves about his charge that the (big) city of Columbus is trying to push him around.

Specifically, Cunningham says that Columbus is trying to devaluate his property by rezoning it from commercial to residential.

He indicates that the city wants to buy the 1.5-acre tract "below its fair market value" and claims it would be used for park purposes.

Not so, says City Planning Director Jack Bachtel.

Bachtel explained Tuesday that the city's action was designed to prevent undesirable commercial development in the future.

The squabble was touched off June 5 when the city council rezoned the site of the trailer court to residential on the recommendation of the planning commission.

The property, part of a three-acre tract owned by Cunningham in the 3000 block of Valleyview-dr, is located along a portion of Valleyview Community Center frontage.

Cunningham has declared he will "do anything necessary to prevent the ruling from taking effect."

His attorney, Phil Stout, declined to say what action is contemplated.

The city apparently plans to stand pat.

Stressing "they haven't beat me yet," Cunningham claims the planning commission was out of bounds when it recommended the rezoning.

"Maybe they can do it legally, but it's still wrong," he said.

"My property was rezoned to commercial about a year before it was annexed to the city," Cunningham explained. "When Columbus took me in it should have been with the understanding that my property was to remain commercial."

He pointed out that rezoning seriously limits the commercial value of his property, noting, "I just spent $3,000 to improve it."

"Don't let anybody tell you that this rezoning is necessitated by adjacent housing," Cunningham said. "My commercial property touches no residential property except my own."

Cunningham continued by implying that Columbus wanted his property as an access to Valleyview Park and thus was trying to force its sell.

"Right now they have no way into the park, except across my land, the school grounds or by helicopter," he said.

"It's not my fault that the city was so stupid as to acquire the park land (from Cunningham through condemnation proceedings four years ago) without an easement providing for a right-of-way into it.

Bachtel, explaining the city's position, said that the "site was a potential nuisance."

With the area developing along residential lines, the planning commission felt is was undesirable to permit the continued commercial zoning of one tract," he pointed out.

Bachtel noted that "of the hundreds of rezoning actions that come before council every year, relatively few are begun by the commission."

"However, it is done occasionally in areas where we feel there is a need," he said, pointing to the German Village section of the South Side as an example.

Bachtel asked why the city would want the land. "The school grounds currently offer free access to the park," he said.

Under the city zoning code, Cunningham can continue to use the site for a trailer park as a non-conforming user.

It can also be sold as a trailer park.

However, the rezoning limits expansion of the trailer park and prohibits other commercial development of the site.

West Siders Applaud Efforts To Clean Up All Local Streets

City street cleaning crews drew an unexpected response June 21 on the West Side.

Applause!

Both residents and merchants came into the street to give workmen a warm reception, according to a spokesman for the West Side Neighborhood Council.

The city, in co-operation with the council, is conducting a street cleaning drive in the area. The campaign began June 21 and continues for four successive Wednesdays through July 12.

Last Wednesday, opening day of the drive, one side of all streets north of Broad between the Scioto River and Schultz were cleaned.

Today, the opposite side of streets begun last week and one side of all streets from Bell to Ryan, south of Broad will be cleaned.

Youth groups from Gladden Community House are continuing efforts to notify all residents a day or two prior to the date of the actual street sweeping.

Jarrot C. Cahavous, Jr., city street supervisor, has pointed out that the major obstacle to "doing a complete job" is cars parking on the side of the street to be cleaned.

"In some cases we've had to find the owners and ask them to move their cars," he said. "In other cases we simply skip around the car, leaving a spot of dirt."

"We would hate to resort to towing the cars away, but it may be necessary if too many people refuse to co-operate," Chavous continued.

In the street cleaning schedule, N designates north side of street; S., south side; W., west side; E., East side; B., both sides; C., center.

Streets to be cleaned Wednesday, July 5, include:

W. Service-st (B)—Sullivant to Bellows and Campbell to Thomas; Green-st (C), Davis-av (W)—Sullivant to deadend south of Thomas.

Souder-av (E), Martin-av (C), Hawkes-av (E), Avondale (W) Dakota-av. (E), Cypress-av (W), Glenwood (E), Yale-av (W), Central-av (E)—Mound to Sullivant.

Holton-av (W), Princeton (E) —Campbell to Mound; Nacc-av (E) — Mound to Bellows; Dana-av (W)—Thomas to Mound; Brehl-av (B) Mound; to deadend north of Mound.

Dana-av (B) — Sullivant to deadend south of Union; Union-av (B)—Central to deadend east of Dana; Princeton (B)—Sull-

TB Detection Drive Begins July 10

An intensive campaign to detect unsuspecting victims of tuberculosis will begin July 10 in the western areas of Columbus.

The drive, to continue through July 26, is sponsored jointly by the Tuberculosis Society of Columbus and Franklin County and the Hilltop Businessmen's Association.

The Society's Christmas Seal X-Ray Cruiser will provide free chest checks to anyone over 15.

In line with its new "Do You Know For Sure?" theme, the organization is emphasizing detection of contagious tuberculosis but will also furnish preliminary reports on suspected enlarged hearts and lung

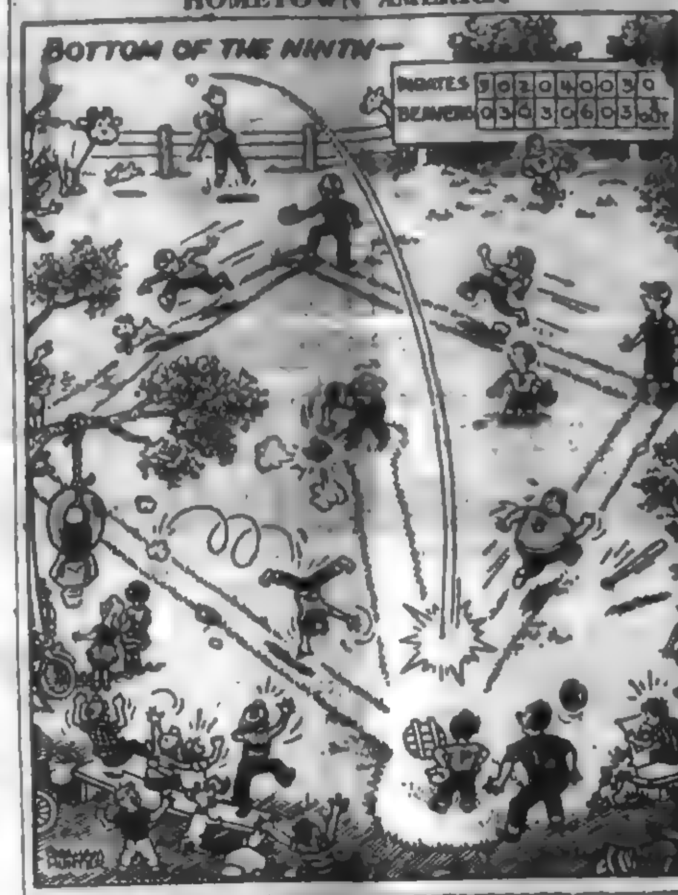
SOME THOUGHTS ON FREEDOM

The combined observance this year of the Fourth of July and the centennial celebration of the Civil War will bring frequent thought to some of Abraham Lincoln's immortal words on freedom:



"As I would not be a slave, so I would not be a master." In either extreme, of domination or submission, Lincoln saw trouble; and the only way out that he could see was for all men to be free and unshackled.

"In giving freedom to the slaves, we insure freedom to the free." To the degree that all men participate in freedom, to that degree the individual is free. The ugly shadow of millions in slavery dims the individual's freedom.

"Conceived in liberty and dedicated to the proposition that all men are created equal." Equal to get all that life has to offer, but, more important, equal to give to life from the fullness of one's ability.

"This nation under God shall have a new birth of freedom." This can happen only as each of us earnestly seeks to keep Religion in American Life through the worship of Almighty God. "Worship together this week," and you need never walk alone.

Day Spent Taking White Bass On Lake Erie Is Lot Of Fun

INSIDE ON THE **Outdoors** By ROD COCHRAN

Gene McPherson, 48 Darby-dr, Darbycrest, and I have just finished giving white bass a workout in the island area of western Lake Erie. Or more properly, the bass gave us a workout — for the fishing was fast and furious when we located the traveling schools.

Best tactic to use on these speedy game fish is to think like a white bass. This means you must locate a reef or shoal, called "humps" by islanders, where baitfish are numerous. Then fish with a lure that resembles a struggling minnow. This, evidently, is how white bass think, and you will catch some if you follow the same reasoning.

Bad weather has been hampering Lake Erie fishing all spring, but we hit two ideal days on the lake. The water was calm and it was warm and sunny.

Everyone seemed to have white bass. They could be caught from the shoreline of any of the islands. Boats clustered around Starve and Rattlesnake Islands and over West Reef.

An unexpected bonus to the bass fishing was the great number of sheepshead taken. These fish grow large, we caught several from six to eight pounds, and seem to congregate in the same waters white bass prefer. It is no short battle when you hook a large sheepshead, and it's lots of fun to land them. Not many people keep sheepshead, also called freshwater drum, but some say they are good to eat. Most sheepshead taken by white bass anglers are returned to the lake.

White bass are related to the noted saltwater striped bass, and are members of the true bass family. (Largemouth and smallmouth black bass are not bass at all, but belong to the sunfish clan). They travel in schools and are voracious feeders. They rip through a school of emerald shiners like miniature sharks, hitting everything that moves. They inhale artificial lures and hooks with complete abandon.

Hit Bait at Full Speed

For a few seconds a white bass is as game as any freshwater fish. They hit at full speed and pull back hard. There is never any doubt about having a strike. They do not leap from the water, but put up a dogged, deep-boring battle. White bass turn their wide bodies at right angle to your line and fight similar to a king-sized bluegill.

With such gluttonous appetites, you might expect white bass to grow rapidly and they surely do. Most of the fish being caught a few days ago were two years old. Many of them were hatched only last year. Some were 12 and 14 inches long — these old timers were three.

I guess the main fascination of white bass is their frequency. Gene and I caught enough to eat in short order, fought a few sheepshead to the wire as an unexpected change of pace and began returning all fish back to the water. This, really, is the mystery of it all — why would we fish through lunch and return to camp tired and hungry to catch fish and then throw them back? Simply, because it was a beautiful day, gulls were wheeling in the sky, fish were waiting to be caught and we like to fish.

Yes, it's difficult to start the outboard and pull away when the white bass are running.

Consumer Report

Food Market This Week

By ESTELLE B. FRANKS

Fruits—Bananas, peaches, melons, strawberries, plums.

Vegetables—Lettuce (leaf, Bibb, Romaine, Salad Bowl), greenhouse tomatoes, potatoes, cooking greens, beets.

Other Foods—Fryers, turkeys, large eggs, luncheon meats, wieners, ham, "beef specials," ice cream.

Food shopping lists are likely to be longer this week with July Fourth coming up. Luckily, many foods suitable for holiday festivities are in season and priced in your favor. Using generously of these seasonally plentiful items is one way to ease the strain on the pocketbook when shopping lists are long ones.

As predicted earlier, there will be large supplies of all sizes of turkeys and broiler-fryer chickens for indoor or outdoor eating. Fruits—just right for picnicing and snacking—are more reasonably priced than in past weeks. And, there's a wide variety of vegetables for salads or for nibbling.

As for fruits, you can still enjoy luscious strawberries. Because of the late season, there'll be a few local ones around, as well as a good supply from northern Ohio, Michigan and California. Some excellent ones are available.

Peaches become more plentiful each week and are reasonably priced. Since prospects for the peach crop are relatively good throughout the country, prices will likely continue downward.

California Santa Rosa plums and Thompson seedless grapes are approaching peak season with lower prices. Sweet cherries are in season and prices have eased a bit. Apricots, nectarines and blueberries are other seasonal treats you may want to add to your list this week.

Melons—watermelons, cantaloupe, honeydews—are "naturals" for July 4 and are in good supply. For the picnic jug, both lemons and limes are in seasonally large supply now.

Remember when— among other reasons for being glad about July 4—that was the day we started watching for that first fresh tomato from the garden. Now, all you have to do is visit your grocer's "garden." Cold weather gave greenhouse tomatoes a late start, but it also has prolonged the season. You'll find good quality greenhouse tomatoes reasonably priced this week and they will be available until the outdoor season starts.

Salad greens from local fields include spinach, leaf lettuce, Romaine, Big Boston lettuce and Bibb lettuce. Add to this, greenhouse tomatoes, and you can have a salad fit for a king.

Have you tried "Salad Bowl" lettuce? It's a western lettuce that you'll find in some stores now. It grows in a loose head resembling escarole, only the leaves are oak shaped. You'll find it succulent and tender and well worth a try. Cucumbers, peppers, radishes, green onions are inexpensive items to round out the ingredients for salads and relish trays.

July 4 Activities Begin At 2 p.m.

CBS Park Raceway officials revealed this week that the recent trend to long 25 and 50 lap races is being snubbed by go-kart drivers.

Drivers complain that the long hauls burn up their engines and the cost is too high to participate in the lengthy runs.

CBS to date has held races to a few laps and will continue to do so. Also, to satisfy the drivers, both wood and plastic trophies will be available to winners.

The Lancaster CBS track will open at noon July 4, with racing and gala entertainment for the entire family getting underway at 2 p.m.

'AW, SHUCKS, MA'M . . .'

WHEN A MAN gets to be over 30-years-old and still isn't married, you can be certain of one thing . . . he "rides a fast horse." . . . so says Hugh O'Brian, in Columbus for the week-long run of "Destry Rides Again," which opened Tuesday night at Vets Memorial. Bernice Massi, who is Hugh's leading lady this week, appears intent on solving ex-Earp's bachelor ways. Staff photo—Ron Pataky.

Earp's Gone—Hugh's Glad; Doin' What He Wants Now

Hugh O'Brien sipped soup and chatted with reporters about the recent demise of one Wyatt Earp, the sheriff who cleaned up television.

In Columbus after spending a day testifying before the Senate investigation committee in Washington on the subject of violence on television, O'Brian seemed justly proud of the commendation the show received from the committee.

"They emphasized that our show has less violence than any other western, 'adult' or otherwise," he said. "Naturally, it made us very happy."

O'Brian, who's no stranger to Ohio (he was graduated from the University of Cincinnati), is in Columbus this week for the week-long run of "Destry Rides Again." The musical-comedy opened last Tuesday at Vets Memorial here.

"I'm doing what I love to do," O'Brian said last Monday. "I broke into show business on the legitimate stage. Now, I'm back on it again and I couldn't be happier."

He has no regrets about the Earp series, however. "But," as he says, "the sponsor and producer got together and decided to drop the show."

O'Brian has played the cowboy role for some six years now and after the upcoming summer re-runs the Wyatt character will once again die.

Equally glad of O'Brian's decision to return to the theater is John Kenley, producer and founder of the Kenley Players.

Hugh was lauded on the Broadway stage and is expected to draw the same large crowds from the Columbus area.

Show Rates 'Tops'

"Destry" was voted one of the top musicals on Broadway and the dance numbers received the same rave notices. O'Brian actually has a fine natural singing voice and his ability to project a song was welcomed in New York.

He'll sing fine songs in "Destry," including "Anyone Would Love You." All of the numbers are ballads.

Ex-Earp had acted in 27 plays before beginning the cowboy series. "'Destry' is a happy-go-lucky musical," O'Brain said. "I know that I'm going to enjoy doing it."

Hugh pointed out that his role in "Destry" is completely opposite from his role as Wyatt. "In this, I play a comedy character," he said.

He has hopes of doing Shakespearean comedy after his run with the Kenley group. He also feels that he won't have trouble re-adjusting since, as he says, "I've never been typed as Wyatt Earp . . . It has always been Hugh O'Brian as 'Wyatt Earp'."

Chances are, he'll do some guest shots on the G.E. Theater and other TV shows. At least, they're penciled in on his schedule. Also "penciled in" is some skin diving around the Greek Islands before the summer ends.

The only thing in the entertainment line that Hugh hasn't done is night club work. And it doesn't look as if he's going to if he sticks to his present plans.

He'll tour Connecticut, Massachusetts and Rhode Island with "Destry" for the next year or two. Then he'll seriously concentrate on Restoration-period comedies and, perhaps, some movies.

"Kenley's doing a fine thing by bringing this type of shows to Columbus," O'Brian commented. "It's a different class of show business and I feel that Columbus and vicinity are lucky to be able to see these shows at such reasonable prices ($2.25 top)."

Kenley is also running the same shows at the Packard Music Hall in Warren, O., where O'Brian visited before his opening here Tuesday night. The smell of roses in Warren was intoxicating.

Horse Racing Pays Off For State of Ohio

"In the home stretch of the present fiscal year, the tax paid on horse racing in Ohio is running well ahead of the figures for the previous year, and promises to cross the wire far in the lead," Joseph T. Ferguson, state treasurer said.

By June 1, $7,408,648.94 had been collected by the state from parimutual tracks, an increase of $680,554.19, or about 7.9 percent, Ferguson said.

Collections from local tracks include Beulah Park, $433,585.94, Hilliard, $189,290.62 and Scioto Downs, $187,846.52.

AT COLISEUM

Chuck Conners To Appear At Rodeo

Chuck Conners, ABC-TV's famous "Rifleman," will visit the Capital City for the 13th Annual Mid-Western Horse Show and Rodeo at the Ohio State Fairgrounds Coliseum.

Alias "Lucas McCain," Conners will visit the show during both performances on July 4, at 2 and 8 p.m. This is the only date that Columbus fans will get a chance to see him.

The show itself will run from June 30 through July 4. Show Secretary Marie McDannald, of 5847 Sunbury-rd, Gahanna, promises that there'll be plenty of spine-tingling excitement with bucking Broncos and Brahma Bulls.

Other thrills will be furnished by calf ropers, cattle cutters, barred racing contests and other rodeo feats.

"Mid-Western features a wide varied of halter and performance classes, including divisions for Appaloosas, Arabians, Morgans, Palominos, Quarter Horses, Western Horses and Ponies, as well as rodeo events," Miss Dannald said.

The Indians, too, will be in town as the Appaloosa Costume Classes enter the ring with the riders attired in authentic Indian regalia.

"Mid-Western is keenly interested in promoting youth activities and the youngsters will have their day Monday afternoon, July 3, when they take over the entire afternoon performance for their 4-H Classes," Miss McDannald added.

Free children's tickets for those under 12 can be obtained by writing Miss McDannald in Gahanna.

In all, there will be eight performances. Friday night at 8 p.m. and Saturday night at 8 p.m., only. Two shows Sunday, Monday and Tuesday at 2 and 8 p.m.

Group Joins Forces In Hog Cholera War

Representatives of Ohio's swine industry have banded together in a statewide effort to stamp out hog cholera.

The newly-organized Ohio Hog Cholera Eradication Advisory Committee is urging farmers to vaccinate young pigs in order to reduce the possibility of future cholera epidemics. It is also considering the possibility of a regulation which would require out-of-state owners of feeder pigs to get a special permit before bringing the pigs into Ohio.

Herbert Barnes, Ohio State University Extension swine specialist, says that last year hog cholera was reported officially on 112 Ohio farms. Half of these cases, he notes, were traceable to feeder pigs coming from out-of-state. Ohio already has taken first steps to eradicate hog cholera by eliminating two sources of the disease—raw garbage and virulent hog cholera virus. State regulations prohibit the feeding of raw garbage to swine and the use of virulent live virus in vaccinations on farms.

Last year about 40 per cent of Ohio's pig population was vaccinated for cholera. The vaccination rate must reach about 65 per cent, Barnes says, to maintain a degree of control necessary for natural sources of infection to fade out.

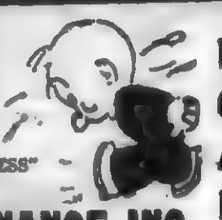
Use Of State's Parks Suggested To Hospitals

Patients who are to be discharged from the state's mental hospitals are being encouraged to make greater use of Ohio's recreational offerings.

Three divisions and a section in the Department of Natural Resources took part in the outdoor education workshop recently conducted by the Department of Mental Hygiene and Correction for its hospital leaders at Athens State Hospital.

Recreational directors from 22 of the state's mental hospitals were told what the state had to offer discharged patients in the way of recreational opportunities. Location and facilities available at state parks, fishing, boating, picnicking, camping, hiking and other related subjects were discussed in detail by a representative of the Division of Parks.

Colored slides outlined the work of the Division of Forestry, followed by a talk on the location of the state forests, their purpose and what they had to offer the public.



Representatives from the Division of Wildlife told of its program in fish and game management, facilities provided for Ohio's sportsmen and discussed the values, aesthetic and otherwise, of the fish and game available.

Directors also heard of the work of the information and education section, the kinds of materials it distributes, audio-visual, printed, displays, and the like.

Other agencies taking part in the two-week workshop which closed June 16, were: Ohio State University, Girl Scouts, Department of Health, Ohio Historical Society and the Michigan Inter-Agency Council for Recreation.

LEGION TEAMS BEATEN

BY BOB WILCOX

Camp Chase's American Legion baseball team's undefeated season came to a grinding halt last Wednesday evening as they traveled to meet Southway Post (South High) and came home on the short end of a 2-1 pitcher's duel.

But they bounced back last Sunday afternoon to take two from the then-current Gold Section leader, 8-4 and 3-1, with the result at press time that Chase is Gold Section undisputed frontrunner at the moment.

They have a very busy upcoming week's schedule with their usual three games, plus one to be made up from a previously rained-out affair. Tonight (Wednesday) they travel to meet Lockbourne there (team composed of Hamilton Township, Lockbourne AFB and some Groveport lads), Sunday tangle at home with Bishop Hartley in a single contest, host Groveport Monday evening in the makeup affair and then also host Capital City (East) next Wednesday evening.

Last Sunday's pair against Franklin Post-Eastmoor at West was the last doubleheader of the season for the Legionnaires although there are still three-four weeks left on the 1961 schedule.

• • •

Chase's Jim Thornton merely got outpitched by Southway's Crabtree (Marion-Franklin product) plus Thornton had himself one of his "wilder" evenings. In only three and one-third innings he walked five and hit two batsmen while striking out only four men. John Evans came on in the fourth when Southway took over the lead to eventually win.

The victors started their victorious rally in the fourth when with one away Thornton proceeded to walk the next two men. An error on the shortstop then loaded the bases and Thornton lost the next man and walked him to force home the tying marker.

Win Twin

Chase won both ends of the doubleheader by two run margins, taking an early first inning lead that held up in the second game but having to come from behind with their "heavy artillery" in the first fray.

Franklin took a quick 3-0 lead in the top of the first as Thornton walked the first man to face him but then settled down to get the next two. However with two away, Eastmoor's Dwyer stepped into a pitch and ended up on third with a triple driving in their first run of the game.

He then scored on a double by secondsacker Lee Maior's. They also added lone tallies in each the third and fourth frames to hold a 4-1 margin going into the last of the fourth. Thornton walked four and struck out three, in keeping out of almost constant trouble with his faulty control at times, in posting his second win against one loss for this Legion season.

Evans Is Here

The second game found Evans picking up his first win of the campaign as he took over in the regular 1-2 pitching rotation with Thornton in place of the departed Max Green. Evans had a "whiffing" good day as he struck out 10 and walked four and gave up only two hits.

Chase gave him a quick 3-0 lead in the top of the first (in Legion double-headers the host team is home team the first game but visitor the second) as Evans himself led off by working Eastmoor's Meyers for a walk. Ross then singled, Malone doubled bringing both runners home and Gary Alwood singled Malone home with the third tally of the inning.

CAMP CHASERS — "Ace" shortstop Steve Wilson was on vacation all last week (Coach Ed Lewis was hopeful he'd be back for this week's (Wednesday) fray but unless he would have made a terrific one-man show against Southway, Chase "survived." Chase picked up another new lad to add to the roster . . . Sparky Parrett, an infielder from Grove City. He played the Southway game at short thus permitting Workman to remain at third.

However in Sunday's doubleheader they switched slots. And Workman had himself quite a day afield . . . he handled nine chances without an error in the first game and then finished both frays with only one bobble in 15 tries . . . quite a noteworthy performance . . . especially for only a sophomore. He's also continuing to hit.

Currently Wilson is the squad's leading batter, up around the .440 mark, prior to his vacation with Ross a little over the .400 mark and Workman right on the button at .400.

Parrett has been hitting in Green's old number two slot, with Wilson hitting sixth but this will probably change with Wilson's return . . . Parrett will leave the line-up and Wilson will probably go to No. two Workman is doing so well down further in the lineup that he'll probably be left down there in hopes that he won't stop hitting.

With Evans pulled in on the mound for the second game from his normal centerfield position, Lewis had to make some defensive lineup switches. Alwood went back to his "old and original" slot in left field, Ross with his great speed shifted to center and Clark came over from right (his starting slot now since Green left) to handle leftfield.

WEST HIGH BOY CALLED

Johnny Edwards, the former West High and Ohio State University baseballer, Monday was called up by the Cincinnati Redlegs from their Indianapolis farm club.

The 23-year old Columbus boy, with only two years of professional experience, is considered one of the most promising of the Reds' farm hands.

With the Hoosiers, he connected for eight home runs, batted in 32 runs and carried a .267 batting mark.

Much Junior Jet Play At Sunshine

Junior Jets got off to a good start at Sunshine this season. There are 20 teams with the boys ranging in age from 8 to 12. Coaches have been obtained for all the teams.

One of the coaches is Don Boyer, who has recently been assigned to the Columbus Jets from San Antonio, Tex. His older brothers, Ken and Clete, are major league players.

The official opening of Junior Jets will headline the day at Sunshine Center on Monday, June 26. Three games will initiate the new season at 4 and two more are on the slate for 6. Monday and Wednesday evening games will include all eight and nine year old teams.

The ten, 11, and 12 year old bracket will be billed on Tuesday and Thursday evenings. In case of rain games will be rescheduled as make-up games on Friday.

Practice Games

Thursday evening found four practice games scheduled. The results were as follows: Team B-10, Team 18-6; Team 17-10, Team 12-3; Team 10-4, Team 11-3; Team 14-13, Team 18-5.

Sunshine's track and field team is now training for the South Sectional track meet to be held at South High School on July 17. Boys under 18 years of age are invited to come to Sunshine and register for the team.

Sunshine Recreation Center is looking for senior boys aged 15 to 18 to play in the sectional fast pitch competition. Interested players may contact Phil Seitz at the center.

Girls' Softball

Girls' softball got off to a good start at Sunshine with two good teams organized, one junior team and one senior team. Skip Spohn is coaching the girls and he hopes to add a few more girls to the teams.

Other events that Skip is handling are track, and physical fitness. Many boys and girls have shown an interest in these events, especially with the first track meet only three weeks away. Also, the Horseshoe Tournament is next week, so anyone who would like to compete is asked to contact Skip at Sunshine.

Hi-Fi Dance

Gene Pullen will be at Sunshine Center on Wednesday, June 28, from 7:30 to 10:00. There will be a dance, and any teenager may come.

Close Games Featured

Two close games featured the Southview No. 1 League Monday as Ledo's Bar and Grill edged Tiburzio Pizza, 7-6, in 10 innings, and Giant Furniture edged General Depot, 2-1.

In the third game, Westinghouse outscored Claycraft, 8-2.

The Ledo-Tiburzio game was a thriller all the way. In the 10th, Jerry Dickman walked and went all the way around on a throw into center field on an attempted steal.

Glen Davis, the hitting star for Ledo's (4 for 5) tied the score in the last of the seventh with a homer. Tiburzio scored two more in the eighth on a homer by Dick Linson and a run on an error, only to have Ledo's come back with two more with no out and bring in Virgil Enswiler on a seat relief role.

Fred Nallis of Westinghouse fanned 12 Claycraft batters.

Bishop Guest Of Santa Maria K Of C

Bishop Clarence G. Issenmann, bishop of the Columbus Diocese, was guest of honor at the meeting of Santa Maria Council, Knights of Columbus, Tuesday evening.

He was presented with an honorary membership scroll in Santa Maria Council. A buffet supper followed the meeting.

New officers of the council are, Lawrence Brenner, grand knight; Robert Dowell, deputy grand knight; Richard Reed, warden; Donald Wihl, chancellor; Jules Schmitt, recorder.

Joseph Reis, Jr., treasurer; Frank Rhea, advocate; John Von Voight, inside guard; John Wihl, outside guard; Bob Luckhaupt, financial secretary; Edward Liston PGK, three-year trustee, and Pat Martin, one-year trustee.

POINTED TOES

Did you ever stop to think that shoes are like a mold you put your feet in? If the mold is not shaped like your feet, something has to give. And believe me, pointed toed shoes are not shaped like the average normal human foot. When you put your nice straight toes into the V-shaped front of the prevailing styles, your toes have to crawl on top of each other to fit in. Sooner or later you acquire corns, callouses, weak arches and bunions. If you must have pointed shoes, keep them for dress wear only, have rounder toed shoes for day-time wear. Above all, keep your children out of pointed shoes. Little feet in the stages of rapid growth are very easily distorted by pointed shoes. Three year olds shouldn't have corns just because mother wants their feet to look pretty.

Three Record Players Given By Mogol's

Three full stereo four-speed automatic record players were awarded Saturday by Mogol's Men's and Boys' Wear stores—one at each of its three locations.

The winner at Great Western store was Mrs. Sandy Fraaher, 106 N. Harris-av.

Mrs. Garland Oates, 1870 Spruce-dr, Lockbourne Air Force Base, received the stereo from the Great Southern store.

Great Eastern Mogol's award went to Mrs. Lenora Meyers, 4011 E. Fulton-st.

The contest, which required only registration at one of the Mogol's stores, was held in conjunction with the Levi's Corporation, nationally known manufacturer of men's slacks.

Bull Gores Farm Worker

A farm worker, Leslie Shaffer, 29, of 2816 Vanderberg-rd, suffered multiple body cuts when he was gored by a bull Saturday.

Shaffer was attempting to clean the animal's stall at a farm at 117 Derrer-rd.

He was admitted to Mt. Carmel Hospital in fair condition.

During the trip, stop approximately two hours for rest and refreshment. This helps you maintain your driving efficiency.

At Glenwood . . .

The Junior Jet League at Glenwood will consist of four teams this year. The names of the teams will be decided when the shirts arrive.

The league president is Stanley Echelberger and the managers are Dallas Watters, David Watrus, Henry Butcher and Ray Robinson. The age range in the Junior Jet League is eight to 12.

This year all batters are required to wear helmets, and baserunners helmets are provided for baserunners.

There have been some rule changes to adapt to the abilities of the younger players. For instance no stealing is permitted and the batter is automatically out when the catcher drops a third strike.

As of Friday, June 23, the team records were team one, 1-1; team two, 2-0; team three, 0-2 and team four, 1-1. All Junior Jet players must have registration blanks signed by their parents, and no player is permitted to play in another hardball league.

The Bicycle Safety Program will be held on July 7 from 1 to 3 p.m. All boys and girls participating in this program will receive a reflector for their bicycles. All bicycle riders are urged to attend.

The traveling zoo visited the playground Monday and was enjoyed by all who attended.

A storytelling hour for small children is being held every Thursday from 2:30 to 3:30. Although children under six are ordinarily not permitted to come to the playground, mothers may bring them to this feature, conducted by Mrs. Joseph Parliament.

Again this year, boys and girls, ages eight to 12, may attend Indian Village Day Camp. Located along the Scioto River, it has facilities for swimming, fishing and outdoor sports. Other activities include camp craft and nature study, Indian crafts and skits, a cook-out and a campfire, which climaxes the week's activities. The children from Glenwood playground may register to attend the week of July 31. The total cost for the week is $2.50. For further information, contact Marjorie Schultz at Glenwood.

Teams are being organized for girls softball. Junior girls, aged eight to 12 practice on Thursday from 1 to 2:30 p.m.; intermediate girls on Tuesday from 6 to 7:30 p.m. and senior girls from 7:30 to 8:30 on Thursday evenings. Games will be played with teams from other playgrounds in the west end throughout the summer. All girls interested should contact Miss Schultz.

At Sullivant . . .

On Sullivant Gardens Housing grounds June 21-22, a horseshoe tournament was held to determine who would represent Sullivant in the district tournament.

The winners were Rita Hodge, Paul Duey, Kenneth Reed, Clarence Courtright, Peggy Hodge and John Wynt.

At McKinley . . .

Last week the playground horseshoe tournament was held. In the junior division, Sonny Malcom was the champion, while his brother, Danny Malcom, won the intermediate tournament. Beginning this week, junior physical fitness tests will be given at McKinley. Those boys and girls who complete the requirements will receive a certificate from the Amateur Athletic Union.

Brenda Pierson, Rosemary Pierson and Sharon Miller served as playground assistants this week.

At Sunshine . . .

The arts and crafts program got under way here this week. The older children made lanyards, weaving baskets and stringing mats on waffle looms. The younger children painted, colored, drew chalk pictures, finger-painted and made pot holders.

Plans are being made for one of the special events this summer, the Lantern Parade, which will be held the week of the 17 of July. Everyone is welcome to join the fun and make themselves a lantern at Sunshine.

At Hauntz . . .

The girls' softball teams have been practicing. The Juniors are Vicki Nolan, Carol and Sue O'Malley, Linda Hartwell, Glenna Kious, Kathy Seagle, Karen Reese, Donna and Darlene Shank, Sherry Louderback, Jackie Albert, Debbie Strouss, Candy Jones.

The Intermediates are Judy Myers, Bobbi Kelso, Karen Hansen, Devona Sams, Geraldine Simmons, Jean Kearney and Beverly Stumpf.

The Junior Jet League is starting to round into shape. The following have been selected to coach the various teams: Larry Rees, Bill Capretta, Cliff Surrell and Mike Dorins with Mike Reis as head scorekeeper.

At Chicago-av . . .

Friday afternoon Chicago Avenue playground had a picnic at Glenwood Park. This week the boys from Chicago Avenue and McKinley will meet in the horseshoe tournament and in a senior boys softball game.

The softball game will be held at McKinley Park Thursday after 6 p.m. A trip to the soft drink bottling plant is tentatively planned for Friday afternoon.

At Burroughs . . .

Applications are now being accepted for Day Camp at Indian Village for youngsters between the ages of 8 and 12. All those interested are urged to see the playground leaders immediately. Only a limited number will be able to attend from each playground in this area. For further information contact the playground.

Girls and boys volleyball teams are being set up. These teams will play teams from other playgrounds. All those wishing to participate are asked to talk to Ron Ward, leader. Schedules of practices and games will be posted.

City-wide horseshoe tournament is under way. Winners from Burroughs were (girls) Sharon Smathers and Janet Doyeheff; (boys) Nickey Dampoulos, Jack Harrison, and Tim Vance. These winners will have their first playoffs at Westgate this week.

The Boys Junior and Intermediate Soft ball teams will begin league play by hosting the teams from Sloan this week.

In Fathers Sto-Pitch Softball last Friday evening, Scott's Tramps came from behind twice to finally down Barlow's Bums, 14 to 7. B. Miller homered for the losers while Kerr, Tramp's first baseman, collected a single, double, and triple for the winners. These two teams will meet again this Friday at 6 p.m. Fathers interested in playing may still do so by being present for the game.

Burroughs will field 12 Junior Jet teams this summer. All games will be played at Burroughs. Game times will be Mondays and Wednesdays at 1 p.m. and 6 p.m. Tuesdays and Thursdays at 6 p.m. and Fridays at 1 p.m. Each team will play two games a week. Schedules are being completed for each player. Any boy 8 thru 12 may still sign. Contact Mr. Sarsfield. Fathers and interested adults are still needed to coach teams and serve as umpires.

Friday, June 30, at 8 p.m. a tether ball tournament will be held. All boys and girls are invited.

Coming events will feature a checker tournament, bicycle race, doll show hobo hike, playground track meet, and many other colorful events. Check bulletin board for date and times of these activities.

Youngsters who have completed the physical fitness program and are eligible for A.A.U. certificates are; William Richardson, David Poe, Dicky Scott, Benny Brooks, Gary Lewis, Tom Schoener, Mike Schoener, Frank Sprigg, Richard Fickeisen, Charles Gomer, Tim Vance, Joe Roseberry, Billy Warrens, Larry Pruitt, Paul Lambert, Robert Beach and Wesley Seymour. Physical fitness is being conducted Tuesdays and Thursdays from 1 to 2:30 p.m.

The Columbus Recreation Dept. and Columbus Police Dept. are sponsoring a bicycle safety program. Youngsters satisfactorily completing this program will receive a safety award. Participants from this playground will meet at Westgate, July 6, from 1 to 3 p.m.

At W. Mound . . .

Activities have moved into high gear at West Mound. The Junior Jets began their games with Team A defeating Team C, Friday night. There are three teams. Anyone who would like to join a team should contact Bob McWilliams at West Mound school.

The horseshoe tournaments have begun. Boys and girls representing West Mound are; Susan Romans, junior girl; Mary Schaffer, intermediate girl; Leo Skinner, junior boy; and, Dick Skinner, intermediate boy.

Day Camp time is drawing near for boys and girls from this area. Anyone from West Mound can attend Indian Village Day Camp the week of July 31.

A variety of activities are in store for those boys and girls who attend. Cost is $2.50. The age group is from 8 to 12 years. Information and applications are available from Sue or Bob at the playground.

West Mound leaders are proud of having three softball teams, junior girls and junior and senior boys. If you would like to join one of these teams come and sign up. There's plenty of room left for those interested.

Arts and crafts classes are held daily at 1:30 p.m. Wednesdays are devoted to the teaching of gimp work. Many interesting crafts have been planned for the coming weeks. Why don't you come and join in the fun of working in an arts and crafts class.

IDLE HOUR GUIDE

SAC-61 To Repeat On Channel 10; 'Project 20' – The Great War–4

By Stan Robinson

A special repeat broadcast of the award-winning Channel 10 telementary "SAC-61" will be seen on WBNS-TV, Thursday night at 10:30. This program examines the roll of the Strategic Air Command at Lockbourne AFB in particular, in the defend[illegible] of our country from enemy attack.

Robinson

Narrated by Chet Long, it was filmed at Lockbourne, the SAC Operational Center in Omaha, and at a Wyoming missile site. As "SAC-61" develops, the program will show how the complex Strategic Air Command setup acts as one in case of aggression.

In the scenes at Lockbourne, viewers will see the men of SAC as they participate in a practice alert, where seconds can make the difference between success and failure. This award-winning program was produced, written and directed by Carl Papal, Ch. 10, production director.

PROJECT 20, "THE GREAT WAR" SLATED FOR JULY . . . "Absorbing television entertainment and frighteningly realistic," these were some of the critics' words back in October of 1956, when "The Great War" was first seen on the Project 20 series, narrated by Alexander Scourby on NBC-TV.

WLW-C on the Fourth of July will have this special show of interest to all, a program that traces the U.S. position between the years of 1914 through 1918 with films from the archives of five countries. The late Henry Salomon, creator of the Project 20 series wrote this show himself and numerous people and events are seen in the many dramatic film clips from history itself.

Viewers will see the sinking of the "Lusitania," the grinding horror of trench warfare, Kaiser Wilhelm of Germany, King George and Queen Mary of England, Czar Nicholas of Russia, later overthrown by the Communists, Emperor Franz Joseph of Austria-Hungary and many more.

This important hour depicts the years when the U.S. position went from one of isolation to a place in the world power and prominence. The musical background of Robert Russell Bennett and orchestra, probably best known for the "Victory At Sea" series, adds much to this program which will be seen at 10 p.m., Ch. 4, July 4 in Columbus. The program has not been seen since its showing in 1956.

FIGHT OF THE WEEK on Ch. 6 . . . WTVN-TV will have the regular "Fight of the Week" on Saturday night at 9 p.m. EST. Harold Johnson and Eddie Machen in a 10-round heavyweight bout which will be televised from Atlantic City's Convention Hall.

Speaking of Channel 6 reminds us that sign-on time for the station on Saturday mornings is 10:30 a.m. Gene Fullen and his popular dance-party will commence the Saturday activities each week. TV sideline note from 6: Congratulations to Technician Dick Burdick, just married this past week, a real good friend of mine as we worked together at WHIZ-TV in Zanesville.

"MISS UNIVERSE" ON CH. 10 . . . Johnny Carson will be the on-stage master of ceremonies of the approaching "Miss Universe Beauty Pageant," that will be broadcast live from Miami Beach, Fla., on CBS-TV, July 15, 10 p.m. This is to be a 90-minute special with previously announced John Daly as host-anchor man and Jayne Meadows as hostess.

NEW PUBLIC AFFAIRS PROGRAM THURSDAY NIGHT ON 10 . . . Secretary of State Dean Rusk will be the initial guest on "At The Source," a series of on-location news interviews premiering Thursday at 10 p.m., CBS-TV in Columbus. It's the first U.S. television interview by Secretary Rusk, except for State Department news conferences. Howard K. Smith, Paul Niven and Bill Downs will conduct the interview.

"At The Source," will be broadcast each time from a "working setting," a place where the guest makes his decisions on the important issues of the day. The shows will be seen on July 27, Aug. 24 and Sept. 21, 10 p.m. Thursdays.

"LET'S LIVE" CONTINUES WITH ANOTHER INFORMATIVE PHASE on 4. "Care of Pre-School Child," is the current series on "Let's Live," presented on Ch. 4 each Wednesday morning at 10:10 a.m. in cooperation with the Columbus Department of Health. This topic which is planned for several more weeks, follows the successful "Infant Care" portion recently concluded with many favorable viewer comments.

A booklet "The Child Under Six" is being offered to those who request it and questions by mothers will be answered by the guest expert who chats with Russ Needham of the Health Department.

Honor Old Glory on Independence Day—July 4

Display The Flag Proudly . . . and Properly

In these critical times when the future of our nation—our way of life—is in jeopardy, all of us should show our patriotism by displaying our national emblem—the Stars and Stripes. When displayed either horizontally or vertically against a wall, the union should be uppermost and to the observer's left. When displayed in a window, the flag should be displayed in the same way; that is, with the union, or blue field, to the left of the observer in the street.

St. Vincent's Orphans Picnic Set Saturday

There's something different about the St. Vincent's Orphans' Picnic this year.

It's hard to define. Maybe it's because the youngsters are thinking about what has gone on in other years and the good that has been done.

Maybe it's because they are thinking about what will take place this year.

The only factual difference lies in the time of the event. The 80th annual picnic date has been changed to July 4. In previous years, the event has taken place on the Fourth.

A goal of $33,000 is being strived for this year by the orphanage.

Last year the picnic provided $29,566 in funds. During 1960, 108 children were taken care of by the orphanage at a cost of $2.93 per day per child. Total operating cost amounted to $83,231.

The orphans' picnic is one of the oldest and most widely supported charities for little children.

The orphanage is located at 1490 E. Main-st, at the corner at Main and Kelton. The Saturday festivities are scheduled to last from 11 a.m. to midnight.

Entertainment includes a traveling zoo, amusement rides, pony rides, the Jack Sherick Dancers at 3 p.m., Casper the Camel at 5 p.m., and a variety review at 7 p.m.

A ham dinner will be served from 3 to 8 p.m. at a cost of $1.25 for adults, 75 cents for children. Those attending may bring their own lunch as family picnic grounds and tables are available.

Fifty grand prizes totaling $10,000 will be awarded. Winners of any of the prizes need not be present to win.

Top award will be a 1961 Ford V-8 station wagon; second prize is a 1961 Falcon; third prize is $1,000; fourth prize, $500; 10 prizes of $100 each; 15 prizes of $50 each; 21 prizes of $25 each.

St. Vincent cares for homeless youngsters, ages two to 16. Some are separated from their parents temporarily because of sickness, desertion or death of one parent.

These make up the greatest number of those who come to the orphanage and will eventually return to their parents when the family has been rehabilitated.

Other children, separated from their parents permanently are few in number and will be found other homes into which they will be adopted.

Beauties Compete For Title

Six girls have officially entered the Hilltop Bean Dinner queen contest, but there's room for more.

Registered now are: Marilyn Amrine, 16, 3011 Wicklow-rd; Sally Holdren, 18, 745 S. Terrace-av; Sandra Bobbitt, 18, 544 Belvidere-av; Penny Michele Goodwin, 17, 467 S. Huron-av; George Ann Shea, 18, 133 S. Richardson-av; Rose Neuenschwander, 19, 218 Belvidere-av.

The winner, together with a court of two attendants, will be chosen on the first evening of the Bean Dinner, to be held Monday, Tuesday and Wednesday, July 24, 25 and 26, at Westgate Park. Dean Lewis of Radio Station WBNS will serve as master of ceremonies of the queen contest.

Girls will be judged on points of personality, poise and attractiveness.

A trophy and a $25 Savings Bond will be awarded to the quen, and her attendants will receive $25 Savings Bonds.

Entries, accompanied by a photograph, preferably billfold size, should be mailed to the Hilltop Business Association, 2552 W. Broad-st, Columbus 4. An entry blank for that purpose accompanies this story.

Hilltop Bean Dinner officials take a liberal view of eligibility requirements. Girls entering must be single, 15 years of age or older and either a resident of the Hilltop or an employe of a member of the Hilltop Business Association.

The Hilltop area has been defined by the H. B. A. — for contest purposes — as west of Central-av to the Franklin-Madison County line.

Mize Named Manager At Big Bear

Wayne E. Brown, president of Big Bear Stores Company, with general offices at 770 W. Goodale-blvd, announced the shift of three store managers to new positions, effective June 11.

One of the changes moves William F. Mize from the Graceland Big Bear to managership of the Hilltop store at 2885 W. Broad-st.

"Through these changes we make use of the personality and ability of these experienced men to further the progress of these already successful operations," Brown said. He added "this is in line with company policy of transfering key men where their own particular capabilities can be fully utilized."

Bill Mize has been with the company since 1946. He has moved progressively through various positions from stockman to dairy manager to grocery manager to store manager.

He entered manager training in 1957 and was promoted to his first store manager job that same year. Bill is married and the father of two children.

Jim Madden, former manager, was promoted to manage Big Bear's Mansfield store.

Swim Classes Are Arranged By Gladden, 'Y'

Repeating a popular feature of last year, Gladden Community House and the YWCA are co-sponsoring swimming lessons for West Side youngsters who don't know how to swim.

Ages are 10 through 12, and the charge for six trips to the YWCA pool is $3. The group will depart at 3:30 p.m. and return at 5 p.m.

Signed permission must be obtained from parents. For details call Barbara Coe, program supervisor, at Gladden, CA. 1-7801.

CRUISE NOTE

Because of commitments on the part of the Hartley Newspapers, 12 noon on Friday, July 7 has been set as the latest time to accept cancellations for the July 16 Great Lakes Pleasure Cruise aboard the S.S. Aquarama from Cleveland to Detroit and return.

Until that time, full refund will be made if cancellation is necessary. No refund can be made after noon on July 7, however.

Remember, chartered Lake Shore buses will leave the Great Western Shopping Center at 6 a.m. sharp the morning of Sunday, July 16. And, if you are driving, keep in mind the time change between Columbus and Cleveland.

Rev. and Mrs. Nimmons

Roundup Week Slated At Trinity

Rev. and Mrs. W. R. Nimmons of Longview, Tex., will conduct a roundup week for boys and girls Monday through Sunday, July 10 through 16 at Trinity Assembly of God Church 29 S. Eureka-av.

Puppets, pony rides, Western music and chalk drawings will be featured each evening, 7 to 8 p.m.

Bus service is available for youngsters by calling BR. 4-[illegible].

Lively Lions Welcome New Prexy

The President's Ball, annual "Dutch Treat" party of the Hilltop Lions Club was held Saturday evening, June 24 at the Non-Commissioned Officer's Club, Lockbourne Air Base.

Under the chairmanship of Lions Francis "Pinky" Higgins and Ron Booth, the Lions, their wives and guests numbering 250 were entertained at a cocktail hour followed by a smorgasbord dinner and a home talent show, with a Western theme.

Dancing to the music of Johnny Rogers orchestra completed the social evening.

Doing the leg work for Lions Higgins and Booth were Lions Bob Foster and Bill Leibensperger.

Heliport Asked For City's Use

Construction of a heliport—for use by city officials during emergencies — has been proposed for the Scioto River at Gay-st.

Plans for the helicopter landing dock, either floating or permanent — have been disclosed by Service Director Ernest H. Stork.

Stork said by emergencies he meant fires, floods, wrecks, and similar incidents.

Helicopters would be leased from a Port Columbus operator on an hourly basis.

The service director stressed that the city has no intention of abandoning plans for a commercial downtown landing area for helicopters near Whittier and Front-sts.

Adult Horseshoe League

The Columbus Recreation Department is forming an adult horseshoe league at Sunshine Recreation Center, Thursday, June 29 at 7 p.m. Any adult wishing to pitch in league play should attend this meeting.

The league plans to start on July 6 and pitch every Thursday evening during the summer on the lighted courts at the center.

Boys Club Remains Undefeated

The Westside Boys Club Pony League team ran its season record to five wins and no losses as they picked up two victories last week.

On Thursday they opened their heavy artillery and shelled the Jr. Optimists 26 to 0. While Jerry Francis pitched no-hit, no-run ball, his teammates were belting out a steady barrage of 14 hits.

John Postle with a home run, John Morlan with a home run and a triple, Butch McDaniel with a triple, and Pete Eyer with four for five paced the Boys' Club attack.

Last Saturday the team journeyed to South Franklin and downed the Comets 5 to 2. In this game they relied upon clutch pitching and timely hitting to come from behind and win.

Trailing one to nothing going into the sixth inning, they sandwiched a single between two extra base hits good for two runs. Dan Dent started it with a double, Eyer singled him home and Morlan tripled Eyer home.

The Comets tied the game 2 to 2 in their half of the sixth and while neither team scored in the seventh the game moved into extra innings.

Dena Noble opened the eighth with a single. He was forced at second by Francis who stole second and scored on a single by Dusty Hoover.

A double by Dent, a walk to Eyer, and a double by Morlan produced the final two tallies in a three-run uprising. Pitcher Eyer struck out 11 batters and walked two.

Listed 'Good' After Wreck

An area man, Curtis Atkins, 26, of 178 Lechner-av, is in good condition at Mercy hospital following a traffic accident Monday night.

Atkins suffered head injuries when the car in which he was riding collided with two other vehicles at Parsons and Deering-avs.

Kenneth L. Harris, 25, of 603 Lathrop-st., the driver of the first car, was taken to Grant Hospital in good condition. He was charged with failure to keep assured safe clear distance ahead.

Others injured in the accident were: Darrell Caudill, 7, of 1227 Moundview-av; his father, James, and a passenger in their car, William J. Smith, all treated and released.

Also injured were the driver of the third car, Robert White, 20, of 848 Bellevue-av, and James Blanbarcume, 25, of 906 Wilson-av. White was admitted to Grant Hospital in good condition; Blanbiarcume was released after treatment.

EARNS COMMISSION

NANCY KATHLEEN STYLES (right), daughter of Mr. and Mrs. Jerome T. Styles, 648 S. Sylvan-av, talks with Lt. Gwen L. Bibeau, WAC procurement officer, after receiving a Bachelor Science degree from Ohio State University. The same day Miss Styles was commissioned a second lieutenant in the U.S. Army Medical Service Corps. Lt. Styles will report July 7 to Brooke Army Hospital in San Antonio, Tex., for dietetic internship.

Youngsters May Sign Up For Tours

Again this summer, Wednesdays are trip days for youngsters at Gladden Community House.

Three age groups are treated to tours of such places as OSU dairy, soft drink plants, TV stations, newspaper plants and visits to picnic spots.

Open to all West Side children between the ages of 6 through 13, the cost is 15 cents per trip to non-members.

Advance registration is not necessary. Following are times for reporting to the center at Town and Hawkes-st; 6, 7 and young 8's — 9:30 a.m.; 11, 12 and 13—11 a.m.; 8, 9, and 10—1 p.m.

Every Monday there is a special day-long nature outing for 8, 9 and 10-year-olds.

The driver who tries to set an endurance record on his vacation trip runs the risk of extreme fatigue, which reduces alertness and reaction time.

Vandals Turning To House Signs

Vandals apparently are using house numbers as their targets these days.

Mrs. C. W. Trotman, 2805 Ridge-av., reported finding a "180" and a "190" in her yard Tuesday morning. Her own "Keep off the Grass" sign was stolen twice, the second time for good.

Persons who have lost the above signs may call Mrs. Trotman at BR. 4-9713 to reclaim them.

Got a house to sell? Maybe you want to rent some rooms. Do you have space that should be making money for you and isn't? Mrs. John Stebleton of 180 Front-st, Groveport, rented her 3 room apartment through a classified ad in the Hartley Newspapers. Why don't you? Call BR. 4-1155.

Practical Values of World's Greatest Gem"

Thanks to Mildred Smith of the Christian Book Store for a copy of Charles Allen's "Twenty-Third Psalm." This small volume contains a powerful message.

The practical values of this "world's greatest gem" are brought out in language that should serve to help many a person over his rougher paths.

As the author points out . . . the Twenty-Third Psalm is a pattern of thinking. Emerson said it another way . . . "man is what he thinks about all day."

The power of the Twenty-Third Psalm is brought out in many positive ways in this small book by the same name.

"The Lord is my shepherd . . . I shall not want . . ."

• • •

The Gay Philosopher Says: "*Most of the troubles of the world can be traced to either faulty communication or faulty elimination.*"

• • •

Thoughts While Waiting for a Vacation: The true meaning of the expression of "a rude awakening" must be to have the phone ring and be told, "Wake up. It is Monday morning. Your vacation is over." . . . This is the time of the year when you see more of what little (and big) girls are made of . . . Some people who go north take their advertising seriously and try to "Drink Canada Dry" . . . There was a time when we tried to keep up with the Joneses, but today too many people are trying to pass them on a curve . . . If you really want to get even with Uncle Sam for taking so much of your hard earned money via income tax just drop a little more in the church collection plate Sunday and remember that it is all deductible.

Who Has Prettiest PonyTail?

The time is now for members of the pony tail set to get their locks in shining, well-brushed order, for the day of judging is less than a month away.

Any little girl 12 and under, living in the circulation areas of The Hilltop Record, West Side News and Rural-Urban News, is eligible to enter the contest, sponsored by the newspapers and held annually during the Hilltop Bean Dinner.

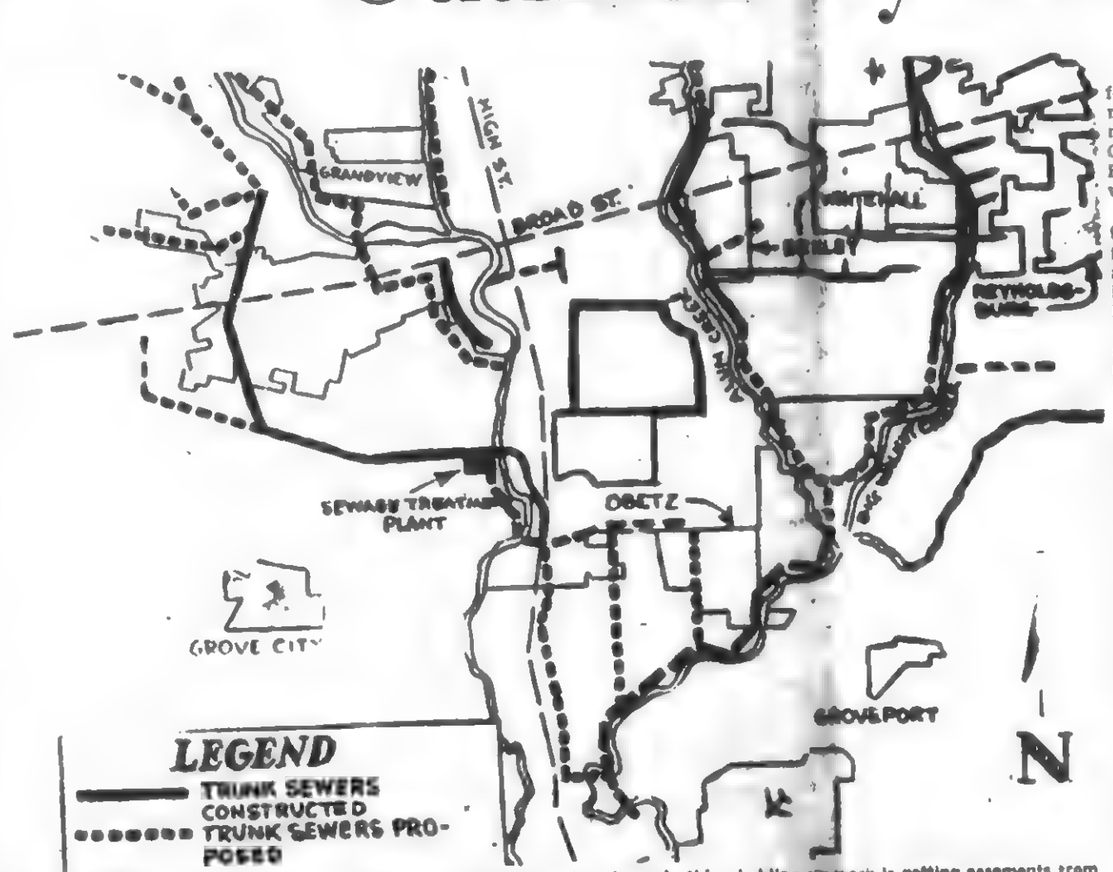
Twenty-four silver dollars will be awarded the winners in three age groups at the event, planned Tuesday, July 25, 2 p.m. at Westgate Park.

First prizes of five silver dollars, second place awards of two and third prizes of one silver dollar will be awarded in each of three age groups — one through four, five through eight, and nine through 12 years.

A panel of judges will pick the winners.

Any little girl eligible for the event may be entered in the competition by calling the newspaper, BR. 4-1155, and asking for Betty Daft.

Daughters of Hartley Newspapers' employes are not eligible to enter.



Fitzgibbon Charged In Traffic Death

The driver of a car which killed 7-year-old Randy Gribble, Apr. 12 on Damorest-rd, Thomas Fitzgibbon, has been charged with second degree manslaughter.

Fitzgibbon, 28, of Mechanicsburg, pleaded innocent in County Criminal Court Friday. Bond was set at $500 by Judge Dana F. Reynolds.

Prosecuting Atty. Earl W Allison said the indictment against Fitzgibbon was returned in secret because he was neither in custody nor under bond. Fitzgibbon was hospitalized with a broken pelvis following the accident.

Local Sewer Program Outlined By Schoene

THE ABOVE map shows the work planned and completed (since 1954) by the Sewer and Drainage Department in the city. Carl Schoene, superintendent, reports that there are many projects planned in the Hartley Newspapers area and that the main thing holding up work is getting easements from the property owners. Schoene reports that he doesn't expect to get all of the work done this year, because of the easement problem, but he does expect to get most of it started.

By JOHN AUBLE, JR.

Capital City residents are in for some capital sewer improvements this year, thanks to money appropriated in the Capital Improvements Fund. But, there's trouble brewing—with a capital "T."

Carl Schoene, sewer superintendent, sat in his city hall office overlooking the Scioto River and outlined the upcoming sanitary and storm sewer work. He looked worried.

"We've got the money," he said, "there's no problem there. But, we're having trouble with the local residents."

It seems everyone screams for more and better sewer systems but, as Schoene said, "they don't want to cooperate with the department."

Schoene explained that the city is having trouble with property owners in getting them to grant a go-ahead through the easements.

"We're having trouble getting the easements," he commented. "This is really the only problem holding us back."

The problem is made more complex because the city, at the present time, is not prepared to put "the pressure on" as they normally would be.

Schoene said the city's law department is presently "all wrapped up" in slum clearance and freeway projects and unable to devote full time toward "pushing" easement settlements.

Schoene also reported he expects to run into a lot of, what he terms, "bad ground" when contractors head into the outskirts of the city.

This is where a good deal of the planned work will be done, including the Big Walnut Creek area to the east, Dry Run and Briggs-rd to the west and the Lockbourne, Obetz area to the south.

We asked Schoene to outline the proposed work for residents living in the Hartley Newspaper's area. This takes in most of the south, southeast and southwest areas of Columbus.

Unofficially, there is some $7-million appropriated for sewer work under capital improvements. Most of the contracts for the planned jobs are being set now.

"We are running just about on schedule at the present time," Schoene commented. "Overall, I have a fairly optimistic outlook for the amount of work we plan to complete before the year is up."

Schoene pointed out he was sure his department won't get all of the planned jobs completed this year, but at least they plan to "get the jump on" most of the projects.

Schoene has been with the sewer department for 33 years, (he'll start his 34th July 10) and he isn't looking for anything extra spectacular this year, even with the special funds appropriated.

In the eastern part of the city, Schoene's department is working on the Bliss Run sewer project in the Berwick area. "This," he said, "is just in the planning stage."

The Bliss Run project will run in the neighborhood of $650,000 and will include 102-inch storm sewers.

Another major project is in the Fairwood-Frebis-av area. Some $1,000,000 is expected to

They're Hams

Hilltop Man, Wife — Amateur Radio Fans — Find Hobby 'Lots Of Fun, Lots Of Work'

By Bill Gress

You can call the DeConnicks "Columbus' number one hams" and they won't mind a bit.

For the pair — Leo and Ernestine — are two of the leading amateur radio buffs in this area.

Both are old hands at the game. DeConnick (call letters, W 8 HAM has been "fooling around" with radio since 1921; his wife (W 8 HPO), since 1951.

The Hilltop couple lives amid a vast array of tubes, speakers and antennas at 442 S. Powell-av. He is a research and development engineer with North American Aviation. She is a housewife. Both are "nuts" about radio.

'A Necessity'

DeConnick first became interested in radio as a high school freshman in Beaver, Ohio.

"It was a necessity," he explained. "My science teacher caught me paging through a parts catalogue during school hours."

"I had no alternative but to indicate a knowledge of the scientific aspects of radio and later deliver a talk on the subject before the class," DeConnick continued.

One thing led to another and he obtained an amateur radio license soon thereafter and a commercial license in 1[illegible]

From that time on radio has been an intregal part of his life.

By 1941 DeConnick, was chief engineer for station WCLO, a post he held until 1953. From there he went to California and served for five years as chief engineer for two stations in Santa Barbara. Then, in 1957, he accepted his present post here. And all without the benefit of "even a high school diploma."

DeConnick mused, "if it hadn't been for that freshman science teacher, his prodding and encouragement, I probably would be a ditch digger today."

She Obtains License

His wife, a one-time radio widow, obtained her first license 10 years ago "in self defense."

They have been a radio family ever since.

"We've had a lot of fun at it and have found that it helps bind the family together," Mrs. DeConnick said.

However, she noted — with just a shade of disappointment — that none of their four children have yet shown an interest in radio.

But radio is not all fun and no work for the DeConnicks.

He is president of the Ben Franklin Radio Club here, an organization connected with

Junior Fishing Derby Begins July 6

The Hilltop Business Association, Hilltop Kiwanis Club and Hilltop Lions Club have joined forces in promoting a project that will bring joy to the hearts of junior anglers.

Some 600 pounds of fish, ranging in size from just under a pound to over 5 pounds, were purchased and released in Harder Lake at Westgate Park last week in conjunction with the Bean Dinner program.

Beginning July 6 and lasting through Tuesday, July 25—Bean Dinner Day—these organizations are sponsoring a Fishing Derby open to Hilltop youngsters from 4 to 13-year-olds.

Competition will be held in three divisions: children under 7; boys and girls, 8 through 10; and those 11 through 13.

Fish to be entered in the Derby must be caught and registered at the park between 1 and 6 p.m. daily. When an angler catches a fish he wishes to register, it should be taken to the playground supervisor at the shelter house near the tennis court, where it will be weighed and registered and credited to the entrant, ONLY ONE FISH can be registered by each entrant, so it is advisable not to register fish of small size, since a larger one may be caught later, according to an HBA spokesman.

First, second and third prizes will be awarded for the largest fish caught in each division. Prizes will be awarded at

SALUTE TO AN OLD FRIEND

London, that stately old county seat of Madison County, has joined the elite circle of Ohio's sesqui cities.

The town's 150th anniversary celebration which ended early this week was a memorable one indeed. Hundreds of people in the community, real "grass roots Americans" told their story of progress well. The displays, the costumes, the parades, the press, and especially the people themselves breathed the spirit of pride in their achievement.

From the area of Columbus, a city which itself will light 150 candles next year, comes a salute to neighboring London, O.

Food Market This Week

By ESTELLE B. FRANKS

THIS WEEK LOOK FOR:

Fruits—Bananas, blueberries, plums, sweet cherries, watermelon.

Vegetables—Beets, cabbage, endive, green onions, lettuce, potatoes.

Other Foods—Chuck steaks, round steaks, cured ham, fryers, dairy products.

FOODS FOR JULY

This month will bring many pleasant activities—picnics, outings, vacations and many others. It will also bring some mighty pleasant changes at the food market.

Fruit will provide much of the change. Our markets will continue to offer strawberries from Michigan and California, and blueberries will be in top supply, coming our way from New Jersey and Michigan. Homegrown raspberries, both red and black, are already available at some retail stores and roadside markets. Peach supplies will be increasing this month, with several of the southern states and California the main supply sources. Above average crops are forecast for these areas, which should mean reasonable prices. Apricots will be in peak supply as will nectarines—the peach-like fruit with the smooth skin.

The California crop of sweet cherries is being followed by shipments from Washington, Oregon and Michigan. The Ohio sour cherry crop is expected to be 15 per cent larger than last year. Some locally grown sour cherries are available now, with the main harvest in Ohio expected by the second week in July. You will also find a good supply of fresh plums throughout July. Add on bananas, early supplies of new cooking apples, California oranges, grapefruit and grapes, and the fruit picture looks pretty good.

There will be changes at the vegetable counter, too. For one thing, locally grown vegetables will be more important. By mid-July we should have home-grown sweet corn—a real summer favorite. Local cabbage, leaf and Bibb lettuce, endive, escarole, Romaine, green onions, radishes, spinach, beets, snap beans, celery and greens of many kinds will also be available. Meanwhile, there will also be good supplies from other producing areas. Ohio greenhouse tomatoes will be available most of the month, and by mid-July there should be some Ohio field-grown tomatoes.

Cantaloupe and watermelon will be in peak supply this month. However, production of both is below last year and below average.

In meats, pork supplies will be somewhat lighter, reflecting the usual seasonal decline in hog slaughter. Beef supplies will continue large, although the better grades will be a little below recent level. The market will be influenced greatly by the light summer demand for roasts and the strong demand for most steak cuts. This should mean lower prices on chuck and rib roasts. Steak cuts will likely be "specialed" although regular prices may be slightly higher.

Broilers, popular for summer meals and cookouts, will continue in large supply and at low cost. Stewing hens will be more plentiful, too. Also in the poultry line will be unusually large supplies of turkey for this time of year. Egg prices may move a little higher on the Grade A large, as production drops off seasonally, and as more of the smaller and middle-sized eggs appear. Dairy products will continue in good supply.

No Money, Just 'Credit'

A unique "no check" method of paying employes of the Shillington, Pa., school district went into effect July 1.

Under the no check payroll, employees will receive a "notice of credit" showing the dollar amount that has been credited to his or her account at a local bank.

The employe, in turn, will be able to withdraw part or his entire pay twice a month. Superintendent H. L. Hendricks says, it will save the school district time in preparing the payroll with the bank personnel performing this service

ZSA ZSA'S HERE!
Hungarian Lovely At Vets This Week

'Blithe Spirit' At Vets Offers Evening's Fun And Zsa Zsa

"Blithe Spirit," fourth in a series of Kenley Player Productions scheduled for the summer run at Vets Memorial, got off the ground in fine style Tuesday night as a modern Hungarian legend, two excellent and seasoned performers and the "wealthiest playright in the world" combined forces to delight Columbus opening-night playgoers.

The legend was of course, Zsa Zsa Gabor, whose very presence would decorate any stage quite nicely . . . the performers, Tom Helmore and Dulcie Cooper . . . and the playwright, Noel Coward.

"Blithe Spirit," although not a great play, is nevertheless cleverly enough written to have withstood the proverbial test of time. In the tradition of other Coward works . . . which will never be described as provincial, . . . its humor has a gay, continental charm.

Comparatively short as three acts go anyway, it moves even more quickly under the deft handling by Mr. Helmore and Miss Cooper, the former as Charles and the latter as Madame Arcati, the matronly mystic.

Zsa Zsa, in her first legitimate stage attempt, certainly cannot be described as bad . . . she is, however, always Zsa Zsa . . . and this was fine with the Columbus audience. If her acting is bad, no one seemed to notice.

Helmore, as the husband caught in a wife-in-law squeeze (enter Blithe Spirit), is superb. His acting is flawless, and he brings a natural charm needed to put a play like this across.

In the same breath, one has to mention Dulcie Cooper, whose portrayal of the mystic, replete with crystal ball and other tools of the trade, leaves little to be desired.

Ann Mitchell as Ruth, wife number two, and Michael Bergent and Florence Rupert as Dr. and Mrs. Bradman; are quite adequate in their respective roles, with Miss Mitchell rising nicely to the occasion in the more demanding moments.

The play came off a success. Many readers will no doubt decide to spend an evening at Vets just to get a look at Zsa Zsa. Fortunately, they will be entertained in the bargain.

Truckers Schedule Roadeo

The Ohio Trucking Association's 14th Annual Truck Safety Roadeo will be held at the Nationwide Inn July 27 through 29, Roadeo Chairman Pat Stoutamyer announced.

Stoutamyer, a Safety Supervisor for Roadway Express, Inc., Cincinnati, said safe driving competition will be held in five classes of vehicles: straight truck, three-axle, four-axle, five-axle tractor, semi-trailers and tank truck.

"More than 60 drivers from OTA member companies, all over Ohio will participate in the event," Stoutamyer said.

The national competition is sponsored by the American Trucking Associations, Washington, D.C.

Liquor Violations Noted

The operators of Mac's Cafe, 1009 W. Broad-st, have been found guilty on counts of selling beer and intoxicating liquor to minors according to the Ohio Department of Liquor Control.

The cafe's liquor license was suspended for two successive 7-day periods, to run from July 7 to July 13.

James Davey and Margaret O'Hanlon, operators of a tavern at 878 W. Broad-st, have been found guilty of selling alcoholic beverages to persons in an intoxicated condition.

A seven-day license suspension was imposed, beginning on July 8 and ending July 12.

Police Auxiliary Given New Type Badges

Chief George Scholer presented new type badges to the members of the Columbus Police Department's Uniformed Auxiliary, June 20.

The presentation took place at Police Headquarters Building. Approximately 100 Auxiliary Police officers received the new badges.

The new badge is larger and more distinct. It is chrome plated and bears the seal of the state of Ohio and the words 'Auxiliary" Columbus Ohio Police along with a number.

The Auxiliary Police organization has been in existence since 1961. Many of the original members are still serving. They volunteer and work on a non-paid basis.

Ohio State University conferred 4,809 degrees during 1959-60, bringing the total granted to 121,520 since its first class graduated in 1878.

STRENGTH FOR THESE DAYS
From the Bible
God is our refuge and strength, a very present help in trouble.—(Psalm 46:1)
There are times when even the most aggressive, forceful, self-assured among us must know, in their secret hearts, that their human strength is not enough—that God alone can help them in their trouble. Those who humbly, truly, live within Him "will not fear, though the earth be removed."

State Sets Up Zoned Shooting On Squirrels; Halts Deer Hunt

INSIDE ON THE Outdoors By ROD COCHRAN

The process used in setting open hunting seasons has just been finished by the Ohio Wildlife Council. Decisions important to hunters in this area are a zoned squirrel season and a closed season on deer.

An extended squirrel season is provided in Zone 1, east of Newark and south of Chillicothe (the Ohio Division of Wildlife will publish a map of the complete zones). This means that the season will open statewide Sept. 15, and close Oct. 28 in this area, but the closure is extended to Nov. 11 in the hill country of Zone 1.

Ruffed grouse season is from Oct. 16 to Feb. 24, which means that combination squirrel and grouse hunts will be possible on the 24 days that the seasons overlap.

It always seems that you see squirrels when grouse hunting and vice versa. This year hunters will be able to take advantage of the seasons, and perhaps return with a mixed bag of game.

The closed deer season will come as no surprise to many hunters. Several deer hunters in this area have told me of seeing fewer deer in recent seasons, and farmers verify the observation. Division of Wildlife biologists recommended the closed season in order that the deer herd may build to a higher level.

Consider Public Hunt Areas

Local hunters might well consider going to public areas this fall, especially after the first day and first Saturday of upland hunting. At the beginning these areas are crowded, but later on the pressure levels off. The division reported that pheasant hunting was better on public land last year than it was on private farms. The pheasant season runs from Nov. 15 through Dec. 16 on private land, but is extended through Jan. 15 on public. In addition, there will be a special open season on han pheasants on five state-owned and two leased areas — the nearest to here is Pleasant Valley in Ross County.

Quail hunting will be permitted on state-owned or controlled lands from Nov. 15 through Dec. 9, with an extended season on six public areas to be selected later. Bag limit is the same as last year, six daily and 12 in possession. The 300-acre minimum size of leased quail areas will again prevail.

Rabbit hunters will be afield from Nov. 15 through Jan. 15 on private lands and through Jan. 31 on public lands.

Hunting and trapping for raccoon, opposum and skunk opens simultaneously this year on Nov. 15 and extends through Feb. 28.

The Ohio Wildlife Council establishes seasons after holding a state public fish and game hearing, where sportsmen and landowners speak their piece and make their opinions known. The Division of Wildlife also makes recommendations to the council.

With summer just getting a good start, the fall hunting season seems a long way off. But there is time to contemplate future hunts (this is a great part of the fun anyway) and there is much to look forward to even with the closed deer [redacted]

From The Top O' The Hill

By Betty Daft

Nancy Draper, daughter of Judge and Mrs. Robert M. Draper, 104 S. Westmoor-av, left last Wednesday for a two-and-one-half month trip abroad. A senior at Denison University, she sailed aboard the SS Grootebeer with 850 college students. She will tour the continent in a Volkswagen station wagon, visiting Holland, Belgium, France, Germany, Austria, Switzerland, Italy and England.

Mrs. Lettie A. Matheny, 101 Midland-av, celebrated her 80th birthday June 29 with a family dinner at the Everglades. A resident of the Hilltop for over 40 years and a subscriber of the Hilltop Record since it started publication, she has two sons, Charles and Omer.

J. Marc Rector, Midshipman 1/C with the US Navy, a June graduate of the OSU College of Agriculture, is now serving aboard the USS Lowry, destroyer assigned to Mayport, Fla., and will take part in the second man-shot, "Project Mercury," early this month. He is the son of Mrs. Wendell Rector, 45 S. Harris-av.

William Kuhn, son of Mrs. Marvin J. Kuhn, 336 Guernsey-av, ended the past semester at Capital University with a perfect four-point scholastic mark. He was a senior in the science curriculum.

KEDS, KIDS

Time was when the lowly tennis shoe or sneaker was only for the child of parents too poor to buy leather shoes. It was a crude ill-fitting, evil smelling thing of cloth and rubber. Not so today. Shoes of canvas, such as our Keds, are almost a necessity in modern out-door living. Made over good lasts in a couple of widths with an arch cushion built in, they afford bare-foot freedom with some protection from stones and bees. I have been watching the feet of children who wear them each summer. For almost ten years now I have been making foot-prints of the child at the time Keds were fitted and again at the end of the Summer when school shoes were purchased. With very few exceptions, the child had a straighter more muscular foot at the end of the summer than when he started. Of course, there are exceptions, but usually wearing Keds is like going bare-footed on the ground. You have freedom of movement and a resilient surface to walk on.

The program will include prayer by Charlene Pruitt, "Praise Ye the Father," "Create In Me A Clean Heart O God," "All Creatures of Our God and King," and "A Mighty Fortress Is Our God," solo by Janice Garrison.

Selections by a guest choir. "Beautiful Savior," "Lead Me Guide Me," "Be Thou Our Guide," "I Shall Not Be Moved" and "The Rosary," solo by Faye Geolsby.

Intermission will be followed by selections by guest choir and a piano solo by Rosemary Pruitt.

Combined numbers will be "Walking With The King," "Onward Christian Soldiers" and "America Our Heritage."

Guest choirs will be from the Centenary Methodist Church directed by Miss Norma Slade, and Oakley Avenue Baptist Church with Mrs. Jacob J. Ashburn, director.

All Star Baseball Game On 4; Popular Comedy Series On 10

By Stan Robinson

Baseball's two All-Star games scheduled 29 days apart, will start off with the July 11 tilt from Candlestick Park in San Francisco. Game time is 2:45 EST with Channel 4 having a pre-game show at 2:30, locally.

Mel Allen and Russ Hodges will handle the television description for the first game, while on July 31 Curt Gowdy and Joe Garagiola will be on the scene at Fenway Park in Boston. Hodges is a San Francisco announcer and Mel Allen has been with the Yankees for many years now.

Robinson

This year's two games will be the 30th and 31st in this series of classics which began in 1933. The National captured both games in 1960 to slice the American League lead in the series to 16-13, the closest it has been since 1940.

Eight starting players except pitchers are chosen by the vote of the players, coaches and managers. The remainder of the squads and the starting pitchers will be chosen by the two All-Star pilots, Paul Richards of Baltimore and Danny Murtaugh of the Pirates. The July 31 game will be in color while on the 11th, black and white TV only. NBC-TV has televised every All-Star classic since 1950.

ANN SOUTHERN RETURNS for summer . . . Selected re-broadcasts of the "Ann Southern Show" are a summer feature on CBS-TV, Channel 10, Mondays at 9:30 p.m. Thirteen episodes of the popular comedy series, which made its debut in 1958 and was previously a Thursday feature, will continue through the summer on Monday nights. Guest stars for these re-broadcasts include Van Johnson, Eva Gabor, Jeff Donnell and many others.

Ann Southern stars in the series as Kathy O'Conner, assistant manager of a luxury hotel in New York City, with Don Porter as her boss, Ann Tyrrell as Olive, her secretary and roommate, and Louis Nye as Olive's fiance.

Channel 6, offer "In The Dough," as Fred and Barney don disguises and sub for their wives in a television bake-off contest.

Ed Sullivan welcomes the Brothers Four, a vocal group, singer Felicia Sanders and comedy team Joey Adams and Al Kelly, Sunday at 8 p.m. on on Channel 10 . . . WRFD-FM, a pleasant addition to July listening . . . Craig Prosser, a member of the WLW-C set-up department will also do some local radio work, at WMNI, probably the early morning hours for a start.

"SECRET LIFE" REBROADCAST ON 10 . . . "The Secret Life of Danny Kaye," one of the most honored programs in television history will be re-broadcast in a special 60-minute version Thursday night, July 6, at 10 to WBNS-TV. On the program, Kaye, as ambassador-at-large for UNICEF, the United Nations Children's Fund, sings, dances and tells stories to thousands of children in several foreign countries.

He is shown entertaining in a tribal village square in Africa, the huge Festival Hall in London, the President's Palace at Ankara and on the open sands of Morocco. Among the heads of government with whom he is seen in animated conversation are Anthony Eden, then Prime Minister of Great Britain, Celal Bayer, then president of Turkey, the Sultan of Morocco, Marshal Tito of Yugoslavia and Prime Minister David Ben-Gurion of Israel. This program has received an award among others, pointing up the promotion of international understanding via television.

NEWEST HUMBLE SERVICE STATION
Corner of Sullivant-av and Holly Hill-dr

New Humble Service Station Will Serve West Columbus

Humble Oil and Refining Company will observe formal opening of their newest service station in Columbus, Thursday through Saturday, July 6-8, at the corner of Sullivant-av and Holly Hill-dr.

All customers during the three-day opening will be able to register for one of the big prizes offered.

First prize is 300 gallons of Enco Golden Gasoline; second prize, four Atlas Plycron tires; third prize, 100 gallons of Enco Extra Gasoline. Fourth prize is one full year of motor oil changes; fifth prize, one full year of Humble Verified Lubrication for the winner's car. All customers will receive a free carton of soft drinks with the purchase of eight or more gallones of gasoline. There will also be free gifts for children.

Sam Abbey has been named manager of the station. He has recently completed a six week course in service station management at the company's training station in Columbus. Open hours are from 6:30 a.m. to 1:30 a.m.

The new station at Sullivant-av and Holly Hill-dr has washing and lubrication facilities and carries a full line of tires, batteries and accesories. It is one of Humble's newest station designs and the company has plans to build others like it throughout Ohio. The first Humble station to open in the Columbus area is located in Upper Arlington.

Humble now has 14 stations open in Columbus and will have six others under construction within a month. The company entered the Ohio market in May, 1960, with the opening of its Ohio Area headquarters office in Columbus. This is a step in its announced plan to become a nationwide marketer. It now has approximately 30,000 service stations from coast to coast.

Lang Named Manager At Local Drive-In

Sandy's Thrift and Swift Drive-In, Sullivant and Demorest-ave, announces the appointment of Harry L. Lang, 196 Miller-av, as manager of the Hilltop's newest drive-in.

Under the ownership of William R. Smith, 2417 Fair-av, the Hilltop unit operates under a standard price set by Sandy's Inc., a national chain, which also rigidly inspects all purchases of local supplies to maintain a high quality standard, according to a firm spokesman.

More than 11 employees are on duty at the drive-in, which has served more than 12,000 hamburgers a week since the spring opening.

Gorrell Joins Campbells Staff

Sewer—

(Continued from Page 1)

be spent in this locale for trunk storm sewers.

Plans for this project are nearly completed. Actually, Schoene said they are in the "design stage" and will include pipes 30 to 72-inches in diameter.

These are the main trunk lines in the southeast section of the city, but, Schoene added, there are other neighborhood sewer projects appropriated by the street improvement department. These involve sewer pipes 27-inches and down in diameter, he explained.

Also in the southwest area is the proposed Williams-rd sub-trunk and additional force mains which are tentatively proposed, but not yet under design.

Other projects in the area include Marion No. 3 sub-trunk, Marion No. 3 extended sub-trunk, Glendower sub-trunk and various neighborhood lateral assessments and private development jobs under construction in the area.

In the far east side are the Big Walnut and Alum Creek trunk lines which, at present, are partially installed and partially proposed.

Sub-trunks are also planned south of Broad-st, in the Greenbriar Farms area, in the Main-st vicinity and north and south of Livingston-av which are capable of being extended to Brice-pk.

East Columbus relief sewer plans are completed, Schoene said. The city is in the process of getting easements granted. This project will run some $590,000.

Then, there's the Big Run sanitary relief and new sewer project in the west. Already serving the Hilltop for six months, this will run on to Demorest-rd at a cost of $880,000.

The Main-Scioto is another West Side project in the advanced planning stage. Engineering is completed on two sections designed to cut across flood prone lower West Side and perhaps some day to connect with Upper Arlington or even Hilliard.

The Main-Scioto includes both sanitary relief and new sewer lines. Here again, obtaining easements poses the biggest obstacle. Out of 11 landowners in the sewer's path, only two have agreed on financial reimbursement for crossing their land.

The Cherry-st storm sewer job, Market-Mohawk conversion, will cost $1,040,000. Then, there's the East Scioto line, but the proposed route to date, is undetermined.

Other current major projects include the Briggs-rd sanitary sewer lines; Dry Run ditch improvement (Huron-av to RR culvert, west of Hague-av) at a cost of $160,000 and the Central-av underpass proposal which should run $75,000.

Also, in the budget, $1,200,000 has been proposed for miscellaneous assessment projects which are sketchily included in the Capital Improvement Fund.

This is about the story as far as the Hartley Newspaper areas are concerned. Many other projects are planned in the northern half of the city.

In fact, Schoene concluded, there is more work on the drawing boards at the present time than ever before.

Hams—

(Continued from Page 1)

the Air Force MARS project.

MARS — military affiliate radio system — is a communications network linking hams throughout the country for civil defense purposes.

DeConnick has some harsh things to say about the public's reaction towards CD, a subject in which he is intensely interested.

Apathy Criticized

He was critical of what he termed the "apathy prevalent here."

"People in the Columbus area are just not CD minded. When we lived on the West Coast, we found a completely different attitude."

"What in the world would happen here in case of a real emergency," he said.

DeConnick went on to explain, "our radio net here is highly mobile. If there is ever a crisis we could keep going as long as we had gasoline and batteries."

One example of the club's public service, he explained, was the communications it furnished for rescue workers during the recent flood.

Less serious functions of the group include acting as a radio link for the charity newsies and at sports car rallies.

'An Old Timer'

DeConnick is one of radio's pioneers.

Harking back to "the early days," he reminisced:

"All our equipment was homemade ... you'd go down and order one tube for a receiver, pay 10 or 12 times what it would cost today, and then wait a week or so to get it.

"At first there were only experimental commercial stations. We used to sit around and share our earphones listening to them."

The first of the stations were KFI in California and KDKA in Pittsburgh, DeConnick recalled. "But it wasn't long before a whole flood of them were on the air."

Closing Note

As a final note, DeConnick painted a bright picture of the amateur radio's future.

"It's just an infant now," he said. "More and more people are turning to radio as a hobby."

He explained that it was easy, fun and relatively inexpensive. "You can go on the air for as little as $75," he pointed out.

DeConnick sees only two clouds on radio's horizons.

One, high school science teachers "aren't encouraging students to probe deeply enough into its technical aspects."

And two, "it's just a little too easy to earn an amateur license right now."

FARM FACTS

In drying wheat, the temperature of the air entering the grain should not exceed 180 degrees Fahrenheit and this temperature should be limited to 75 minutes, say Ohio State University Extension specialists.

A Special Bean Dinner Bonus Prize will be given for the largest fish caught on July 25. This is in addition to any other prize to which entrant may be entitled.

On Saturdays and Sundays, a Kiwanian and a Lion will be on hand at the lake to check and weigh fish caught.

Boys' Club Slams Way Through Three Battles

The West Side Boys' Club Pony League team fought its way through a three-game schedule last week.

On Monday they belted the Musketeers 15-2 as Jerry Francis pitched a two-hitter, while Dan Dent got a triple, Pete Eyer a double, John Morian a home-run and Rick Wuertz tallied three for four.

On Friday they met East Columbus Church of Christ at Sunshine and downed them 7 to 1.

Francis pitched a one-hitter. Morian and Wuertz hit back to back homeruns—Morian's a three run blast to put the game on ice.

On Saturday the boys engaged the Valleyview Indians at Hilltonia. They jumped on Indian pitcher Mickey Pless for four runs in the first inning, then sat back and watched their own pitcher, Pete Eyer, put the opposition down with just two hits while striking out 15.

They added solo runs in the fourth and fifth innings to rack up to 6 to 1 victory.

Eyer's pitching slate now shows five wins and no losses.

Potluck Planned

A potluck supper will be served at 5:30 Sunday evening, July 9, at Rich Street Church of Christ, W. Rich-st at Grubb-st, honoring Mr. and Mrs. Bob Daugherty.

A congregational meeting held at the church June 25, and Mr. Daugherty was unanimously accepted as the minister for another year.

A short program will follow the evening meal. All members and friends of the church are invited.

Mrs. G. A. Stewart, 415 W. Rich-st, Apt. G, is chairman of the committee in charge.

LOCAL MAN, ZSA ZSA SET UP SCHOLARSHIP

By JOHN AUBLE, JR.

A Hilltopper's "fuzzy dream" is coming nearer and nearer sharp focus this week. Better than that, it's developing into something beyond the wildest fuzzy dream.

Dr. Karl Jeney, 319 S. Harris-av, decided a couple of weeks ago to devise a plan whereby he could give financial aid to underprivileged Hungarian students at Ohio State University.

He thought about it on a local level only. That was until Hungarian actress Zsa Zsa Gabor made her appearance in Ohio.

Dr. Jeney discussed his idea with his cousin, Evon Jeney, who is a local electrical engi-

"I had something in my mind to help those boys at Ohio State—I know a few of them personally — who were having difficulty finishing school. I was thinking how I could help them."

When Dr. Jeney heard that Zsa Zsa was coming to Columbus he, naturally, thought that she could help him raise the needed funds via a luncheon.

"I tried to contact her long distance," he said, "before she arrived in Columbus."

He finally reached her at the Packard Music Hall in Warren, where she was appearing in the opening of the Kenley Player production "Blithe Spirit."

Kenley also produces the plays at the Vets Memorial Auditorium here where Zsa Zsa was scheduled to arrive after the stint in Warren.

"I reached her in Warren and found out I could talk to her following the opening night of the play here," he said. That was last Tuesday.

"She received us very warmly," he said. "I came right out and asked her to help us establish the scholarship program.

"She was surprised, but agreed right away. She asked me to work out the details and said she would help us in any way she could," the doctor said.

Dr. Jeney, who is associated with the Prudential Life Insurance Co., says that Evon,

Central-av Underpass Drainage Plans Outlined

West Siders — long accustomed to detouring around Central-av and the B&O Railroad overpass during a heavy rain — can rejoice.

Before the year is out any further rerouting should be unnecessary, according to Carl Schoene, chief engineer for the Division of Sewage and Drain-

Schoene said that funds for the project to rectify the situation have been allocated in the current capital improvements budget.

And he hopes "that the work will still be completed this year."

For years the underpass has flooded with every downpour, trapping motorists who try to drive through and forcing others to find another route.

Small foreign cars in particular seem to have a knack for failing to the high water.

Major cause of the flooding apparently has been the ever increasing buildup of the area.

Natural drainage patterns have been upset.

More water has poured into the underpass than can be handled by the existing storm sewer.

Thus the "floods."

Schoene said that final plans for the project have been drawn up.

The department intends to replace the present 24 inch sewer now serving the area with a 42-inch pipe.

The new and larger drain will in turn connect with a soon-to-be installed trunk east of Central-av, according to Schoene.

The chief engineer explained that a starting date for the project has not yet been set.

"We have four or five other major projects which have priority and are holding us back right now," he said.

In addition to other problems, Schoene pointed out that the department was shorthanded this summer, making it difficult to complete all the work schedeled.

"We still don't have the necessary easements yet, but that shouldn't be too much of a problem," he noted.

The major construction problem facing the department is a layer of bed rock below the underpass, according to Schoene. "We hope we won't have to blast, but it may be necessary."

He explained that the actual construction will take "only about 90 days once the project is started."

Cost of the new sewer is not available.

DR. KARL JENEY (left) is one of a group of Hungarian-born Americans who is working to set up a scholarship fund for aid to underprivileged Hungarian students at Ohio State University. He is pictured at a fund-raising dinner at Hanke's Party House with actress Zsa Zsa Gabor and his cousin, Evon Jeney. Dr. Jeney, 319 S. Harris-av, thought of the idea on a local level. Now, it has been growing so rapidly it may go nation-wide.

Canadian Convention Stimulating Experience

Toronto, Canada — This has been a unique and most gratifying experience — to have been one of the more than 18,000 Kiwanians in attendance at the 46th Annual Kiwanis International convention here this past week.

Personally, I've never been one to enjoy the rubbing of shoulders and other parts of the anatomy with a mob of people. One encounter a week with an Ohio State football crowd is enough to satisfy my mob mingling desires for a whole year.

But even though these past four days have consisted of crowded elevators, crowded restaurants, crowded subways, and sitting in the huge Maple Leaf Arena with some 18,000 Kiwanians from all the 50 states and Canada each day — I'll have to admit it has all been pleasant.

The international aspect certainly had something to do with it all. Canadians went all out to show us what real courtesy is like and folks from the States responded with a demonstration of their best Sunday manners all week.

And another good pattern for living was in evidence as people from both sides of the border were strong in their praise for each other. Never let the politicians or newspapers that try to make a controversy, tell you that relations between the people of Canada and the US are slightly strained. Certainly nothing in years has done so much to strengthen the ties between US and Canada as this greatest of Kiwanis International conventions.

The whole affair was, of course, a very pleasant one for Canadian business people who are today probably busy as they still count the nearly $4 million left behind by their friendly neighbors to the south. But it was all spent freely by the US visitors who found they could get a premium of $3.75 on each $100 they had changed to Canadian currency.

And, too, they found prices most reasonable, service wonderful, quality high and seldom a hand reaching out for a tip so common at every turn back home. As a result many tips were increased because of the pleasant expression of thanks rather than one so often "Do you feel you can spare it" attitude of so many service employes in the U.S.

High point of the convention: Freedom for the future

Citizens Wonder If Dam Means Doom

By BERNIE KARSKO

Army engineers say the system of dams and reservoirs they are proposing for the Scioto Basin will save millions of dollars in flood damages each year, but one of the sites, Big Darby, could cost most of the residents of Georgesville their homes.

It may take 10 or 15 years before the dam is started —it may never be built. If it is, though, and at the location that U.S. Army Engineers recommended at a public hearing in Columbus last week, Georgesville would be inundated.

The exact location has already been mapped out. A slide projected on a screen at the hearing showed which roads would have to be relocated and the land that would have to be purchased.

But Col. Steven Malevich, chief of the Engineering Corps at Huntington, said his office is not ready yet to release the detailed maps for publication.

As reasons he offered, "it would lead to undue speculation in land buying and selling," and "the panic and frustration which would be created may be uncalled for if the engineers decided to change the map."

The map and statistics he did release, however, showed what the people could be led to expect and to prepare for.

Estimated cost for the dam is between $22 and $25 million. It would drain an area of 448 square miles. The

Why? . . . well, the story really is not so complicated. See inside this week's issue for the full explanation.

Food Market This Week

By ESTELLE B. FRANKS

THIS WEEK LOOK FOR:
Fruits—Peaches, plums, cherries, bananas, cantaloupe.
Vegetables—Carrots, beans, lettuce, cabbage, potatoes, cucumbers, peppers.
Protein Foods—Chuck roasts and steaks, rib steaks, ham, chickens.

SUMMER CHANGES THE DEMAND FOR BEEF CUTS.

We've mentioned before that warm temperatures bring changes in the demand for different cuts of meat. Probably you—like the rest of us—like to spend less time in the kitchen. And summer appetites are geared to lighter foods, often prepared and eaten out of doors.

Such changes have a significant effect on the price you pay for certain beef cuts. Prices of forequarter cuts are usually affected most by summer demand changes. In fact, prices on wholesale beef forequarters at Chicago have dropped $9 per hundred since March, while hindquarters are down only $2 in the same period. So, it's easy to understand why the summer beef bargains are these forequarter cuts—if you are willing to use time and imagination in ways to prepare them.

What's in a forequarter? The chuck makes up about half of it. Normally this is cut into arm, blade and boneless roasts. Rib steaks, rib roasts and short ribs make up another 20 per cent. The rest of the forequarter is shank, brisket and plate—used for stewing meat and ground beef.

By comparison, the hindquarter yields about three-fourths steaks—including T-bone, porterhouse, club, sirloin and rounds — cuts that are much easier to sell during the summer months, and usually cost more per serving.

You can benefit from these seasonal price changes in a couple of ways. From a price standpoint, summer is usually a good time to buy beef forequarters for the freezer. And, it's the time you'll find "specials" on these cuts for week to week buying. Try having the rib cut entirely for steaks instead of roasts, or some of the chuck cut into arm and blade steaks. Of course, you'll need to buy U.S.D.A. choice or comparable grade beef if you plan to broil these steaks. And don't forget that chuck can be made into high-quality ground beef that all the family loves when cooked on the outdoor grill.

DON'T MISS SHORT SEASON BERRIES

The fresh berry season has a breathless quality about it. In the space of a few weeks, mostly in July, many types of berries come in and out of season. Watch now for red and black raspberries, blueberries, currants, gooseberries, boysenberries and blackberries. Of these, blueberries are the major crop and have the longest season.

It's time,b too, to make that fresh cherry pie from Ohio cherries, for they, too, have a short season. Strawberries are mostly from California now, where they are becoming practically a year-round fruit.

AT ONE-STOP CLINIC —

'Detective Work' Often Necessary To Find Causes Of Slow Reading

A shingle outside a weathered building at 369 E. Town-st is modestly inscribed in two-inch letters: "Rapid Reading Clinic."

Call it a sign of the times if you will, but it seems to be spelling success for an energetic young docter with an idea —a one-stop diagnostic center for those with reading difficulties.

The age of speed and competition is bearing down on the low reader, whether he is a youngster in the first grade, a college student in danger of dismissal, or the executive who is at the crisis of his career.

Five years ago Dr. Benjamin Center, 1172 Billie-dr, opened the doors of his office. He tacked up more than the usual number of sheepskins on the wall —for training in psychology, speech and hearing from Ohio State and the University of Illinois. Already an optometrist, he had all the tools necessary for locating eye troubles.

Just one thing—he had no patients. This didn't perturb him. He experimented with a few slow readers. They impressed, some of them to an amazing degree. Average men who could absorb only one or two hundred words a minute found themselves taking on 800 to 1200 with ease. They came from North American Aviation, Battelle, the school system, the Armed Forces, and industry. Pressed for time in their jobs, they had to find some way to overcome their slow reading habits.

The clinic now accommodates about 25 clients a day. Dr. Center's enthusiasm is infectious. He now has plans to enlarge his facilities.

Dr. Center says no reading clinic has any unique method, not even his. "We've all used 'look, say, and hear' techniques for years," he declared. "What we haven't had is a central examination facility for complete diagnosis. Without this it can be a time-consuming process of referral from one specialist to another."

Among the more routine tools of rapid reading classes are books, strip films, movies, reading rate controllers, flash

DR. CENTER IN HIS OFFICE
— poor readers . . . his challenge.

meters, tape recorders and stereoscopes.

According to the doctor, about five per cent of school pupils need clinical attention. More than eight per cent fall into phonetic problems. "We need to know — can the youngster hear the difference? It may be a speech and hearing thing. This we must find out."

He cited one example. A boy was a fine silent reader but a poor oral reader. A close test in phonetics proved that crooked teeth prevented correct pronunciation.

Poor reading can be caused by many things: delay in learning to talk, difficulty in hearing (it even could be earwax!), inadequate vision, dull mentality, dialect, family backgrounds and standards.

"Parents who force comparisons of their children, or teachers with personality problems can be factors too," Dr. Center said. He also pointed out that stutterers are not necessarily poor readers, but tests at OSU have proved that the eye movement pattern of a stutterer is changed as he reads aloud.

Dr. Center believes that standard eye charts do not always effectively single out potential slow readers. They are read at a distance, he said, and fail to test eye coordination (focusing ability) at normal reading distances.

In many cases his clients are simply sent back for correction of glasses.

Dr. Center frowns on the use of flash training as the only method to increase reading speed. In this system, slides are flashed showing multiple digits and multiple-word phrases. Some are exposed at 1/100 of a second, and a running record is kept of the number and type of reading errors. "This is good training for plane spotters and for policemen who must retain license numbers," he said, but does not necessarily increase reading speed.

The average adult with no special problem attains his new level of reading efficiency in about 20 sessions with Dr. Center and his two graduate aides. Programs for children last about three months for every year of schooling the youngster is behind.

What about spelling? Does the doctor favor the speedier method of "sight" spelling as opposed to the slower phonetic teaching? Here he chooses the phonetic system.

"It's the sure way," he smiled. "They can pick up their speed later."

District Meet Is Planned By Nazarenes

About 2,000 are expected at the four evening services next week, Monday through Thursday, at the annual assembly of the Central Ohio district, Church of the Nazarene, at the denominational camp grounds on Maize-rd.

Rev. Paul Updike, Marion, Ind., superintendent of the Northwest Indiana district, will speak Wednesday on his recent visit to Nazarene work in South America, including Brazil where Rev. and Mrs. Charles Gates of Elyria are serving as missionaries.

A special offering will be received toward a motor car for the Gates.

A class of candidates will be ordained into the Nazarene ministry Thursday night at 7:30. Dr. Benner will be in charge and give the sermon.

General assembly business meetings will be held morning and afternoon, on Wednesday, Thursday and Friday, July 19 through 21.

Gay-st, Third Floor, to assist vendors from July 1 through July 31 Monday through Friday at 8 a.m. to 5 p.m. (Saturday, 240 Parsons-av only, 8 a.m. to noon.)

Vendors seeking assistance from examiners will be required to present all records necessary to substantiate the figures to be reported.

GIRL LEARNS THAT ADVERTISING PAYS

We are happy with this letter.

And impressed with Sharon's business-like attitude.

So happy and impressed, in fact, that we've decided to print the letter in its entirety:

Dear ...

I put my ad in your paper several weeks ago for a two-week run. I had wanted a summer baby-sitting job. I thought it would be smart to run it early before the rush.

The two-week run gave me plenty of choices. The first evening I received 15 calls! I was glad I held out until the second week though, because I accepted a job from a lady only a 10-minute ride (on my bike) away!

I am very pleased! So is she. Your prices are so very low! Now, I've earned $45.

I feel that my summer will be a very useful one. I won't be just another lazy teenager.

Thank you,
Sharon Kay Johnson,

The convention, largest in Kiwanis history, was attended by 17,000 people. Principal speakers included John G. Diefenbaker, prime minister of Canada; Brooks Hays, assistant US secretary of state; Charles E. Shuman, president, American Farm Bureau Federation; Lt. Gen. Roscoe Wilson, USAF.

Local Queens Can Compete At State Fair

This year at the Ohio State Fair, Aug. 25 to Sept. 1, for the first time they are going to pick a "queen among queens."

She will be known as "Miss Bonnie Buckeye," and will reign over a year-around promotion effort designed to promote Ohio's agricultural products.

She will be chosen on Thursday evening, Aug. 31, as a part of the nightly grandstand show at the State Fair which will feature television's Charlie Weaver and Yogi Bear and Huckleberry Hound along with the Great Western Rodeo.

Each entrant must represent a previous festival, fair, or similar publicity-sponsored event. There is no age limit and contestants may be either single or married.

The girls will wear formal gowns and will be judged on general appearance, poise, carriage, stage presence, beauty and posture. Queens from the various festivals and fairs, however, may wear any robes or crowns which were awarded to them in the previous contests.

Deadline for filing entries for the contest is Aug. 1. Several festivals are held after the State Fair. In those instances last year's queen may participate.

Groups interested in entering a queen in this first-year event should contact Charles S. Wehrer at the State Fairgrounds.

AMONG THOSE WHO BENEFIT . . .

Democracy is a wonderful thing.

It can take a man born in a log cabin and place him in the White House.

It can take a tax-evading multi-millionaire and put him in the penitentiary.

Likewise, it can take a Jimmy Hoffa and hand him the reins of a powerful union, under his own terms, his own wants, his own desires.

Here is what Democracy gave to Jimmy Hoffa last week: a $25,000 salary boost to $75,000; reimbursement of all HIS expenses, with no limitation; such housing as HIS executive board thinks desirable; money for full and complete maintenance of HIS wife; funds for all HIS secretarial help; the right for HIM to hire an executive assistant at whatever salary HE wants to pay.

Yes, Democracy can also be a "one-derful" thing.

WATCH YOUR OUTDOOR MANNERS

The carload of light-hearted picnickers pulled up the winding road to their favorite spot. But party spirits dropped when the site came into view. Crumpled napkins and dirty paper dishes, fruit skins, sandwich wrappings, bottles, can and other empty containers covered the tables and overflowed onto the grass—undisputable proof that the litterbug had been stomping on the old camp grounds!

Summer, you know, is the season he likes best. Warm sunny days lure him outdoors to city parks and pools, beaches, picnic grounds and camping areas. And those long holiday weekends and "two weeks with pay" enable him to take to the road with enthusiasm.

Who are these trash-tossing pests?

Well, they can be almost anyone. In fact, there are just about as many of them as there are Americans, since nearly everyone has at least a touch of the litterbug in him and individual thoughtlessness is a primary cause of this bad habit.

What's more, this same bad habit makes it necessary for American taxpayers to clean up after themselves to the tune of over $50 million a year—for litter removal from primary highways alone!

In one year, litter was the main cause of over 87,000 building fires. Debris-burning fires getting out of control also caused 30 per cent of all forest fires.

Worst of all, it is responsible for more than 75,000 persons being seriously injured annually as a result of cars striking or swerving to avoid objects tossed on roads and highways.

Refuse on beaches, in lakes, streams, parks and recreation areas can become a breeding ground for disease-carrying insects and rodents. Besides polluting the water, litter in a lake or river can puncture the hull of a boat traveling at high speed or damage a rudder or propeller.

No wonder many states have cracked down with strong anti-litter laws.

Keep America Beautiful, Inc., the national public service organization, says that the litterbug can be eliminated if everyone will just watch his outdoor manners. Here's how:

1. Deposit all trash in proper receptacles at picnic sites or take it with you.
2. "Summerizing" your home also means removing all piled-up trash and debris left from housecleaning chores.
3. If you're planning a motor trip for your vacation, carry a litterbag in the car and put travel-trash in it—not out the window.
4. Set a good example for children by always disposing of trash in a proper receptacle—wherever you are.
5. Alert your friends to their personal responsibility for the appearance of both private and public property—city streets, vacant lots, parks, beaches, streams, highways and all recreation areas.

Remember, every American has a stake in the beauty of his country.

Woodchucks Provide Wary Targets For Summer Hunting

INSIDE ON THE Outdoors By ROD COCHRAN

There seems to be a good supply of woodchucks this year. I've seen quite a few from roads — even witnessed a hunt in progress over in Licking County. The 'chuck was sitting in the entrance to his burrow along a railroad track, and a hunter was stalking it through a patch of heavy weeds to get in gun-range.

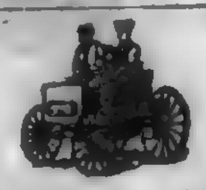
Farmers in these parts have told me that woodchucks have been giving soybeans a working over this season, and most of them are glad to have some of the "bean lovers" shot.

Woodchucks offer about the only summer hunting there is in this area, especially since crows have been at a low ebb in recent years. But it would be a mistake to look upon the 'chuck shooting as a last-place sport — something to do when all other possibilities are exhausted. For a man who likes to shoot a rifle or a bow and arrow, it is top-notch fun.

Right now, young woodchucks are nearly full-grown but are not as wary as the older generation. Until they become wise in the ways of the world, hunting them is not unusually difficult.

Check Den, Food Sites

There are two things to look for when hunting woodchucks — denning sites and food supplies. Small hills or mounds interspersed with gravel and sand are prized by groundhogs, for digging in these areas is easy and dens are numerous. Railroad embankments and stream banks are excellent places to scout for 'chucks. Brushy fencerows and rock piles are also likely prospects for woodchuck apartments.



Groundhogs are vegetarians and they like good food. When you find likely denning grounds adjacent to clover, alfalfa or soybean fields, then you are almost certain of some good hunting. They also like sweet corn, and will climb the stalks to pull down the tender ears. It is little wonder that farmers are quick to give permission to hunt them.

There are two tactics to use when hunting woodchucks. The easiest is to find a concentration of them and lie in wait for the 'chucks to come out and eat. Morning and evening are the prime feeding periods, but on cooler days you will find them out all day — especially the young ones.

Challenge for Archers

The more challenging way to hunt is to spot a groundhog out in a field feeding or sunning himself at the entrance to his den. To find them exposed like this you will have to keep your distance, and binoculars are handy to help find them. After you see one, then you must devise a stalking route that will keep you under cover until you are in range. Woodchucks are equipped with keen eyes and ears, and stalking one is easier said than done. Hunting them with bow and arrow is really a difficult sport, and is attracting more "Indian hunters" all the time.

My first hunt of the season was a success, in that two young woodchucks were taken. I missed one, so my score was far from perfect. My hunting leaves something to be desired too, for the landowner told me there were some old ones around and I didn't even see one. Evidently they were too smart for me. But there's a lot of time between now and squirrel season for me to shape up, so I told him "I'll be back. He said "good." And you may be sure that I will go.

PROPOSED LOCATION OF THE B IG DARBY RESERVOIR AND DAM

It May Never Be Built. But If It Is, Georgesville Is Doomed.

Flood—

(Continued from Page 1)

structure itself would be 101 feet high and over a mile long.

The location would be approximately two and one-half miles south of Georgesville on the Big Darby Creek. The reservoir created by the dam would back up water nearly eight miles north on the Big Darby (past Rt.-40) and four miles on the Little Darby.

While the prime purpose of the reservoir would be for flood control, it would serve other functions such as a fish and wildlife conservation area. An abundance of water recreational facilities would become available.

There are numerous hurdles which must be cleared before the town will be doomed to become a lake bottom.

Col. Malevich pointed some of them out.

The plans and proposals his office has made will now be forwarded to Engineering headquarters. The minutes of the hearing will be heard and evaluated. Other government agencies in Washington will take a look. Governor DiSalle will have a chance to look at the proposal for a final comment. Then, in about nine months, comes congress.

Appropriations and public works committees in both houses will have to give their approval.

"It's impossible to predict how Congress will react," Malevich explained. It may give the go-ahead on some of the dams and turn down others. Some, like the Portsmouth one may be considered more important, and these would be built first.

"Grass roots politics will play a big part in the decision too," he volunteered. "If the people want the dams they should let their representatives know. Now's their chance to speak out if they don't want them too."

Talking with people in Georgesville this past week it seems unlikely that many of them would lobby in favor of the dam.

Many people said they had known of the plans for the dam long before the hearing last week. While there was a lot of speculation on how high the water would be and how much of the town would be affected (one woman said she heard at least three dozen different versions), few people expressed concern.

"There was talk of the same thing 30 years ago," one man scoffed. "You don't see me needing a boat to get up to my doorstep." Another predicted: "My grandchildren may not be able to live here but nothing will be done in my day."

Col. Malevich said it would be difficult to set a date for the start of construction on any of the six proposed dams, but ventured, "We could get started by 1965 if all goes well in Washington."

Meanwhile the population of Georgesville will be watching, wondering, waiting — and while few will admit it — worrying.

Spectator—

(Continued from Page 1)

is in the hands of the people of the United States and Canada. Freedom cannot be taken for granted. Sacrifices are necessary if it is to be preserved. It will be preserved only by a moral rearmament of the individual.

Sidelights: Ohio had the largest group of delegates at the convention and the local Tenth Division accounted for exactly 10 percent of such delegates — the best division record in the state.

Toronto is proud of the way it is solving its growing pains through its metropolitan government. Columbus and suburbs could take a page from this book on cooperation.

Most citizens of the US were told very diplomatically that people of other countries don't like being told our way is always the best. And we learned emphatically that our Canadian neighbors believe themselves entitled to the right to be known as Americans, just as much so as we are entitled to such a label.

The gals in Toronto are most attractive with their knee-high dresses and different, yet attractive, hair styles.

And above all, a word of loud praise for the Ontario liquor control system. While their liquors, beers and ales are the best, one has to look for it rather than have it staring you in the face from every storeroom.

SHOWN WITH SOME 40,000 $2 bills which Swift and Company will circulate in the Columbus area during the middle of July are, left to right, Robert O. Lindsey, superintendent of the local Swift plant; Ralph Reef, president of Local No. 344-AMC and BW; and William Johnson, plant steward. The plan, part of the "Swift Week" program in Columbus, will illustrate the interaction of community and industry.

Local Swift Plant To Flood County Area With $2 Bills

"Yes, it's true! . . . two-dollar bills—some 40,000 of them—will be used to help tell the story of what part one company plays in the business life of Columbus during the two middle weeks in July.

As part of a special "Swift Week" program, all persons employed at the Swift & Company plant in this city will receive their wages or salaries in $2 bills on two paydays, July 7 and 14.

J. N. Pella, Swift manager, explained that the special program was not set up in connection with an anniversary, or specific event.

"It's just that we like being in business in Columbus, and decided to put a little emphasis on how our company depends on the community, and vice versa. We believe that if we point out what part we play, it will be a boost to everybody's business in the area."

Underlining the company's economic contribution to the community, the manager pointed out that Swift last year expended about $19,000,000 as all costs of doing business—purchase of raw materials and supplies, payrolls, taxes, and other costs.

All-out promotion and cooperation with many retailers is part of Swift Week. An added feature of the $2 is a plan to give prizes to holders of $2 bills which have serial numbers that match those to be printed in Swift ads in newspapers.

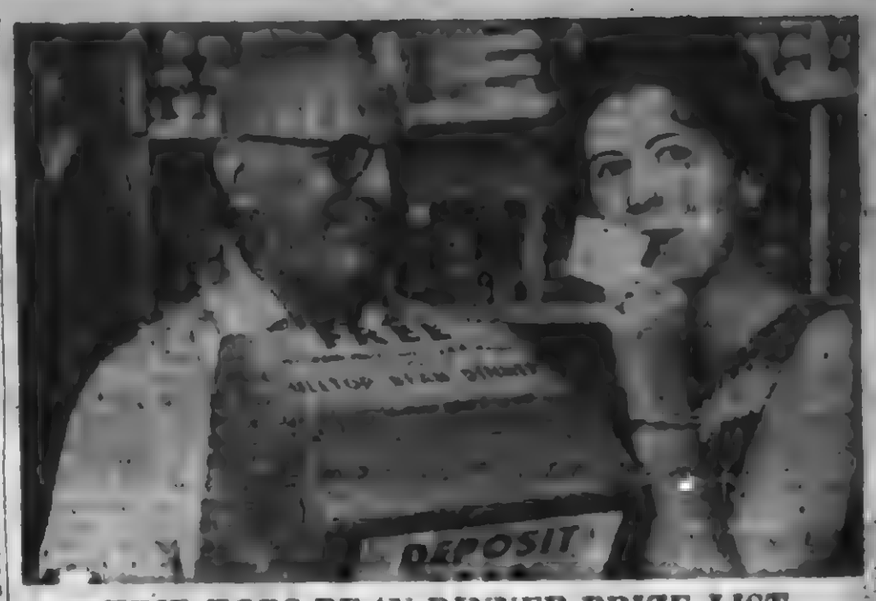
In addition, many food merchants are tying-in in various ways with the program. Other types of stores and businesses also are taking advantage of the $2 bill circulation as a peg for special offers to help boost their business.

Along these lines, too, Swift is promoting a unique "Gear To Go" program among its commercial, sales, accounting, and production staffs.

"Swift's Week," for instance, will be a cooperative promotional tie-in with food stores, as well as unrelated businesses such as banks, furniture stores, and other retail outlets. "Swift & Company means more to the community than the land, buildings and equipment represented by the Columbus plant," explained a company official. "More important are the people and the spending power of money moving into their business life of our community."

Big Action Seen In Fish Derby

Youngsters are flipping fish out of Harder Lake, Westgate Park, in furious Junior Fishing Derby competition.



Currently leading the derby are: Age seven and under — Keith Trabert, five, 614 S. Ogden-av, 1 pound, 6 ounce fish.

Age eight, nine and 10—William Moore, 10, 2317 Valleyview-dr, three pounds, 11 ounce fish.

Ages 11, 12 and 13—Mike Jennings, 12, 640 Wedgewood-dr, Apt. 4, one pound, 14 ounce fish.

The big event began July 6 soon after Hilltop Kiwanians, Lions and the Hilltop Business Association dumped 600 pounds of channel 'cats' into the newly cleaned lake.

Kids in three age groups are invited to register only one fish between now and the second day of the Bean Dinner, Tuesday, July 25. Playground supervisors or members of the sponsoring groups will weigh the catches any day between 1 and 6 p.m.

TRIP TOPS BEAN DINNER PRIZE LIST

A KISS AND A WISH for good luck accompanied the coupon deposited by Mrs. Dora Fleshman, 371 Whitethorne-av, at Wolfe Electric Co., 2427 W. Broad-st. Gene Wolfe, owner, watches as Mrs. Fleshman deposits the coupon that makes her eligible for the many prizes to be awarded at the Bean Dinner Tuesday and Wednesday nights, July 25 and 26. The eligibility coupons are available from participating HBA members and may be deposited at places of business. Top prize — a trip for two to New York — will be awarded Wednesday night. Winners must be present to claim prizes. Times of drawings will be announced next week.

West Grad Is School's New Music Instructor

James Hill

James Hill, West High School alumnus and newly-appointed instrumental and band instructor at the school, has already launched a band program for the coming year.

He replaces John Dale, now residing in California.

An all-girl marching corps, to perform with West's band during football games and at other school events, is now in rehearsal. Auditions for the corps are held at rehearsal time each Monday and Wednesday, 7 p.m., in the area behind the school.

A 1949 graduate of West, he was drum major as well as a bandsman during his high school years.

Hill's study at Ohio State University was interrupted by four years' service in the Air Force, and he was graduated from the College of Education with a major in music in 1958 with a BS degree. He has 15 credit hours toward his master's degree.

The all-girl marching corps, an innovation at the school, is designed, according to Hill, to add additional sparkle to half-time ceremonies.

"Entirety new formations and marching techniques for the band and the corps will be used," he continued.

"Any West High girl interested in joining the corps may attend auditions. Training in dance or baton is helpful but not necessary."

Majorettes and band members are also asked to attend rehearsals in order to learn the new marching system.

Full details of the corps will be supplied at rehearsal.

Hill's first teaching post was at Jonathan Alder in Plain City for two years. He joined the Columbus Schools System last year and taught at Marion-Franklin.

Kiwanis Clubs Plan Jet Night

Local patrons of the front-running pennant-bound Columbus Jets are reminded this week that Kiwanians are mixing a big batch of fun for Jet Stadium Thursday, July 27.

The Kiwanians are holding their annual fireworks extravaganza that night. The Jets, who have been cooperating with all special nights this year by winning with baseball flair, will meet the Toronto Maple Leafs.

If you buy now, you can sit with the family or friends, see the game and fireworks, and enjoy a really capacity sell-out at the park. Kiwanis games are, annually, free of speech and ceremonies.

Proceeds from your ticket purchase will be retained by local Kiwanians. Summer camping trips — two free weeks — for deserving boys is the ultimate beneficient.

Support now for baseball and the Jets will make next year possible for more boys.

American Legion Has Busy Week With Much Action Recorded

By BOB WILCOX

In a "busier-than-usual" schedule the past week, Camp Chase Post American Legion ball team racked up three wins in three outings to up their record to 9-1, and maintain a firm hold on the Gold Section lead.

Needing one win to clinch a tie and two to share their second consecutive Gold Section crown, Chase has a three-game card lined up for their last week of the regular season.

Last Monday they traveled to Groveport to make up the last half of a rained out doubleheader from earlier in the season. They play Lockbourne at West July 13 and then close out the campaign by hosting Hartley next Sunday afternoon at Magly Field.

The best two-of-three playoff series between the Gold and Blue Section winners will begin next July 18. All playoff games will be played at Grandview, the second contest July 20, and if a third one is needed it will be played on July 23.

* * *

In the makeup of the first half of that previously postponed doubleheader, Chase knocked off Groveport at West a week ago Monday evening, 7-1. John Evans went all the way for the win, striking out seven and walking only two and allowing only two hits. All six Chase hits were singles and Bob Ross was the only man to get two bingles.

Wednesday night, Chase again measured Capitol City (East) to an 11-3 tune scoring 11 tallies on 11 hits and playing errorless ball afield. Scott Anderson, of Grove City and Pat Purcell, of Aquinas, shared the mound duties for the winners.

Anderson started and was the winner, striking out three and walking only one in his three inning stint. Purcell then struck out two and walked three in finishing up.

The game only went six innings before being halted due to rain.

Then last Sunday afternoon at West, Chase climaxed the very successful week by gaining revenge on the only ball-club to defeat them this season, as they whitewashed Southway Post (South), 7-0.

Jim Thornton hurled the shutout and twirled himself a one-hitter in the process. In so doing he struck out 10 and walked five and chipped in to help his own cause with a two RBI triple and then scored himself.

Chase exploded to life at the plate in the second with four big runs and enough to win the game. With two out, Clark singled as did Trotter. His battery mate then came thru too, aiding his own cause with his triple . . . a bullet-like shot straight down the left field line (never over 10 feet off the ground all the way) clear to the stadium seats. Evans then walked and Wilson singled to drive Evans in. In the meantime Thornton and Evans had executed a perfect double steal with Thornton scoring.

In the third they added a "loner" as Malone singled, Gary Alwood was safe on a fielder's choice as was Workman and then Clark walked to force the run home. They got their final two scored in the fifth as Clark hit his home run with two out and Workman on base via a fielder's choice. Clarks clout missed going in the stadium seats by about two feet as it landed clear on the other side of the track in the air . . . with Clark "legging" it clear around for his "inside the park" four-bagger.

Other offensive "punch" came from Wilson with two singles and two RBIs, and Malone with two singles. Defensively beside Clark's "beaut," LEGION TEAM GAL 2 ...rw Wilson handled six chances at short without a bobbin and had two especially dandies on hard smashes his way.

Babe Ruth

Camp Chase has become a big name in American Legion baseball around Central Ohio the last two years.

Now, their Babe Ruth team is also making quite a name for themselves.

The team is mainly composed of lads from Hilltonia and Westmoor Junior High Schools. The combined effort of the boys has brought fourth a powerful team with a four and one record.

Coaching the team is Jim Walsh, who was a star infielder for last year's championship Legion team. Coach Walsh feels his team has good potential and will be very much in contention for the league championship.

The team has received good pitching from Darrel Rohrer who has a three and one record.

In 20 innings he has struck out 28 and walked only 8 and carries a fine 1.56 earned run average. Other members of the pitching staff are Larry Wardrup, who has a 1 and 0 record and Don Van Order.

To back up their good pitching the Babe Ruthers have a lot of hot bats. Leading the team are three 14 year olds, Darrel Rohrer .545; Steve Prater .500; Jim Hughes .466.

Other regulars are Carl Rezika, .418 with one home run, Bob Nelson .313, Bill Baseman .308, Don Van Order, .285 with one home run, Larry Wardrup, .278 and Skip Manford, .250. The team is hitting at a tremendous .247 clip.

Other members of the team are Jim Muir, Ray Glascor, Bob Stephenson and Rick Waters, all outfielders, Bill Davis and Ron Cumberledge, who are both infielders.

Boys' Club Has First Defeat Of Pony Season

The West side Boys Club Pony League team battled its way through three games last week and while winning two of them also suffered their first defeat of the season.

On Monday, they played the Bobo Yankees at Sunshine and although four regulars were not there they still managed to scrap to a 5 to 3 victory.

A three-run second inning, highlighted by a double by Butch McDaniel along with singles by John Postle and John Kelly sandwiched around two walks, put the boys ahead to stay after they had fallen behind in the first inning.

On Wednesday, the team traveled up to Dublin and ended up on the short end of a 3-0 ball game which was played in a constant drizzle of cold rain. It didn't seem to bother the Dublin hitters too much as they hit Boys Club pitcher Pete Eyer with authority while his mates could muster only three hits.

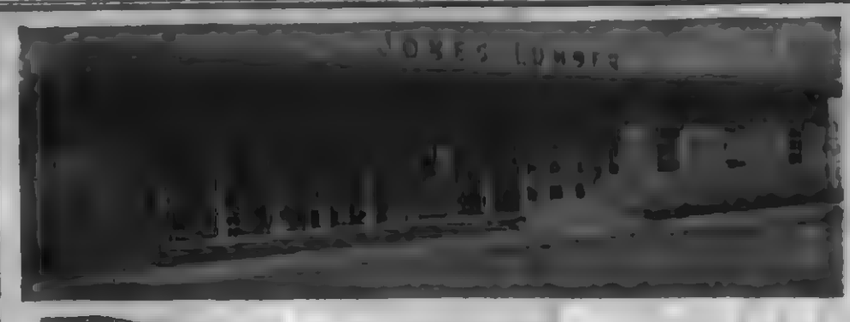
On Saturday, the boys met the East Franklin Tigers at East Franklin and pounded out a 7-0 victory.

They jumped on Tiger pitcher John Kunze for three hits and two runs in the first inning then stumbled for five innings before awakening for a five-run outburst in the seventh inning which put the game beyond the Tigers reach.

Boys' Club pitcher Pete Eyer repeatedly retired the side with men on base to snuff out Tiger rallies.

Eyer's battery mate, Dan Dent, showed the way at bat with three singles and a walk for a perfect day at the plate.

Eyer helped his own cause with two hits and left fielder Dana Noble chipped in with two hits and made an exceptional catch of a drive to left center in the sixth inning.



The boys have three games on tap this week. Monday they will play Hamilton and Thursday the Titans, both at Southview No. 12. On Saturday, they meet St. Agnes No. 2 at St. Agnes.

Westgate Terrace Rezoning Tabled

A proposal to rezone parts of Westgate Terrace Subdivision, located on Kingsford and Brixham-rds between Sullivant-av and Briggs-rd, has been tabled for one week by the city council.

The petition requests that portions of the subdivision be reclassified from two-family residential to three and four-family units.

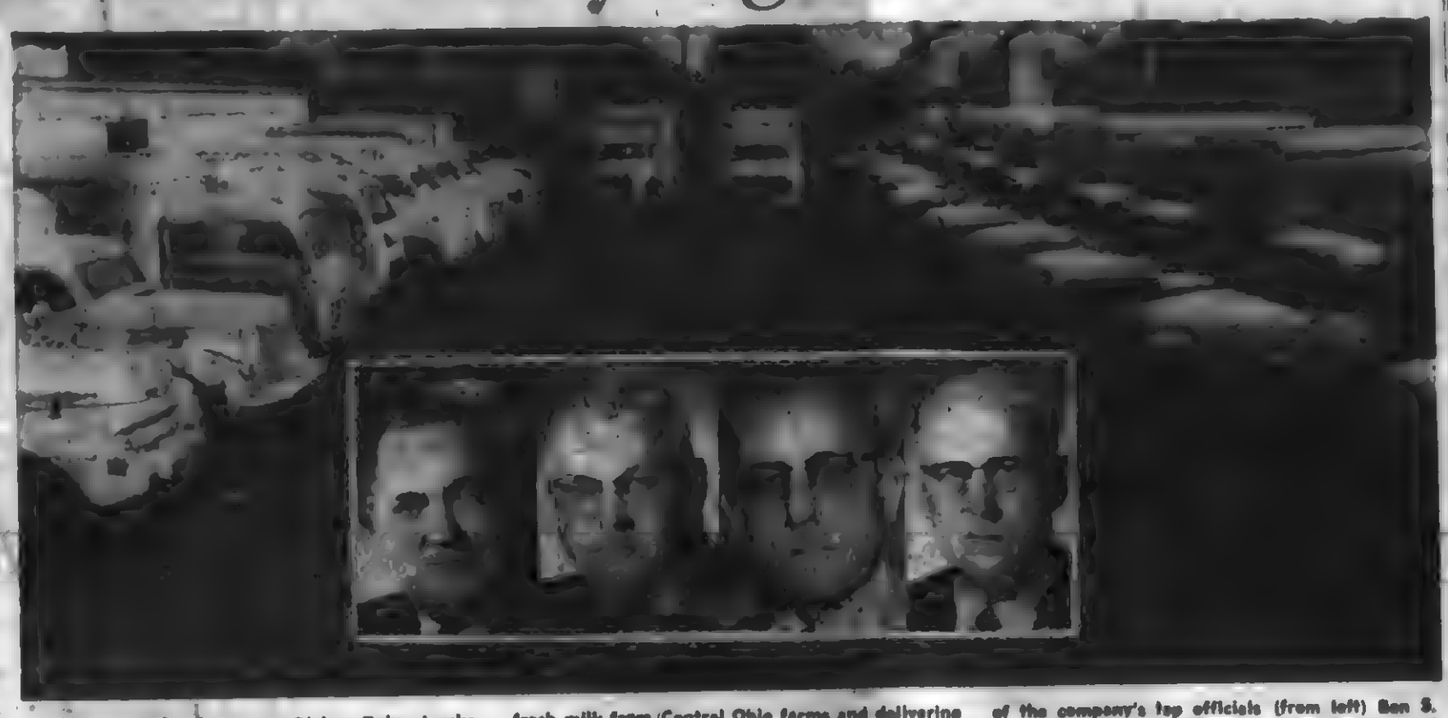
Bowman-Richer Dairy Lights 25th Candle



Three-Day Celebraion At Lake Park

Call it confidence, call it pride — you'll find it in double-dip abundance at 1068 W. Broad-st this week.

It's the 25th anniversary of the Bowman-Richer Dairy Co. Ben Davis and his 105 employes are always busy—as are all people who deal in milk products, so demanding of quality and care. But Bowman's is not one to let something as significant as a silver anniversary slip by.

The same public that has helped support the company over the years is being asked to help celebrate its anniversary. For three days, July 26, 27 and 28, Bowman patrons will have free run of Buckeye Lake park, enjoying any of 15 different rides without charge. Bowman bottle and carton tops will be the only "money" needed.

(Full details have appeared on the company's half gallon cartons since July 5 and are repeated in ads in this newspaper.)

THE FLEET of Bowman-Richer Dairy trucks at 1068 W. Broad-st attests to the successful growth of the local firm in 25 years. At first there were only four trucks; now there are 42 bringing in fresh milk from Central Ohio farms and delivering finished dairy products to hundreds of retail stores in the area. The J. Curtis Allen portraits are of the company's top officials (from left) Ben S. Davis, Norman R. Williams, Paul Bucher and Leonard Maitland.

From Humble Beginning

The Horatio Alger-like success story of founder Ben Davis is reflected in his company. Long charged with the desire to operate his own business, he finally realized his dream on July 8, 1936. With not a cent in the cashbox and only four small trucks he opened the doors of his W. Broad-st plant.

Today, 25 years and five expansions later, Davis anticipates a $5 million business year. Payroll has spiraled from a humble $6,000 in 1936 to over a half million dollars this year. There are now 42 large trucks in the Bowman fleet. They haul over 40 million pounds of milk a year from 300 milk producers in Central Ohio.

At the W. Broad-st plant milk and related products are turned out for both the wholesale and retail trade. Milk, cream, buttermilk, chocolate milk, cottage cheese, butter, fruit drinks and 28 flavors of ice cream are dispensed by the company.

At the Bowman 25th Anniversary luncheon at the plant July 6, President Ben Davis had special praise for some of his most treasured friends—those who have been customers and employes since the company began. Five of his original staff are still on the job. They are: Paul Bucher, 165 S. Westmoor-av, vice-president and comptroller; Carl Turvey, 7167 N. Kellner, sales; Dorsey Davis, 1043 W. Gay-st, loading supervisor; Fred Brundige, 6162 Westerville-rd, supervisor of procurement; and Fred Wilson, ice cream superintendent.

Davis remembered 1936 as a tough time to start a business. "There were 36 dairies in the Columbus area (about five times the present number). Business was groggy and collections were even worse. Payments to the farmer supplier were hard to come by," he said. It was the day of the sit-down strike and depression. Double-dip ice cream cones were a nickel and a 'shake' only a dime — but coin was scarce.

"Within the first three years, my three original stockholders retired and left me all alone," Davis related.

"Things really looked black for a while, but suddenly the good Lord seemed to look our way and we got rolling. Friends brought in their friends, and soon we were able to put on more trucks and more help.

"In 1939 I purchased the property. As business grew so did the plant. Now it is five times its original size."

Along with the silver dollar, Ben considers the number 13 as something lucky for him. On Friday, May 13, 1938, he quit a job to go into business for himself. On Friday, May 13, 1949, the community helped him mark his 13th year of business. A full-page ad in the Hilltop Record and other newspapers splashed the Richer Dairy promotions. That year there was a quarter-million dollar increase in business, Davis recalls with pride.

"Although challenged by some for using the name "Richer Dairy," we've always kept it," Davis said. "We think it typifies our product."

Joined Bowman in 1955

In 1955 the affiliation with the Bowman Dairy Co. of Chicago took place. Davis said his own health dictated his decision to join "the largest independently owned dairy in the U.S." Bowman was able to afford him the quality control and legal advice he needed for his growing company, he said, adding, "I've enjoyed this association for the last six years and I hope to continue it for many more."

Other key positions at Bowman-Richer Dairy are held by: Norman R. Williams, 1620 Grandview-av, vice-president in charge of sales, who has been with Bowman for 32 years; Paul Bucher, vice-president and comptroller, and Leonard Maitland, vice-president in charge of production, 221 Dennis-ln, Grove City.

Jerry Jander is office manager, and the sales staff includes Carl Turvey, Ellis Durban, Richard Daugherty, Bruce McCallen, Kenneth Davis and Russell Mann.

Silver Anniversary 'Fitting' For Founder Ben S. Davis

Never was a silver anniversary more appropriate to anyone than it is to Ben Davis, Columbus' "silver dollar man."

Twenty-five years ago, when he opened a dairy business of his own, Ben started a little goodwill gesture—passing out "good luck" silver dollars in small gostakin cases.

The president of Bowman-Richer Dairy estimates she's passed out 25,000 of them over the years. "They pop up all the time," he said, "and some of them are nearly worn out."

"A couple of U.S. presidents have them—so do some governors, judges, fire chiefs, preachers—people in all walks of life. That silver dollar thing is just a hobby but it surely has brought me a lot of friends."

Ben Davis' benevolences apparently haven't been confined only to single silver dollars. Word has gotten around about his gifts to churches and institutions, the City Mission, to firemen's and policemen's families, and to persons hit by disaster.

Started Work at Age 7

Ben came to Columbus 40 years ago. His introduction to the milk business began much before that, however. At only seven years of age in 1908, he started to work for a dairy farmer near his home town of Findlay, O.

He was up every morning at 4 and helped the farmer milk his 20 cows. By 6 a.m. they were in town peddling warm milk by mule cart.

"Over garden fences and back porches and nearly every doorstep in town we poured milk from a two-gallon can into any kind of container the housewife had to offer," Ben recalls. "Then, that evening, we repeated the whole operation."

"Raw milk was selling at three cents a quart then. Cream was 10 cents a half-pint, and the butter we churned sold for 15 cents. The housewife of today is getting a much finer bottle of milk for her money, however," Davis declared.

In 1912 Davis went to the Parker Dairy in Findlay. Milk was then marketed in bottles and went up to five cents a quart. Seven years after that he took a job with a major milk company in Columbus. Finally, on Friday, May 13, 1938, he terminated that employment and decided that if others could make money for themselves, he could too. He was right.

Ben and his wife, Pearl, live at 2994 Crescent-dr. They have one daughter, Mrs. Paul (Betty) Bucher, 165 S. Westmoor-av, and one grandson.

Davis' many affiliations include the Glenwood Methodist Church, Columbus Chamber of Commerce, Masonic Blue Lodge, Scottish Rite, Aladdin Temple Shrine, York Council and Chapter, Knights of Pythias, Big Brothers, Eagles and Moose.

He is past president of the "Box 15 Club," and a member of Police and Firemen's Pension Board. One of his favorite mementos is a jeweled gold fire chief's badge, honoring him for his aid to the departments.

Lawn Fete Set Saturday

North Star Shrine 45, Order of the White Shrine of Jerusalem, will hold a lawn fete Saturday, July 15, at the home of Mr. and Mrs. Lloyd Cox, 73 Letchworth-av.

Sandwiches, casserole dishes, salads, ice cream, home made cakes and pies, coffee and soft drinks will be available.

Serving will start at 5 p.m. Hilltop neighbors are invited.

CHERRY PIE CONTEST TO BE FEATURED AT HILLTOP BEAN DINNER

"Can she bake a cherry pie?" Set to music so long ago, the query is still a good measuring stick—pie is still the proof and the pride of a good cook.

And, come Bean Dinner time, we'll find out how many good cherry pie bakers our community can boast.

A contest to decide the best will be staged on the last day of the three-day affair at Westgate Park, Wednesday, July 26, 4 p.m.

A $25 savings bond will be awarded the first prize winner, $10 in cash the second, and $5 the third.

Anyone living in the newspapers' circulation area, from youngsters to their great-grandmothers, is eligible to enter. Only professional pie-bakers are excluded.

It's not always a woman's world — many men are just as proficient in the culinary arts, and their pies will be welcomed in the contest.

Pies entered must have a cherry filling and two crusts, and must be baked by the contestant.

After they are judged, entrants will claim their pies and may eat them with their beans, for dinner.

All pies should be delivered to the closed shelter house from 1 p.m. until contest time, 4 p.m.

Judges will be Mrs. Estelle Franks, county extension agent, Marketing Information for Consumers of the Franklin County Cooperative Extension Service.

Mrs. Franks' column, "Food Basket," appears weekly in Hartley Newspapers.

Home ecoponists from the Ohio Fuel Gas Co. and the Columbus and Southern Ohio Electric Co. are the other two judges.

Chris Anne Clark, Kenneth Carpenter Exchange Wedding Vows And Rings

MRS. KENNETH NEFF CARPENTER

Vases of pink and white gladioli with seven-branch candelabra and palms decorated the altar of First Methodist Church in Lancaster for the wedding of Miss Chris Anne Clark and Mr. Kenneth Neff Carpenter, June 25.

Dr. George W. Herd and Rev. Irvin H. Lane, minister of Burgess Avenue Evangelical United Brethren Church, officiated at the double-ring ceremony at 2:30 p.m.

The bride is the daughter of Mr. and Mrs. John H. Clark of Lancaster and the bridegroom's parents are Mr. and Mrs. Owen B. Carpenter, 595 S. Terrace-av.

The bridal gown of silk organza over net and taffeta was styled with a fitted basque bodice topped with a Bertha collar of hand-run Ancelon lace sprinkled with pearls and iridescents. The same motif was repeated in the front center of the skirt which continued into a wide chapel train.

A castle crown of pearls and rhinestones held her fingertip veil and she carried a white Bible topped with white butterfly roses and ivy.

Mrs. Herbert Carpenter, sister-in-law of the bridegroom, served as matron of honor. She wore a pink gown with basque bodice, deep, round neckline, brief sleeves worn with short matching mitts and waits-length tufted skirt accented with cabbage roses.

Miss Jean Ockerman and Miss Anita Buchs, bridesmaids, and Mrs. Nelson Fravel and Mrs. James Tuttle, bridesmatrons, wore identically-styled gowns in lavender.

All wore roses with circular scalloped veils and carried Italian wicker baskets of pink champagne roses.

Mr. Herbert Carpenter served as bestman for his brother, and guests were seated by Mr. John Kelly, Mr. Richard Knepper, Nelson Fravel and Mr. Edward Ruff.

Hostesses for the reception, held in the church parlor following the ceremony, were Mrs. Edward N. Ruff, aunt of the bride; Miss Janet Harvey and Miss Sandra Davis, Mrs. Ray L. Finley, also an aunt of the bride, presided at the guest book.

The new Mrs. Carpenter was graduated from Lancaster High School and from Ohio State University with a BS degree in nursing. She is employed at Mt. Carmel Hospital School of Nursing as an instructor.

Mr. Carpenter was graduated from West High School and Ohio State University with a BS degree in bacteriology. He is now attending Ohio State University College of Medicine, where he is a member of Alpha Kappa Kappa, professional medical fraternity.

Mrs. Ida Skinner To Mark Century Of Living Sunday

A family party honoring Mrs. Ida Skinner on her 100th birthday, will be held at the home of a daughter, Mrs. Paul (Margaret) Primrose, 465 Hilltonia-av, Sunday, July 16.

Mrs. Skinner will mark a century of living Monday, July 17.

Attending the open-house celebration, planned from 1 to 7 p.m., will be another daughter, Mrs. Clifford (Ruth) Hankins, 2365 Stelzer-rd, a son, Edward, of the Hilltonia-av address; nine grandchildren, 24 great-grandchildren and four of her six great-great-grandchildren. Two are living in Connecticut and are unable to attend.

Mrs. Skinner, born in New Lexington and a Lancaster resident most of her life, has made her home with a granddaughter, Mrs. Paul Siniff, 767 Butler-av, in recent years.

Mrs. Skinner, still active and interested in life around her, has made few concessions to advancing years. Sunday services on radio have replaced going to church, and she now uses a magnifying glass to read her Bible.

She no longer is busy with her life-long hobby of quilt-making, but her family was well-supplied before she stopped. Each of her children has several, and each of her grandchildren has two or three.

Mrs. Skinner's birthday party, always the big family event of the year, has had added significance with each passing year, and this one, of course, is expected to be the happiest occasion of all.

IDLE HOUR GUIDE

New Host Picked For 'Today'; Multiplex – What It Means

By Stan Robinson

It was confirmed last week that John Chancellor, chief of NBC News in Moscow, would replace Dave Garroway as permanent host of the "Today" program, seen locally on WLW-C, 7 to 9 a.m.

This change takes place July 17th. On this same day, Frank Blair who has been the "Today" news reporter, four times per morning will join the panel. Blair is one of the show's original cast members while John Chancellor brings a first-hand knowledge of news events around the globe, from gangland gunfire in Chicago to summitry in Vienna. "Today" will again be a two-hour "live" show via channel 4 with taped sergeants only when specific guests must record the previous afternoon.

Blair

MULTIPLEX . . . WHAT DOES IT MEAN? When the F.C.C. approved a new system of Compatible FM Stereophonic broadcasting June 1 it also opened up a Pandora's box of confusion! Just what is this new-fangled MULTIPLEX reception?

Two principal types of Multiplex will affect the public, although there are several kinds all with slight technical differences; Stereo Multiplex and Monaural Multiplex. The newly approved Compatible Stereo impresses AM upon FM while the conventional SCA Multiplex, that has been in use for several years, piggybacks FM upon the main FM signal. (Multiplex refers to multiple programs simultaneously broadcast on the same station's wave length; Simplex the usual case, means only a single program at a time.)

The all-new Compatible Stereo Multiplex, intended for home entertainment, requires a low-cost Multiplex decoding attachment connected to a modern FM receiver. Listeners have to tune in but one FM station at a time, and the adapter automatically separates the left and right stereo channels from the composite monaural program the ordinary receiver provides.

Many Central Ohio FM broadcasters hope to begin using both Stereo and Monaural Multiplex by the end of the year, with the latter holding the popularity edge for financial reasons. Unfortunately, the two Multiplex systems require different program decoders since one is AM and the other FM-derived, and one kind of Multiplex broadcast is intended for the home stereophile while the latter type is designed to supply soothing background music to business subscribers, such as banks and shopping centers.

Even if you never hear a note of SCA background multiplex in your home you stand to gain, because added revenue from background music (storecasting) services will ultimately provide even better FM programs for the general public.

We are indebted to WLW-C Technician Charles Widney for his cooperation in handing down an understandable explanation of current news that could be most complex. Should you be like this reporter, it was complex and is now a little more understandable.

NOTEWORTHY SPORTS ON CHANNEL 6 . . . This coming Saturday, ABC's World of Sports on Channel 6, 5 p.m., will be a stop in England for British Golf Championship at the Royal Birkdale. Near future stops include Russia, Japan and Cheyenne, Wyo. At 9 p.m. Saturday night, "Fight of the Week" will see Rocky Fumerelle vs. Don Fullmer in a 10-round middleweight bout telecast from Madison Square Garden in New York. There is an outstanding film scheduled for WTVN-TV Sunday on the Late Show, 11:15 p.m. "Knute Rockne—All American," a film biography of Notre Dame's famous football coach; his life and many a football thrill. Pat O'Brien and Ronald Reagan in memorable roles.

MISS UNIVERSE BEAUTY PAGEANT ON CHANNEL 10 . . From Convention Hall in Miami Beach lovely ladies from all over the world will compete for the title of Miss Universe this Saturday night at 10 p.m. John Daly is to be host and anchor man, Jayne Meadows is the hostess and Johnny Carson will handle MC chores on stage.

VIEWING POSSIBILITIES for the near future . . . A major production studio is said to be planning a live non-soap dramatic series for daytime airing next season. This is the same company that produced "Omnibus," which by the way has been turned down by all three networks for fall . . . Brian Kelly, who co-stars next season with John Ashley in ABC-TV's action-adventure hot rod series, "Straightaway," is the son of the former governor in Michigan, Harry Kelly, who held office from 1942-47, is now a state Supreme Court Justice.

Cliff Norton will portray Adolf Hitler in "Paper Bullets," a "DuPont Show Of the Week," to be aired on NBC-TV, mid-October. Former heavyweight boxer, Lou Nova, will be seen in the role of an S.S. captain. This is the story that deals with a Nazi wartime plot to flood the world markets with counterfeit American and British currency

William Konold

Beaver Press Head Named 'Boss of Year'

William S. Konold, 1955 Coventry, was named 1961 "Boss of the Year" by the Columbus Junior Chamber of Commerce at its annual Bosses Day Banquet at Granville Inn, June 30.

The 53-year-old business consultant received the award "as a result of his progress in and contribution to his field of business, his contribution to the community and his leadership ability," according to a Jaycee spokesman.

Among other business activities, Konold is president of Beaver Press, 2360 W. Broad.

Strathie Ends Recruit Training

Peter Strathie, son of Mr. and Mrs. Peter Strathie of 276 N. Burgess-av, recently completed recruit training at the Naval Training Center, Great Lakes, Ill.

Military ceremonies marked the end of nine weeks of boot camp and included a full dress parade and review before high ranking officials and civilian dignitaries.

FOR BOATERS

New Inboard-Outboard Product

George E. Delph, 73 Rodgers-av, Columbus, is a local distributor of the "Flexidrive" inboard-outboard motor, manufactured by Muncie Gear Works, Inc., of Muncie, Ind.

The "Flexidrive" is the latest offering for satisfying the boating public's demands for dependable, serviceable and practical power units for boats.

The new "Flexidrive" comes in a complete packaged unit and includes instructions for installation and requires only average knowledge of tools and mechanics.

Since the engine and drive is a solid, integral unit, all problems of alignment are eliminated, and correct trim, the angular relationship of the drive to the bottom of the boat, is a simple matter of adjusting a pair of lock nuts, Delph said.

Improvements to the 1961 models include double steel seal construction on the propeller shaft for positive protection in severe service, permanent bearing alignment, choice of three gear ratios at no extra cost, new auxiliary manual shift in case of damage to the shift cable or control.

Optional features include a 90-degree positive kickup mechanism in case of collision with an underwater object with the external rudder-propeller mounting, and navy bronze coating to protect the external parts from salt water corrosion.

Full information on contacting Delph Marine see the Boats and Accessories section of the Classified Ads.

Boats Become Headache Here Stork Says

Overcrowding by high-speed boats may force the City to charge launching fees for out-of-town boaters on its Scioto River reservoirs, Service Director Ernest Stork said last week.

He explained that such action may be the only way to cope with the "dangerous situation."

The Red Cross, boating and water skiing clubs here have complained to the city council about the danger of too many boats, especially at Griggs Reservoir.

Stork said the city reservoirs attract boaters from as far as 100 miles from Columbus.

Farmers using weed killers should follow spraying procedures which will help confine tiny weed killer particles to the sprayed area, advise Ohio State University Extension horticulturists.

'CIRCUS WAGON' . . . AT CENTRAL POINT THIS WEEKEND

Central Point Stores Arrange Big 'Summer Savings Carnival'

Combining an honest-to-goodness summer clearance sale with a carnival atmosphere to create fun for young and old, the Central Point Shopping Center, W. Mound-st at Central-av, is staging a "Summer Savings Carnival" Thursday, Friday and Saturday of this week.

According to the merchants, the "backward" weather has cut in sharply on the sale of summer merchandise and, in recognition of this fact, all stores are clearing seasonal stocks at deeply cut prices. Bargains will abound all over the center at Central Point this week-end, they promise.

But this isn't all. The Central Point merchants have scheduled a "barrel of fun" for Friday and Saturday. All stores will be giving away tickets making Nolan's Carnival rides cost just 10 cents each. No purchase is necessary.

And for free, starting Friday noon, will be kids' rides on the Circus Wagon, drawn by six handsome Shetland ponies. Tony, the Hurdy Gurdy man, and his talking monkey, Chris, will roam the sidewalks. There will be clowns and more clowns adding to the fun.

And for 10 cents a portable booth will serve a hot dog sandwich and a soft drink.

Zsa Zsa—

(Continued from Page 1)

himself, Ferenc Relle and other local Hungarians sat up "every night 'til two or three o'clock" working out the plans.

A goal was set at $1,000.

A luncheon was given last Saturday for the fund-raising at Ilonka's Party House on E. Broad-st. "Ilonka stepped in and helped us a great deal arranging the affair," he said.

Dr. Jeney also expressed his gratitude for the help given by city officials in obtaining the necessary legal papers to raise the funds.

"So far, we've got about $600 raised. But, since the project has grown so much, we've decided to go nationwide with the plan," he commented.

This is being made possible by Zsa Zsa's manager, Bill Jicks. He has agreed to give the projection nation-wide publicity through the wire services.

Dr. Jeney was a former Hungarian figure-skating champion in 1941. He's from Budapest, Hungary, and came to this country in 1945. While in Budapest, he got his Doctor's Degree from the university there.

The students attending Ohio State—there's seven or eight of them—have come to this country following the Revolution in 1956.

"Our ultimate goal is to make the scholarship program a permanent thing," he said. "As long as I live I'll keep it going."

The first year, the program will give aid to just two of the Hungarian students here.

The committee intends to deposit the money with the university.

"I talked to a university lawyer," Dr. Jeney stated, "and he said that they will be glad to handle the money."

Dr. Jeney pointed out the project was "not just a publicity stunt for Zsa Zsa. Zsa Zsa did this for one reason only—to help refugees. She really wants to help us," he said.

Several highly effective chigger repellents are available. They give good temporary protection when applied to the skin and clothing where chiggers are likely to locate, say Ohio State University Extension specialists.

Carson-White Team Shines 'Take Me Along' Is Superb

Jack Carson is a master of comedy technique . . . Betty White is as charming an actress as ever complimented a stage . . . and a young fellow by the name of James Moore has a bright future indeed.

These three statements, each a masterpiece of understatement, were borne out Tuesday evening as the Kenley Players thoroughly delighted a Columbus audience with their production of "Take Me Along," Broadway hit musical.

From "lights up" to the final curtain, "Take Me Along" offers the audience absolutely the ultimate in professional theater. Columbus theater-goers never will be more entertained in a single evening.

Carson, who staggers and swaggers as the lovable town drunk, injects a wonderful humor and charm into the part. Jackie Gleason, who carried the part on Broadway, could not have been better. Carson's drunk scene in the first act will long be remembered.

Miss White, more than equal to the task, plays the part of the middle-aged spinster who has waited nearly 20 years for the town ne'er-do-well to straighten up and fly right.

Her warmth in the role is the same that has made her a favorite of literally millions on such shows as "The Garry Moore Show," "What's My Line," and "Jack Paar."

Of James Moore, playing the son, it can only be said that his performance is professional and perfect. Comedy timing, facial expression and extremely clever delivery contribute to this effect.

One can only wonder why Moore has not been seen more often, as his is a gift of rare quality. Prediction: a brilliant future in the theater.

Maggie Task and Henry Michel as Essie and Nat Miller perform admirably, especially the latter whose role is more demanding. Michel, incidently, did the same role for a time on Broadway opposite Jackie Gleason.

The remainder of a rather large cast rises to the occasion beautifully. Choreography, under the direction of Mario Meladia, is superb.

For the old timers, the play is punctuated by a series of soft-shoe and patter routines, of which Carson is a master. His ad-libs may change from evening to evening, but the quality will always be that of Jack Carson . . . what more can be said?

An additional treat is the curtain speech by Carson. Following the play, the door is bolted, and the audience treated to several minutes of what could be a top night club act.

If it's fun you are seeking "Take Me Along" is a must on this week's calendar. You will never see better . . . at any price.

PLAYGROUND NOTES

test Mr. Galloway.

The junior girls softball team started off slowly, losing their first two games of the season to Westgate, I, 28-2 and Hauntz, 17-7. This week, the girls will tangle with the junior team from Sunshine. Softball practice is regularly scheduled on Thursday at 1 p.m. Other practice sessions will be posted on the bulletin board. All girls are urged to attend the practices.

A reminder that the children from Glenwood may attend Indian Village Day Camp during the week of July 31. Registrations and $2.50 per child must be in to Miss Schultz by July 27.

At Sullivant . . .

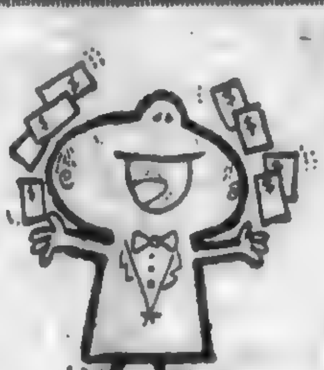
In the weekly softball games, Sullivant Gardens scored one victory when the Intermediate boys defeated McKinley 8-3. The winning pitcher was Wayne Rabd. The team was sparked by two triples by Ricky Baker.

Sharon Reed and Harold Frasure advanced to the quarter finals of the city-wide horseshoe tournament in the Junior girls and Intermediate boys divisions, respectively.

The members of the Junior boys softball team were announced this week. They are Robert Bess, Harold Frasure, Robert Havener, Sherman Hancock, Anderson Horsley, Sherman Hancock, Anderson Horsley, James Hughes, Classon Martinee, Robert Mattox, LaFolette Paine, Kenny Reed, Terry Reed, Larry Wilson, Sammy Wilson and Tony Lawson.

The Fourth of July celebration at Sullivant Gardens was a big success. After the parade, in which some 35 prizes were awarded, Judge Robert Draper presented three trophies to the boys who had achieved the most in physical fitness. They are Tom Rippey, first place; "Chic" Frasure, second; and Sonny Watson, third.

D. Crawshaw Will Conduct Park Concert



D. Talmadge Crawshaw, 100 S. Burgess-av, will be the conductor of the Columbus Federation of Musicians concert this Sunday, at 8 p.m. in Schiller Park.

This week, the program will be presented by Concert Orchestra instead of the usual band.

Crawshaw will conduct a program of all German music in honor of the German Village Association. The Glenwood Methodist Church Choir will sing with the orchestra as an added attraction.

These free concerts are made possible by the city recreation department and the CFM through a grant from the Music Performance Trust Fund of the recording and film industries.

Something Good!

An advertisement almost always brings some response.

There are times when the response may be unusually large. Sometimes, the response is unbelievable! These times, of course, are when you advertise in the Hartley Newspapers, as did Mrs. Bruce Iles, 917 Scott-rd. How many? Why, 49 calls. You call BR. 4-1155.

AT MOUNT CARMEL

Dramatic Expansion Marks 75th Jubilee

BY JOHN AUBLE, JR.

The years have passed quickly since that day in 1882 when the dream of a hospital rising on the corner of State and Souder-av was born.

Last Sunday, the present Mount Carmel hospital staff observed their diamond jubilee. It was the 75th anniversary of the opening of the doors of an institution rich in tradition, proud of its past.

Today, over seven decades later, the hospital is expanding dramatically. But, a nostalgic look through the pages of the Mount Carmel story shows the beginning chapters are interesting in themselves.

It all began in 1882 when Dr. William B. Hawkes, then president of the Columbus Medical College, proposed the idea of a hospital, then donated the land along W. State-st for the project.

Hawkes failed to see his dream come true. He died less than two years later.

Dr. John W. Hamilton continued the work. In 1886, the building was completed.

Dr. Hamilton secured the services of the Sisters of the Holy Cross of Notre Dame, Ind., for the supervision of the hospital. The first administrator was Mother M. Angela.

In the early morning of July 16, 1886, with Sisters of the Holy Cross, staff personnel and Dr. Hamilton, the building was officially dedicated.

That day was also the feast of Our Lady of Mount Carmel.

Due to the part Dr. Hawkes had played in the hospital's beginning his name was included in the official title — Hawker Hospital of Mount Carmel.

At the time when the hospital was opened, it contained 18 private rooms, an operating room, an amphitheatre and two [illegible].

To meet the demand for additional facilities, an addition was erected in 1891, a laundry building was constructed in 1898.

Mount Carmel continued its growth and, in 1904, ground was broken for still another addition which provided 16 rooms, a solarium, dormitories and private rooms for the nursing staff.

Four years later, the chapel and the wing on Souder-av were completed.

At the end of World War I, a residence for the School of Nursing was erected.

The physical plant of the hospital remained unchanged until 38 years later when, in response to an increased need for patient care in Columbus, the greater Mount Carmel Hospital came into being, in May, 1953.

The new hospital, which cost $4,500,000 and increased the bed capacity to approximately 409, provided modern facilities for surgery, obstetrics, physical medicine, X-ray laboratory, pharmacy, administration, diet kitchen, emergency and living quarters for the house staff.

It was a far cry from the limited beginnings in 1886.

In 1939, to supply better facilities for the nursing program, the new Marian Hall was built. It provides five class rooms, a science laboratory, auditorium, recreation room and bedrooms for 90 resident nursing students.

From the very beginning, the medical staff at Mount Carmel was associated with Columbus Medical College and later with Ohio State University.

The Mount Carmel Hospital story will add another bright chapter to its history in the latter part of January, 1962, when the Sisters of the Holy Cross will open the new $1,600,000 wing for extended medical care and out-patient clinic.

Besides providing 50 beds for patients, this modern four-story wing will house nine clinics and offices for social services, occupational therapy and personnel administration.

According to Sister Mariam Dolores, administrator, the major observance of the anniversary will not be until next fall when the new wing is dedicated.

Lantern Parade Scheduled For July 20 At Westgate

Westgate Park will be the scene of the Columbus Recreation Department's 1961 West Sectional Lantern Parade July 20 at 8 p.m.

The event is the climax of several weeks' craft work by children on Hilltop and West Side playgrounds. Lanterns are made from a variety of materials and lighted by candles or flashlights. Costumes will also play an important role in the parade.

First, second and third place certificates will be presented to the playgrounds with the best executed theme and the most original theme.

Individual awards of first, second and third place ribbons will be given to each 10 categories, including prettiest, cleverest, most unusual, most original, most spectacular, most grotesque best design, best constructed, showiest and funniest.

The parade will be emceed by WTVN'd Janey Jingles. Judges will be Emmett Seely and Harry Richter of the Columbus Recreation Commission, Mrs. Betty Daft, Womens Editor of the Hilltop Record, and Judge Robert Draper, vice president of the Glenwood Recreation Center Advisory Council and William Bell, Recreation Commission.

Camp Chase Historical Plaque To Be Unveiled At Dedication

A historical plaque, marking the site of Old Camp Chase, will be dedicated Sunday, July 23.

The ceremony will take place on the green between the Hilltop Branch Library and West Gate Masonic Lodge at 2 p.m.

Erection of the plaque is a joint project of the Franklin County Historical Society and the Hilltop Kiwanis Club.

Judge Robert M. Draper will deliver the principal address, "Observing the Civil War Centennial."

Other speakers on the program will be Columbus Mayor Ralston Westlake, Franklin County Commissioner Henry Koontz, Earl Saab, president of the Ohio Historical Society, Herschel Stephan, president of the Franklin County Historical Society, and Gilbert Dodds, research director of the society.

The plaque will be unveiled by last year's Bean Dinner Queen, Carol Jean Rinehart, of 104 N. Brinker-av. Master of ceremonies and program chairman is Dale Ross. Invocation and benediction will be by Rev. Harold Dutt and Rev. Gerald [illegible].

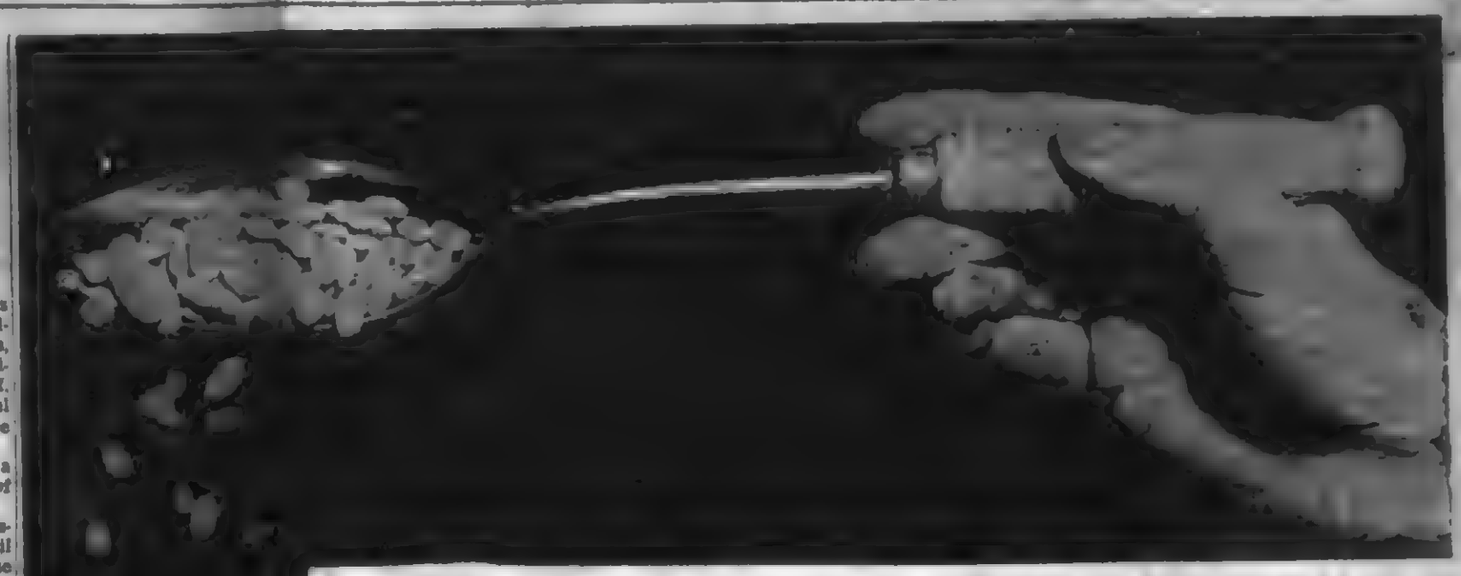
Camp Chase Post of the American Legion will direct the flag raising.

Camp Chase was a Civil War training and prisoner of war [illegible].

The inscription on the marker [illegible]

(Side 1)—Camp Chase was established on the south side of the National Road, four miles west of the statehouse, May 27-28, 1861, as a training camp for recruits pouring into Columbus in answer to President Abraham Lincoln's call for volunteers. The camp was laid out by General William S. Rosecrans on a site just west of Lague-av, known as the Racegrounds. By June 12, 1861, the grounds became known officially as Camp Chase, honoring ex-governor of Ohio Salmon P. Chase, at the time secretary of the treasury in Lincoln's cabinet.

(Side 2)—During its years of government service, Camp Chase served its four-fold purpose: It was first used as a training installation; then as a prison for Confederate captives; as a place of detention for paroled Union soldiers; and finally served as a mustering-out place for Northern regiments. On July 5, 1865, the prison commandant notified the War Department that Camp Chase was without prisoners, and on July 14, 1865, the prison property was offered for sale at public auction.



X Ray Cruiser Here Another Week

The Tuberculosis Society X-ray cruiser will wind up its two-week stay on the Hilltop and West Side at the Bean dinner next Wednesday.

Schedule for the coming week is:

THREE DAY FESTIVAL AT WESTGATE

What's Cookin'? Beans, Beans, Beans!

Days have dwindled down to only a few — the Hilltop Bean Dinner, eagerly anticipated by the entire community each year, will be staged at Westgate Park Monday, Tuesday and Wednesday, July 24, 25 and 26.

Three tons of beans, simmered slowly with plenty of ham, $1600 in savings bonds and cash prizes, a trip for two to New York and a program packed with entertainment, games and contests will be offered free by the genial hosts, Hilltop Business Association members.

Beans, accompanied by crisp, salted crackers, will be served on Tuesday and Wednesday evenings, 5 to 8 p.m.

Boy's Prize Shovelhead Catch Causes Stir In West Jefferson

There's nothing like a bi catfish to stir the fishin' fever according to R. W. Recob, West Jefferson. Fifteen-year-old Ger old Holland, West Jefferson walked in with a 21½-pound cat fish the other day, and Recob old 30 dozen softcraws within the hour.

There's no doubt that it would take a pretty lethargic fisher man not to get worked up over Gerald Holland's prize. A catfish this size is a once-in-a-lifetime catch from the local streams. Shovelheads get to an immense size in the Muskingum River, but anything over 20 pounds around here is a real giant.

Gerald caught the old granddaddy from Little Darby Creek while drifting a dead soft craw. He was using a spinning outfit with a six-pound-test line. "When he first hit the bait, I thought I was snagged on a log," Gerald said. "But after the first hugs boil when he saw me, the fight did not last long. I sure was happy to get him out on bank though."

This is another point in favor of spinning tackle. While Gerald is an experienced fisherman (he goes out every day) and probably could have handled the big fish with most any tackle, the drag on a spinning reel is an extra margin of safety. This automatically gives out line before the breaking point is reached, and has saved fish for many excited anglers. Gerald's drag came into good use when his catfish took his first big run after being hooked.

While the catch had all the fishermen in the area envious last week, an angling crown is not new to Gerald Holland's head. Last year he took top local honors with a 30-pound carp, and from the talk around Recob's he's taken some of the glory away from the old-timers and their stories.

It's not news, of course, that big shovelhead catfish reside in Little Darby. The Division of Wildlife's testnets brought them to surface a few years ago in one pool of the stream. Stories of monsters were being circulated last year when line after line was broken near West Jefferson by unknown fish. They were not unknown, however, to experienced anglers — broken lines usually mean big catfish.

Traditionally, huge catfish are taken by trotliners, but more and more hook and line fishermen are taking them. Men who fish with a trotline seem to be a vanishing breed, and the big catches nowadays are reported by hook and line fishermen. The fish are there for those who can catch them and Gerald Holland has made the grade.

Fishing Report

Hoover Reservoir is continuing to provide good walleye fishing, but everyone is not catching them. One good rule to follow—fish deep on sunny days and shallow on cloudy ones. Most successful anglers let their boats drift, and fish their lures slowly.

Andy Williams Scores As Andy Williams In 'Pal Joey'

If you're an Andy Williams fan, and who isn't, this is a play you'll want to see.

Opening night last Tuesday of the Kenley Players production of "Pal Joey," at Veterans Memorial Auditorium was an unquestionable success, but with some reservations.

Andy Williams was there. This makes any given moment worth the $2.25 maximum price of admission. The vocal virtuoso certainly is not a great actor . . . but, with a voice like his, who needs it?

In addition to a splendid vocal performance throughout the score of the show, Williams delights the audience at curtain time by bringing out the traditional stool and proceeding to launch a 15-20 minute "Eden Roc Special."

Everyone loved Williams. Unfortunately, if we are to follow the script, everyone is supposed to hate him. Although he doesn't seem to fit the role at all, audience impression seems generally to be one of "who cares?"

A great misfortune lies in the fact that the show's two finest musical moments have been cut. "My Funny Valentine" and "Lady Is A Tramp," easily the two best songs from the strong score, are not heard by Columbus audiences.

Whoever is responsible for this "improvement" on the original Rogers and Hart score has succeeded in weakening the show's merits to a great extent.

Williams, playing a down-and-out hoofer who has a way with the fillies (mics, in his lingo), is ably supported by Julie Wilson, who plays the rich and naughty Vera.

Sherry O'Neil, as Gladys, is a standout. Full of good old vim and vigor, she struts, dances and sings in the manner of a south Chicago stripper . . . exactly as she is supposed to do.

"Pal Joey" will provide you with an evening's fun and entertainment. It could have been better, had the original score been left untouched. Such songs as "Bewitched, Bothered and Bewildered," "Chicago" and "I Could Write A Book" hold the show together, however.

USE COMMON SENSE APPROACH TO VACCINES

When controversy leads to public enlightenment, we're all for it. But there are times when controversy results in public confusion, with disastrous results. This is particularly true when experts clash on technical points that cannot be grasped quickly by those of us without scientific background.

We fervently hope the recent controversy over the relative merits of polio vaccines will not discourage parents from seeing that their families are given a full series of Salk shots immediately. This is the critical time of year when the unprotected are most exposed to the polio attack. The Salk vaccine is available now. It is more than 90 per cent effective in preventing paralytic polio. Those who have not been vaccinated are gambling against the possibility of being crippled for life through their own negligence.

Whether or not the Sabin live-virus vaccine is a better vaccine than Dr. Salk's is a matter for scientists and physicians to decide—later. The National Foundation, which financed all the research leading to both vaccines with funds contributed to the March of Dimes, gives the only sound advice which parents can follow. It points out that, since no live-virus vaccine has yet been licensed for distribution, since you cannot get live-virus vaccine from your physician, and since the present polio "season" will be over before mass production, licensing and distribution of the live-virus vaccine are completed, there is only one course of action for conscientious parents to pursue. Get your family started on a full series of Salk shots TODAY.

Millions of pre-school children and young adults are still without protection. These are the age groups open to attack.

Don't let technical controversy confuse you. Vaccinate NOW.

FUN? YOU BET!

Hartley Crews Return From Happy Cruise

By JOHN AUBLE, JR.

Do your neighbors have a dreamy, far-away look? Chances are that they do if they were among the 200 people that journeyed to Lake Erie Sunday in the Hartley Newspaper Cruise.

Drop over and talk to them about it. Ask them if they enjoyed themselves.

After spending a whole day "oohing" and "aahing" aboard the fabulous Aquarama, there's no doubt that they'll be spinning many a sea-faria' yarn.

They'll tell you about the fun they had watching the mammoth boat dock and undock. They'll tell you of the beauty of Lake Erie.

We'll bet that they'll spend at least 20 minutes just relating to you about the sites they saw from the Aquarama decks.

There's the impressive looking boats from ports all over the world that were viewed in passing. In Detroit, they'll remember the big Ambassador Bridge, the friendliness of the ship's crew, the fabulous food.

But, let's go back to the beginning.

The sleepy-eyed passengers boarded three Lake Shore buses at Great Western Shopping Center at 4 a.m. Sunday. Some drove their own cars.

The jaunt to Cleveland took about four hours.

When the buses pulled into dockside at Cleveland, the weatherman was smiling. It was clear skies and the day got off to a fine start.

There was everything on board from "A-ah" to "Z-owie" for the most active voyager.

Dancing . . . music . . . good food . . . magic shows . . . television . . . shuffle board . . . bridge games . . . free Bingo with ship prizes . . . carnival games . . . quoits . . . newsstands.

The Columbus area folks got a chance to see a part of Canada, including the famed Bob-lo Amusement Park in Bob-lo, Canada. Pulling into the Detroit harbor was an education for the children, too.

They learned that it's no easy task docking a massive vessel. They saw how quickly the men worked throwing the ropes and securing the Aquarama. It'll give them something to tell their classmates when school starts.

The 13½-hour cruise saw some rain but, strangely enough, the passengers loved it. There's something about being on a boat and looking out at the rain falling on the surrounding water.

But, the rain didn't last long.

What did the people think of the trip? Here are some of their comments:

"We enjoyed it so much," said Mrs. Chester W. Wagner, 667 Wiltshire-rd. "We owe Hartley Newspapers a great big 'thank you' for a wonderful time. There was something to do all the time. Even just watching beautiful Lake Erie was thrilling."

George E. Weeks, 1241 Lancaster-av, Reynoldsburg: "Our five-year-old son, Kendall, is still talking about it. He was really impressed with the magic and puppet shows. We had a most enjoyable and relaxing time."

Dale and Lydia Fridley, Ebright-rd, Groveport, stated: "The trip was a little long, but we had a good time. We've been in Detroit before but it was a fine thing seeing the coast line from aboard the Aquarama."

This is how all of the comments went. You also heard folks saying, "Gee, I wish Aunt Ruth or Uncle John could be along with us. We're going to have to do this again."

And, chances are that they will. The Hartley Cruise opened up a whole new vacation jaunt for many folks.

Some, perhaps, won't have a chance to return to take the memorable voyage again.

But, they've got enough souvenirs and food memories to last them for a long, long time.

And the nice comments from the passengers made us —at Hartley Newspapers—very happy.

Daniel Fouche

Local Youth To 'Fight' At First Manassas

A Hilltopper, Earnest Casinger, of 334 Ryan-av, will be on hand Friday, July 21, for the re-enactment of the first major conflict of the Civil War — the battle of Bull Run at Manassas, Va.

Casinger is a member of Company C, First Ohio Regiment of the North-South Skirmishers Association. The group which will be outfitted in authentic Civil War gear for the "fight", is headed by Capt. E. A. Nutt of Columbus.

Here's a vacation reminder. Carry a litterbag in your car . . . and dispose of your travel-trash later . . . either at home . . . or in a proper receptacle on the way. A cleaner America is up to you!

Hilltopper To Address Human Relations Meet

A Hilltop man, Dennis C. Finneran, Jr., is slated to play a major role in the fourth annual Institute on Human Relations at Ohio State University July 24-26.

The institute is sponsored by the University's College of Education and School of Social Work, in co-operation with the Anti-Defamation League of B'Nai B'rith, the Catholic Interracial Council, the National Conference of Christians and Jews and the Ohio Council of Churches.

Theme for the meeting will be "Our Pluralistic Society: Its Nature, Function, Goals."

Ohio Attorney General Mark McElroy and Columbus Councilman Russell M. Jones will present a special program dealing with human relations in state and local government at 7:30 p.m. July 25. The meeting, to be held in the law school auditorium, will be open to the public.

Other city residents scheduled to speak include Harvey Alston, police department inspector, and Dr. Howard Ehrlich, of the Columbus Psychiatric Institute and Hospital.

TRACKSIDE

BY BILL GRAY

At Powell Saturday night Jim Cushman took over from Red Bales in the final lap to win the 25 lap feature. Don Townsend placed third.

Rains washed-out two of the three scheduled nights of racing, this past weekend, set at Columbus Motor Speedway, with only the Saturday night program getting run.

On Saturday, the United States Auto Club brought in a fine field of 26 "110-Offies," for a full program, featuring many stars of the Indianapolis "500."

The 50-lap championship feature was won by Russ Congdon, of Puyallup, Wash., who took over the lead from Cotton Farmer, of Ft. Worth, Tex., on the 38th-lap. Bob Wente, St. Louis, Mo., was second, followed by Cotton Farmer, Bud Tinglestat, Cincinnati, Tommy Copp, Belpre, Cal., Shorty Templeman, Seattle, Wash., Jim Davies, Monticello, Ind., Gene Hartley, Indianapolis, Ind., Allen Crowe, Springfield, Ill., and Bruce Jacobi, Indianapolis, Ind.

Friday night, this week, will be "Ladies Night," when a lady will be admitted free, with each adult ticket. There will be 8-event race programs, both Friday and Sunday nights, with five events in the super-modified division and three events in the flying-stock class. Both nights, time trials will be from 7 to 7:45. The first race will get moving at 8 p.m.

Teens To Dance At Park Friday

Next in the series of dances for Hilltop teenagers will be held from 7:30 to 9:30 p.m. Friday, July 21, at Westgate Park's closed shelterhouse.

A record dance, it is sponsored by the Columbus Recreation Department. Members of the Hilltop Community Council will be chaperones.

Girls must wear skirts or dresses and the wearing of shorts is not permitted.

Little Red Schoolhouse Almost Gone

The "little red schoolhouse" has almost, but not quite disappeared from the Ohio scene.

Only 12 one-teacher schools and 36 two-teacher schools operated during the 1960-61 school year, according to the Research Division of the State Department of Education.

This year's figure represents a drop of 75 from the 1959-60 total of 110 two-teacher schools. Minimum elementary school standards require at least three teachers in an elementary school.

From The Top O' The Hill

By Betty Daft

C. E. "Chubby" Distelhorst, jovial Hilltop grocer and perennial bean server, will be "guest soloist" with the Diehlers at the Bean Dinner. Chubby volunteered his talents after it was learned that the regular vocalist was on vacation.

And a truce has been declared between Kiwanian Al Fornaugh and Lion Chick Strickler, a candidate for King of the Hilltop. The two have caused a lot of comment in the Abbott Dry Cleaning Shop at 1580 Sullivant-av with their banter of words over the contest — each contending his club's choice was the better man for the crown.

Last week the two decided the money used for ballots was for a good cause — a swimming pool for the new Hilltop YMCA, and so peace was declared . . . Bill Kasdorf, son of Mr. and Mrs. Fred Kasdorf, 456 S. Westgate-av, is recovering from eye surgery at Grant Hospital.

Dorcas Miller, 1334 Harrisav, teacher at Hiltonia Junior High, is home and on the mend after surgery at Mt Carmel Hospital, and would like to hear from former pupils.

A first-time meeting with a correspondent of 31 years was a highlight of her trip to Dundee, Scotland for Mrs. Mearl Weaver, supervisor of art teaching in the South-Western School District. She and her son, Craig, are visiting in Dundee this summer. Mrs. Weaver and Miss Nan Hill first made contact through names of girls who wanted pen pals published in the Girl Scout magazine. A strong friendship resulted and the two have written regularly, exchanged gifts, newspapers and magazines. They will visit Edinburgh before their return where Mrs. Weaver hopes "to do some ancestor-hunting."

IDLE HOUR GUIDE

Cleveland Browns On WRFD; World Premiere Set On Ch. 10

By Stan Robinson

WFRD Program Director Phil Sheridan advises us of the colorful professional Cleveland Browns Football menu just ahead on WRFD radio, AM and FM. The stations will not only present the entire regular schedule running from the opener on Sept. 17 to the finale in New York with the Giants on Dec. 17, but five exhibition games will sort of ready the season.

Robinson

Friday, Aug. 12, 8:05 p.m., is the Cleveland-Detroit game on FM via station WRFD, the second game is at 3 p.m. Aug. 20 and the final three exhibition games with Los Angeles, Pittsburgh at Akron and Detroit in Cleveland will be on FM only.

This year also marks the starting season for a new Browns broadcaster, Gib Shanley, who replaces Bill McColgan, now working the Washington, D.C. sports scene with a station there. In the very near future, we will print the entire regular season schedule of Browns games and in the meantime, listen for Coach Paul Brown and his weekly show heard at 6 p.m. on Friday nights, WRFD.

WBNS-TV SELECTED FOR WORLD PREMIERE . . . Channel 10 has been chosen for the world premier of "Music Of Williamsburg," the first film made especially for television by the Williamsburg group, Thursday, July 27, 10:30 p.m. It will depict a day in the life of pre-Revolutionary America and how music was everywhere in the colonists' lives.

"Music Of Williamsburg" was filmed on location in the restored 18th Century capital of Virginia. Over 71 million dollars contributed by the late John D. Rockefeller, Jr., has gone into the restoring of historic Williamsburg, a major tourist attraction today.

BOWLING FACILITIES ADDED TO WTVN-TV STUDIOS . . . Ground was broken last week for a new two-lane, up-to-the-minute in design, Brunswick bowling installation, complete with a studio audience arrangement at Channel 6, situated at Harmon and Griggs-av. Lane completion is expected by early fall, according to General Manager Robert Weigand of the studio. It is established, that local "live" bowling shows will originate from WTVN-TV, with days and specific time periods to be determined.

97.9 mc. BEAMS PLEASANT SOUNDS on your FM dial . . . WRFD-FM is on the air with many pleasant new sounds and two new voices to the area. Gene Kirby comes to WRFD from WTSL in Hanover, N.H. He is a graduate of Marysville High School, worked with the Armed Forces Radio in Hawaii, and now resides in Marysville. Gene may be heard on "Reflections," each morning at 11:07 a.m. to 12:30 p.m.

Dave Huchins was recently affiliated with WCHI in Chillicothe and WKOV in Wellston. Dave is host of the "Lamplighter", heard evenings from 6 to 8 p.m., WRFD and WRFD-FM. The FM facilities are located in the beautiful WRFD building five miles north of Worthington, U.S. Rt. 23. Hours of operation are from 6 a.m. to 12:30 a.m. It is the third largest FM station in the United States today.

WMNI FASHION DIRECTOR covers New York showings . . . Four Special Nights Mark Jets Seventh Home Stand

Jackie Price, Kiwanis, Twigs of Children's Hospital and Alla Babe Shrine are special nights at Jet Stadium when the Columbus Jets return home Friday to open their seventh home stand of the 1961 season.

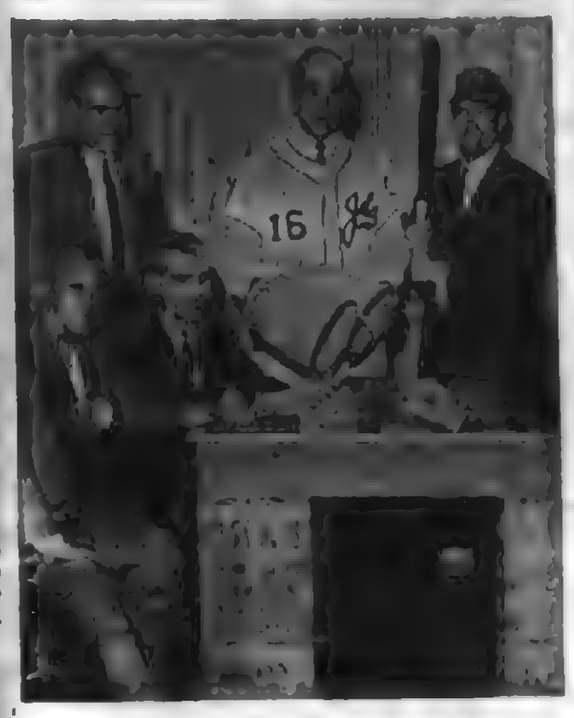
Twigs Night is scheduled on July 21st when the Jets meet Cal Ermer's Richmond Vees at 8 p.m. Mrs. Walter J. Engel, Jr., is chairman for the night. Contributions go to Children's Hospital.

Tickets for Twigs Night may be purchased at the hospital or by calling CL 8-4970.

Price, baseball's premier trick artist, will bring many of his old tricks plus a few new ones when he performs on Monday, July 24th, at Jet Stadium for about a half hour before the game with Toronto.

Price, a former Columbus Red Bird player, has been performing before baseball crowds all over the country for more than 12 years.

Among the many incredible feats developed by Price are a series of catches made while standing on his head, batting while hanging from his heels, upside-down throws and a group which he calls, "Twenty Ways Not To Hit A Baseball."



Besides these he has devised a number of other stunts such as throwing three baseballs at one time to three different catchers, catching flies while driving a jeep, tossing a baseball out of the park with a sling-shot and a bazooka gun and catching fungoes in his shirt or trousers.

Alla Baba Shrine Night is Saturday, July 22, when the Jets and Richmond meet and contributions go to Aladdin Crippled Children's Hospital Association. One of the biggest crowds of the season is expected for Kiwanis Night, Ohio 10th Division, Thursday July 27th when the Jets play Toronto.

The home stand includes three games with Richmond on July 21-22-23, five with Toronto on July 24-25(2)-26-27 and four with Buffalo on July 28(2)-29-30.

JACKIE PRICE, FORMER COLUMBUS RED BIRD, will be on hand at Jet Stadium Monday, July 24, with his bag of tricks with the baseball, including his bazooka gun. Price will entertain the fans for 20 minutes before the clash between the league leading Jets and Toronto.

KIWANIANS measure free camping trips by the bucketsfull of Jet tickets now on sale at 19 Central Ohio communities. The Kiwanians stage their big fireworks night on July 27. Proceeds will send boys to two-free weeks of summer camp. Seated left to right, Otto L. Meier, Southern Kiwanis Club, 2365 Beverly-pl; Don DuRivage, 2415 Fair-av, Downtown Columbus Club; standing, left to right, Gene Shade, 815 W. Broad-st, West Side Club; Frank Lessing, general chairman of Fireworks Night; Charles Johnson, 4025 Bright-rd, Dublin Club.

Camp Chase Wins Second Consecutive Gold Loop Crown

By BOB WILCOX

Camp Chase Post's American Junior Baseball team has won its second consecutive Gold section crown. With almost the entire team intact that last year took the Gold title but lost to Scioto Post 604 (then defending State Champs as well as the Blue Section winner) is the best 2-3 playoffs between the Blue and Gold Section winners for the area title and the right to enter state competition.

Chase's Sectional play of t schedule reads like this . . . dependent upon the outcome of the Gold loop. If no Gold playoff game was necessary then the first playoff game was played last night Tuesday, the second will be tomorrow evening, (Thursday) and the third game, if needed, will be Sunday afternoon at 2. (All games are at the Grandview High School diamond and all games go the full nine inning route. In case of rain or darkness, evening contests start at 4:45 p.m., a legal game must go five frames.) If a Gold loop playoff was necessary last Tuesday (unknown at press time), then the Sectional playoffs will begin this afternoon (Wednesday) the second contest on Friday afternoon and the third game if needed on Sunday.

Chase will carry the best record in the area into the playoffs as they will sport a 12-1 mark into the series. (They lost only to Southway Post in a midseason upset but avenged this with a 7-0 whitewash job in their return meeting a week ago.)

Both Arlington and Columbus Posts will go into the series with three losses.

Camp Chase will go into the playoffs with three men batting over the .300 mark . . . Wilson, .454; Workman, .398, and Rose, .350. Their pitching staff's records for the season read . . . Thornton, 8-1; Evans, 3-0; Purcell, 1-0; and Scott Anderson, 1-0.

Last Monday evening, Chase played Groveport in a makeup game that completed a previously rained out doubleheader, and beat them, 6-0. Johnny Evans picked up his third win as he shut Groveport out with three hits, walking four and striking out the same number. Chase's five hits, all singles, were garnered by Jack Trotter, Bob Rose, Jim Workman, Gary Clark and Gary Alwood.

With only one game needed to clinch the Blue Section's 1961 title, Chase's scheduled game with Lockbourne at West last Wednesday afternoon was rained out. It was rescheduled and "replayed" on Thursday. As far as this particular contest (the clincher) was concerned, Lockbourne couldn't field a full team, so Chase won by forfeit, 7-0.

But with former West and Camp Chase third sacker, Jim Welsh playing for Lockburne, the two squads squared off for a practice game anyway. Jim Thornton was the winner of record in the legal forfeited game but also went on to win the practice contest. He worked three frames, allowing one hit and walking none. Evans relieved in the fourth and struck out two and also walked none in finishing up the final four frames. Chase won the practice clash, 10-3.

Last Sunday, after Camp Chase closed out the regular portion of their 1961 American Legion schedule by nipping Hartley, 3-2, at West, Hartley took a quick 1-0 lead in the top of the first as Chase hurler Pat Purcell walked the first man he faced.

The Hartley runner then stole second, was sacrificed to third and was successfully squeezed home.

Thirteen Is Lucky For West Side Boy Clubbers

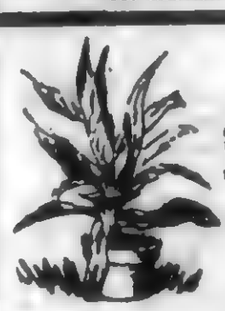
The West Side Boys' Club Pony League team unleashed its big bats last week for a total of 40 runs, 42 hits, and recorded three victories to up its season record to 13 wins and one loss.

The team now has a 7-0 record in the Southwestern Pony League.

On Monday, they blasted the Hamilton Rangers 15-6. Pete Eyer and John Morlan with three hits each and Jerry Francis and Dusty Hoover with two hits each led the attack.

On Thursday, behind the four hit pitching of Jerry Francis, they humbled the Titans AC by a 13-2 count.

In this ball game, Butch McDaniel with two for two, Eyer with two for three and Morlan with four for four including a double, two triples, and a home run featured the 14 hit assault.



On Saturday, at St Agnes, the club downed St. Agnes II, 12-0. They made the most of their six hits with the big blast being a three run homerun by John Postle.

The attack was supplemented by the base running of catcher Dan Dent. Francis got on base five times to aid the cause.

Pitcher Eyer gave up just one hit while fanning 13 and walking one.

Sears Sells Plot To Government

Sears, Roebuck and Co. formally surrendered title to 24.3 acres of property along the Spring-Sandusky Interchange to the federal government as a site for the new Columbus main post office, July 14.

The transaction included acceptance of a government check for $750,500 by Warren G. Skoning, Sears territorial real estate and construction manager, in the law offices of Bricker, Evatt, Barton, Eckler and Nieboff at 80 W. Broad-st.

The total purchase price is $850,500 as the federal government originally made a $100,000 deposit on the transaction.

Skoning said that the balance 21.4 acres — of this Sears owned 45.7 acre tract along the Interchange at Dublin and Olentangy River-rds would be offered for immediate sale for commercial or industrial use.

Sears has owned property in Columbus since 1948 when the company purchased the large tract and later purchased more land adjacent to it.

Sale of this tract will not delay Sears plans for constructing two new department stores and a smaller store to serve the Columbus area, Skoning pointed out.

Originally, the tract at the Spring - Sandusky Interchange was to be used for a large distribution center and warehouse facility. However, when Sears decided to increase its number of stores to be built from one to three, this location was found to be unsuitable for geographical reasons to serve the widely scattered retail units.

Skoning said that a desirable site for a relocated combination facility is now under consideration.

Games Program Slated For Kids

Silver dollars will reward winners in games planned for the small fry at the Hilltop Bean Dinner Wednesday afternoon, starting at 2.

Shoe scramble, paper plate sail, sack, back-to-back and wheelbarrow races, balloon breaking and balloon toss are among the time-proven favorites.

Popular penny scrambles will also be included.

Square Dancers Plan Exhibition

Grand Squares, Square Dance Club of Western-style dancers, will perform on the band stand during the Wednesday evening program at the Bean Dinner.

The group will give a demonstration of the dance at 9:30 p.m.

Bob Doran, 3389 Braidwood-dr, will be the caller.

Net farm income in 1960 rose three percent over 1959 but was still 10 percent below 1958, according to Ohio State University Extension economists.

Pony Tail Contest Still Open

Any little girl eligible to compete in the annual Pony Tail contest who has not yet registered for the event may still do so by calling this newspaper, BR. 4-1155 and asking for Betty Daft.

Anyone who does not register may still compete for the honors and silver dollar prizes for prettiest pony tails by appearing at the bandstand, Westgate Park, Tuesday, July 25, 2 p.m.

All little girls, 13 and under, living in the circulation areas of the West Rural-Urban News, The Hilltop Record and West Side News, are invited to enter.

Silver dollar prizes will be awarded in three age groups. First prize of five silver dollars, second prize of two, and third prize of one silver cartwheel will go to the winners in each group.

A panel of three judges will make the selection.

The contest, sponsored by the newspapers, is an annual feature of the Hilltop Bean Dinner.

Daughters of the newspapers' employes are not eligible.

NAVY TALOS MISSILE TO BE SHOWN AT WESTGATE PARK

U. S. NAVY'S TALOS MISSILE will be exhibited during the Bean Dinner at Westgate Park. The 38-foot, 7000-pound missile, capable of carrying either a conventional or a nuclear warhead, is powered by a solid fuel rocket, ramjet engine. It has successfully hit targets 65 miles from the launching site. Talos is guided by a radar beam when launched, and when underway, is guided to the target by the missile's homing device. Take-off power is furnished by a 19-foot solid propellant rocket booster, jettisoned when the missile reaches cruising speed. Its 40,000 horse power ramjet engine then powers Talos to its target at twice the speed of sound.

PANTOMIST TO PERFORM WEDNESDAY

JAN WIHL, Hilltop pantomist, will present her program of dramatizations to music Wednesday evening at 9. She first developed the art as a hobby and as entertainment for family and friends, and during the past four years has appeared professionally. Mrs. Wihl has entertained for many area clubs and organizations and now accepts engagements throughout Central Ohio.

Cherry Pie Contest Slated

First annual contest to determine the community's champion cherry pie baker will be staged at the Bean Dinner Wednesday, July 26, 4 p.m.

Anyone, any age, living in this newspaper's circulation area is eligible to compete.

Entries must be two-crust cherry pies and they may be reclaimed after the judging.

Pies should be entered at the closed shelter house from 1 to 4 p.m. A panel of three home economists will determine the winner on the basis of appearance, texture and taste.

First prize winner will receive a $25 savings bond, and cash prizes of $10 and $5 will be awarded the second and third place winners, respectively.

Rams Schedule Benefit Dance

A benefit dance will be sponsored by the West Side Rams Saturday, July 22, at St. Agnes Church Hall.

The event is scheduled to begin at 8 p.m.

Refreshments will be served. Admission will be $1.

Proceeds will go to the support of the Rams, a Little League football team.

Garrison's Flowers To Be Prize

Complete floral arrangements for a wedding — the best exclusive Garrison's Bridal Flowers can offer — will help make her dream wedding come true for some lucky, engaged girl.

For the third year, Garrison's gift at the Bean Dinner will be fabulous flowers for a complete wedding, from bouquets and boutonnieres for the bridal party to corsages for mothers and decorations for church and reception.

Anyone planning to be married within the next year is eligible to enter.

Brides-elect may register by depositing coupons, clipped from the ad appearing elsewhere on this page or secured from Garrison's booth at the Bean Dinner, in the container beside the booth.

Drawings will be made Wednesday evening at 10, on the bandstand. The winner need not be present at the time.

The only floral shop in Columbus specializing exclusively in weddings, Garrison's business is located at 48 N. Powell-av.

The firm, fully equipped to handle each floral detail from the smallest ceremony to the most elaborate church, temple or club wedding, also supplies unique aisle decorations and has recently added massive, 33 branch iron candelabra and spiral candelabra.

Each wedding is planned individually and serviced, free of charge, by a staff of trained personnel.

Congregation At St. John's Plans Picnic

St. John's Evangelical and Reformed Church, 61 E. Mound-st, is making big plans for its annual congregational picnic to be held at the South Side "Y" Park on Sunday, July 23, beginning at 11:30 a.m.

The congregation is requested to bring a covered dish and drinks other than coffee. Ham, buns, and coffee will be provided free.

The committee has a variety of entertainment arranged. The highlight will be the modeling of many old-fashioned bathing suits.

There will be no charge for admission, but a reservation should be made and 10 cents paid to cover insurance. Call the church office for reservations.

Public May View USAF X-7 Missile

The U.S. Air Force's X-7 supersonic ramjet test missile will be on display throughout the Hilltop Bean Dinner, Monday through Wednesday evening.

Designed and built for air research and development command by Lockheed's Missile Systems Division, the missile is powered by Marquardt Aircraft ramjet.

Launched at altitude from a B-29, the vehicle is rocket-boosted to speed at which ramjet takes over to accelerate to designed speed.

The radio-guided, aircraft-type missile is retrieved by a parachute after flight and is designed with a spike-nose to spear the ground and help prevent damage in landing.

It is also used as a test bed for development of other missile components.

Avenue Of Thrills To Be Built At Bean Dinner By Gooding

Bean Dinner planners didn't have to look far to find the best in rides for their midway this year. Based right on the Hilltop at 3200 Valleyview-dr is the Gooding Amusement Co., factory and executive offices — home of 125 amusement rides.

This year's Bean Dinner midway at Westgate Park will have some of the newest rides in the outdoor amusement industry. One of these is the Frolic, "a crowd pleaser if there ever was one," said C. W. Franklin, the Gooding publicity director.

Other rides tuned to the space age are "The Flying Scooter," "The Helicopter," and "The [illegible]." Along with these will be the "Octopus," "The Scrambler," the traditional Merry-Go-Round and Ferris Wheel and the ever-popular kiddie rides.

Wednesday will be bargain day on the midway. Throughout the day until 5 p.m. special low prices will be in effect for everyone 12 years of age and under.

Franklin said this is the first year that the Gooding firm has contracted for the Bean Dinner rides.

OUT OF BEANS? They were Tuesday night when a record crowd ate a ton and a half in two hours at the Hilltop Bean Dinner. Helping to create the deficit were the Louis Spencer family of 658 Reth, Georgian Heights. Here, 10-year-old Mike sits at his father's knee, 4-year-old Steve on his shoulders with 8-year-old Peggy on top. An HBA spokesman promised that there will be plenty of the simmering navies on hand for tonight's crowd.—Staff Photo by Harley Grooms.

Crowds Attest: Bean Fest Surely Best Yet

A king and queen, pony rides and beans . . . Westgate Park is alive this week with the sights and sounds that spell Bean Dinner.

The rain Monday night came only after the coronation ceremony for the King of the Hilltop and Bean Dinner Queen, and a benevolent weatherman Tuesday served up cool breezes and clear skies to assure enjoyment of the day's program.

Along with contest prizes, Bean Dinner guests took home happy memories of midway excitement and thrills, meetings with old friends and an outstanding program of entertainment.

Even more of the same with some added attractions as well are in store today with the climax, a free weekend trip for two to New York given away at 10 p.m.

An additional $500 in cash and savings bonds will also be awarded at the 10 p.m. prize drawing.

More than a ton of beans was prepared in readiness for last night's feast, but were gone by 7 p.m. Even more are simmering in the cooking pots for tonight's dinner hour, 5 to 8 p.m.

The Band Drill, originally scheduled for Wednesday was held last night, and some surprise program events will be staged at the 8 p.m. time this evening.

PRIZE WINNERS

Twenty-nine guests at the annual Hilltop Business Association affair were happy they stayed for the 10 p.m. prize drawing Tuesday. They took home $500 in savings bonds and silver dollars.

Winners were Dale Leslie, 53 N. Oakley-av, $25 bond; Mrs. Carl W. Rockefeller, 328 S. Sylvan-av, $25 bond, Mrs. Alice Snyder, 727 Mithoff-st, 20 silver dollars.

Group Pushes Incorporation Of Franklin Township Tract

Voters in a 3040-acre-portion of Franklin Twp. will have the opportunity to vote on whether or not they desire to become a village as a result of a petition, filed July 11 with township trustees, by Edmund LeCaptain, 1171 N. Hague-av, and Robert M. Laird, 3128 El Paso-dr, acting as agents for the Skidmore Community Association.

The petition, authored by LeCaptain and Laird and bearing signitures of an estimated 20 per cent of the area's population, proposes that the section be incorporated into a village which will bear the name "Westview Heights."

The area in question consists of that land bordered roughly by the Scioto River on the east, Valleyview and Columbus limits to the south, Prairie Twp. to the west and Trabue-rd (Norwich Twp.) to the north.

Reasons for again petitioning for a vote to incorporate were given as a ". . . desire to retain as nearly as possible the way of life they now enjoy," the feeling that it will not be possible to remain under township government indefinitely and the desire not to be annexed to a large incorporated area, and the desire to" . . . retain representation and government by people who live in, are familiar with, and are interested in our community as people, not as a dollar sign."

LeCaptain and Laird had this to say: "We do not necessarily endorse incorporation at this time. We are merely agents of the petition on behalf of the Skidmore Community Association, who feel that the question should be brought to voters at this time."

Paul Wichterman, township clerk and past-president of the Franklin Twp. Citizens Association, declined comment on the question. "Acting as an elected

Council's Magic Doubles Size Of Clime-rd Park

The Columbus City Council turned magician Tuesday night, pulled 124 acres out of the hat and more than doubled the original size of soon-to-be Clime Road Park.

Assisting in the feat of wonder was the City Parks and Forestry Department.

Specifically, the city fathers declared their intention to acquire the additional acreage. Actual purchase will come later if negotiations with the present owners are successful.

A spokesman for the city indicated that no hitch is foreseen in acquisition of the property.

Actually, the council's stamp of approval on the additional 124 acres comes as no surprise.

In early June, when purchase of the initial 88 acres for the new park was authorized, funds sufficient to buy well over 200 acres were set aside. Some $400,000 in all.

The additional acreage, divided into three tracts all owned by the Clime family, is located east of the original purchase.

Indications are that the land will cost approximately the same as that bought initially from the Marian Foundation—$2,000 an acre.

Thomas Kohr, representative of the Department of Parks and Forestry in the real estate transactions, said Tuesday that negotiations for the three tracts were in progress at present. An option has not yet been signed on the property.

The council, after preliminary arrangements are completed, must still allocate funds for actual purchase of the land.

The park will total over 200 acres in size, making it one of the city's largest. It is located on the south side of Clime-rd, between Georgesville and Dem[illegible]

The location is a scenic one, according to Ray Dietz, director of the Parks and Forestry. It is enhanced by a partly-wooded ravine formed by Big Run Creek and one of its tributaries.

Rev. Harwood, Hilltop Minister, Denomination Leader, Dies At 77

Rev. H. E. Harwood

Rev. Harry Eala Harwood, 77, minister of United Brethren in Christ Church, died Tuesday night at Grant Hospital. He had been hospitalized for two weeks and underwent surgery for cancer July 13.

Rev. Harwood would have completed his 14th year as pastor of United Brethren Church, 496 S. Wheatland-av, this Sunday. He retired from the ministry a year ago but returned when the church had difficulty finding a replacement.

A minister for 56 years, he had served 40 years in the Scioto Conference, and 18 of those years as district superintendent.

During that time he was re-elected ten different times as district representative of the general conference that convenes every four years.

He has served as a member of the General Publishing Board of the denomination and a member of the Preacher's Aid Board.

Before his assignment to the local conference he served churches in the California and the North Michigan conferences.

His wife, Clara, was international president of the denomination's Women's Missionary Association for 22 years until her retirement last year. She now serves as a member of the Mission Board.

Ministers of the Scioto Conference will serve as honorary pallbearers, and members of the congregation as acting pallbearers.

In addition to his wife, Rev. Harwood is survived by two

official," he said, "I feel it would be in poor taste to comment at this time. The issue will be brought before the trustees for public airing. Until then, I have nothing to say."

Dave Caperton, president of the Franklin Township Citizens group, pointed out that, even as a village, the area in question will remain a part of the township and will share township facilities. "However," he stated, "I can see no real benefit in a change at this time. I would be inclined to favor a united front on the part of the entire township. After all, a village is subject to 'piecemeal' annexation much the same as a township."

"There may be some merit in considering incorporation," he continued, "even though we failed in our attempt six years ago. I am in favor, however, of the incorporation of the entire township as opposed to incorporation of any part therof as a separate entity."

Representative J. A. Shawan, a member of the Ohio House of Representatives and author of a bill which would have given villages immunity to piecemeal annexation, but which was defeated this summer in the Ohio Senate, comments: "There is some advantage to being a village as opposed to a township, in that community spirit tends to be stronger. Legally, however, a village is just as vulnerable to partial annexation as is a township area."

The matter presently stands as an open question, ready for public airing. LeCaptain and Laird have said that public hearings will be announced as dates are set.

Rezoning Plea Nixed

Residents opposed a rezoning asked by the property owner during City Council's extended-agenda-meeting held Tuesday night.

Residents of Westgate Terrace and Rosary Addition south of Sullivant-av asked reconsideration of a rezoning approved last week which would allow two and four-family rental units in the area, located just east of Westgate Manor.

The residents blamed the developer for breaking faith, stating he had assured them the area would be developed for single residences.

The request was denied by the solons.

Highlighting the cruise was the crossing of the equator, the legendary domain of King Neptune. During the cruise the Saint Paul visited Okinawa, Taiwan, Hong Kong, British North Borneo, Malaya, and the Philippines.

Liquor Permit Sought

Augustine A. Caito, 1212 W. Mound-st, has applied for a liquor permit, according to spokesman for the Ohio Department of Liquor Control.

The permit would allow the sale of beer and wine for on-premise consumption and carryout.

BEWARE OF 'GYP' OPERATORS

Chambers of Commerce, Better Business Bureaus, law enforcement officials and government agencies again warn that clear roads and good weather bring out roving bands of "warm weather gyp salesmen."

Don't become a victim of these unscrupulous "sharpies." They usually drive up in big cars and "take" unsuspecting home folks down the line with a fast-talking sales pitch. They sell everything from septic tank cleaning jobs, aluminum painted roofs, lightning rods, furnace cleaners, coating or resurfacing driveways to woolens and textile materials.

In the case of of lightning protection, the unprincipled salesman relies on universal fear of lightning and on the layman's lack of knowledge about protective systems to help him sell installations that may be either dangerously incomplete, or else using expensive but wholly inadequate materials.

Here is a 10-point checklist prepared by the Lightning Protection Institute for your use in spotting these "gyp" operators.

(1) Know your salesman and the company he represents. Patronize local established reputable concerns, whenever possible.

(2) If you don't know the salesman personally, demand bonafide identification such as: Permanent Established Residence. (Beware of fly-by-night salesmen using trailer park, motel, hotel and post office box addresses.) Record salesman's residence address and address of his company.

(3) Ask to see Driver's License. Record name and secure number on the license.

(4) Record auto registration, state and number.

(5) Check telephone directory for listing of individual or company.

(6) Demand and record name of bank connection, also list of customers for whom they have done work and verify these by phone.

(7) Demand proof that the company or individual doing any work on your premises carries Workmen's Compensation Liability Insurance.

(8) Don't pay cash when in doubt. Unless you know your installer, insist that most of the payment be deferred until you know that the installation is complete and correct.

(9) Don't be hurried: Most "gyps" are high-pressure, hurry-or-you-lose-out deals. Resist these tactics. Buy from a position of knowledge. Don't buy from an unknown itinerant.

White Flowers Decorate St. Aloysius Altar For Graham-Boehm Ceremony

Miss Nancy Graham became the bride of Mr. Robert Roy Boehm in a nuptial mass held at St. Aloysuis Church. Fr. William Maloney read the marriage service before an altar decorated with sunburst arrangements of white glads, mums and crysanthemums with emerald foliage.

The bride is the daughter of Mr. and Mrs. William E. Graham, 270 Nashoba-av and her husband's parents are Mr. and Mrs. Francis Boehm, 996 S. Hague-av.

Her bridal gown of silk organza was designed along princess lines with a Mandarin collar trimmed with point de venice neckline. Lace edged the bracelet sleeves and outlined the empire bodice, and the pleated skirt continued into chapel length.

A crown of blossoms and pearls held the two-tier chapel length veil of lace edged illusion and she carried a cascade of white fugi pompons and a white orchid.

Miss Mary Jayne Graham served as maid of honor for her sister and bridesmaids were Miss Antoinette Boehm, sister of the bridegroom; Miss Catherine Kuhn, Miss Karen Wahl and Miss Donna Wahl.

They wore gowns of aqua silk organza with crescent necklines, brief sleeves and full skirts, with shirred backs caught with satin roses. Each wore a matching hairbraid picture hat and carried a wicker basket of white daisies.

Mr. Charles Toati served as bestman and guests were seated by Mr. William Patton, Mr. James Graham, brother of the bride, Mr. Robert Dusterburg and Mr. James Mackeroy.

Hostesses for the reception held at Barry's Restaurant were Mrs. Gloria Allomen, Mrs. Kathy Patton, Mrs. Barbara Dusterburg and Miss Sandy Landenburg.

The new Mrs. Boehm was graduated from West High School. Mr. Boehm attended Ohio State University and is associated with his father in business at the Boehm Rubber Stamp Co.

Fresh Food Now Plentiful For Freezing; Rules Listed

By Mrs. Estelle B. Franks
Cooperative Extension Service

Each fruit and vegetable has its harvest season . . . a period when quality is high and prices are most reasonable. That is the time of year when these foods should be frozen. Freezing in season for out-of-season enjoyment—can mean savings for every food budget.

A good rule for selecting produce for freezing is to select only those fruits and vegetables that are at the prime stage of maturity. The best stage of maturity for table use is usually the ideal stage for freezing.

Select young tender vegetables . . . tender lima beans, snap beans with the "snap" still there, or corn in the milk stage. Avoid over mature vegetables — they will be tough and flavorless.

Never freeze an overripe fruit — it will be soft and mushy after freezing. Fruits not ripe enough may taste bitter. Select fruit that is at its first stage of ripening, fresh and flavorful.

It's important, too, to get the proper, variety for freezing, for some varieties of fruits and vegetables are better suited for freezing than others. For example, a variety of corn might taste fine on-the-cob, but not make a satisfactory frozen product.

Remember, freezing does not improve food; it merely preserves quality and prevents spoilage. Select high-quality foods when they are in season and you'll be pleased with the package you open next winter.

REVISED FREEZING BULLETIN IS OUT

If you do not have a good instruction bulletin, write or call: Franklin County Cooperative Extension Service, Room 317, Old Post Office—Phone: CA. 1-6411, Extension 454—for a copy of the newly revised freezing bulletin, "Freezing and Using Vegetables, Fruits and Prepared Foods," by Ohio State University.

Four bicycles stolen from his home within the past two years is entirely too many, and Fred Trabert, 614 S. Ogden-av, is wondering why parents don't take action when they notice their children with strange bikes. Two bicycles were taken from his children since July 4. A red one, belonging to daughter Diane, 12, was taken from the backyard on the holiday and Monday night, a green one belonging to Nancy, 10, disappeared. One of the four bikes was recovered by police.

The writer has sympathetic feelings of indignation. Five were stolen from her home over a period of years. One was recovered only to have been stolen again.

Mrs. J. W. Calland, 2255 W. Broad-st, Apt. 106, a patient at Mt. Carmel, will soon be recuperating at the home of her son, C. F. Calland, 106 Demorest-rd before returning to her own home. . . . When is a bargain not a bargain? Well, I know one time when a bargain can be very costly. That's when you get a pair of shoes on sale that does not fit you. Mis-fitted shoes can cause painful foot troubles, tear your nerves to shreds and cause you to spend money on foot treatments and special shoes. That's why my salespeople have strict orders to fit sale shoes as carefully as we would any other shoes. That's why we put one shoe on the sale table and the other in the box in stock. Thus we can measure you and see quickly if there is a bargain that is right for you. try both shoes on and make sure that you will be comfortable. A shoe sale is our way of cleaning house, a means of disposing of odd shoes, discontinued styles, shoes we are not reordering, shoes that are good shoes marked down below the regular price to clear them out. But, they are truly bargains only when they fit.

Camp Chase Cops Crown

By Bob Wilcox

The Camp Chase American Legion Junior Baseball team took the District 12 crown last Sunday afternoon at Grandview High 8-0 in the best-two-of-three playoff series.

Camp Chase, representing the Gold Section, faced Upper Arlington, the Blue Section winner.

With rain forcing two postponements of their opening contest of the series, play finally got under way Friday afternoon. Since Sunday was scheduled to be the third and deciding game, if necessary, the rain forced the two squads to face each other three consecutive days . . . without the originally scheduled day of rest in between each tilt.

Upper Arlington had gained the playoffs by a single contest playoff for the Blue Section title with Columbus Post No. 82's no. 1 team last Monday afternoon. With both tied for the Section lead, the necessitated playoff went to U-A, 11-2.

Camp Chase took the first game of the three, 10-5.

U-A came back on Saturday afternoon at Watterson to nip Chase in a tight pitchers' duel, 2-1.

The Chase squad, after practice every day from yesterday (Tues.) on through next Sunday, will leave Sunday for the State American Legion Tournament at Athens. The tourney starts next Monday with the finals scheduled for a week from Saturday. The tourney is a double elimination affair. A team needs two losses to be dropped out of state competition. At presstime only three of the other districts in the state have their entries selected for state warring. They are Marion, Cincinnati Hyde Park and Lima, defending Ohio state champ.

• • •

Friday, Chase had a 14-hit barrage at the plate which doubled the U-A hit output. Chase also doubled the score, winning 10-5.

Chase had two big innings, scoring four tallies in each the second and fourth frames.

Jim Thornton, in picking up the win, struck out three and walked two. He went the route. Meanwhile U-A used three hurlers. U-A added a single tally in the second, went ahead briefly at 5-4 with two in the third . . . but after Chase's four-run outburst in the fourth, Chase was never headed as Thornton shut out U-A the rest of the way.

The game was "abbreviated" and called after eight innings due to rain. All series games were scheduled for nine innings.

• • •

Saturday's contest found Chase breaking the scoring ice with a lone run in the bottom of the second (Chase was home team).

The rest of the Chase crew were not only playing errorless ball but were rattling off three double plays. All three went from Steve Wilson at short to Lee Malone at second to Bill Gray at first.

With John Evans on the mound, normal first sacker Alwood moves to right field and Gray takes over at first.

Sunday afternoon it was back to Grandview for the deciding contest.

Thornton came back for his second performance on the mound in the series. While striking out four and walking only two, he permitted only two hits in whitewashing U-A, 8-0. U-A got both their hits in the seventh inning with one away. No U-A player got as far as third base all afternoon.

At the plate, Malone again paced the 10 hit attack with 3-4 including a double, while Thornton had two hits also a double included. Parrett with two hits and three RBIs and Ross with two hits.

For the second day in a row the Chase infield whipped off three DP's. One went Malone-Wilson-Alwood, one went Wilson-Malone-Alwood and the third went simply Malone to Alwood.

Boys Club Clinches Pony Loop

The Westside Boys Club Pony League team laid undisputed claim to the championship of the Southwestern Pony League by running its league record to 8-0 with only two games remaining.

The clincher came last Saturday at St. Agnes as the club won 5-4.

The Boys Club jumped off to a one run lead in the first inning on successive singles by Butch McDaniel, Pete Eyer, and John Morlan. They added another run in the second but found themselves behind three to two after a three-run fourth inning by the home team.

It remained that way till the sixth when Eyer opened things with an infield single then scored from first on a single by Jerry Francis.

Shortstop Rick Wuertz then banged a triple to plate Francis with the lead run. Each team added a run in the last inning to complete the scoring.

John Miller, the junior boy representing us in the horseshoe tournament lost to Livingston this week 45-39. He has done well, for this is his first year of tournament play.

Nine day camp registrations have come in already. These boys and girls will be going to Indian Village the week of July 31.

Junior assistants named to date are Christine River, Karen Zawisa and Steve Arnold.

At Holton . . .

Softball was in full swing again this week. Junior boys lost to Glenwood by 11-2. Senior boys tied Chicago 7-7. The playoff game will be Tuesday.

At Hauntz . . .

Winners of the checker tournament last week were, in the girls division Barbara Mental and in the boys division, George Shaffer.

The Advisory Council this year has as its members, Mrs. Alexander, Mrs. Bourgeois, Mrs. G. Rees, Mrs. J. Kenney, and Mr. Brooks.

The regular program of events is going on at Hauntz with added features. Arts and crafts are held every day from 1-3 p.m. This week we have been working on papier mache.

The Volleyball teams are having regular practices. The girls are practicing Tuesdays and Thursdays at 6 p.m; the boys on the same days at 3 p.m.

The Tetherball Tournament was held this week.

Junior Olympics are coming up. This track meet is a great experience. Don't miss out on this chance. Information at the playground.

The checker tournament was held and George Shaffer won in the boys' division. Barbara Mental won in the girls.

The advisory council this year includes Mr. Alexander, Mr. Reed, Mrs. Rees, Mrs. Bourgeois and Mrs. Kenney.

The "teeners" on the playground are planning the first dance of the year. Further developments will be noted in the newspaper.

Day camp cards are due this Thursday. They can be obtained from the leaders.

The regular arts and crafts program will begin again next week from 1 to 3 p.m.

At Westgate . . .

The Junior Jet minor league was hit hard by bad weather this past week. Only two games were completed. The first place Braves were defeated by the Hawks 8-7 behind the pitching efforts of Steve Milliken. Earlier in the week the Hawks also defeated the Reds, 6-2. Steve Haslup carried the pitching honors in that game. Johannes and Zaglanis each hit doubles for the Reds in a losing cause.

Boys intermediate softball was boosted by the double win of Team 1 during the week. On Monday they defeated Sunshine 24-6 and on Friday ended the game with Binns in a 15-7 victory. Tim Weisert and Jud Boley had excellent days at the plate in both games, while Bob Barnhart is continuing to do a good pitching job for the team. Rod Chrisman and Boley managed a double play combination in both games.

Due to bad weather only two games in the Major Junior Jets were completed. In the first McDormen and Beegle of the Tigers combined to pitch the first no-hitter of the season beating the Colts 6-0. For the losers, Patridge and Beaver held the score down with their play in the field.

The second game proved to be the best so far this season as the Marlins scored in the last of the sixth (the last inning in J. Jet) to tie up the score 1-1, with the Bucks and cause a replay. Both teams had a three hitter. Rick Winston for the Bucks, Swartz and Clark for the Marline. Both teams had fine coaching from Wilson, Hayranek and Haines.

In softball only one full game was completed with Westgate 2 beating Sunshine 9-3. The whole team hit and fielded well. With one more win this week Team 2 will have won the league 2 title and the right to represent that league in a game against the champion of League 1.

Majors — Bucks, 5-0; Marlins, 2-1; Giants, 2-1; Tigers, 2-2; Colts, 0-3; Indians, 0-4.

Minors—Braves, 5-1; Hawks, 4-2; Yankees, 2-4; Jets, 1-3; Reds, 2-5.

The Westgate Clowns defeated Hauntz 19-10 and John Burroughs 25-4. A good pitching job by Sally Dillinger highlighted the Hauntz game and Sue Block was outstanding in the John Burroughs game. The Clowns have a 4-0 record in league play.

At Burroughs . . .

Girls who have completed their physical fitness test are Judy Kuper, Brenda Basil, Pat Hatfield, Kathy Shute, Melody Scott, Betty Vance, Janet Doycheff, Karen Clinger, Kathy Clinger, Kathy Amore, Diane Trebert and Diane Toth. Physical Fitness certificates have been returned and can be picked up at the playground. The Physical Fitness Program is conducted every Tuesday and Thursday at 1 p.m.

Despite rain, Burrough's Junior Jets managed to play several games this week.

In the Minor League Marlins 9, Giants 3; Chiefs 14, Colts 9; Marlins 18, Colts 7. In the Major League Braves 11, Yankees 3; Tigers 10, Reds 6; Tigers 5, Indians 3; Reds 11, Braves 2. League Standings as of July 21 are:

Minors—Braves, 1-0; Giants, 3-1; Jets, 2-1; Marlins, 2-3; Colts, 1-3; Chiefs, 1-3.

Majors — Indians, 4-1; Tigers, 4-2; Reds, 3-2; Braves, 3-3; Yankees, 1-3; Giants, 1-5.

In Father's Slo-Pitch softball, the Bums have taken two games in a row from the Tramps. Two weeks ago the Bums jumped to an early lead and then hung on to win a thrilling finish 17 to 16. The Tramps down by 5 runs in the 6th inning, rallied to tie the game only to lose it in the ninth by one run. A total of seven home runs were hit in this slugfest.

B. Miller hit two, and Dave Miller and Sam Spine one each to pace the winners, while Dick Scott, Mallow, and Watts each hit for the circut for the losers. Last week the Bums were in command all the way, leading by 11 runs at one time which was their margin as they dropped the Tramps 17 to 6. Marshall and B. Miller hit homers for the winners while Mallow got the lone four bagger for the losers. Barlow's Bums now lead Scott's Tramps 3 to 2 in games won thus far in the season.

These two teams will again meet this Friday at 6 p.m. Fathers may still sign up to play by being at the playground by game time.

Special events being planned on the playground will include a Hobo Hike for the younger children, checker tournament, playground track meet, Four Square tournament, and Family Night. Check playground bulletin boards for dates and times.

At Sunshine . . .

Despite the rainy weather, Junior Jet leagues continued first round play this week.

Shirts with the team names have arrived and are being distributed to the players.

Outstanding players of the week are David Sama, son of Mr. and Mrs. Jack Sama of 594 Mt. Calvary and Larry Lambert, son of Mr. and Mrs. Jack Lambert of 756 Thomas-av.

David plays on the American League Angels. He is one of the best catchers in the league. His hitting has been outstanding.

Larry plays for the Indiana. His team is undefeated so far. Larry has pitched them to most of their clutch victories. He also plays first base.

Three softball games were rained out this week. The boys' Intermediate team lost to Westgate on Monday 26 to 6. Two other games were rained out. The junior boys lost to Westgate 9 to 2. The Intermediate girls lost to Holton 25 to 18.

League standings are:

AMERICAN LEAGUE

Indians, 8-0; Angels, 5-1; Red Sox, 6-3; Twins, 3-3; Senators, 2-3; Athletics, 3-4; Orioles, 2-3; White Sox, 2-4; Tigers, 1-7; Yankees, 1-7.

NATIONAL LEAGUE

Pirates, 6-0; Dodgers, 6-1; Reds, 4-2; Braves, 4-3; Cardinals, 4-3; Giants, 3-4; Phillies, 3-4; Angels, 2-4; Cubs, 1-5; Twins, 0-7.

Plans are now being made for the pageant which will be held Aug. 22 at Schiller Park. All children are urged to register with the arts and crafts leader at Sunshine. The theme for Sunshine will be a Mexican bull fight.

At Highland . . .

McDaniel Marsh, the new leader at Highland, is looking forward to seeing all children at 1 p.m. each day to complete physical fitness test.

Highland senior boys' softball team accepted a forfeit from McKinley playground. The team has a 2 and 1 record.

Parents and friends are invited to come to the playground to see the children participate in Highland's arts and crafts program and watch them in other playground activities.

The junior helper for the week is Frank Johnson, who is the son of Mr. and Mrs. Clarence Johnson, 27 S. Oakley-av.

At W. Mound . . .

Don't miss the chance to sign up for day camp. Information and applications are available at the playground from the leaders.

Arts and Crafts classes are held daily at 1:30 p.m. Wednesday's are devoted to classes in making gimp jewelry. Gimp is a plastic braiding material.

On Monday evenings there is a story telling hour beginning at 7 p.m. for all boys and girls.

NEW MEAT ITEMS ARE COMING IN

Tenderized beef and fresh leg of pork are new meat items you'll be hearing about in the months ahead.

"Tendered" beef—the name by which the beef will be known—is made tender by a patented process developed by one of the major meat packers. In this process, vegetable proteins (enzymes) are injected into the live animal shortly before slaughter. The enzymes break down the cells in the meat tissues, but go to work only when activated by the heat from cooking. It is painless to the animal.

The process has shown good results in improving the tenderness of meat from less "well-finished animals" and of less tender cuts. Safe? Yes, the enzymes used are the same as those already present in meat and most other foods.

The Meat Inspection Division of the U.S. Department of Agriculture has approved the process and says it does not affect the appearance, flavor or keeping quality of beef. The beef has been tendered by the new process will be labeled—you'll know what you are buying.

"Leg of Pork" (fresh ham) isn't really new, but is usually difficult to find on the meat counters. Dealers say fresh ham sells slowly. Perhaps we've become too accustomed to buying the leg of pork as cured or smoked ham and forget that it can be roasted fresh.

The curing of hams was begun originally to preserve them, but this need no longer exists. Marketing of hams as fresh pork does not mean that the pork industry is advocating that hams no longer be cured—only that some ham in the fresh state be made available to the consumer. The produce is to be called "leg of pork" rather than fresh ham, to simplify the terminology for the consumer who might think of a fresh ham as a fresh smoked ham.

The National Livestock and Meat Board will promote the plan this summer, according to the National Hog Farmer Magazine. The plan provides that leg of pork be marketed whole or in separate cuts for small roasts. Boned leg of pork, to be called "football roll," for cooking on a spit over charcoal, is also on schedule.

Certainly roast leg of pork would be easier to carve than the loin ends we are accustomed to buying when we want fresh pork roast. And folks who have tried it testify that it eats well, too.

IDLE HOUR GUIDE

All-Star Baseball On WLW-C WMNI With All-Star Football

By Starr Robinson

NBC television and Channel 4 in Columbus will offer the second annual All-Star Game, Monday, July 31 in color. This game is slated for 2 p.m. EST, Fenway Park in Boston.

The pre-game activities are scheduled for 2:45 and a local preview on WLW television at 2:30 that day. The game will be the second of the year and 31st in the series, which began back in 1933. The National League having captured the first one this year at windy Candlestick Park in San Francisco, would like to win both of this year's encounters — especially since that was the result in 1960.

Robinson

The American League's lead in total won and lost is now 16 and 14, closest it has been since 1940. NBC has televised every All-Star classic since 1950 with color introduced only last season, for the second game which was played in New York. It is anticipated that on of baseball's all-time greats, and a man who is well acquainted with Fenway Park, Ted Williams, will be a special guest on the 31st.

ALL-STAR FOOTBALL EXCLUSIVE on ABC-WMNI radio . . . Program Director Bill Robinson, (no relation, good friend) tells us of the approaching All-Star football game for Friday, Aug. 4, 9 p.m., from Soldiers' Field in Chicago. ABC radio has the exclusive broadcasting rights and in turn, WMNI here will present the exciting action on the gridiron to central Ohioans. The 1961 College All-Stars clash with the world champion Philadelphia Eagles for this colorful summer glimpse at the "pigskin sport." Sportscasters have yet to be named but this news is forthcoming from ABC.

WTVN-TV WINS AWARD . . Channel 6, this past week received a certificate of appreciation for the station's services in the cause of conservation of the natural resources of Ohio. It was signed by the Director of the Ohio Department of Natural Resources, Herbert B. Eagon and presented to WTVN TV program director, Joe Jenkins.

FIGHT OF THE WEEK on ABC-TV Saturday . . . Emile Griffith of New York, world welterweight champ and Yama Bahama, of Bimini, British West Indies, meet at Madison Square Garden in a 10-round non-title middle-weight contest, Saturday night at 9 on Channel 6.

JIMMY DURANTE SHOW on NBC-TV . . . Anglers Can Get Into A Rut If Not Careful

INSIDE ON THE **Outdoors** By ROD COCHRAN

"How did you come to fall in?" the woman asked the little boy dripping on the dock.

"Lady, I didn't come to fall in — I came to fish!"

And, that's the way it goes with a good many adult fishermen around these parts. They go to fish but "fall in" with old habit patterns, such as:

(1) Using the same old bait, or baits.

(2) Following the same old methods of working lures.

(3) Fishing the same old spots.

Try some new tactics the next time you go to Hoover, Big Walnut, Griggs or Little Darby, and watch your fishing success pick up.

Where you formerly used two to four lures in a morning's fishing, try a dozen or more with different action and varied colors. Some anglers who go about their sport in a business-like manner don't use a bait for more than 25 casts — if they don't catch anything, that is. Then they change to another bait for 25 casts.

Many of us think only of soft craws whenever we go fishing. If you are one of these, limber up the old casting arm and try artificials or fly fishing for a day. Or, if you haven't threaded a worm on a hook for several years, you may have forgotten the simple fun of watching a dancing bobber and catching bluegills.

If variety is the spice of fishing, and I believe that it is, then you will want to cast your line in new lakes and streams. Do a little exploring for farm ponds and little feeder streams near Lome that other fishermen have overlooked. You'll be surprised at the fishing sport they'll provide. Fish new stretches of your favorite stream and new bays and bars on "old faithful lake."

Casting purists turn up their noses at trollers and vice versa, but each sport has its place in the fishing world. If you don't cast, you are missing fine fishing opportunity—disdain trolling, you are passing up a lot of fishing fun.

Perhaps you fish mostly from shore or wade the riffles of streams. For something new, try a float trip downstream some day. Either rent or borrow a canoe and spend a few hours slowly drifting and fishing. You won't be sorry.

It's fine to travel to northern Canada or the Gulf of Mexico to add a little variety to your fishing, but with a little imagination and experimentation you can increase your angling fun right here at home. The word from this column is to fall in—to some new fishing habits.

To say that outdoor sportsmen are inventive would be putting it mildly, for they always seem to be searching for new products and better ways of doing things. The latest indication of this comes to me from Erwin A. Bauer, Columbus outdoor writer, who always keeps a can of the recently-developed diet food in his tackle box. Now, instead of extricating a soggy sandwich from his creel or a half-melted and smashed candy bar from his pocket, he drinks a complete meal from a can for streamside snacks.

It would be a shame if the modern trend would eliminate the traditional shore dinners of all-day fishing trips. Nothing can replace a sizzling fish, steak and potatoes. But for energy-producing snacks while afield, the canned liquid meals are a good bet for both fishermen and hunters.

STEEL "WIZARD" helps Ohio Fuel serve you better!

An analog computer that rapidly figures complex engineering problems helps Ohio Fuel determine how best to meet the ever-increasing demands for natural gas in Ohio communities. Studies made using this steel "wizard" provide Ohio Fuel engineers with accurate information on what facilities are required to meet the needs for gas in a community. Construction of many miles of new pipelines, and other facilities built by Ohio Fuel has been based on conclusions of the "wizard". These added facilities have made it possible for the gas company to provide the greater volumes of gas now needed by Ohio homes, stores, and industries. The "wizard" is an important tool used in Ohio Fuel's constant program of progress to serve you.

BUSINESS REVIEW

Of every seven medical bills in the United States covered by health insurance one costs $300

TRACKSIDE

BY BILL GRAY

Friday night's races at Columbus Motor Speedway were rained out.

Saturday night at Powell "The Flying Irishman" Ralph O'Day won the 60 Lap Mid-Season Championship race for the super modifieds. O'Day took over in the 20th lap, and leaped ahead of second place John Wymer. Larry Pendleton finished third.

Veteran super-modified driver Neal Scova, of Urbana, looked like a sure-winner in Sunday night's 25-lap feature, at the Columbus Motor Speedway after he had taken the lead on the 7th-lap, but as he was coming out of the last-turn of the last-lap, he locked wheels with Ralph O'Day and had to settle for second-place, as Al Smith, of Dayton, skipped by to take the checkered-flag and the victory. Following Smith and Scova, were Jack Bowsher, George Hill, Johnny Wymer and O'Day.

Ron Gibbs took the front position on the first-lap of the flying-stock feature and was never headed as he sped to victory. Trailing Gibbs, were Sam Belfiore, Tim Ruff, Ilus Gregory and Joe King.

Rains delayed the start of Sunday's program for almost an hour, but the rains subsided, preventing the 10th reincut of the season.

This week, the South Side raceway will hold its Mid-Season Championship for super modifieds and flying stocks, on Sunday, July 30. A regular program of modifieds and stockers will be run on Friday night.

HIDDEN GEMS AT WARDS!

THERE'S DIAMONDS in them thar ice cubes! . . . Well, at least some of them contain the valuable gems, which will be at all three of Ward's new shopping center catalog stores—Great Western; Great Southern and Town & Country—during their opening event, Thursday, Friday and Saturday from 10 a.m. to 9 p.m. Anyone visiting the stores will be permitted to choose one of the cubes, with the hope, of course, that it contains a diamond, valued at $100 each. No purchase is necessary, according to Mrs. Ann Willis, Great Western store manager, and H. L. Nyborg, area director of Montgomery-Ward catalog stores, who are shown at freezer with a tray of the cubes.

PARTIAL VIEW OF FLY WHEEL MINIATURE GOLF, JUMP CENTER
Hilltop facility has 10 trampolines, 19-holes golf course.

New Sullivant-av Enterprise Is Jumpin', Swingin' Place

Fly Wheel Miniature Golf and Jump Center, 3980 Sullivant-av, has brought to West Columbus a sport that is sweeping the nation in popularity—trampolines.

The new recreation facility, at the rear of T.A.T. Pizza and Groom's Ice Cream store, boasts 10 large trampolines. They are constructed on ground level over 10 by 16-foot pits and the entire area is enclosed in a chain link fence. Edges of each pit are built up of brightly colored foam rubber.

Trampoline users are supervised and instructed by Frank Wellnitz, who has been instructing trampoline, diving and swimming at the Central YMCA for four years. He was a member of the freshman Lacrosse and rifle teams at Ohio State University this past year. Starting Friday, July 28 he will begin special trampoline lessons at the new Hilltop fun center.

OPERATED BY SCHNEIDER

Fly Wheel Miniature Golf and Jump Center is managed and operated by Norm Schneider, well known high school football and basketball official. Last spring Schneider completely redesigned the 19-hole miniature golf course which is adjacent to the trampoline court. New holes were added, fairways made longer, and sand and water traps were added to fairways and greens.

"It is now the toughest such course in the area," Schneider declared. He announced that he is holding a "Hole In One" putting contest this coming weekend, Friday, Saturday, and Sunday, July 28, 29 and 30 at the course. Winners will get prizes and trophies.

Also planned is a 36-hole club course tournament during the last two weeks in August.

Hours at Fly Wheel are 11:30 a.m. to 11:30 p.m., seven days a week.

CENSORSHIP PROPOSAL SLATED FOR COUNCIL

Editor's Note: It is our belief that the proposal to introduce movie censorship in Columbus is of vital interest to all citizens in Central Ohio. The writer of the following article (first of a series) is attempting to sample public opinion on this issue. The initial story deals with background pertaining to censorship and carries the quotes of some major figures involved. Future stories will present more public discussion, before the proposed ordinance reaches council, probably in September.

By TAYLOR GREGG

Is censorship legal? The Supreme Court has said "only on a very small and carefully defined basis."

Earlier this month an announcement was made that a proposal for the creation of a censorship board would be presented to Columbus City Council. Purpose of the intended board would be to preview and censor movies before allowing them to be shown in Columbus.

To some, particularly parents, this idea was greeted with nods of approval. There has long been a wish to stem the rising tide of "immoral" or "objectionable" films being displayed in many local movie houses. Parents wishing to insure a "good" environment for their children seem quite happy at the prospect of some control over what may be shown.

At the same time, many others seem to be frightened at the idea of a board of censors. Many of these people also have children, but they are more worried by what they feel would be an unconstitutional abridgment of individual rights than about the possible influence of questionable movies.

There are other points too, all bound up in this rather involved situation. The major issue however, revolves around the wish on one hand to censor films for the benefit of the community, versus the denial of the fundamental freedom of the individual to make moral decisions.

Seen As Political Issue

Council and the mayor seem to have taken a party-line-split over the issue, though at this point several council members are waiting to see just what form the resolution of Councilwoman Golda Mae Edmonston will take. That the split is along party lines (Democrats opposed; Republicans for) points to the fact that it has and will be a political issue, in which pressure is brought to bear by lobbying groups.

Women's Clubs Speak Out

Mrs. Edmonston has stated that the women's clubs of Columbus are behind her, and that if Democratic councilmen refuse to vote with the Republicans they can expect to lose many woman votes. She said many of the clubs already have their own censorship councils, and are behind her in the effort to obtain a censorship board.

Councilman Russell Jones, who is also Reverend Jones, head of the Columbus Area Council of Churches, says he expects this issue to be used politically, and that the idea of losing votes does not frighten him off the basic idea that present criminal statutes already do all that is legal in censorship.

Oddly enough, it is among the ministers and other religious leaders that tolerance and the freedom of moral choice outweigh what has been termed "objectionable." They feel many movies are objectionable, but believe people should show their disapproval by not attending. Councilman Jones said he was against prior censorship and did not feel it part of the basis on which this country was founded.

Mayor Favors Effort

Mayor Westlake on the other hand, feels he would not object to having a board decide for him. He said he "would not mind that they had taken parts out or that some were not shown, if it would insure that whenever I see a movie it would be a 'clean' one."

Those in objection were, not

Construction Booming On Hilltop, West Side

Building is booming here this summer.

From the Firefighters Training Center on Greenlawn-av to Bishop Ready High School at Mound and Brinker, a variety of large-scale construction projects are in progress.

Indications are that building in the west area of Columbus is running ahead of a comparable period for 1960.

Valleyview is Hub

Valleyview-dr west of Hague-av is a center of activity.

The new Glenwood Methodist Church is going up adjacent to the Hilltop YMCA. Construction focuses on the sanctuary which will seat 700 people, a large social hall, chapel offices and a portion of the church school area.

Estimated cost of the project is $515,000.

Work apparently will be completed sometime before the year is out.

Just west of the church, the city is building a $110,000 addition to the Valleyview Elementary School.

The new wing will include four classrooms and a multi-purpose room. The school was built four years ago.

Board of Education authorities have indicated the project should be completed in time for classes this fall.

Schools Enlarged

Three other area schools are being enlarged or remodeled this [illegible].

At Central High, the city is spending a quarter-million dollars to bring the facility up to the standards of other Columbus High Schools. Plans call for a September completion date.

Construction of four new classrooms will double the size of Georgian Heights Elementary, 784 Georgian-dr.

The school was completed in [illegible].

Four new classrooms are also being built at Sullivant Elementary School, 791 Grigg-av. The addition will increase the size of the building to 17 classrooms.

Other Schools

Two new Catholic Schools are in the works.

Bishop Ready High School is being built on a 16-acre tract bounded by Salisbury, Eakin, Mound and Brinker.

The facility will contain 28 classrooms, a chapel, convent, cafeteria, gymnasium and small auditorium.

Classes will be held at the ing, it will house 10 classrooms, school this fall for Bishop Ready, Holy Family and De Sales High School students.

At St. Aloysius a new $300,000 elementary school is under construction. A one-story building.

A second area church, Our Saviour Lutheran, also is in the midst of a major construction program.

The new unit located at Briggs and Demorest, will house a worship area for 132 persons, nursery and kindergarten rooms. It will cost an estimated $80,000. The project reportedly nears completion.

Also underway is a major expansion at St. John Lutheran Church, Broad and Hague.

The addition consists of a large structure east of the existing building.

A completion date is not definite.

Pupils Are Urged To Register

Administrative staffs of Central and West High Schools are now on duty during regular school hours, completing students' study schedules for the coming semester.

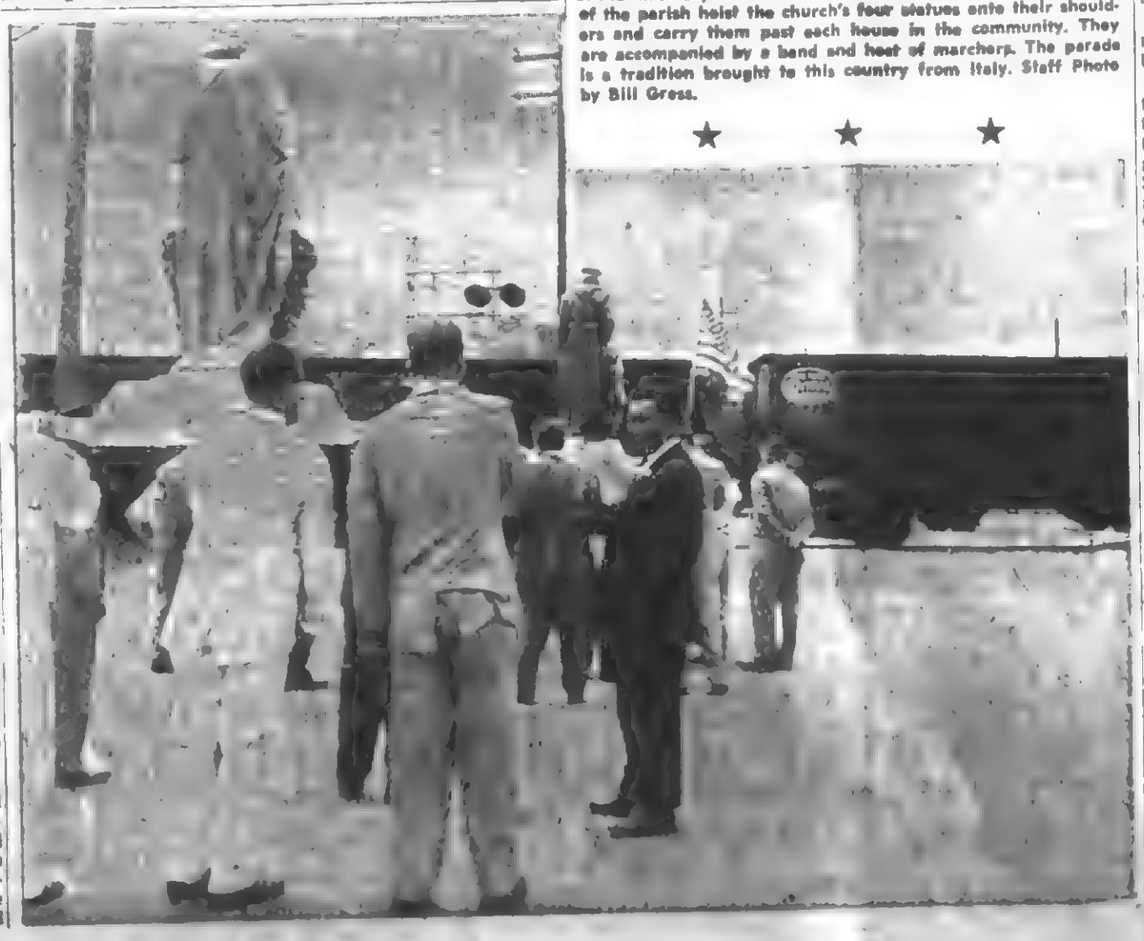
Students new to the district or to the Columbus School System, and those wishing to make changes in their schedules must do so immediately at the schools.

No adjustments in schedules will be made after the start of classes Wednesday, Sept. 6.

Pupils or their parents wishing to check schedules to make sure no changes will be necessary are welcome to stop at the school office. The staff will be happy to assist them or answer questions concerning the coming semester.

Students moving to Columbus from another state are reminded of Ohio's immunization law.

All pupils must have been vaccinated for smallpox, have had three poliomyelitis injections, and the required diptheria and tetanus injections and boosters.



Written evidence from a physician or an official immunization record must be presented before students may be enrolled.

STREET PROCESSION HITS TEMPORARY SNAG

THE ANNUAL STREET PROCESSION by members of St. Margaret of Cortona parish hit a temporary snag Sunday. The parade of saints was stopped in its tracks by a train crossing Trabue-rd. "This is the first time in many years such a thing has happened," according to one resident of the small Italian community. The parade is held annually on the Sunday nearest to the Feast of St. Margaret of Cortona. It comes as the climax of the three-day festival held each year. For the procession, men of the parish hoist the church's four statues onto their shoulders and carry them past each house in the community. They are accompanied by a band and host of marchers. The parade is a tradition brought to this country from Italy. Staff Photo by Bill Gress.

Initial Spadework Scheduled For Senior Citizen Facility

Time and money.

Too much of one, too little of the other.

These are the twin scourges of the aged.

And these are the problems which the soon-to-be-built Senior Citizens Center are designed to combat.

Spadework on the project, to rise on the near West Side, will begin this week.

The Metropolitan Housing Authority and Columbus Recreation Department, co-sponsors of the project, have scheduled a groundbreaking ceremony for 2:30 p.m. Thursday at the site adjacent to Sunshine Recreation Center. Representatives of the MHA and city will speak.

Contracts for the $2.5 million project will also be signed Thursday. Construction is slated to begin within 10 days.

The Center will include a 188-unit high-rise apartment— to provide homes for the aged at reasonable rent—and an extensive recreation facility, an assurance that residents will have something to do in their leisure time.

Who are the aged? How do they live?

According to a survey made by the MHA:

They are approximately 12 per cent of the population of Columbus and Franklin County —not less than 75,000 persons.

They live, many of them, by the skin of their teeth.

At least 2,800 elderly households lived in substandard conditions here in 1950, according to the MHA. Indications are that the figure is growing.

In 1900, one person in 25 was over 65; in 1958, the figure was one in 12; and by 1970, a ratio of one in eight is anticipated.

The MHA reports that almost 60 per cent of the elderly here have income of less than $3,000 a year; 30 per cent earn less than $1,000 a year.

The proportion of older people in the low-income group is twice as high as that in the population in general.

Thus time promises to intensify the problems of the elderly, if for no other reason than sheer numbers.

What do the elderly need?

A place to live that will give them the opportunity to make their own independent lives, but where they belong and are needed as part of the community, according to MHA.

This is what the Metropolitan Housing Authority hopes to provide at the Senior Citizens Center.

Mayor Appoints Hilltop Man To Planning Commission

A Hilltop man, James O. Matheny, of 179 N. Warren-av, has been named to the City Planning Commission for a six-year term.

His appointment, to succeed local architect H. James Holroyd, was announced by Mayor Ralston Westlake, Saturday.

Matheny has been chairman of the City Traffic and Transportation Commission since February, 1960. He will be replaced in that post by Kenneth S. Kline, 170 Oakland Park-av.

James O. Matheny

Matheny is acting general manager of Hutchins Motor Sales, chairman of the Southwest District of the Boy Scouts, past chairman of the Franklin County and Central Ohio Camp Fire Girls, and a board member of the Lutheran Welfare League of Central Ohio.

In addition, he is an elder of St. John Lutheran Church and a member of Masonic orders. Matheny attended Ohio State University after graduation from West High School in 1928. He has a son, daughter and one grandchild.

Lawn Festival At West Gate Temple Saturday

West Gate Craftsman Club has another of its popular lawn festivals on tap this coming Saturday, Aug. 5.

Serving at the West Gate Temple grounds, 2925 W. Broad-st., will begin at 5 p.m. The public will be offered a selection of hot turkey, ham and wiener sandwiches, baked beans and potato salad, homemade cake, ice cream, soft drinks and coffee.

as a group, opposed to restrictions on teenagers. They agreed that it would help to keep teenagers out of many movies. According to Safety Director Albert G. Giles, laws are already on the books which would insure this. They did however, object to having any group of people deciding for them what they could and could not see as adults.

There would probably be no argument among these people if all could agree on the meaning of such words as "objectionable, unclean, obscene, lewd, etc." but this is not the case.

In many areas of public life we have laws to protect persons and property from harm and injury. These have always been the areas such as murder, robbery, adultery, etc. that are easily agreed upon by people as being acts which justify punishment. Purpose of the punishment is, then, to discourage such acts, and insure the protection of those who would suffer from them.

Cause or Symptom?

In other areas however, the lines are not so well defined. All or almost all people may agree that adultery is immoral, but they certainly do not agree that to see the naked body is immoral. In fact some even go so far as to quote Jesus when he talked about evil not entering a man from without, but coming from within. This has a rather interesting parallel in the proposal by sociologists that these movies, as well as magazines and some books, are all symptoms of a degenerating society. They do not cause the degeneracy. They are the result of it. It is the people who support both morally and monetarily, these industries.

Under the Constitution and the Bill of Rights, in order to guarantee freedom to the individual and yet also protect him and all, certain provisions are made. This means that we consider adults to be responsible citizens, capable of making their own decisions about individual morality. The Supreme Court ruling says that is unconstitutional to censor films, magazines or books on the basis of personal prejudice. This leaves the censor with only one grounds for censorship. Any censorship on other grounds is subject to immediate reversal by the Supreme Court

Court Defines

The high court has decided upon a definition to be used in such cases. This definition is that in order to justify censoring, the material in question "must appeal to the 'prurient' interest of the average man in the community." Prurient and average man are the key phrases here. Prurient is defined as "causing lewd or lustful longings or desires."

Nakedness and sex or the glorifying of prostitutes do not in themselves constitute grounds for censorship.

This of course still leaves the problem of having these "adult" matters and their discussion available to immature or underage minors. Adults we consider able to make their own decisions; in fact having the right to unless judged insane. Children on the other hand, we consider to be not yet responsible, and therefore the responsibility of their parents.

The question then arises as to where the control is to be exercised. Obviously it begins at home. There has been in the last 20 or 30 years the tendency more and more to shift the burden of moral responsibility from the home to the government and outside authorities. Parents have been "losing their grip" so to speak, and have come to feeling that the responsibility for their children's morals is also that of the community and the neighbors.

If it is acknowledged that parents cannot control their children to the point that they can insure the proper influences, then perhaps it is necessary to try to control portions of the outside world. It may even be constitutional to require movie houses to ask for identification at the box office. Whatever the final decision, state or local, it is a serious one.

CENSORSHIP . . . A SERIOUS STEP

Action will soon be considered by City Council over the matter of film censorship in Columbus. The council decision will involve and affect all of the Central Ohio area. The implications are far-reaching and serious. It is mandatory that we all think seriously about it before acting or allowing action.

There are two major points which need to be considered in any discussion of censorship. One is the right of individuals, as parents, to control the influences brought to bear upon their children. The other is the right of individuals, as responsible citizens, to make their own moral decisions.

Attempts at legislating morality do not work, and are not in the spirit of the Constitution. Prohibition was a prime example. We do legislate for the protection of body and property, but this is not the censorship of ideas. There is no place for the censorship of ideas in a democracy, since freedom to learn and discuss are fundamental principles. The censorship of ideas is a symptom of fear; usually practiced by a threatened people.

The need for some action on the part of individual citizens to counteract the types of material shown in films and on TV is not questioned. Organized boycotts by patrons would seem to be an excellent means of protesting. We do not believe however, that censorship is the answer to this problem. We would encourage interested civic leaders to come forth with other ideas which might better serve the purpose. Moral values cannot be changed by negative force.

PARISH PLANS HOMECOMING

SAINT ALOYSIUS PARISH will hold its annual summer homecoming Wednesday, Aug. 9, 5 to 11 p.m. on the school grounds. Pictured above with Rev. William F. Maloney, pastor, are co-chairmen F. Hank Linard, left, president, PTA and Ed Liston, president, Holy Name Society. Chicken dinner will be served in school annex from noon to 6 p.m. Public is invited.

lion addition is going up at Mt. Carmel Hospital. The new wing will contain facilities for extended medical care and outpatient clinic.

There will also be space for social services, occupational therapy and personnel administration.

The wing is part of a multi-million dollar expansion program begun in 1953.

To Train Firefighters

At 270 Greenlawn-av, the city is building a Firefighters Training Center at a cost of some $400,000.

The facility will consist of four buildings, including a six-story training tower, on 14 acres.

A completion date has not been set.

New Center Set

In addition, work is slated to begin within the next two weeks on the $3.5 million Senior Citizens Center, adjacent to Sunshine Park.

The center will contain a 186-unit apartment and a recreation building.

The new unit is being financed by the Metropolitan Housing Authority and the City Recreation Department.

Other city public projects underway or scheduled for the near future include:

Installation of a new drainage system at Central-av and the B & O Underpass at an estimated cost of $50,000.

A new $220,000 womens workhouse, to be built just north of the Columbus Workhouse.

Development of Southview Park for which $50,000 has been allocated.

Commercial Projects

Besides projects sponsored by public agencies or religious groups, a variety of commercial buildings and private dwellings are being built or are slated to be built.

Among them are such projects as:

A new warehouse just west of the Gooding Amusement Co. on Valleyview-dr.

Housing projects in Holly Hill, Westgate Terrace and along Briggs-rd.

An addition to Spears Funeral Home.

A 192-unit apartment building at Central-av and Rich-st extended.

And a $153,000 medical building in the 2500 block of Sullivant-av.

as a group, opposed to restrictions on teenagers. They agreed that it would help to keep teenagers out of many movies. According to Safety Director Albert G. Giles, laws are already on the books which would insure this. They did however, object to having any group of people deciding for them what they could and could not see as adults.

There would probably be no argument among these people if all could agree on the meaning of such words as "objectionable, unclean, obscene, lewd, etc." but this is not the case.

In many areas of public life we have laws to protect persons and property from harm and injury. These have always been the areas such as murder, robbery, adultery, etc. that are easily agreed upon by people as being acts which justify punishment. Purpose of the punishment is, then, to discourage such acts, and insure the protection of those who would suffer from them.

Cause or Symptom?

In other areas however, the lines are not so well defined. All or almost all people may agree that adultery is immoral, but they certainly do not agree that to see the naked body is immoral. In fact some even go so far as to quote Jesus when he talked about evil not entering a man from without, but coming from within. This has a rather interesting parallel in the proposal by sociologists that these movies, as well as magazines and some books, are all symptoms of a degenerating society. They do not cause the degeneracy. They are the result of it. It is the people who support both morally and monetarily, these industries.

Under the Constitution and the Bill of Rights, in order to guarantee freedom to the individual and yet also protect him and all, certain provisions are made. This means that we consider adults to be responsible citizens, capable of making their own decisions about individual morality. The Supreme Court ruling says that is unconstitutional to censor films, magazines or books on the basis of personal prejudice. This leaves the censor with only one grounds for censorship. Any censorship on other grounds is subject to immediate reversal by the Supreme Court.

Court Defines

The high court has decided upon a definition to be used in such cases. This definition is that in order to justify censoring, the material in question "must appeal to the prurient interest of the average man in the community." Prurient and average man are the key phrases here. Prurient is defined as "causing lewd or lustful longings or desires."

Nakedness and sex or the glorifying of prostitutes do not in themselves constitute grounds for censorship.

This of course still leaves the problem of having these "adult" matters and their discussion available to immature or underage minors. Adults we consider able to make their own decisions; in fact having the right to unless judged insane. Children on the other hand, we consider to be not yet responsible, and therefore the responsibility of their parents.

The question then arises as to where the control is to be exercised. Obviously it begins at home. There has been in the last 20 or 30 years the tendency more and more to shift the burden of moral responsibility from the home to the government and outside authorities. Parents have been "losing their grip" so to speak, and have come to feeling that the responsibility for their children's morals is also that of the community and the neighbors.

If it is acknowledged that parents cannot control their children to the point that they can insure the proper influences, then perhaps it is necessary to try to control portions of the outside world. It may even be constitutional to require movie houses to ask for identification at the box office. Whatever the final decision, state or local, it is a serious one.

"Of Course I Believe In Free Speech—

Ted Tye—

CENSORSHIP . . . A SERIOUS STEP

Action will soon be considered by City Council over the matter of film censorship in Columbus. The council decision will involve and affect all of the Central Ohio area. The implications are far-reaching and serious. It is mandatory that we all think seriously about it before acting or allowing action.

There are two major points which need to be considered in any discussion of censorship. One is the right of individuals, as parents, to control the influences brought to bear upon their children. The other is the right of individuals, as responsible citizens, to make their own moral decisions.

Attempts at legislating morality do not work, and are not in the spirit of the Constitution. Prohibition was a prime example. We do legislate for the protection of body and property, but this is not the censorship of ideas. There is no place for the censorship of ideas in a democracy, since freedom to learn and discuss are fundamental principles. The censorship of ideas is a symptom of fear; usually practiced by a threatened people.

The need for some action on the part of individual citizens to counteract the types of material shown in films and on TV is not questioned. Organized boycotts by patrons would seem to be an excellent means of protesting. We do not believe however, that censorship is the answer to this problem. We would encourage interested civic leaders to come forth with other ideas which might better serve the purpose. Moral values cannot be changed by negative force.

PARISH PLANS HOMECOMING

SAINT ALOYSIUS PARISH will hold its annual summer homecoming Wednesday, Aug. 9, 5 to 11 p.m. on the school grounds. Pictured above with Rev. William F. Maloney, pastor, are co-chairmen F. Henk Linard, left, president, PTA and Ed Liston, president, Holy Name Society. Chicken dinner will be served in school annex from noon to 6 p.m. Public is invited.

lion addition is going up at Mt. Carmel Hospital. The new wing will contain facilities for extended medical care and outpatient clinic.

There will also be space for social services, occupational therapy and personnel administration.

The wing is part of a multi-million dollar expansion program begun in 1953.

To Train Firefighters

At 270 Greenlawn-av, the city is building a Firefighters Training Center at a cost of some $400,000.

The facility will consist of four buildings, including a six-story training tower, on 16 acres.

A completion date has not been set.

New Center Set

In addition, work is slated to begin within the next two weeks on the $2.5 million Senior Citizens Center, adjacent to Sunshine Park.

The center will contain a 186-unit apartment and a recreation building.

The new unit is being financed by the Metropolitan Housing Authority and the City Recreation Department.

Other city public projects underway or scheduled for the near future include:

Installation of a new drainage system at Central-av and the B & O Underpass at an estimated cost of $50,000.

A new $230,000 womens workhouse, to be built just north of the Columbus Workhouse.

Development of Southview Park for which $60,000 has been allocated.

Commercial Projects

Besides projects sponsored by public agencies or religious groups, a variety of commercial buildings and private dwellings are being built or are slated to be built.

Among them are such projects as:

A new warehouse just west of the Gooding Amusement Co. on Valleyview-dr.

Housing projects in Holly Hill, Westgate Terrace and along Briggs-rd.

An addition to Spears Funeral Home.

A 192-unit apartment building at Central-av and Rich-st extended.

And a $153,000 medical building in the 2500 block of Sullivant-av.

Crafts Added, Flower Show Expanded At County Fair

A new arts and crafts exhibit will make its first appearance at the 1961 Franklin County Fair when the fair open Monday, Aug. 14, at the county fairgrounds in Hilliard.

According to Mrs. George Koncar, 6655 Scioto Darby-rd, head of the Women's Division, the new arts and crafts section will include paintings, handcrafts, ceramics and other artistic creations.

Mrs. Koncar said, "We have added this new section to our women's department because of the numerous requests for it in the past several years. Oddly enough, some of these requests came from interested men and we have several men who are planning to enter articles in the arts and crafts exhibit."

An award added to the women's program of the fair just a couple of years ago is the "Best of Yeast Baking Award," for the best in yeast rolls and bread.

Each year more women enter this contest and this year, according to Mrs. Koncar, several teenagers will be competing for the honors.

Less than five years ago, the garden club exhibit was assigned space in one of the horse stalls and since then has grown so that this year the department will have its own large tent for display.

Mrs. Robert Brush who is is in charge of the garden and flower department of the county fair, can be credited for her many hours towards this effort.

Mrs. Brush started with one garden club and has added to her department until there are now more than 50 classes in specimens, including decorative and potted plants, and 12 classes in floral arrangements entered by nearly 20 clubs, plus a junior division.

The junior division for boys and girls, non-club members, from 12 to 16 years was started just last year.

"Hi Ho, Come to the Fair" is the theme of the floriculture exhibits for 1961 and "Relax at the Fair" is the Garden Club exhibit theme.

The 1961 Franklin County Fair theme is "A Yearly Showcase of Progress."

Clubs and organizations throughout the county use the fair as their "showcase" to show the public what they have accomplished during the past year.

Entries in all departments of the fair close on Aug. 10 and anyone desiring to enter may contact Franklin County Fair Board at the county fairgrounds in Hilliard.

A catalogue listing all entry requirements is available for the asking. Carl Crandall, fair secretary, requests that entries be made as soon as possible to relieve the yearly last minute entry rush.

Carolyn Stickel, William Moore Exchange Wedding Vows, Rings

Miss Carolyn Stickel became the bride of Mr. William C. Moore July 24, 3:30 p.m. at Glenwood Methodist Church.

Rev. Warren H. Bright read the double-ring marriage service before an altar decorated with ferns, seven-branch candelabra and vases of white flowers.

The new Mrs. Moore is the daughter of Mr. and Mrs. Clayton F. Stickel, 656 Cheshire-rd and her husband's parents are Mr. and Mrs. Clyde D. Moore, 236 Binns-blvd.

The bridal gown of pure silk organza with silk thread embroidery was designed with basque bodice, square neckline, brief sleeves and bouffant, ballerina - length skirt.

Her pouf veil was caught to a petite princess crown of pearl floral motifs. Her only jewelry, an heirloom necklace, gift of her paternal grandmother, Mrs. Frank Stickel of Enid, Okla., had been Mrs. Stickel's bridal gift from her husband.

The bride carried a white Bible centered with a white orchid and showers of ribbon with white shattered carnations.

Miss Donna Stimson served as maid of honor, Miss Miriam Ward as bridesmaid and Mrs. James Litterer as bridesmatron.

Attendants were identically gowned in frocks of aqua sheer over bouquet taffeta, fashioned with fitted bodices, vee-necklines, bows at the waist and matching bow bandeaus. Each carried a Colonial bouquet of shattered carnations in shades of pink.

Mr. Leo Peoples served as bestman and guests were seated by Mr. Phillip Edwards, Mr. Richard Mayhew, Mr. Clyde J. Moore, brother of the bridegroom, and Mr. H. James Holroyd, cousin of the bridegroom.

Senior hostesses at the reception, held at the church following the ceremony, were Mrs. Clyde J. Moore, sister-in-law of the bridegroom; Mrs. Clarence B. Story, Mrs. Harrison M. Jones and Miss Glenna Oesterle. Hostesses were Miss Sylvia Newhouse, Miss Barbara Clark and Miss Roberta Thomas.

Mrs. Moore was graduated from West High School and Capital University with a BS degree in liberal arts, majoring in sociology. She was a member of Kappa Sigma Theta Sorority. She is now employed as district advisor for Ohio Trefoil Girl Scout Council.

Mr. Moore was graduated from West High School and Ohio State University, College of Journalism. He is now enrolled at Ohio State's Graduate School, completing work on his master's degree and is employed as a newsman for Associated Press.

Following their wedding trip they will be at home at 392 Yarmouth-ln, Lincoln Village.

BrownChurch To Host MD Missionary

Dr. William Douce, missionary to Ecuador, will speak at Brown Road Community Church Sunday, Aug. 6, 7:30 p.m.

He has just returned from a gruelling term of foreign service during which he was granted his license to practice medicine by the Ecuadorian government — a permission rarely granted to foreign doctors.

This will enable Dr. Douce to minister to a needy Indian section in Southwest Ecuador where he is expecting to establish a mobile clinic work with outposts among tribal groups.

Dr. Douce will present colored photo coverage of his work among the Saraguro Indians as well as a cultural background of the nation of Ecuador.

The public is invited.

Freedom from fear, sickness, and sin through spiritual understanding of God will be the topic of a free lecture on Christian Science Sunday, July Christian Science Sunday, by Ella H. Hay of Indianapolis, Ind.

Broad-Hague Drugs Hit By Bandits

Bandits walked out of Broad-Hague Drugs with cash from two registers last Thursday night while the owner and a clerk were forced to "sit it out."

John J. Murphy said the intruders came in when the store was empty of customers and forced him to open the cash boxes. Both men were carrying guns.

When two people came into the store, one of the thugs ordered Edith Pizzella to "wait on them, and wait on them right." One of the customers paid for his purchase from a bag of cash he was carrying. He was unaware of the holdup, however, and went from the store unmolested.

Murphy and his helper then were ordered to sit on the floor in the back room for five minutes, while the men fled.

The bandits, both in their late 40's, were wearing sun glasses and felt hats.

Swim Club Dates Show

The Hampton Towers Swimming Club, 934 S. Waverly-st, will present a water musical, "By The Sea," on Saturday, Aug. 5, at 8 p.m.

After the musical, there will be dancing to the music of the Novaliers Dixieland Jazz Band.

The show is open to the public at 50 cents a person.

BABY SHOES

No article of wearing apparel is so appealing to the eye as a tiny pair of white baby shoes. And that same pair of tiny shoes is the one part of the baby's clothing that must be properly selected and fitted. Until the baby pulls himself up and bears weight on his feet, the only foot covering needed is a soft leather or knitted bootee when he goes abroad. When he does try to stand, his shoes should be fitted on by some one who knows what he needs. The first standing shoes should have semi-stiff soles and hard counters and should be at least a thumb's width longer than the foot. These will need to be discarded for longer ones in from two to three months. We send out a 3 month reminder card to our little customers so they won't go over time. The baby should never wear "hand me down" shoes and should be taken to the shoe store to be fitted

Anglers, Professors Debate— Just How Smart Are Fish?

INSIDE ON THE **Outdoors** *By ROB COCHRAN*

How many times have you heard these laments? "The bass are getting too smart in this lake!" "I raised a big old moss-back, but he knows what a plug looks like and didn't hit." "Next year I'm going to the Far North—where fish have never seen an artificial." "With all the fishermen around here, the fish sure are cagey when it comes to taking bait."

We've all heard them. And most of us have been guilty of singing the old refrain ourselves a few times. As long as there are fish and fishermen, there'll be excuses for getting skunked. Somehow, there is no stigma about getting outsmarted by old "pocket mouth," the oldest and wisest fish that swims.

It seems like someone is always taking the fun out of fishing, and now Dr. John Bardach, of the University of Michigan (there is more than one kind of bad news for sporting enthusiasts coming out of Ann Arbor now and again), says that one of the most sacred beliefs of the angling clan just ain't so. He has deduced from experiments that a bass would have to be hooked four or five times perhaps even 10, in a week to remember the experience.

Memory Fish "Unlikely"

Before you call the good doctor as fishy as the bottom of a minnie tank, let's see if there are some lessons to be learned here. His studies show that even in the most heavily fished waters, it is improbable that a fish can be hooked and lost enough times to teach him to shy away from angling hardware. Actually, this is good news. You can assume that there is scarcely a fish swimming that can recognize your lure for what it is.

This brings up another pet theory which, I believe, can be substantiated. That is, that fish have a "harrassment level" that diminishes fishing success. Fish become wary of fishermen and boats, rather than the lures themselves. When commotion, noise and movements reach a certain level, then fishing becomes poor. An extreme example of this would be a swimming beach full of bathers — seldom would such a stretch of water offer good fishing. But return at night and cast around the diving pier, marker buoys and the like and see what you find. When all is serene, fish that have been there all the time feel like feeding.

Where fishing pressure is heavy, the milling boats and the fishermen walking up and down the shore send fish to their hiding places.

Experiments Described

The question, "how smart is a fish?" is certainly an interesting and debatable one among anglers. Dr. Bardach reports that fish can be taught to perform, and they learned faster when food was offered as a reward than when punished with electrical shocks or other negative reinforcement. The most recent edition of Outdoor Life, perhaps quoting from this same study, tells of 17 largemouth bass that were trained not to strike artificial lures and placed in a pool from which all other fish had been removed. It took two years of heavy fishing before the first one was caught with a plug.

Dr. Bardach says that once a fish has learned something, it may remember it from six months to several years.

Statements Disputed

This same question received an airing in last week's Sports Illustrated, where a report was given on some observations made in an aquarium in Chicago. This article states that bass are the smartest fish of those studied, and after being hooked once would never hit the same lure. It also says that fish do not feed at night, and that bass probably have a communication system which explains why you never catch more than one from a pool. I can't argue with the first deduction, but the article is dead wrong on the latter two — there are plenty of fish and fishermen who will tell you the writer is off base on the night business, and many of us have caught more than one bass from a pool.

Well, the fat is in the fire and you'll have to make up your own mind about the matter. I guess we will muddle through as long as most of the fish don't get smarter than most of the fishermen.

PLAYGROUND NOTES

At Westgate . . .

In the major Junior Jet play the Bucks continued to dominate the league. The team beat both the Indians and Colts by identical scores, 10-0. In both games, though, the losing teams held their own until the last few innings, when the Bucks's powerful batting turned the tide.

The Tigers beat the Giants 13-0 on a perfect no-hitter by pitcher McDorman. He also contributed to the victory with two hits. D. Hines and Kuemmel also had two hits each.

The Marlins overpowered the Indians 12-3. Six of the Marlins had one or more hits, while allowing only five hits to the losers.

In junior softball, team 2 lost the championship in the final game against undefeated Hauntz 9-8. Both teams hit well. B. Winston hit a triple and two home runs. Westgate led up to the sixth inning, when Hauntz collected seven runs to win. In the other game Westgate 3 beat Westgate 1, 12-1. Everyone on team 3 had a hit.

Standings are:

Major League

Bucks, 7 - 0; Marlins, 3 - 1; Tigers, 3 - 2; Martins, 2 - 2; Colts, 0 - 5; Indians, 0 - 6.

In a red-hot tether ball tournament last Friday, Jim Slade emerged the winner in the 11 and under age bracket while Joyce Ford won the 12 to 13-year-old play.

Physical fitness winners last week were Jeff Search, Jim Seafch, Mike Grabill, Kevin McDonald, John Horky, Curt Vollmuth, Ed Winston, Titus Warren, Marty Barnes, Ted Koerner, Rick Winston, Anthony Wilson, Dennis Kariores, John Biggers, Irv Douglas, Ro- Parsons, Bob Stump and Dennis Jenkins.

Girls who completed their physical fitness test were Marildice Schmitt, Linda Barnhart and Marcia Richter.

Softball results: Devils defeated the Sluggers 7-0; Sluggers lost to Sunshine 7-0 and defeated Glenwood 12-1 in junior softball play.

In girls' softball, Burroughs intermediates beat Sunshine 19 to 18. Junior girls, with four wins and no edged Sunshine juniors, 13 to 12. In the intermediate game, Pam Scott had two triples, a double and a single. Janet Doycheff had two doubles and a triple, and Susan Herbert hit a home run. Charlene Gomer was the winning pitcher.

Both the boys' intermediate and junior softball teams won their league titles with unbeaten records. Both teams will now compete in the west sectional and if successful may represent the West Side in the city playoffs.

Burroughs intermediates won the city championship last year and the juniors were runners-up in their division, losing only in the city finals by one run. The intermediates won two games last week as they downed Sunshine 20 to 1, and then clinched their league title by edging past Westgate 2 to 1. In the Westgate game both teams scored single runs in the third inning. Burroughs won the game in the fourth as catcher Jim Vance singled and then scored on a single by second baseman Nick Demopolous. The winning pitcher was Mike Nightwine.

The junior boys won in an equally exciting fashion as they beat Glenwood 4 to 3. Burroughs was leading 4 to 1 going into the last inning, when Glenwood first baseman H. Butcher hit a two-run homer to make the score 4 to 3. Burroughs right fielder Mike Dreeling went 3 for 3 and was on base and scored when center fielder Steve Mullins hit a home run for the winners in the fifth inning. Mullins also had two doubles to go with his homer. Winning pitcher was Raymond Seymour. Burroughs will play Hauntz here Thursday for the west sectional title.

In fathers' slo-pitch softball, Scott's Tramps evened the season's series with Barlow's Bums 3 to 3 as they beat the Bums 14 to 9. Bums' pitcher Sam Spine had a 7 to 0 shutout going until the sixth, when [illegible] started their rally. When the dust had settled over the diamond, the Tramps had pushed across 14 runs in three innings to wrap up a come-from-behind victory by five runs. The two teams will meet again Friday at 6 p.m. New men wishing to play are invited to be at the playground by game time.

Youngsters wishing to participate in the Recreation Department's annual pageant are urged to notify Burroughs Playground leaders at once, so that plans for this event can be completed.

Youngsters from Burroughs who are attending Indian Village day camp are Charlene Gomer, Charles Gomer, Diane Richardson, Teddy Amore and Cathy Amore.

Friday evening will be checker tournament time for boys at Burroughs. Elimination matches will begin promptly at 6 p.m. There will be winners in the various age groups. Last week more than 30 girls entered the girls' checker tournament. Winners will be announced next week.

Playground leader Rose Ann Hayman is planning a hobo hike for the younger children. Anyone wishing to go should see Miss Hayman before Friday.

Special events being scheduled for the near future will include a bicycle parade, doll show, movie night, family cookout and fun day, parents' square dance and other feature events for children and adults. Keep checking playground bulletin board for dates and times.

At Glenwood . . .

In the Intermediate Boys' Softball League Glenwood remains in first place with a 17-14 victory over Westgate last week. Herschel Newman hit two singles, two doubles and a home run for the winners. Sterling Henderson, Laurence Stewart and Steven Cheek each chipped in with two hits.

Ronnie Tucker was the winning pitcher. He now has a record of three wins and no losses.

The junior girls' softball team scored its first victory of the season by defeating West Mound last week 11-4. For the winners, Lynn Prillerman drove in three runs, Patty Florn, Ranelle Brown, Diane Hargrove, two each, Karen Letsinger and Annette Foster one each. The winning pitcher was Ranell Brown. Assisting in the victory were Linda Walker, Patty Baker and Candy Reynolds. The girls plan a picnic at celebrate.

Arts and Crafts classes are held daily from 1:30 to 3 p.m.

At Sunshine . . .

With the exception of games postponed by rain, the first round of the Junior Jet play has been completed. The Indians lead the American league with a 10-0 record. The Dodgers lead the National league with a 5-1 record.

Outstanding team members of the week are Mike King, son of Mr. and Mrs. Lonzie King, and Donald Surrency, son of Mr. and Mrs. Haskell Fritter.

Mike is a member of the league-leading Dodgers. He has contributed heavily in their bid for the league title. His hitting and his work behind the plate as a catcher have been among the best in the league.

Donald is a member of the Braves. He plays shortstop and pitches. He is also one of the best hitters in the league.

League standings for Junior Jet are:

American League — Indians, 10-0; Red Sox, 8-2; Angels, 7-2 Senators, 4-4; Athletics, 4-5; Twins, 3-4; White Sox, 3-4; Orioles, 3-4; Tigers, 1-6; Yankees, 1-9.

National League—Dodgers, 8-1; Pirates, 6-2; Braves, 6-3; Cardinals, 6-3; Reds, 5-3; Phillies, 4-4; Angels, 3-5; Giants, 3-6; Cubs, 1-7; Twins, 0-9.

Sunshine junior girls lost to Burroughs in softball this week. Burroughs rallied in the last inning to win 13-12. Thursday they won by forfeit over Westgate II.

Next week the team plays Hauntz. Linda Smith and Linda Jacobs led the team in their games for the junior girls.

Sunshine's intermediate girls were defeated twice this week, losing to Hauntz 13-10, and Burroughs 19-15. Vicki Turner and Pat McGue led the team in both games, Vicki hit and fielded well. Pat made a catch in center field of a line drive that was one of the best seen at Sunshine this summer in either boys or girls play. She also hit several home runs.

The junior boys lost two games this week, one to the intermediate boys, the other to W. Mound 10-0. Jim Taylor pitched a good game.

The intermediate boys were out-classed by Burroughs and Hauntz this week, losing 20-0 and 30-1, respectively.

More boys and girls are needed to fill relay teams and other events for the Junior Olympics Track and Field Meet to be held at O.S.U. Stadium Aug. 5. As of now Sunshine has some 25 entrants. Anyone interested can participate if they see Phil or Jay for entry blanks.

Work has been started at Sunshine on the skit for the annual pageant to be held Aug. 22 at Schiller Park. Sunshine will give a Spanish bullfight skit, complete with matador, bull and audience. Any of the leaders will register the children for a part, either as an actor or set designer. Children are welcome to take part.

At Sullivant . . .

Its a little hot for football but the Sullivant Gardens Terriers have checked out their helmets, shoulder pads and shoes and are doing some pre-season practicing.

The children on the playground are working on physical fitness tests. Many have already received certificates.

Some of the boys saw the girls learning to crochet rugs and asked Mrs. Sims to teach them also. Now they can make rugs as well as the girls.

Table games in the shade and the spray pool are popular.

Consumer Report

Food Market This Week

By ESTELLE B. FRANKS

THIS WEEK LOOK FOR :
Vegetables—Sweet corn, cabbage, squash, beets, lettuce.
Fruits—Peaches, plums, bananas, early apples, cantaloupe.
Other Foods—Fryers, turkeys, ground beef, beef cuts from rib and chuck, cured ham.

AUGUST IS BIG MONTH FOR LOCAL PRODUCE

August is here already. And with it comes some of the best eating for the whole year—an abundance of local produce. Because of the late start this year, many local vegetables and fruits that we usually get in July are coming our way now.

Sweet corn—harvest is in full swing with peak supplies expected next week, and plenty of corn into early September. Quality is good and prices have dropped to reasonable levels.

A few tomatoes are coming this week from local farms and supplies are on the increase in other parts of Ohio, with good volume expected in about 10 days. Cabbage, summer squash, beans, beets, cucumbers and peppers are tops in quality and will be plentiful throughout the month. The quality of locally grown salad greens is lowered when the weather gets hot, but you'll find produce counters well filled with excellent greens from other areas.

Two fresh fruits will be in heavy supply in August—peaches and a variety of plums. Total peach production in the United States this year is expected to be the largest since 1946, and 20 per cent above average. In general, Ohio peaches are from one to two weeks later than usual. Harvest of Redhavens, a favorite variety for canning and freezing, will be at their best from Aug. 15-20. We will keep you informed through this column as to ripening dates for other varieties.

New crop apples, including Transparents, Lodi, Wealthy and Duchess, are available—both locally and from nearby states. These are the apples that make delicious sauces and pie. You'll want to plan your canning and freezing schedules before the apples get overly ripe.

There will also be good supplies of cantaloupe, watermelons, grapes and Bartlett pears.

MEATS AIND POULTRY

No matter what your menu choice, there will be ample supplies of meat, according to the American Meat Institute. There may even be a slight increase in pork supplies before the month ends.

Turkey and chicken are sure to be exceptionally good buys for your weekly market basket, since the supply of each is well above a year ago.

Scholars see a direct connection between the development and the widespread use of the longbow in England, and the rise of political freedom there. This was the first time during recorded history that the average man had access to cheap, easily available and adequate weapons to enforce his demands.

Schedule Meet

A meeting of Capitol City Barracks 481 Veterans of World War 1 will be held at 2 p.m. Sunday, Aug. 6, in Room 201 at Veterans Memorial. The Ladies Auxiliary will meet at the same time in Room 203.

Majestic Paint Center Established At 'Point'

Opening of a new store in Central Point Shopping Center by Majestic Paint Centers, Inc., has been announced by Bernard K. Yonkin, secretary-treasurer. The firm is a subsidiary of Yenkin-Majestic Paint Corp., manufacturers, with distribution over a 27-state area.

"Laboratory chemists at the plant keep in continual contact with the branch stores, keeping the store personnel up to date on the latest developments in paints," he added.

The stores also stock a complete line of wallpaper, brushes, rollers, ready-to paint furniture, and all other decorating tools and accessories.

Majestic Paint Centers in Columbus are located at 3500 N. High (at Oakland Park), Town and Country Shopping Center, Parsons-av at Whittier, W. Broad at Hague, 3322 W. Broad, and a factory salesroom at Leonard and E. Fifth-av.

IDLE HOUR GUIDE . . .

Children's Features Moved; Middleweight Defends Title

By Stan Robinson

In a move to bring more children's programming into the noon hour, Channel 10 has moved the popular "Luci's Toyshop", presentation to 11 a.m., Monday through Friday, effective Aug. 7. Replacing the Luci program at 9 a.m. week days, is "The Popeye Show," featuring the cartoon adventures of the spinach-eating sailor and his friends.

Robinson

Other changes on Channel 10 involve the "Gateway To Glamour," beauty program with the show now seen twice daily, 10:55 a.m. and 1:25 p.m.

As a result of the afternoon time period for "Gateway To Glamour", Bill Pepper and the early afternoon news capsule moves to 3:25 p.m.

FIGHT OF THE WEEK . . . NBA middleweight champion Gene Fullmer, undefeated since 1957, will put his title on the line against hard-punching Florentino Fernandez at Ogden, Utah. It is a 15-round match and will be seen on Channel 6 starting at 9 p.m., Saturday.

MUSIC APPRECIATION SERIES ON WMNI . . . During the past couple of weeks, we hope you have tuned in WMNI Radio for a new music appreciation series. It is being broadcast in co-operation with the Ohio State University School of Music and University Radio station WOSU. The program is heard every Sunday evening at 8 p.m. and certainly offers central Ohio listeners another step in higher standard radio, locally.

TIME CHANGES FOR ONE WEEK ONLY ON 6 . . . Friday night, there are several important program changes to be noted in the Channel 6 viewing schedule since the station will carry the All-Star Football Game at 9 p.m. Flintstones usually seen at 8:30 will be seen locally at 7:30 p.m., 77 Sunset Strip will be on at 8 p.m., and the All-Star Football Game from Soldier's Field in Philadelphia will commence at 9 p.m. Stars from 42 colleges comprise all-star action which meets champion Philadelphia Eagles. A squad of 55 College graduates representing 42 colleges has been named to play in this colorful grid event, exclusively on ABC-TV and WMNI Radio in Columbus, dial 920.

IN VIEW AND REVIEW . . . CBS-TV's "College Of The Air," which presents a course in "The New Biology" beginning Monday, Sept. 25, will be aired at different times by individual stations picking up the show. Hours range from early morning to evening periods . . . "The General Palmer Story," will be ABC-TV's "Focus On America", documentary for Tuesday, Aug. 29. The program deals with a Civil War General who found a college and helped develop western railroads.

Lillian Gish will co-star with Gig Young in "The Spiral Staircase", the Fred Coe production that airs "live" on NBC-TV, Oct. 4. This launches a series of TV specials based upon David O. Selznick motion pictures . . . "Discovery", program for children that will range from outer space to ocean bottom, starts on ABC-TV, Monday, Oct. 2 as a daily half hour show. A former producer connected with "Watch Mr. Wizard," is working on this series.

As a part of WLW-C's "Project Youth" series, "Youth Looks at Life" will be telecast Saturday night at 10 p.m. on Channel 4. Guests include Sally Todd, 585 Chatham-rd; Dorothy Garvin, 2850 Canterbury-rd; Garry Rupp, 162 W. Cooke-rd; Marc Lackritz, 175 S. Merkle-rd; and the adult panelist, Dr. Chauncey Leake, professor of pharmacology at Ohio State, former assistant dean of the College of Medicine.

DANNY THOMAS GOES WESTERN THURSDAY NIGHT . . . "Thread Of Respect", the premiere story in the "Frontier Justice" summer series of re-broadcasts dramas, stars Danny Thomas this week. WBNS-TV will carry the series at 8:30 p.m. with Ralph Bellamy as host.

In the opening play, Thomas portrays Gino Pelleti, a proud immigrant tailor who feels he is due a certain amount of respect.

Pelleti and his son George, played by Nick Adams, come to Yucca City to open a tailor shop and immediately are made the butt of cruel jokes by a mob of young trail hands. Much consideration of the tailor's decision to reconsider his refusal to engage in violence, lends tension and excitement to the drama.

CARRYIN' OUR HOPES . . .

HERE ARE THE big guns for the Camp Chase American Legion baseball team who will carry Columbus' hopes into the Ohio Legion tourney which opens at Athens on Monday. Standing, left to right, are Coach Ed Lewis, pitcher Jim Thornton, catcher Jack Trotter, second baseman Lee Malone and first baseman Gary Atwood. Kneeling, left to right, are right fielder Gary Clark, left fielder Bob Ross, center fielder John Evans, shortstop Steve Wilson and third baseman Sparky Parrett. Since this picture was taken, catcher Trotter suffered a broken nose in a collision with his team's third sacker and his availability for next week is in doubt. Camp Chase succeeded Scioto Post 604-HD as district champs and will be one of the 14 teams in the state classic.

Boys' Club Combines Talents For Two Wins

The West Side Boys Club Pony League team combined the right amount of good pitching and strong hitting to produce two victories last week.

On Saturday, John Morlan mixed his fastball with a tricky change-up to shut out the South Franklin Comets, 2-0.

Morlan fanned fifteen batters and aided his own cause with two hits. Leftfielder Dana Noble chipped in with two hits.

Earlier in the week, the team belt the previously undefeated Peers Club, 9-3. In this game, Pete Eyer, Jerry Francis and Morlan combined their talents to hold the Peers to three hits.

Eyer was the winner, his tenth of the season. The team posted a thirteen-hit attack with Francis getting three while Eyer, Morlan, Butch McDaniel and Noble had two apiece.

Shortstop Rick Wuerts and catcher Dan Dent were defensive standouts and each had one hit.

Summing them up:

Peers Club	000 300	3	3 1
Boys Club	302 22X	9	13 1

Eyer, Francis (4), Morlan (6) and Dent; Lynch, Tanler (4) and Davis.

Comets	000 000 0	0	4 2
Boys' Club	011 001 X	3	7 0

Football Practice Begins Aug. 7 For Westgate Hawks

The Westgate Hawks, 1960 champions of the Ohio Boys' Football Foundation, will begin football practice Aug. 7 at 5 p.m.

The practice area is located on the south side of Westgate Park just east of the parking area.

Any boy whose 14th birthday does not fall on or before Sept. 1, 1961, and whose weight does not exceed 110 pounds during regular season, is eligible to try out for the squad.

Those who make the squad need only to purchase their football shoes, teeth protectors, and insurance.

Coach Dennis McDonald, former West High star quarterback, will have only eight members of his 1960 squad returning upon which he hopes to build another strong team.

Pete Eyer returns to contend for the top quarterback position. Returning halfbacks are Jim Bell, Ray Glascoe, and Melvin Thompson.

Bob Spears and Steve Canfield return as contenders for the guard positions. Tim Weigand is the returning end, while Dan Dent is the returning center.

The Westgate Hawks start the season off with a preview game against Duckworth Plumbers at 7 p.m., Sept. 6 on the Franklin Heights High School Football Field.

The following league scheduled games will be played on Sundays at 2 p.m.:

Sept. 24—Gahanna, Oct. 1—Beatty Lions, Oct. 8—at Linden Milo-Roc, Oct. 15—at Lecompte (Reynoldsburg), Oct. 22—West Mound Rams and Oct. 29—at Lockbourne Air Force Base.

Head coach Dennis McDonald is assisted by Karl Fulton, Ed Richardson, Bob Eberhard, and Tex Hysell. If further information is desired, McDonald may be reached at TR. 8-4968, and Fulton at BR. 6-1023.

All those who are interested in becoming active members in the Westgate Hawks Booster Club, may contact Mrs. John Canfield, 356 S. Chase, BR. 4-6966.

W. MOUND RAMS PLAN FOOTBALL PRACTICE

The West Mound-st Rams will start football practice Aug. 2.

Practice is scheduled to begin at 6 p.m. in the rear of Hilltonia Junior High School.

Boys between the ages of nine and 13 are asked to be there at that time if they wish to try out.

Conards Have Winning Habit

The Conard family of 1947 Vaughn-st seems to make a habit of winning contests connected with the Bean Dinner.

This year, daughter Rita took third place in the slogan contest. In the past she has won prizes in the Baby Buggy competition on three occasions.

Mrs. Conard, who has entered the slogan contest every year but one since its inception, has also been a prize winner in the past.

A second daughter, Connie Sue, won the bicycle contest several years ago.

Briefly Told: Localites have been providing a lot of hospital biz recently: Nellie Stout in for some checkups, Mildred Williams recuperating from a back problem, Denny Johnson received a double fracture of an arm while playing football, Georgia Gold in for treatments and Mattie Spence in University. Susan Graham is at Mayo Clinic, too. . . Pat Cochran, Westmoor hotshot, took two firsts in shot put and softball throw, in the Junior Olympics at Ohio Stadium last Saturday. . . Steve Strohm is about to take up a two-year hitch with Uncle Sam's Navy. . . It's a 10 pound baby boy for the Rev. and Mrs. Kurt H. Meuscheke, (Nancy Hoare), of Castalia. Grandparents are Mr. and Mrs. William Hoare, 207 Powhatan, and 12 hours after this good news came in, they flew to Amarillo, Tex., where they joined Mr. and Mrs. Horace Swain for a month's trip in the west. . . Former Glenwood Methodist pastor Joe Shellhaas was guest minister at Trinity Methodist Church in Lima for the month of July and reports that he and Jane are enjoying their farm at Bellefontaine. . . Anyone who is assigned a phone number that is similar to the one used for the free time-telling service is bound to be kept busy. The folks at Capital Elevator Co., 424 W. Town-st, found that out. They recently put in a new system and were plagued day and night with time-seekers — mainly children who were dialing improperly. Capital complained and got another number, third in a year's time. P.S.—It missed the new directory by two days.

Blood Donors Are Sought For Fireman

Blood donors were being sought Tuesday for James Thomas Duckworth, 22, Columbus fireman, who is critically ill in Grant Hospital with neck injuries suffered last week.

Duckworth, 1008 Miller-av, was injured when he struck his head on the bottom of the Hall-ridge Club swimming pool.

Officials at the Red Cross Regional Blood Center, 812 E. Broad-st, said there is a particular need for Duckworth's blood type "O" positive, because it is the commonest type and therefore needed for more ill and injured persons.

HospitalPatients Are Entertained By Kiwanians

More than 100 older women patients of the Columbus State Hospital were entertained by the West Side Kiwanis Club at a picnic on the hospital grounds last Thursday.

The Kiwanians cooked and served a supper and later passed out candy and cigarettes. Games and music were provided.

Kiwanians assisting the Voluntary Service Council with arrangements were Harry Essick, George Weber, Rev. Al Rose, Herman Wilbarm, Ted Klentz, Austin Hutt, Al Bender, Walter Cunningham, Lee Beall, Frank Watts and Marcus Orr.

David Floyd, 11, Killed In Fall

David Elson Floyd, 11, of 2681 Vanderberg, was killed Sunday when he fell from a trailer being towed by his father's car.

The boy, son of Mr. and Mrs. Fred Elson Floyd, Jr., died of massive skull fractures, according to highway patrolmen.

The accident occurred three miles south of Circleville while the family was on its way to Huntington, W. Va., to visit the father's parents.

David was playing in the trailer with a younger brother when he accidentally opened the door and fell to the highway, authorities said.

His body was taken to the Defenbaugh Funeral Home in Circleville and later will be sent to the Kincaid Funeral Home in Huntington, where services will be held.

THE HEAT'S ON KOOL-AID VENDORS

by John Auble, Jr.

So - help - me - Frank Nitti, but doggoned if I'm not convinced that the following situation is going-on right now in this area:

The slight figure worked his way down a dark alley . . . paused beneath a dim light and looked around . . . bit his lip . . . crept up to a large door and gazed through a peep-hole.

"Gregory sent me," he says. The face inside the door nods and the door is opened.

He walks in and, amid an atmosphere of rock 'n roll records, the smell of bubble gum and assorted coloring books, he's asked: "What's yours?"

"I'll take grape," he says. Of course, he could have selected raspberry, cherry, orange, lime or any number of flavors — including lemon-ade.

Naturally, it's all "black-market" and those who were selling it live in constant fear that government agents will bust through the door any minute and confiscate the sugar bowl, ice cubes and pitcher.

The kids have gone underground. And, they say that they'll stay there until the stiff requirements for operating a stand are lifted.

Of course, this is probably all imaginary.

But, area children are really having their problems since local authorities are making it tough for a kid to be enterprising.

For instance, a child is breaking the law if he opens a Kool-Aid or lemonade stand without first obtaining a vendor's license from the state for operating it.

And, if some kid gets extra thirsty and buys more than 30-cents worth of the summertime liquid, the salesman will be in the wrong for not charging sales tax.

This is only part of the story.

Joe Neal, sanitation supervisor for the Columbus Board of Health, says that a child would need a food handler's permit before he can make a sale.

This means that the Health Department must make periodic inspections of the orange crate stands. Food permits range from $5 to $15, Neal said. A vendor's license costs about a buck.

Even if a child does buy the necessary licenses, he's still not safe unless:

1. He locates his stand in an area zoned for business,
2. He has toilet facilities, and
3. Has facilities for his customers to wash their hands.

Why is all this necessary? Neal explained it this way:

"First of all, let me say that we here at the Department first try to discourage children from opening the

DIGGING IN AT GROUNDBREAKING ceremonies for the new Senior Citizens Center Thursday afternoon were MHA Director Russell Taylor, Recreation Department Director R. J. Barack, Rabbi Nathan Zelizer, Mayor Ralston Westlake, MHA Board Chairman Henry Linton and Ollie Oelgoetz, president of the Recreation Commission.

Senior Citizens Center Stirs World-Wide Interest

Organizations from throughout the United States and throughout the world have indicated an interest in the new Senior Citizens Center soon to rise on the near West Side.

Inquiries have reached the Metropolitan Housing Authority, co-sponsor of the $2.5 million center along with the Columbus Recreation Department, from every section of the country and at least four foreign nations.

A delegation from Egypt visited MHA director Russell Taylor to discuss the project, as did a representative of a public housing commission in England.

Agencies in France and Nationalist China have sought information less directly, through the mails.

What aspects of the new center have created the most interest?

Financing and operation, according to Taylor.

"Most queries are interested in the cooperation between a housing authority and city recreation department."

The MHA will bear the major financial burden — all except $330,000 kicked in by the city. The city of Columbus will provide a staff to operate the recreation program at the center.

The cooperation is unique, Taylor says. "There's not another setup like it in the country."

However, he indicated that several other communities have reached at least the planning stage on centers patterned after the one here.

Work on the Senior Citizens Center is scheduled to begin Aug. 21.

Plans call for the $2.5 million project to be completed within 18 months—early 1963.

Contractor is R. P. Farnsworth and Co., Inc. of New York City. The firm was awarded the general contract on a low bid of $1,689,500.

How has the project received such wide attention?

According to Taylor, the mass media have played their part in carrying the story around the world.

But, he said, most inquiries have been stimulated by recently published books on public housing and problems of the elderly which have cited the local center.

Baseball Trip Is Offered To Cincinnati, Sunday, Sept. 24

Here's big news for all Hartley Newspaper readers who are fans of the Cincinnati Reds baseball club.

In answer to many requests for a Sunday trip to Cincinnati to watch the power-packed Reds play a game this season, the Hartley papers have arranged for just such a trip . . . and at a cost the old pocketbook can afford.

The date has been set for Sunday, Sept. 24, as the Reds play a double-header with the San Francisco Giants. This will be the last home double-header of the current season. If the Reds are still in first place (and it looks like they stand a good chance), this would be the last Sunday home game before the beginning of the World Series.

Chartered Lake Shore buses will transport the group to Cincinnati. Every tour member will receive a delicious fried chicken dinner enroute to the ball park.

The group will have the best

WORLDLY FLAVOR

Playground Pageant Set For Schiller Park

Some 700 to 800 children in the East, South and West Sides of Columbus will participate in the Recreation Department's Pageant slated for Schiller Park, Aug. 16.

The Pageant has previously been held at Central High School, a Recreation spokesman said Tuesday, but this year it'll be held outside in Schiller's bandstand.

Schiller Director Tom Crawshaw stated that it might be a good idea to bring along folding chairs, due to the limited seating capacity.

The theme this year is "Recreation Around The World" featuring songs and dances from various countries.

Music will be furnished by the Columbus Federation of Musicians.

County Fair Opens Monday In Hilliard; Thousands Expected

The 1961 Franklin County Fair will have four nights of harness racing on the schedule when it opens on Monday, Aug. 14 at the county fairgrounds in Hilliard.

From Tuesday through Friday, the pari-mutuel windows will open at 8 p.m. each night. Drivers will be racing for purses totaling between $25,000 and $30,000 for the four-day meet.

The eight events each night will include races for pacers, trotters and two Home Talent Colt races for two and three-year-olds.

When the first races were held at the Franklin County Fair, the drivers raced for a split of the gate in the afternoon meets. In 1947, night harness racing made its debut in Central Ohio at the county fairgrounds track, and since then night harness racing has become one of the favorite local spectator sports.

Well-known drivers from all over the county will be competing in the events at the county fair. "Doc" McMillen, harness racing's grand old master, will no doubt be one of them since the "Doc" hasn't missed a county fair meet for many years.

In addition to the many Junior Fair activities next week, crowds of teenagers will also be on hand for the four big D-J Dances which start on Tuesday and run through Friday. Each night from 8 to 11 p.m., a different top name radio or TV personality will emcee the dance and have show acts to entertain with "live" music and song.

Kicking off the sessions will be Gene Fulton and Friends from WTVN-TV, Channel 6. Gene will have his entire "Gene's Canteen" cast with him, including

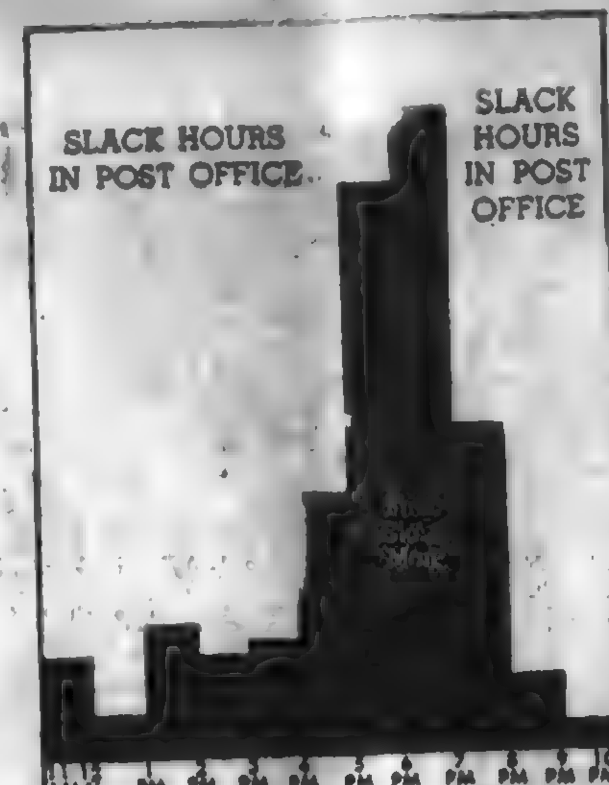
AVOID THE RUSH!



Those reports . . . those invoices . . . those notices . . . do they have to get into the mail tonight? If they aren't that urgent, you can do your local postmaster and his employees a great favor by bringing them to the post office during slack hours, earlier in the day.

Sure, postal employees are busy most of the time but, as the above chart shows, there are hours when they are really up-to-their-necks in work. So, if you can avoid these rush periods with your non-priority first-class mail, you'll help all the mail get there faster, including your own.

That's what volume mailers of third-class mail have been doing for years. They check with the U.S. Post Office Department weeks in advance and schedule their mailings to avoid rush days and hours. Then they "package" the mail so the post office can handle it with a minimum of labor and expense.

All third-class mail is easily identifiable as such and can therefore be readily set aside for handling during slack periods. It is, however, impossible for postal clerks to examine first-class mail and determine which pieces are urgent and which are not; they must assume that it is all priority mail. Hence the only solution is for the mailers themselves to hold back the first-class pieces that are not urgent and deliver them to the post office during slack hours.

So, if you want to help speed up the postal service and avoid delays, follow the chart above!

LETTERS TO THE EDITOR:

West Side Council Seeks Dana Supervision, Lighting

Following is the text of two letters sent to city officials by the West Side Neighborhood Council:

To Mr. Nick Barack,
Superintendent,
City Recreation Department

"(We) would like to add a protest to the effect of not having a playground supervised at the Dana Avenue School. We feel it is indeed a worthwhile project and should be considered for next year, if not for this one. It is a shame all of the children in that area have no supervised play area.

"We would also like to see a playground again at the corner of Central and McKinley-avs after they tear down those housing projects."

To Mr. Ernest H. Stork,
City Service Director —

"(We) would like to have the overhead lighting at the underpasses of Town, Rich and Sullivant installed as soon as possible. These are very dark areas for people to have to walk under at night. With crime and all on the increase these lights would help to relieve a lot of dark places.

"Thank you for your cooperation."

Sincerely,
Mrs. Donald Doust, secretary
West Side Neighborhood Council.

BUILDS FALL-OUT SHELTER

Now Pleasant Street Wouldn't Be So Pleasant-If Bomb Hit

By JOHN AUBLE, JR.

Mariner-dr is a pleasant street of above-average brick homes in Reynoldsburg. Homes are in neat rows; shrubs and trees dot well-kept lawns. It's a friendly and placid place to live.

But, it may not always be that way. This is the conclusion of Kahiki Restaurateur Lee Henry and Mrs. Henry, of 1465 Mariner-dr.

They visualize it in a different light. Without stretching their imagination too much, they can picture their street—indeed, the entire surrounding area—as a bubbling, panicky mass of humanity — shouting, screaming, running — to save their lives.

Right now they're doing something to protect themselves.

The Henrys decided to install a bomb shelter in their backyard, and their action has caused neighbors to become civil defense minded, too.

"We hope that our bomb shelter installation will result in others in the community taking similar protective steps," said Henry's wife Marilyn. "We'd have quite a job on our hands if an attack came and everyone tried to cram into our shelter."

Mrs. Geller

"If a person knows he'll die in a day or so if exposed to fallout, he'll do anything to save himself," Henry added.

He pointed out that practically everyone can afford a shelter. The cost—about $1,100 for the Henrys — may, if desired, be added to the mortgage of a home.

Their shelter is set about 12 feet in the ground, is eight feet in diameter, and projects 18 inches above the surface of the ground. The necessities of bomb shelter life, following Civil Defense recommendations, will be added in the near future.

The Henrys have done much reading on the subjects of radio-active fallout, bomb efficiency, etc., and they admit, "We're scared." They believe that more people would become conscious of the dangers of modern warfare if they would take the time to read and understand the world situation.

"All through history," Lee commented, "people have said, 'It won't happen to us,' but it always has."

The shelter tends to give them a feeling of security — "just like safety belts in a car," Marilyn said.

Mrs. Hanahs

Lee agrees with Civil Defense Director Russ Pennell that America would be a stronger country if everyone had bomb shelter facilities. "It would be a terrific selling point if we could tell aggressive countries that their bombs could only kill about 10 per cent of our population," Henry said. "I just can't understand how any person can live in the United States and not be aware of the danger.

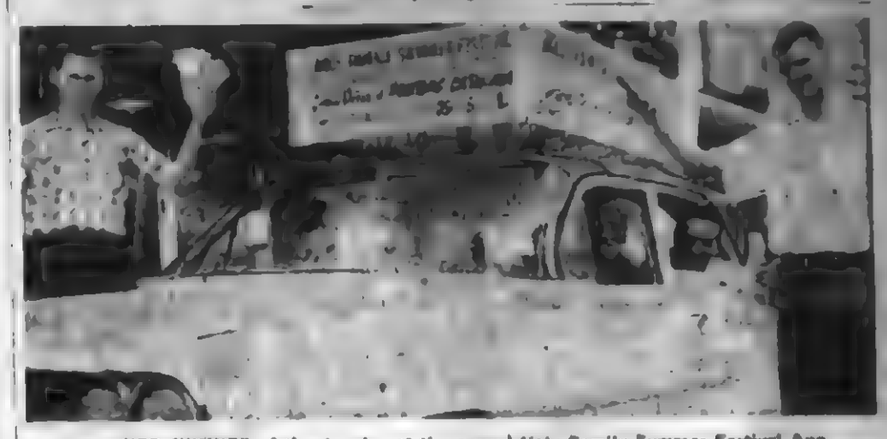
"News programs have almost doubled, telling of the Berlin situation and trouble spots. But ask the man on the street what he thinks about Russia and he can't give an intelligent answer. 'I don't know, maybe everybody watches Looney Tunes or something.'

"The danger is here and it's a real danger. Every American man should make provisions to save his family in an attack. He should have a Geiger counter and know what to do in fallout." Henry's neighbors say they agree.

Gerdinio

Mrs. Kathleen Geller, 1463 Mariner-dr; "Don't laugh at him—we're not. I'm sure that it will happen, but it doesn't really scare me. However, I'm not going to joke about it."

Mrs. Barbara Hanahs, 1467 Mariner-dr: "I think that the Henrys are doing a wonderful thing. It gives a lot of security. But, it kinda scares you to know that your neighbors are taking steps against an attack."



Frank Gerdinio, 1472 Mariner-dr: "I wish there was room for me in that thing. More than that, I wish I had one. But, I was in the second World War and I'm used to things falling around me."

All of the neighbors liked the idea. In fact, they liked it so well they think they might build a shelter — someday . . . if they have time.

It may be later than we think, is the point of view taken by the Henrys — and their actions reflect their mood.

MR. AND MRS. LEE HENRY, Reynoldsburg residents, look over the digging of their bomb shelter which they put in the back yard at 1465 Mariner-dr. They are urging all residents in the area to install them.

YEP, WINNER of the drawing at the annual Holy Family Summer Festival Aug. 19 will receive a 1961 auto. Looking over the prize are Ed Kibbee, 265 S. Princeton, ticket chairman; Msgr. George Gressel, pastor at Holy Family; Lester Long, 870 W. State, festival chairman; and Jack Grimes, 148 Dakota, publicity chairman.

Holy Family Arranging Big Festival

It's summer festival time again at Holy Family parish.

The event will be held Friday and Saturday, Aug. 18 and 19 at the school grounds, S. Sandusky-st, near W. Broad (entrance from Grubb-st). Fish and French fries will be served after 6 p.m. Friday; and a smorgasbord will be featured Saturday evening.

There will be games, rides and amusements both evenings.

Topping a list of prizes to be awarded about midnight Saturday will be a four-door 1961 Pontiac Catalina, courtesy of Haydocy's. Second prize is $50 cash; third — boy's or girl's bicycle; fourth — $25 cash.

Festival chairman is Lester Long, assisted by Jack Humphrey. Ed Kibbee is in charge of the car award.

MRS. EMILY SHARKEY

Mrs. Emily Sharkey, 704 Derrer-rd, succumbed late Tuesday night. Funeral arrangements are being completed by Spears Funeral Home.

Baby's High Shoes

Did you ever have a cast on your arm for several weeks? When it was removed your arm was so weak you couldn't lift a cup of coffee. Nature is lazy . . . anything you tie up, so it can't move gets weaker, not stronger. So, regardless of what grandmother says, high shoes make weak ankles. As soon as your baby is walking and will leave shoes on, he will be better off in low shoes. The only good thing about high shoes is . . . they stay on. The baby can't get them off as easily. Support for the ankles, if it is needed, comes from wedges in the heels or from support under the foot and it is just as effective in low shoes. The only thing you have to watch about the first low shoes is rubbing under the ankle bone. We avoid this by using a small felt heel cushion to lift the ankle above the shoe top for a few days. Consult your pediatrician if you are in doubt. He should check your child's feet and legs periodically.

'West Side Story' At Vets Is Warm, Touching Story

Haunting strains of Leonard Bernstein's much acclaimed musical score of "West Side Story," will be heard by Columbus audiences through Sunday of this week as the Kenley Players present Carla Alberghetti and Don McKay in the play's starring roles at Veterans Memorial.

Those who are not familiar with the score have missed a great deal. But discovery awaits them this week from the first moment when Conductor Dobbs Franks leads the orchestra into the musical prologue . . . discovery as to what beautiful music can be.

Hailed by critics the country over as a brilliant musical achievement, "West Side Story" includes in its score such numbers as "Maria," "Tonight," "One Hand, One Heart," and the touching "Somewhere" ballet.

Don McKay and Carla Alberghetti, as lovers Tony and Maria, render a touchingly tender performance. Cast as two youngsters whose love is destroyed by different ethnic backgrounds, they bring to the Vets stage a warm, human quality that serves to accent the show's tragic theme.

Choreographer Mario Melodia and Jere Michael, his assistant, succeed in their interpretation of what certainly is among the most difficult of all musicals to stage. Constant tempo changes necessitate work and imagination, and Melodia comes through again as he consistently has done throughout the season.

In addition to his obvious talents for choreography, Melodia plays the part of Chino in a deft, sensitive manner.

James Moore, playing the part of Riff, again proves that he is determined to be one of the best actors around. Moore has been seen several times this season by Columbus audiences . . . his talent for versatility is deserving of any praise he receives.

Carmine Terra, as shark leader Bernardo, is as convincing as an actor could be. He looks, acts and seems to feel the role.

An additional bright spot during a very entertaining evening is Barbara Luna in the role of Anita. Like Terra, she looks the part. Her accent is quite believable, and her portrayal in general leaves little to be desired.

Paul Church, another familiar face to local theater-goers, is convincing as Doc, the elderly store owner who attempts to resolve differences between the two gangs. He again proves that he is an accomplished actor.

In this writer's opinion, "West Side Story" excells as entertainment . . . it is surely one of America's finest musical moments.

This week's Kenley production has reinforced this opinion. The cast is superb . . . the dancing and music something to remember . . . and the story touching.

McKay and Alberghetti are flawless in their vocal renditions, and touching in their interpretations of the respective roles.

If you are a music lover, don't miss "West Side Story." If you like music, don't miss it . . . if you don't like music, see it anyway . . . perhaps you'll feel differently at the final curtain.

LOCAL SWEET CORN AT ITS BEST

Sweet corn is at its best now, and abundant is hardly adequate to describe the supply. Local producers are picking daily from one of the best sweet corn crops in years, and besides it's rolling to our market from all parts of Ohio. Early cool weather caused different plantings of sweet corn to ripen practically at the same time, bringing an unusual supplies last week and this.

As always, when supplies are abundant prices have taken a tumble, so don't delay your freezing or canning much longer. Prices are expected to turn upward when marketings return to normal size.

Eating quality of sweet corn is excellent —one good thing we can credit to those recent hot humid days. That's the kind of weather that fills the ears with plump milky kernels. But, both taste and tenderness depend upon the sugar content of the kernels. Sweet corn sugars turn to starch soon after harvest. And when temperatures are high, the change is more rapid.

Here's where locally grown corn has the advantage. It can reach you soon after it's picked. To help maintain quality, much of our local corn is hydro-cooled—its cooled with ice water shortly after picking. This cools not only the kernels but the cob interior as well, and retards sugar loss. To keep the corn cool, it should be iced or refrigerated until ready to cook.

And, as all good cooks know, a few minutes in boiling water is enough. Over cooking makes the kernels tough and they lose their [illegible]

The Ohio peach season is well underway. Growers say if you want tree ripened peaches you can get Erie-Red-Fre and Dixie Red varities at their orchards this week. Redhavens are expected to be ready about Aug. 12-15, but many still feel it will be August 20 till the peak comes. Golden Jubilee will follow Redhavens closely.

This is probably the last week to get freshly picked Transparent and Lodi apples at the orchards. Williams Red—the beautiful summer apple—is ready now.

Melon time is here, too. Indiana cantaloupes are available in volume, adding to shipments from California and more distant areas. Prices are generally lower on those from the nearby sources. Ohio cantaloupe acreage is down from last year but is above average. They'll be coming soon.

Watermelon harvest is on in Indiana and many of them coming our way. There are also good supplies of honeydew melons and increasing volume of Persian melons. You'll see limited supplies of the less familiar Crenshaws and Casabas.

Floods Proposed For Central High

A proposal to floodlight Central High School has been made by Public School Superintendent Harold H. Ebling.

He said that the necessary lights will be installed if it can be done for less than $3,000.

The program will be part of Mayor Ralston Westlake's "light up the Civic Center" program.

Champ Chase Eliminated By Strong Hudson Team, 4-3

Columbus' bid for state-wide baseball fame fell by the wayside Aug. 2 at Athens.

Columbus Camp Chase Post was eliminated from the Ohio American Junior Baseball Tournament in Athens Wednesday when Hudson scored a 4-3 victory over the Capital Citians in 10 innings.

It was Camp Chase's second defeat in the double-elimination competition.

Jim Thornton limited Hudson to six hits over the 10 innings but the Columbus batters could manufacture only eight safeties. Thornton fanned 13 and walked only two.

With two down in the 10th, Pete Williamson grounded to Steve Wilson at shortstop and went all the way to second on Wilson's throwing error. Bob Bedell then singled to left to plat Williamson with the winning run.

Hudson broke the scoring ice with two runs in the sixth on three singles and a sacrifice.

Camp Chase tallied one in the same round on Jim Workman's double, a passed ball and Jack Trotter's single.

Hudson has only 11 men on its roster, but the Cleveland suburban team took advantage of that break in the extra inning to beat out the Chase bid.

Warren Fifer, Hudson's No. 1 pitcher, came on to win the decision in relief with three innings of runless ball. Gene Kovach was the Hudson starter.

The upstaters produced another tally in the seventh with a single, passed ball and a walk.

Columbus deadlocked the game in the seventh with a pair of runs that came out of a walk to John Evans, a triple by Wilson and a passed ball.

WIN AT HILLTOP POOL

PRETTY KATHY Redmond, 13, and John McQuaid, also 13, were two of the winners in the Suburban League Swimming competition held at the Hilltop Swimming Pool last week. Kathy, of 3260 Stevens-dr, was the winner in the 14 and under, 100-yd. freestyle. She's a member of the Hilltop Pool. McQuaid, from Swimland Pool, took honors in the 100-yd. freestyle, also.

West Side Boys Club Grabs Four Wins Over Weekend

The West Side Boys' Club Pony League team fought its way through a busy four game schedule last week and came out victorious each time to run its season record to 20-1.

With a lot of pitching help needed regular catcher Dan Dent turned pitcher and threw three no-hit, no-run innings at the Aragons on Tuesday to gain credit for the win.

Jerry Francis finished up allowing one hit and one run in a 9-1 victory. Regular Shortstop Rick Wuertz caught the game and threw out two successive runners attempting to steal.

On Thursday the team traveled out to Hilliard and in a well played pitcher's duel edged the home team 2-1.

Boys' Club Pitcher Pete Eyer fanned thirteen, walked three and gave up four hits.

Trailing 1-0 going into the last inning Butch McDaniel walked, Sam Watson was inserted as a pinch runner. Then John Postle shot a triple down the left field line to score Watson and when the throw-in went astray Postle romped home with the lead run.

On Friday the team journeyed to Commercial Point and as a part of the homecoming festivities downed the home team 13-7 in a game marred by 20 walks and two hit batsmen.

On Saturday they played Valleyview in final Pony League game of the year. The game was called at the bottom of the fifth with the Boys' Club leading 6-3.

The win enabled the team to finish the Pony League season with a record of 19 wins and no losses. Valleyview started off by collecting three hits and two runs.

Pitcher John Morlan and his mates were undaunted, however, and came back with three runs in their half of the first. The big blows were back to back triples by Eyer and Morlan.

The Boys' Club came back with three more runs in the second with Jerry Francis hitting a two-run homer.

Francis, Morlan and Wuertz each collected two hits and Pete Eyer had three for three, while McDaniel and Harold Frasure each had one hit to lead the 11-hit assault.

Morlan fanned 11 and walked three in earning his second straight victory.

Jet Home Attendance Soars; Cooper Sets Night For Fans

The league leading Columbus Jets return home Monday, Aug. 14 to open a four game series against the Rochester Red Wings.

There are only 16 more openings, involving 18 games, at Jet Stadium for the 1961 season and General Manager Harold Cooper has designated August 14 as "Attendance Night."

In an effort to boost the attendance and the fact that the a team plays better ball with bigger crowds in the stands, fans will be admitted to Jet Stadium on Aug. 14 for $1.00 and may sit anywhere except in the box seats.

The Jets, striving for the first Columbus baseball pennant in 20 years, have drawn 127,223 paid fans for 44 openings. In 1960 the Jets drew only 136,053 paid fans for 68 openings. Therefore the Jets can break last year's attendance mark on Aug. 14 if 9,830 fans pay their way into Jet Stadium.

Aug. 14 is also Lincoln Village Night at Jet Stadium.

Other special nights for the balance of the season at Jet Stadium are Agonis Night on Aug. 15; Ladies Night, Junior Jet Night on Aug. 17; Bowlers Night on Aug. 18, Western Electric on Aug. 19; Capitol Mfg. Co., Miss Jet Day on Aug. 20; North American Night on Aug. 30 and Ladies Night-Fashion Show on Aug. 31.

Box and reserve seats for future Jet games are on sale at the stadium box office.

Aug. 27 Date Of Championship Racing At CBS

A 5'-5" trophy will be awarded to the most popular go-cart driver at CBS Park Speedway near Lancaster during the big championship races beginning at 2 p.m. Sunday, Aug. 27.

In action last weekend Steve Conklin came the closest to breaking Dick Gray's track record by running 9.8 seconds in the time trials. William Bankston ran 10 flat and Ron Oliver was third in the time running with 12 seconds.

Last week's offer of letting the "A" carts run free Friday night and the powder puff drivers free Sunday has extended through this week.

The junior boys won their league championship.

The schedule for boys' volleyball games will be posted on the bulletin board.

The crafts schedule has been changed from 1:30 to 12:30-2:30. Children are working on jewelry and raffia this week.

With just three weeks in the playground season left, there are many things to finish up.

At McKinley . . .

Last week the boys' softball team finished its season with a loss to Glenwood. The girls lost to Sunshine 16 to 19. They will play their final game Thursday at 6 p.m. with Hauntz.

The boys' volleyball team defeated Sunshine 15-11 and 15-4 in the first round of the tournament. They will meet Holton in their next game.

Monday the traveling zoo made its second visit to the playground.

Tuesday evening McKinley's diamond was the scene of the West Side senior boys' softball game between Chicago and Holton.

Pageant time is nearly here and Chicago and McKinley are continuing the Hawaiian theme used for the lantern parade. Hawaiian dancers at McKinley are Joyce Dudley, Patty Weaver, Violet Thompson, Marcia Payne, and Mary Sue Strickley. They are working hard and learning authentic island dances for the pageant at Schiller park Aug. 18.

At Binns . . .

For the past week nine boys and girls attended day camp at Indian Village. They were Karen Sawisa, Patty Zawisa, Linda Ann Curry, Steven Finkel, Mary Ann Phillips, Hiram Phillips, Gary Ell, Arthur Stevens and Martha Stevens.

Two girls recently completed their physical fitness tests and will receive certificates. They are Beverly Rieser and Christine River. Each Friday evening is devoted to girls' physical fitness.

Arts and Crafts this week included the following — jewelry making, basketry, sewing, clay modeling, gimp, crafts, paper bag puppets and other paper crafts.

A breeze ball tournament for boys 11 and over will be organized if enough interest is shown. Those interested should sign up at the playground.

At Sullivant Gardens . . .

In the weekly soft ball games Sullivant Gardens intermediate girls team defeated Burroughs 23-17. The intermediate boys defeated Westgate 15-8.

The children of Sullivant Gardens are making coolie hats and lanterns for the parade in the City Recreation Department pagent at Schiller Park on Aug. 17. Several of the parents are assisting Mrs. Sims with the costumes for this event.

In the city-wide volleyball tournament, Sullivant Gardens has defeated Sunshine and Kingswood to move into the third round. Members of the team are Daisy Mazique, Sandy Smith, Geraldine Watson, Virginia Hicks and Mary Hensley.

At Sunshine . . .

Junior Jet teams began second-round play this week. Regular games were played two days this week. Friday the rained out games were made up. Upon completion of the rained out games, Friday's are being reserved for softball games between the coaches of the two leagues. They will be notified as to the time and date.

All of Sunshine's teams are now in the winning column. The Indians are the only undefeated team in either league. The standings are as follows:

AMERICAN LEAGUE — Indians, 11-0; Angels, 10-2; Red Sox, 9-2; Senators, 7-4; Twins, 2-4; Athletics, 4-7; White Sox, 3-7; Orioles, 3-7; Tigers, 1-9; Yankees, 1-9.

NATIONAL LEAGUE — Dodgers, 8-1; Reds, 8-2; Pirates, 7-2; Braves, 8-4; Cards, 6-3; Phillies, 4-8; Angels, 3-7; Giants, 3-8; Cubs, 1-8; Twins, 1-11.

Outstanding players of the week were Tom Reynolds, son of Mr. and Mrs. Dell Reynolds, and John Metzler, son of Mr. and Mrs. William Metzler. Tom is a member of the league-leading Indians. He is the best catcher in the league and a long ball hitter. John is a member of the Senators. John has pitched them to their victories this season. This week he fired a one-hitter in league play. He missed a no-hitter in the last inning with two outs.

The season has ended for the boys softball teams. Both teams had fair seasons, each team winning three and losing four.

For the season, Jim Taylor, Dana Noble, Shorty Lewis, and John Farrell led the junior boys' team. The team leaders for the intermediate team were Creed McFall, Bob Baker, Richard Johnson, and Ralph Vincent. The team members of both teams wish to thank the other West Side playground leaders and players for the hospitality shown them at the away games.

The boys' volleyball teams were in action this week in the inter-playground tournament. The intermediate game was won by Glenwood. Sunshine's senior boys lost to McKinley.

The girls' intermediate softball team beat McKinley 19-16. Fine performances in the field were turned in by Mary Ann Fitzpatrick, Nancy Lewis, Leah Smith and Pat McGue. The children at Sunshine have been working daily on their props for the Spanish Bullfight skit. It will be given at the pageant on Aug. 16. Practice for the skit is held each day at 6 p.m. Anyone interested is welcome to participate.

At Westgate . . .

Because of bad weather only two games were played in Major League Junior Jets. In the first game, Rick Winston pitched a no-hitter as the Bucks beat the Tigers 9-0. Haines, R. Winston, E. Winston and Foxx each had hits for the winners. Beegle, Kuemmel and Barnes fielded well for the losers.

In the second game the Indians blanked the Colts 1-0 as Bradley pitched a three-hitter. He also had two hits. For the losers Rankin had two of the three hits. Patridge collected the other hit.

In softball, a junior all-star team has been chosen from the three Westgate teams. This past week they beat West Mound 3-2, Barnes getting two hits and McCoy, R. Winston, Douglas and Search collecting one each. The team is composed of Jan Ellis, Don Douglas, Don Volluth, Ken Patridge, Jim Slane, Rick Winston, Fred McCoy, Marty Barnes, Jeff Search, Bill Weeks, Warren Langdon, Sonny Ehlers, Dave Hines, Craig Martin, Ted Koerner and Gill Rankin.

Junior Jet standings: Minor League: Braves, 8-0; Hawks 7-3; Jets 4-4; Reds 4-7; Yankees 2-7.

Major League: Bucks 8-0; Marlins 3-1; Giants 3-2; Tigers 3-3; Indians 1-6; Colts 0-5.

The Minor League is about to complete play with the Braves still on top of the pack showing a 7-0 record. They defeated the second place Hawks last Friday to avoid a tie, with a 10-2 score. Roy Rockefeller connected for two hits for the winners and Randy Pleas turned in another outstanding pitching performance. Earlier in the week the Hawks defeated the Reds 8-6. Tom Johannes hit a double and single for the losing Reds. The Yankee-Brave game was rained out and the Jets won a forfeit from the Reds.

Boys' intermediate softball came to a close last week with Team 2 losing to Sullivant Gardens 13-8. Jim Burden collected four hits for the losers while Dan O'Neal and Bob Nash went three for four during the game.

Physical fitness winners this week were Bob Barnhart, Tim Dewitt, Bill Highfill, Dave Chrisman, John Biggers, Bob Harris and Tom Tony.

More than 70 participants were entered from Westgate in the Junior Olympics last Saturday and helped the team come in tenth out of more than 70 team entrants. Rose Bias was the only winner from the park as she finished first in the 100-yard dash for girls 16 and 17.

At Glenwood . .

The Junior Jet records at Glenwood are Reds 11-8, Tigers 11-9, Yanks 7-8, Jets 4-11. Several games have been rained out during the season and very little time is left for playing them. At the end of the season there will be an all-star game among the four teams at Glenwood.

Intermediate boys' softball teams won the league championship by defeating McKinley 16-10. The season record is six wins and no losses. Leading hitters were Jerry Carter, Ernest Starks, Herschel Newman, Sterling Henderson and Ronnie Tecker. The boys will play John Burroughs for the sectional championship this week.

The Oldtimers beat the Ancient Men in a slow-pitch softball game at Glenwood last week 18-5. Glenwood's Oldtimers will play the Oldtimers from Burroughs Thursday at 6:30 at Glenwood.

Glenwood placed third in competition with all the playgrounds in the city with 67 points at the Junior Olympics track and field meet. Forty-two boys and girls participated.

In the volleyball tournament, the intermediate boys' team beat Sunshine 15-1, 15-4. Thompson, however, squeaked out a victory over Glenwood 17-15 in the second round of play.

Local boys on the team were Jerry Carter, Steven Check, Herschel Newman, Lawrence Stewart, Ernest Starks, John Pullins and Ron Tidwell.

The Junior Girls' softball team nearly scored a victory over Holton last Friday when they came from behind, scoring six successive runs, to tie up the score at 11-11. In the final inning of play, however, Holton was able to score another run, winning the game 12-11. The near win was due to excellent team play and the hitting efforts of Diane Hargrove, Shirley Pritchard and Ranelle Brown.

The traveling zoo returned to Glenwood for a second visit on Tuesday evening.

Papier mache birds and weaving pot holders were part of the activities last week. The children are also hard at work on Glenwood's set for the pageant, an event coming up August 16, at Schiller Park.

At Highland . . .

Playground leaders are selling tickets to a dance sponsored by the Columbus Recreation Department. The Westchester Lariats will play.

The junior helper this week is Billy Podelco, son of Mr. and Mrs. John Podelco of S. Clarendon-dr.

Highland playground will participate in the playground pageant to be presented at Schiller Recreation Center.

Both are free shows. Opening up the fair on Monday night will be the Justice Brothers and the Cumberland Mountain Boys, stars of the Ohio State Jamboree over WCKY in Cincinnati. Ag Events

Agricultural events at the fair will be bigger and better than ever before with more exhibitors requesting more exhibition space. One of the main events in the program will be the Annual State Brown Swiss Cattle Show, Friday of fair week.

The Ohio State Brown Swiss Cattle Assn., has about 120 adult members and more than 30 junior members. About 25 or 30 breeders should be exhibiting between 150 and 200 head of prize cattle.

"And," Neal added, "to operate within the limits of the law, all of the above mentioned requirements would have to be met."

A chat with a local disc jockey revealed that some parents have called his station protesting to the police "closing down" a few stands within the city.

Of course, the vendor's license is a state ruling which would make it illegal for kids to sell the stuff anywhere in Ohio.

The largest source of farm income in Ohio is from the sale of dairy products. The second is hogs, sold for meat. Third is chickens, eggs turkeys. Ohio has more farm area under glass —in greenhouses—than any other state.

Former Hilltopper Develops New Skin Packaging Process

Develop a plastic packaging material that will display merchandise to maximum advantage but which will cost less than anything but a 'old fashioned' brown paper bag.

A tough assignment?

Right. But a former Hilltop man, Donald McCready, now associated with the Flexible Packaging Division of Continental Can Co., did it.

McCready, whose mother lives at 273 S. Powell-av, attended West High School and Ohio State University.

Following college he joined the staff of Battelle Memorial Institute doing plastics research and development work.

During the Korean War, McCready was with the Army Chemical Corps Technical Command. After his discharge, he remained with the Chemical Corps in a civilian capacity.

In 1957, he joined his present employer.

The material, a film of transparent plastic, is affixed to a display card which fits snugly around the article.

Skin packaging is done by placing the plastic over the article and the board on which it is to be mounted, heating the film and exhausting the air under the film so that the plastic fits tightly against the article and board.

The method developed by McCready eliminates one step in the process formerly used and permits the use of cheaper materials.

The procedure has been tested in packaging such parts as auto accessories, cutlery, drugs, cosmetics, electrical and electronic parts, sporting goods and tools.

"We have been working on the process for over a year, and it is now at the point where we think we have all the answers," McCready said.

He explained that some 15 or 20 major firms are already using or preparing to use the new method.

The moving industry and defense department have both indicated an interest in the process.

McCready's firm will provide only the film, which is made at its Newark plant and the method. A dozen or so other firms make the frames used in skin packaging and many suppliers provide the cardboard bases.

DEVELOPER Donald McCready displays samples of the new skin packaging process. Large board displays metal machine parts, small cards carry wrench and file sets packaged for retail trade.

TRACKSIDE

BY BILL GRAY

There were three feature winners at Columbus Motor Speedway Friday night.

First race of the evening was the rained-out modified feature of July 28. Don Townsend took the lead on the seventh lap and went the rest of the way to victory. The second super-modified feature went to Bob Smith, who notched his first feature win of the season. Smith moved out front into the lead on the 11th lap.

Dick Barrett was the winner of the Flying Stock 20 lap feature which was marred by numerous accidents that created seven restarts.

Powell's Saturday night card was rained out this past week and rescheduled for this next Saturday night.

It looked like Jack Bowsher was going to notch a super-modified feature, Sunday night, at the Columbus Motor Speedway, but Ralph O'Day came on like "gang-busters," to take the lead on the 22rd-lap of the 25-lapper, to get the win. Bowsher was second, followed by Dick Edders, Al Smith and Bob Smith.

The flying-tock feature went to Sam Belfiore, trailed by Harold Hartley, Bud St. Amant and Don Gregory.

This weekend, there will be three big nights of activity, with a regular eight-event program on Friday night, followed by the first-annual Charity Newsies National Championship programs, both Saturday and Sunday nights.

Saturday night, the flying-stocks will run a program, topped with a 50-lap National Championship feature.

Sunday night, there will be a five-event super-modified program, with a 100-lap National Championship feature and $3000 in prize money. $500 will go to the winner of the 100-lapper.

Time trials Friday will be at 7:00 and, due to the anticipated large turnout of cars, the Saturday and Sunday time trials will begin at 6:30. All three nights, the first race is scheduled for 8 o'clock.

IDLE HOUR GUIDE . . .

Missionary Story Scheduled; 'World Of Sports' On Ch. 6

By Stan Robinson

"The Savage, My Kinsman," the story of a young American widow who won over the same South American Tribe that killed her husband and four other missionaries, will be presented on WLW-C Friday, Aug. 11, at 8:30 p.m.

Robinson

The documentary was filmed and will be narrated by Betty Elliott, widow of Jim Elliott, who was one of the five American missionaries killed by the Auca Indians in Ecuador early in 1956.

Mrs. Elliott will tell how she learned the Auca language, then walked with her three-year-old daughter into the Amazon jungle until she found the tribe that traditionally had killed every outsider who dared come near it.

Local interest in the plight of the missionary wives is great, according to Mildred Smith of the Christian Book and Bible store. She said a number of her customers have been asking for information on the viewing date for "The Savage My Kinsman."

The missionary wives have compiled several publications to help them carry on the work led by their martyred husbands, she said. They also have made several TV appearances, including the "Ralph Edwards Show."

"1, 2, 3 — GO," with Jack Lescoulie—Jack Lescoulie, one of television's veteran personalities and ten-year-old Richard Thomas are preparing to start a new NBC-TV series for children, Sunday, Oct. 8. Richard will be the central figure of far-ranging adventures in which he explores real places around the world, from the bottom of the ocean to outer space. Lescoulie willl be his adult friend and companion — a kind of "Dutch Uncle"—who dispatches him on his interesting and colorful trips into adventure. "1, 2, 3—GO," is listed by the network as a public affairs presentation of NBC News. Lescoulie and Richard share the unusual experience of both having entered show business at the tender age of seven. To TV viewers, Jack Lescoulie became a household name as a panel member of the Dave Garroway "Today" program since he was with it when it started in January of 1952 and only departed by his own choosing this past July. Richard won an audition for the part of young John Roosevelt in "Sunrise At Campobello" on the Broadway stage and played the part for a year. Since last December, he has had a regular role in NBC-TV's "From These Roots," seen locally on WLW-C.

WORLD OF SPORTS SPECIAL ON WTVN-TV . . . Saturday, the 12th, Ch. 6 will present via ABC-TV, "World of Sports," the world hydroplane championship events at the Seattle Sea Fare and the National Women's Swimming and Diving Championships to be held in Philadelphia. Bill Fleming will describe the hydroplaning, which if you have never seen, makes for very interesting viewing.

RADIO LINES AROUND COLUMBUS . . . WMNI News Director Bob Sherman has been asked to keep a hand on the Columbus news pulse for WCKY Radio in Cincinnati. The "Queen City" station has just recently arranged a massive network of Ohio representatives in numerous cities, adding to their 24-hour-a-day operation, beaming 50,000 watts of radio power, latest and locally flavored news items for their listeners . . . WVKO deejay Eddie Saun.ers hopes to see many of his listeners on Friday the 11th at 1731 Queenway-av, as he broadcasts his regular radio show from beside the TB Society's Christmas Seal X-ray Cruiser. Eddie will interview and spin his records from 4 to 5 p.m. . . . Cleveland Browns football exhibition action against Detroit, Saturday, Aug. 12th, WRFD-FM 9 p.m. EST. WRFD will have the exhibition games and the regular schedule too with Gib Shanley handling the play-by-play . . . Dean Lewis of WBNS is preparing to handle the emceeing chores of the Miss Central Ohio beauty contest at Buckeye Lake, Sunday afternoon around 2:30. (Aug. 13) I am very happy to be one of the judges this year and am looking forward to the event with pleasant anticipation.

NEWARK VIEWER WINS . . . Carl F. Thompson of Newark won dinner for two and $50 worth of fishing equipment along with some lesser prizes in a recent Ch. 6 "Gone Fishin'" contest. The station asked viewers to write in 50 words or less the most fantastic fish story they could possibly come up with.

"Morning Show" host Bill Palmer read the best one of each day and from the entries, judge chose the following effort: "Being an excellentfisherman, I caught myself a beautiful mermaid. I could have married her too, with King Neptune's blessing, but I got to thinking how in the ocean would I be able to shave in the morning with all those fish tails hanging in the bathroom."

IN VIEW AND REVIEW . . . The American television industry will be represented in September's Prix Italie Competition by NBC-TV's "The Real West," narrated by the late Gary Cooper, and "Casals Master Class," filmed by National Educational Television, during the cellist's classes at Berkeley, Calif. . . . "Wide World Of Sports," on ABC-TV Saturday, Aug. 19, will be "A Classic Day of Golf," with Arnold Palmer and Gary Player competing for $10,000 at the Historic St. Andrews course in Scotland . . . "Frontier Justice," a series of western re-runs with Ralph Bellamy as host, replaces Dick Powell's, Thursday night "Zane Grey Theater," on CBS-TV in September.

Beginning October 5th, a new Bob Cummings show will occupy the time slot . . . Gamal Abdel Nasser, president of the United Arab Republic, will be interviewed at his office near Cairo for the Thursday, Aug. 24, edition of CBS-TV's "At The Source" . . . Marlene Schmidt, winner of the Miss Universe title, has a part in one of ABC-TV's "Surfside 6" adventures being readied for fall . . . Van Heflin, long a holdout against appearing in filmed TV shows, has signed to star in "Richochet," an hour-long drama that will be part of NBC-TV's "Dick Powell Show," filmed series for next season.

MARINES TO THE RESCUE . . . The Marines came to the rescue of a pretty Navy Wave to rush her before the cameras of NBC-TV's "Truth or Consequences," just before taping sessions ended. The show's viewers will see her receive her appointment as a Navy Nurse trainee on Aug. 24th, showing of the program in Columbus on WLW-C, 1:30 p.m. The station carries the telecast on a two-week delay basis.

The salute to Mary Donahue, planned by host Bob Barker was to coincide with the 19th annual re-union in Los Angeles of the Waves. The Navy plane was delayed in takeoff and when it finally landed, she was still 40 miles from Hollywood as the show time approached. The Leathernecks came to the rescue when a Marine copter brought Mary to a spot near the Sunset and Vine studios of NBC. A police escort helped her make it three minutes before the show ended.

Former Newsman Named West Journalism Instructor

A former newspaperman has been appointed as journalism instructor at West High School, and is now on duty at the school planning the coming year's program.

John J. Pettibone

John F. Pettibone, 875 Wedgewood-dr. has served as general and maritime reporter for the Florida Times-Union in Jacksonville, Fla., and as community press relations man for the American Red Cross in Chicago.

He taught seventh grade English and social studies at Waukegan, Ill., last year, and high school journalism and history during the two previous years in Pueblo, Colo.

Pettibone was enrolled in the graduate school at Ohio State University during the summer quarter, starting work on his master's degree in journalism.

In addition to teaching journalism and English at West, he will serve as faculty advisor for the newspaper and yearbook, and as public relations representative for the school.

Interested in all phases of the theater, he has earned scholarships in play-writing competitions.

A native of Anderson, Ind., he was graduated from Ball State Teachers College in Muncie with a BA degree in secondary education.

Mr. and Mrs. Pettibone are the parents of a daughter, Georgianne, seven.

Registration Schedule Set In S-W Area

Paul C. Hayes, superintendent of South Western City Schools, has announced that registration days for the coming school year will be Aug. 17 and 18 at each of the district's elementary schools.

For parents who can not come to school on those dates, a later registration has been set for Aug. 28 and 29. Hours for the registration are 9 a.m. to 4 p.m.

Parents who do not register children during these days may call the principal at the school to arrange for other times.

Parents who have children entering South Western schools for the first time are urged to register promptly. Pupils new to the first grade must have birth certificates.

All students must present records indicating that they have been immunized against polio, smallpox, diphtheria, pertussis, and tetanus. First grade students must have reached the age of six on or before Oct. 31 in order to be able to enroll. Children who registered in the spring need not reregister.

Walleyes, Bluegills Best Bet For Anglers At Hoover Dam

INSIDE ON THE Outdoors By ROD COCHRAN

Walleyes and bluegills are the star performers at Hoover Dam these days, according to Henry Cring at Paul's Marina.

"Several good stringers of walleyes have shown up lately," said Cring. "The best walleye taken in recent days was a 24-incher caught by Enis Gulledge. He used a nightcrawler for bait."

Many anglers think of Hoover as a crappie and walleye lake, and so it's surprising to some to hear of good bluegill fishing there. They are being caught on dug worms and a variety of artificial flies—one of the best is a sponge rubber spider. One angler brought in 61 bluegills the other day, and 11 of them were more than 10 inches in length. These are king-size bluegills, and will arouse any flyrod man out of his lawn chair for a little fishing.

Most of the successful walleye fishermen drift their baits slowly in deep water, although on cloudy days the fish may not be quite so deep. This is sort of slow-motion trolling, with only the wind moving an unanchored boat. It's more difficult to catch walleyes from the bank.

Bass fishing is slow right now according to many Hoover fishermen. But the pace was hot and heavy this spring, and such tremendous fishing was bound to taper off. Crappie fishing is almost zero at the present.

Catfishermen, that breed of angler that sits on the bank and lets the fish do the work, are getting active at Hoover. Once hot weather sets in for a few weeks you will see more and more of them, and they'll continue fishing until it gets cool again this fall. One nice 10½-pound channel cat has already been taken at the second bridge, and there are reports of other good catches.

Occasionally, you will hear of a catfish taking an artificial, but they prefer shrimp, dead crows, dead shad and the like. If you want to fish for catfish, you will do better with baits like these. The thing to do is cast out and let your bait rest on the bottom and wait for your line to move. Sometimes you will get into a bunch of small channels, and you will have to set the hook pretty quick or they will strip your

BLUEGILL

bait and leave. On the other hand, if your line starts to move out steadily, and you haven't had many bites, chances are you have a larger fish, and it's best to let him run a piece before you set the hook. Trying

WALLEYE

to decide whether to wait or not adds excitement to catfishing.

The picture at Hoover at the monment is one of variety—you can flyfish for bluegills, drift for walleyes or try for a big channel cat. If you are looking for an excuse not to mow the grass, this should do it. Maybe I'll see you there!

Boating Accidents Up This Year

If the present trend continues ues Ohio will recor daovhe ues Ohio will record more fatalities from boating accidents this year than it did in 1960, according to C. B. Taylor, assistant administrator of the Division of Watercraft.

Thus far 19 fatalities, all by drowning, have been recorded, as compared with 24 for the entire season last year. From a study of the reports received, Commander Taylor believes that most of the fatal accidents resulted from carelessness or poor judgment in boat operation.

In addition to the fatalities listed, 17 personal injury cases have been reported. A number of these were the result of fire or explosion on powercraft. Property damage on 1961 accidents reports totals almost $45,000.

Franklin County Fair Offers Traditional Fun And Frolic

By Taylor Gregg

The Fair is not a place or a thing, but an atmosphere. Oh, sure, if you don't go to the right place at the right time you won't find it, but this is the smallest part of what makes a fair.

The Franklin County Fair this year probably isn't much different from the county fairs of every other year. It is noisy and crowded though, just as if were the first one in the world. Every year hundreds, even thousands of people, come to walk the midway, enjoy the rides, and get some cotton candy.

It is a place where city people and country folks meet. From the small towns and the rural communities and farms come the 4-H'ers and the FFA and the just plain farmers. They come to show the best of what they have. It is something they have raised, like sheep or pigs, or grown, like corn, or made in their kitchens, like jellies and preserves.

And all the city people come to look and listen at an American tradition, the County Fair.

The crowds along the main run are thick and boisterous, with streams of children running in and out screaming their delight. A girl of five falls in the dust and strangers help the crying little figure to her feet.

The line in front of the cotton candy booth is ever long. A muscled city boy rings the bell with a big hammer to show his strength, and a farm boy threads the crowd with his heifer. A female barker "calls in" the crowd "Three shots for a dollar, right here, right now, come on" and a few do.

Screams come too, from the whirling thrill rides, and only the half completed ferris wheel is silent. Some stop to look at the dark, still wheel with disappointment in their faces. Over the other sounds of people is the blare of the second-by-second account of the harness races, and back off in a corner, the cows are being judged.

Away from the brightly lighted amusements are rows and rows of cages and pens and stalls and all the prize animals ever to come from the farm. There are rabbits, red and brown and white and black. The sheep stand in their pens with skeptical looks on their faces. The hogs lie sleepily in their pens, moving only to find a softer spot.

Sheep are being trimmed and cleaned while the city folks watch, and the proud young owners smile. And there is a crowd of young farmers standing around the silver ribbon that marks "Miss Hilliard." She takes time out to say "I think it's a great fair" and then goes back to the fixed smile of all public figures.

Over in the big tent twenty or so folks are leading their senior yearlings (cows) around the ring for the Junior Championship class while a serious-faced judge makes his final decision. "I like the way that first place cow was tied on in front, and I like the hindquarters of this fine animal, etc." And then on to the next class. Fred Stambaugh of the Groveport FFA win a second and third and just grins. Some man is out there walking his cow.

Here is a lost calf. Who does it belong to? Nobody knows. And the farm kids joke about the mooing of one cow to another: "They're in love." The county

AS A FINISHING touch, an area farmer braids the tail of his prize heifer prior to the judge cattle judging at the Franklin County Fair. The five-day fair runs through Friday at the fairgrounds in Hilliard. Among the major attractions still on tap are nightly harness races, junior fair livestock auction and the 4-H float parade. Theme for this year's program is "A Yearly Showcase of Progress."

West Side Council Sets Traffic Proposals

A concentrated campaign to eliminate traffic problems on the West Side will be kicked-off this fall by the area Neighborhood Council.

First step in the drive will come Sept. 6 with a meeting between the council's traffic committee and city traffic engi-

"We intend to ask the traffic engineers what plans they have for the West Side," Traffic Committee Chairman Frank Schneider said.

"Then we're going to tell them what we think should be done."

And the committee has very definite ideas on what needs doing, according to Schneider.

Among its major recommendations apparently will be:

- Creation of more one-way streets throughout the West Side.
- Installation of a traffic light at Broad and Glenwood.
- Elimination of the Souder-av "traffic trap."

"We don't intend to ask for a basketfull right off the bat," Schneider explained. "We know we wouldn't get it."

He noted that the committee was aware that the improvements could not all be made at one time and that it was most interested in steady progress.

Of all the proposals, Schneider has placed the most emphasis on the need for one-way streets. He explained:

"The committee feels that traffic conditions on our narrow side streets cannot continue. Either we must eliminate parking on one side or make them one-way streets. At present two cars cannot pass if other vehicles are parked on both sides of the street."

He indicated that, of the alternatives, the committee is overwhelmingly in favor of one-way streets.

Schneider also pointed out that one-way streets on the Hilltop and North Side apparently permit faster traffic movement.

The committee also strongly advocates installation of a traffic light at Glenwood and Broad.

Members point out that the signal is necessary to permit trucks to cross Broad-st. "We feel that the light is needed for the safety of residents on Scott and Gay-sts," Schneider said.

"At present, the big trucks run up and down both streets looking for a way to cross Broad."

He indicated that the committee will also back the suggestion to eliminate the Souder-av "traffic trap." "The street is a maze," he said, explaining that it is one-way south between Broad and Sullivant and one-way north between Sullivant and Mound.

Among other proposals being considered by the committee are:

- Establishment of reversible lanes on W. Broad which would carry inbound traffic in the morning and outbound traffic at night.
- Installation of traffic light at Town and Davis.
- Elimination of all left turns on W. Broad.
- Installation of traffic lights at the expressway ramps.
- Erection of 25 miles per hour speed limit markers on all side streets.

Dust Fallout Heaviest Over McKinley-av, Report Indicates

The dirtiest part of Columbus — in terms of air pollution — is the McKinley-av area.

Or so a recent report by Wright A. Erion, assistant smoke regulation engineer for the city indicates.

On a percentage basis, the section along McKinley-av is allmost twice as dirty as the rest of the city, according to Erion.

He explained that burning at the McKinley-av Dump (prisoners quarry) is continuing to raise the city dust fall average by 3.52 tons per square mile.

In addition, demolition activities and cyclonic weather conditions have kept the fallout average above normal, Erion reports.

During July of this year, some 24.22 tons of dust per square mile fell on Columbus, or roughly four tons per square mile more than the monthly average for 1960.

Erion notes that visibility during July was low. And explains that "this was due largely to the unreasonable haze in the atmosphere and unusual weather conditions — 19 days of rain during the month.

The last full week, July 23-29, was the dirtiest 7-day period during the month. The dirtiest day was July 27.

His report points out that the cleanest area of the city is the University District.

By areas, industrial sections led in dust fallout during the month, registering 37.54 tons per square mile; commercial followed with 22.73 tons per square mile; then residential with 18.71 tons per square mile; and rural (Case-rd) with 15.07 tons per square mile.

During July, Erion reports only one stationary plant violation was uncovered. For the first half of the year, the department found 120 violations, the largest number among commercial establishments.

For the same period during 1960, over three times as many violations were recorded, some 476 in all.

Hilltop Kiwanis To Honor Pair For Saving Boy

Two Columbus recreation leaders will be honored by the Hilltop Kiwanis Thursday, Aug. 24, for saving the life of a two-year-old boy.

The pair, William Galloway of Glenwood Recreation Center, and Virginia Reibel of Holton Playground were credited with reviving Ricky Tucker, who lapsed into unconsciousness while swinging at Glenwood July 21.

Ricky who lives at 26 Whitethorne-av had stopped breathing and was turning blue when Galloway and Miss Riebel began mouth-to-mouth respiration.

Galloway held the boy's mouth open while Miss Riebel, breathed oxygen into the child's lungs. When the fire emergency squad arrived, the boy was conscious and breathing again.

Mrs. Doris Tucker had taken her son, Ricky, to Glenwood after supper. She said that she had just put him in a swing when he "passed out."

He was taken to Children's Hospital. He apparently had become ill from the heat, his mother said.

Hilltop Lions Will Be Hosts To Governor

Hilltop Lions will be hosts to their Ohio District governor, John M. Waring, at the Thursday evening meeting at Berry's Restaurant.

Waring has been an active member of the Newark Lions Club for 18 years. He has served his club as president, treasurer, and director. For three years he was zone chairman and later was deputy district director.

Waring, a resident of Granville, is assistant vice-president of the Ohio Co., investment bankers in Newark, with whom he has been associated for 25 years.

Hilltonia Sets Registration

The office of the school is open every weekday from 8 a.m. to 3 p.m.

All students new to the district this year must register prior to beginning of classes.

The school is also distributing free tickets to Hilltonia students for admission to the "Youth Day" program at the State Fair, Aug. 25.

FRANKLIN TWP.

Sept. 26 Special Election Will Decide Incorporation Question

Voters in a 3,040-acre area of northern Franklin Township will vote Tuesday, Sept. 26, to determine whether or not they will create a village bearing the name, "Westview Heights," as a result of a meeting between township trustees and County Prosecutor Earl Allison, Aug. 11.

The meeting was held to determine the legality of a petition, filed last month by Edmund LeCaptain, 1171 N. Hagueav, and Bob Laird, 3128 El Paso-dr, co-agents.

Prosecutor Allison, acting in his capacity as legal advisor to county trustees, discussed the petition with the trustee board, under the leadership of Chairman John Guy. Ruling of the board was that the petition was legal, and Sept. 26 was set as the day for the special election.

The area in question contains approximately 2,000 citizens, it was disclosed. The area is bordered on the north by Trabue-rd (Norwich Township), by the Scioto River on the east, by Valleyview and Columbus limits to the south and by Prairie Township to the west.

The special election will involve one point only—will the area incorporate into a village bearing the name, "Westview Heights"? A simple majority is required for passage, Allison said.

Two polling places, involving parts of four precincts, will be open from 6:30 a.m. to 6:30 p.m. the day of the election.

Firm Seeks Zoning Variance On W. Town-st

The Board of Zoning Adjustment will consider a request from the Columbus Paper Box Company, 344 W. Town-st, for a variance to the building set back line at W. State and Starling-sts, at a public hearing Aug 25.

The variance would allow construction of a manufacturing plant at the southeast corner of the intersection.

A spokesman for Columbus Paper Box said the firm has no immediate plans to build on the site.

TRAINING CENTER UNDER CONSTRUCTION FOR FIREFIGHTERS

AN EXTENSIVE NEW FACILITY for training rookie firefighters is going up on the near West Side. The center will eliminate the necessity of training at temporary sites such as Port Columbus and the State fairgrounds that are now in use. Focal point of the 14-acre facility at 276 Greenlawn will be a six-story tower designed to provide experience in fighting fires in tall buildings, stairways, standpipes and elevators. Three other buildings on the site will house administrative offices for the fire department; the communications center (excluding the alarm center); and complete radio repair facilities for both police and fire departments. Plans call for the center to be completed by the end of the year.

Open car windows, says the Columbus Auto Club, are an invitation to danger when young children are in the car. Keep an eye on the small fry. Don't let them hang their heads or arms out of car windows.

NO ORDINARY SCHOOL, the Blessed Martin de Porres School, operated by the Brothers of the Good Shepherd, accepts those who are both mentally retarded and physically handicapped. Joseph Logan (left, seated) and Garfield Jutt (right) receive occupational therapy while Brother George (left) and Brother Vincent (right) offer their advice.

Brothers Of Good Shepherd Offer Special Class For Handicapped

Is this your family situation?—

You are in the lower income bracket. You have a son of 10 to 25 years old who is handicapped and also retarded; or perhaps he is just a slow learner.

You have sent him to school only to find he is unable to keep up; but you still have hopes that he can learn more.

A unique day school maintained at 530 E. Rich-st may be the answer to your prayers. Known as the Blessed Martin de Porres School, it is maintained by the Brothers of the Good Shepherd who also staff the Brother Martin Home at that address.

Said Brother Michael, principal, "We're sure there are many men and boys who need this day school training, but for some reason we haven't been able to attract them or those who are responsible for their care."

The school must enroll a class of 20 students by Sept. 11 or face reassignment of its staff of four professional tutors. Also in jeopardy is a $5,000 building addition which is under way. A class must be assured this fall if construction is to continue.

According to Brother Michael, the school is tuition free—all that must be provided for the student is transportation and lunch. Enrollment is not limited to Catholics. "We feel we are performing an important community service," the principal said, "so, of course, non-Catholics are welcome, too."

The school will observe the calendar and curriculum common to regular schools and, in addition, will feature physical and speech therapy. Some work in occupational therapy is contemplated if the enrollment warrants it, Brother Michael added.

Families desiring more information may call the school at 224-7965.

The Dolly Derby is a joint project of Goodwill Industries and Girl Scouts of the Ohio Trefoil Council.

Last year Girl Scouts in eight Central Ohio counties competed in dressing 1200 dolls for the derby.

The Dolly Derby is a three-day open house exhibit of the dolls at the Goodwill Industries plant on Edgehill-rd. Prior to the display, the dolls' ensembles have been judged according to first, second and third places in both 9-11 and 12-17 age groups of the Girl Scouts who designed and sewed the dolls' outfits.

Dolls may be taken or sent directly to Goodwill Industries, 1331 Edgehill-rd, or left at Goodwill collection booths in the Hartley Publications circulation area are Central Point and Great Western Shopping Centers; West Broad, back of Big Bear; Great Southern, beside Krogers, facing High-st; Town and County, east of Robinwood facing Broad-st; Great Eastern, across from Pure Oil Station facing Main-st; Reynoldsburg, north side and back of bank in shopping center.

HOW MUCH PAINT?

To find out how much paint you need for the outside of an average house multiply the distance around the foundation by the height of the house, adding two feet if the house has a peaked roof. Divide this total by 500 to get the approximate number of gallons needed for one coat.

Is Sunday becoming just another work day?

WE BELIEVE SO!

Do you want to keep it a "Family Day"?

TELL US SO!

A group of civic-minded citizens are becoming increasingly alarmed about the number of business establishments that are open on Sunday. The implications of this are enormous. By allowing first one, then another, then many others to operate on Sunday we are encouraging Columbus to eventually become a wide-open city.

Working Sunday can eventually become common-place. Think what this means to you, to your family, to your recreation! The observance of Sunday has been one of the basic elements in our civilization on this continent. It's a day of freedom — freedom for worship, for rest, for renewing physical as well as spiritual energies . . . a day for family and relaxation.

Here's what you can do: Think before you shop on Sunday. Ask yourself if it's really necessary. Ask yourself, ask your friends if they'd like to work on Sunday. Urge your family and friends to help stave off a 7-day business week. When you attend your service club or any other important group meeting, speak out in favor of Sunday as a day for church, rest and recreation.

If you agree that Sunday should not become just another work day TELL US SO by completing this coupon and mailing it to us.

Sewer Program Needs To Be Kicked Into High Gear

MARK TWAIN is supposed to have said that people do a lot of talking about the weather but no one does anything about it.

Often people holding public office and those employed by governmental units do a lot of talking about things that a community needs but too many times it takes too long to get action.

This editorial is not meant to be critical of any department in city government or of any administration . . at least not right now.

It is meant to point out that in order to really keep up with the needs of our Central Ohio community we must have a really business-like attitude toward each department of our local governments.

Let's take a close look at what is happening in the development of our much-needed sewer system.

In the first place everyone knows that our local growth in the past ten years has and is taxing our sewers far beyond capacity with the net result that we have flooded basements, pollution of our streams and generally are handicapped in providing sewer service to many areas that need it.

For example, the city has annexed the large area formerly known as Marion Township. It is good business sense to see that this area has the services it is entitled to and to be developed into an asset to the city rather than a liability.

Sewers and water lines are the arteries and veins of the community. They must come first. But the sewer program for Columbus needs a shot in the arm. It is not moving fast enough.

Local planning groups and committees have made recommendations as to the local needs and officials of the city concur in and even strengthen the statement as to these needs. It would seem that the time has come when a definite time table needs to be set up so that every advantage can be taken of all opportunities to push this program forward.

All of the problem is not just a lack of financing. Records will show that bond money voted for sewers as far back as 1945 was not used until many years later. In fact something near a half million dollars in that fund has still not been used.

Furthermore, it has been pointed out how a great portion of the program can be financed from revenue bonds, but each year of delay is a year that will not be caught again.

"To Your Health, My Friend!"

In 1957 it was recommended by the Development Committee For Greater Columbus that "steps be taken to proceed as rapidly as possible with the construction of a new sewage treatment plant at a location approximately eight miles south of the confluence of Alum Creek and Big Walnut Creek." The cost of the plant, an estimated $9,000,000, was included in the city's capital improvement program for the years 1958-1960. Now we are in 1961 and the plan has still not been set in motion.

This is but one of a long series of approved recommendations. Yet a major portion of the program has not been started.

A pronounced problem faced by the local area is that of what to do about the waste waters of all the suburban municipalities. It is not at all pleasant to think of the outflow of the Hilliard plant running into the Columbus reservoir. It is apparent that there needs to be close control and cooperation in this matter in the future.

Yet for many years suburban communities have complained that they are not getting a fair shake in the matter of water and sewer rates from Columbus.

At this point it must be recalled that we cannot be sentimental just because of an imaginary line between municipalities. Our health, to say nothing of the growth of our community, is at stake.

For quite some time now it has been recommended that a rate survey should be made by a competent firm that can give a truthful answer relative to the complaints about rates. The city has been asked to invite in firms to quote on such a survey. It appears that arguments back and forth will net nothing until such a rate analysis has been taken. Yet the city sits on the request for such a study.

Private business could never exist under such time-taking methods. Progress is made only in seeing the task at hand and then setting wheels in motion to get something done.

Private citizens and business people serving on established committees see the need of such progress and are willing to give of their time in assistance to our municipal governments. It is hoped our public officials will see fit to adopt such programs and get on with the work at hand.

Have You Noticed? Bird Migrations Get Started As Early As August

INSIDE ON THE **Outdoors** By ROD COCHRAN

A note of fall is in the air. You can detect this quicker by watching the song birds than you can by feeling it yourself. Even if you only watch birds in your yard, you can notice that certain birds that have been solitary or in pairs all summer now appear in flocks of various size.

Why is it that birds suddenly seek company?

"Well, again the age-old urge of instinct is at work," says Alexander Sprunt, Jr., of the National Audubon Society. "The reproductive time is over, the demand for territorial defense of the nest is lulled, migration approaches and the season is changing. For resident species there is ample food in weed seeds, insects and waste grain so that feeding territory defense becomes weak and ill-defined. As for the migrants, territories will mean little until the next nesting season."

In other words, the season is rushing along at a fast pace and the activities of birds are an indication of this. By mid-August a note of fall is in the air!

The southward migration of some birds begins now. Many people associate migration with waterfowl and believe that it begins with the falling leaves. This is because ducks and geese are large birds (easy to see flying in the sky) and can often be observed flying south in the daytime. But waterfowl are hardy birds—some, staying until ice drives them southward. They are the last of the migrants to leave us for the winter.

The small song birds of your yard and garden are the first to fly to warmer climates. They do not migrate in tightly-formed flocks, but fly in groups and broken strings. As one bird student put it, "they sort of dribble southward." Most of them fly their mysterious journey at night.

Ways To Observe Them

There are two ways to "observe" these flights that are beginning now and will continue through September. The first is to listen for the birds. Pick a still night when a heavy cloud is hanging low. Stand quietly for a while and you are almost certain to hear faint chirpings as migrating birds fly across tree tops and chimneys on their southern trek. On nights such as this they fly at low levels and are more easily heard.

Another way to spot the night flyers is to watch for them on a clear night when there is a full moon. Train some binoculars or a telescope on the moon and as your eyes get accustomed to the light, you will begin to notice dark "blips" hurtling through your field. These will be birds, and while you can not identify them you will see differences in sizes and shapes. By seeing some birds fly across the face of the moon, you'll get the impression that the sky must be full of migrating birds. And so it is.

The mystery of migration has always fascinated man, and he has tried to explain it many ways. But with a lot of investigation on the matter it is still pretty much a puzzle how birds traverse the highways of the sky. The question asked in the Bible, "In what way doth the hawk fly by Thy wisdom and stretch her wings toward the south?" is valid yet today.

Peaches Make Summer Living Easy

By ESTELLE B. FRANKS

THIS WEEK LOOK FOR:

Fruits — Peaches, cantaloupe, watermelon, summer apples, blueberries.

Vegetables — Sweet corn, tomatoes, green beans, cabbage, peppers, cucumbers.

Protein Foods — Fryers, turkeys, beef cuts from round and chuck, eggs, dairy products.

Fresh, sweet, juicy peaches are nature's way of saying, "Enjoy Summer." On the warmest day, here is a ready-to-eat thirst quencher. If light take-it-easy desserts are your idea of summer living and cooking, then you'll want fresh peaches at hand the rest of the summer.

Fresh peaches, of course, have been available in our markets for weeks — coming from many southern states. But now, of special interest are Ohio peaches. After a late start, the peach season in Ottawa and north central counties is in full swing.

Fred Grimes, Ottawa County Extension agent, says Redhavens, a variety fine for canning and freezing, are ripe now, with peak supplies expected for the weekend. Closely following Redhavens will come Golden Jubilee, a favorite for canning. Halehavens will probably be ready Aug. 25. Belle of Georgia, Elberta and Shippers Late Red are varieties you can expect after Labor Day. Quality is reported to be good and color is better than was true of the earliest pickings.

Harvest of early peach varieties is also under way in northeastern Ohio and other parts of the state. Along with Ohio offerings will be peaches from several western and southeastern states. Enjoy them to the fullest the rest of August and early September.

The easiest dessert, of course, is to reach for a peach—sweet, juicy, tree ripened. Bite into the mellow fruit and let the juice trickle down your chin . . . that's back to nature at its best. Here are other ideas you will like.

QUICKIE IDEAS FOR SERVING

. . . Slice ripe, fresh peaches on top of vanilla pudding in sherbet glasses. Garnish with whipped cream and toasted coconut.

. . . For a simple and refreshing dessert, team fresh peaches with crisp crackers and assorted cheeses. Serve with a fruit knife and after-dinner coffee. What could be easier!

. . . Fill meringue shells with raspberry sherbet. Top generously with sliced, sweetened fresh peach slices. Party-pretty, isn't it?

. . . For a colorful, quick and easy salad, cut canned, jellied cranberry or cherry sauce into bite-sized cubes. Mound in center of fresh peach halves which have been dipped in lemon juice. Arrange in lettuce cups and serve with sour cream dressing.

. . . Combine fresh peace slices with other fruits — bananas, melon balls, blueberries, grapes — for a delicious fruit cup. Pour on pineapple juice. Garnish with mint leaves. Serve for cocktail, salad or dessert.

Why Not Search All Air Passengers?

I am writing this letter, regarding the hijacking of our airplanes, in sincere hope that others will write and express their opinions.

All persons taking a flight on any of our airplanes should be checked thoroughly and all precautions taken for the protection of innocent people and for the safety of our airplanes.

We shouldn't get indignant over this safety precaution and be thankful we are not taking an unplanned trip to Cuba.

I am sure most persons are 100 per cent behind all safety precautions regarding any moves against the United States. The government should take heed to this danger.

Sincerely,
Mrs. Alvin Phillips, Jr.

P.S.—I think it would be nice if the Hilltop would be first to start self expression in Columbus. It would soon spread to other cities and towns. Even local televised discussion groups would do the trick, also community discussions. Too many of us are sitting back and not doing anything where self expression would guide our leaders in government.

Shopping Around By Rolfe

"Yep, I've got to start mowing my own lawn! Doctor says I'm not getting enough exercise!"

ONE MAN'S *Opinion* . . .

By Gaylor Gregg

We are today witnessing something new in the American political scene, something that will form a part of the history books some day.

The two party system, as we have known it, is on its way out. The day is soon coming when it will be more important whether a man is a conservative or a liberal than whether he is Democrat or Republican.

Traditionally both major parties have held both within their ranks. Republican and Democrat were always the words to use when you wanted to identify yourself politically. This is already a thing of the past. The right wing of the Republican party under Senator Barry Goldwater of Arizona is emerging as the stronghold of conservativism, and is already drawing conservative democratic votes on some issues. Kennedy, with plans for government aid in large areas and increased welfare policies is helping the liberal wing of the Democratic party to become the liberal stronghold in the political picture.

New issues too, are at stake. The division lines are fairly sharp. "Save the democracy by decentralizing the government and returning to free markets and the spirit of competition," might well be the conservative slogan. Liberals supports the humanitarian principles which result in higher social security payments, federal aid programs, publicly owned utilities, and generally a more socialistic economy.

Both fight communism, but the conservative fears the closeness of the liberals socialist learnings. Whatever side we choose in coming political fights, conservative and liberal will end the old party lines. We are in the new era!

• • •

Along similar lines, the traditional ignorance of the American public concerning politics in general and ideologies in particular is causing the kind of mass confusion on the home front that must make the commies gleeful.

The negative form taken by much of the present last-ditch brand of patriotism reflects the absence of any deep thinking on the part of Americans as to what this whole thing ("The Cold War") is about. Americans can be the most un-American people in the world when it comes to defending "Americanism." This includes labeling our own liberals as 'red", failing to distinguish between socialism and Communism (we already have much socialism). and confusing those interested in defending American 'civil rights' and pushing integration, with 'dupes' or 'subsersives' Some are; some are not, but we must distinguish.

Some of these CORE, and Civil Liberties Union members are right now among the few 'cool heads' remaining useful in the frantic fight against world Communist domination. The shaking finger of accusation is no substitute for something of value. We are in the new era.

Evans, Boston Rites Are Read Aug. 12 At Westgate Methodist

White carnations and frosted jade decorated the altar of Westgate Methodist Church as Rev. Sydney Everson officiated at the 7:30 p.m. marriage of Miss Sally Anne Evans and Mr. Leo Patrick Boston, Jr., on Aug. 12.

The bride, daughter of Mr. and Mrs. Forrest W. Evans, 2710 Vida-pl, was given in marriage by her father. Her husband is the son of Mr. and Mrs. Leo P. Boston of Martins Ferry, O.

The fitted bodice of the bride's gown was of imported lace with a Sabrina neckline and long sleeves that tapered to a point over the hand. The skirt was of silk organza with lace cutouts and a carriage back flowing into a chapel train. Her veil was a lace plateau accented with pearls, sequins and crystals.

The bride carried the traditional Pi Phi arrow in the center of a cascade garland of white fugi pom pons, stephanotis and a white hybrid orchid. The arrangement extended to the floor.

Mrs. Dennis McDonald served the bride as matron of honor. Bridesmaids were Miss Patricia Probst, Miss Sue Howison and Mrs. Carl Palecheck.

The attendants wore identical gowns of printed silk organza in tones of violet and green. Their hat pieces were white bows with circular veils. They carried hand corsages of white hybrid orchids with white velvet and satin accents.

Best man for Mr. Boston was Mr. Larry Lidhey. Ushers were Mr. Richard Maxfield, Mr. Harry Humphries, Mr. Fritz Matthews, Mr. James Carson, Mr. Jim Harrison and Mr. Jack Harrison.

For her daughter's wedding Mrs. Evans chose a pale blue dress with white cotton organza lace and a matching hat. She had a lavender orchid. Mrs. Boston wore a beige silk organza dress and matching hat, with a lavender orchid.

September Hearings Likely For Lutheran Senior Citizens City

"Just another hurdle cleared," commented Rev. E. E. Bradow, executive director of the Lutheran Welfare League of Central Ohio. He had heard that the Columbus Planning commission had given the green light to rezoning of a 20-acre plat for a Lutheran Senior Citizens City.

The rest is up to City Council after a series of public hearings on the project some time in September — and to the FHA.

The Senior Citizens City is to be located on a sloping hillside southeast of Rt. 62 and Alum Creek.

As yet, Mr. Bradow announced, the league has to hear from the FHA, who, he says have requested detailed plans of the $2.5 million center.

Also coming in for a check-out on the 285 apartment unit will be the two church bodies, the American Lutheran Church and the Ohio Synod of the United Lutheran Church.

The building complex will cover approximately 10 acres of ground comprising 12 neighborhood sections at an elevated level and another two sections at a lower level.

"Every room will look out on a desirable feature, a landscape or a patio," Rev. Bradow said.

"Arts, crafts, and other activities will take place during the day. An evening program is also being planned."

The Lutheran Welfare League has bought the property and plans to raise an additional $200,000 from churches and the league to furnish the building, Rev. Bradow pointed out.

The remaining 10 acres would be developed as a picnic and recreation area. An outdoor ampitheater and shelter area are also in the planning stages.

In the center of the layout would be administrative offices, lounge, chapel, a central dining room and hobby area.

No definite age limit has as yet been set, according to Rev Bradow, but probably the center would house those in the 60 to 65 age bracket and over.

Architect for the Senior Citizens city is Noverre Musson, of the Tibbals, Crumley and Musson firm.

For Rev. Bradow and his colleague, the rezoning approval by the commission is but another "step along the way" in a dream that has been taking shape for the last three to four years.

Fair—

(Continued from page 1)

sheriffs have their own tent, and there are rows of other exhibits, including garden and flower.

There are some horses at stud, and the owners parade them in front of the crowd before the harness racing begins. A woman stands with a gigantic black dame while the "National Anthem" is being played, and the crowd on the midway moves on. The pacers are off. Excitement mounts and by the time the thudding - swift animals make the second round the crowd begins to shout. "And it's Sugar Bowl by a length." What happened to that horse called "Faker."?

Who is the fair for? The kids that run and scream; the very little ones who look with wonder and awe? Or is it for the farm folks, so they can show the best of their efforts; or the city people, who come to look and learn and have a good time? Maybe it is for the old ones who remember many fairs, who even measure their lives by what happened that year at the county fair.

Whatever, whoever, like the barker says "Something New! Something Wonderful! Something everybody wants! It's the County Fair.

Street Lights Installed

The city has moved to brighten the Franklinton area.

As part of the Cleaner Columbus drive, in which the neighborhood served as a pilot project, new street lights were installed in the near West Side area last week.

Johnny Reb Can Still Yell —Cassinger

The wild rebel yell—which struck fear into many a Yankee heart during the Civil War—has not mellowed in the least over the years.

Or so a local lad who participated in the re-enactment of the Battle of Bull Run reports.

The youth, Ernest Cassinger, of First Ohio Regiment, Company C, said the old Southern war cry is all that it's cracked up to be—hair-raising.

Re-enactment of the battle, sponsored by the North-South Skirmishers Association, of which the First Ohio is a unit, was held during the last week in July. Some 2,500 boys in blue and gray "clashed" in the fields around Manassas Junction, Va., as part of the Civil War Centennial.

STILL GOOD AT IT

And if, as Cassinger indicates, the rebel yell has lost none of its effectiveness, then the modern-day Johnny Rebs apparently are every bit as good at using it as their great-grandfathers were.

"It was a massacre," he says of the mock struggle for one Virginia ridgetop.

"The Confederates came up the hill, completely routing the Union forces."

Cassinger leaves the impression that—even though the outcome of the battle was predetermined — the uncommonly realistic rebel yells may have inspired Yankee legs to retreat just a bit faster.

AUTHENTIC? YES

Was the re-enactment authentic? Yes. Even to the point of casualties, according to the 17-year-old Central High student.

"One of our boys was hit by a minnie ball" (the opposing armies supposedly were friendly and using unloaded weapons), and another "was burned by the blast from the muzzle of a cannon."

Authentic too, from the standpoint of spectators.

Just as at the original battle, a huge throng came out from Washington for the fight. Some 50,000 persons in all.

There was one difference this time. The Confederate army didn't chase the spectators back to the Capital.

SCRIPT GUIDES BATTLE

How was the battle conducted? By a script based on the original conflict, according to Cassinger who lives at 334 Ryan-av.

"We acted by the clock — advanced, retreated and even died. There was a timetable for everything."

During the battle, the local youth was "killed three times." "Whenever a reb got a clear shot at you, or sighted you with a sword, you were ruled dead," he explained.

Cassinger was something of a hero during the early stages of the battle when he was the first Union soldier to charge the rebel lines in his sector.

THEY OUTFIT THEMSELVES

Members of the First Ohio supply their own uniforms and equipment, according to Cassinger. They dress in dungarees and blue work shirts. Hats, belts and other accessories are purchased from a New York firm specializing in Civil War goods.

The organization volunteers its services for events like the Battle of Bull Run, he explained. His outfit also participated in a re-enactment of the Battle of Philippi, W. Va., in early June.

Fair Offers Abundance Of Women's Features

BY PATTY HARTLEY

The general consensus of opinion today is that the county fair is no longer for the local farmers. Today the fair has expanded to interest every member of the family from every sector of the county. And a quick tour of the fairgrounds will make it clear that there are a bevy of attractions for the women.

One of the greatest contributions to the Franklin County Fair is the 4-H exhibits. Here our future homemakers display their skills in culinary and the art of sewing a fine seam.

More than one complete building is devoted to 4-H booths attractively displaying the hand-sewn garments of girls from all over the county. On Friday afternoon at 2 p.m. the girls will present a style revue of their outfits. I urge you to attend to see not only some fine craftsmanship but also the "young moderns" trend in clothing.

Those delicious home-baked "goodies" are on display also, and Wednesday was set aside for home economics demonstrations. Housewives of today can pick up a lot of household tips by listening to these girls who have been studying the latest home economics extension bulletins.

The horticulture building is a bright display of the bountiful products of Franklin County . . . fruits, vegetables, Grange displays and the new arts and crafts exhibit.

The building also contains several commercial displays and you must not miss the one.

An extra tent of commercial displays has been added to this year's fair. You'll see many things for the kitchen, home and garden. Talk to the people in charge of these exhibits; they are friendly and obliging people, willing to talk of and demonstrate their wares.

The flower arrangements will delight all green thumbs of Franklin County. Beautiful, bright, crisp, cool and refreshing is how I describe the botanical displays.

Any woman whose heart beats excitedly at the hustle and bustle of youth, midway and crowds should be delighted with the Franklin County Fair. There are queens, bands, livestock, dances, amusement rides, harness races and gatherings of friends.

Heigh ho! Come to the fair!

FIRST OF SERIES:
Jets Have Problems But Most Local Folks Are Proud!

(EDITOR'S NOTE: This is the first of a three-part series written by Hartley Newspapers sportswriter Bob Wilcox on the Columbus Jets. It's being done to better acquaint one of Columbus' prides—a winning ball club.)

By BOB WILCOX

Taking a quick summary look at what the Columbus Jets have done since those opening weeks is reason enough for local sport fans—baseball fanatics or not—to be mighty proud.

The Jets returned home this Monday night, Aug. 4, for their eighth home stand of the campaign. Attendancewise this has not been the best year since the Jets inception as a hometown owned club back in 1955, but they are 20,756 up over last year's figures for 44 contests at home.

To date, the Jets have played to 127,323 paying customers (and 151,906 total attendance) as compared to 106,467 at the time last summer. In comparing other totals to date (paid) since '55 . . . 1955 — 141,817, 1956 — 117,831, 1957 — 126,462, 1958 — 119,947, 1959 — 180,121.

Columbus jumped off and quickly took the International loop lead and held it just shy of 40 consecutive days before giving it up to Charleston. The latter held it with the Jets never far behind (usually only a game or so and never farther than 3-4 off the pace) for the next three weeks.

Then as the Jets appeared to be slipping farther back in the "games behind" column they suddenly came alive and started a drive that eventually found them again, after the three weeks, perched back atop the loop. And there they have been ever since!

Of course Columbus's capture and retaining of first place has astounded most of the rest of the league's experts (they picked them for a second division finish in most cases), but the "odds" that the Jets have overcome in maintaining their top rung position have been even greater.

They have not played their best ball at home, where most clubs usually shine and thus pad themselves against poor road trips in achieving a pennant. As Jet team captain and third sacker Dick Gray put it in a recent interview, "We all want to win the flag so badly that I think we're trying just a wee bit too hard at home in order to please the hometown fans and its (pressing) hurting us."

However, the Jets have reversed the usual form and have been nothing less than sensational on the road to date. They finished June (on the road a good deal) with a fine 24-13 mark, for the month . . . and a three game lead. They returned Monday with another 10-7 road record even with back to back doubleheaders.

Another steep obstacle in their path, but seemingly overcome to date, has been Manager Larry Shepard's large injury and illness roster . . . usually causing several starters to be out at the same time and creating the huge problem of his trying to field a regular lineup day to day.

At various times since opening day (and sometimes for more than one stretch apiece) Dick Gray, Buddy Pritchard, Ed Sada, Johnny Schaive, Donn Clendenon, Larry Elliott, Nino Escalera, Roman Mejias and John Powers . . . not to mention several pitchers out with sore arms, etc., especially Tom Parsons . . . have been in "sick bay" and out of the lineup.

Gray and Schaive headed a crew out with various viruses and the flu; Powers has been bothered by knee trouble; Pritchard a leg injury; Mejias an arm injury after being hit by the pitcher.

The worst catastrophe in the latter area probably was hurler Parsons. As unknown to most Jet campers this spring, manager Shepard, who had him at Salt Lake City last year, maintained that he was his opening day pitcher and that he would turn out to be the ace of the Jet mound corps.

Parsons did hurl the opening day win and then went on to win his second outing both in pretty fair fashion. Then he ran into trouble, losing his next two and ending up with a sore arm. This finally necessitated putting him on the 30-day disabled list.

Jets position by position other than catching and how their lead has increased since regaining it from Charleston.

It pays to use the Classifieds.

Bumper-to-bumper driving, says the Columbus Auto Club, is a dangerous highway traffic hazard. A sudden stop on the highway can mean a disastrous pile-up.

Marv Snyder, Joe Searfoss and Alan Wedemeyer were solid hitters for the Jets.

At Chicago-av . . .

For the past several weeks the strange sounds of the brightly colored [illegible] gourds and split bamboo sticks have been coming from the playground.

Girls from both McKinley and Chicago have been learning to do various type of hulas with accompanying rhythm instruments. This week the girls will turn native for the pageant at Schiller park. They will wear sarongs, leis and na island flower behind their ears.

Last week the senior boys lost to Beatty in a volleyball tournament game as they were set down two games to one. The girls of Chicago lost to Burroughs in the same tournament. The senior boys' softball team lost to Holton 6-5.

Outstanding players of the week included James Edward Brooks, son of Mr. and Mrs. J. M. Brooks; Dale Heine, son of Mr. and Mrs. Charles Heine, and Kelley Morgan, son of Mr. and Mrs. John Morgan. James plays for the Athletics. He is a versatile performer playing outfield and infield. In last week's action he hit six home runs, five of them in one game for a playground Junior Jet record. Dale is a catcher for the Braves. His work behind the plate and his hitting ability as a batter is a valuable asset to his team. Kelley is a pitcher and second baseman for the Angels. His steady work in the field and good pitching, along with his timely hitting has helped his team gain second place.

IDLE HOUR GUIDE . . .

Pre-Season Browns On Ch. 10; Station Names New Director

By Stan Robinson

Channel 10 will provide the central Ohio area football fans with their first glimpse of the professional Cleveland Browns when the station carries four Browns exhibition games.

Robinson

Sportscaster Ken Coleman will handle the play-by-play for this series from the gridiron. The first of the contests will be seen Sunday, Aug. 20, 8:30 p.m., when the Browns play the Forty-Niners of San Francisco. On Aug. 25, WBNS-TV will rebroadcast the action of the Browns-Los Angeles Rams game from 10:15 p.m. till the action is completed.

The games to be seen on Sept. 3rd and 10th will be presented via video tape delay. The Browns see action against the Pittsburgh Steelers on the former date and the Detroit Lions on the latter. Both games are scheduled for 3:30 p.m.

It is noted that this year's team is supposed to be faster and heavier, according to training camp reports, from Hiram, O. There is also a three-way race for the quarterback position with Milt Plum, Jim Rosch and Len Dawson all in contention for a starting berth. This action should provide a good pre-season glance at the Browns of '61.

NATIVE OF NEWARK, O., appointed news director at WTVN . . . Veteran news editor Ken Mack has been appointed news director for WTVN radio, according to an announcement from the desk of Gene D'Angelo, general manager of WTVN radio. Born and raised in Newark, Ken attended Miami University, graduating in 1952 with a degree in radio and television. He has worked in Middletown and Newark radio before joining WTVN-TV in 1954 on the television side of the news. Ken serves as vice-president and public relations director of the Outdoor Writers of Ohio.

JACK PAAR TO VISIT BERLIN . . . Jack Paar is going to Berlin the first week in September to film and tape three hours of material for his show, the broadcasts of Sept. 11, 12 and 13, on WLW-C. The Berlin-originated segments will be in black and white only and will be integrated under the color broadcasts of each of the three air dates.

Several regular cast members will be making the journey with Jack. The technical facilities of Radio Free Berlin will be used for this project. Performers from the German theatrical world are being lined up for interviews and an attempt to interview Mayor Willie Brandt of West Berlin is being made by the Paar staff.

FULLEN TO HOST CH. 6 BOWLING SHOW IN FALL . . . Gene Fullen, co-host of the Ch. 6 "Morning Show," with Bill Palmer, has now been named to also handle the hosting chores for the daily "live" bowling programs for early fall, on WTVN-TV. The new series will be seen from 10:30 to 11 a.m., Monday through Friday. A modern new two-lane installation is now under construction right next to WTVN-TV studios, Harmon and Greggs-av in Columbus. A September completion is planned.

HERBERT HOOVER to speak of Woodrow Wilson . . . Former President Herbert Hoover will tell the story of what he terms the "ordeal and tragedy," of Woodrow Wilson in an NBC television special projects program to be presented next fall. The title will actually be "The Ordeal Of Woodrow Wilson — A Personal Memoir by Herbert Hoover." As narrator, Mr. Hoover will be sometimes on camera, sometimes off.

Archive motion picture film and historic still photographs will supplement film newly made with Mr. Hoover, who will draw upon resources of the vast Hoover Library of war, revolution and peace at Stamford University for photos, maps, drawings and other documents. The period of 1917 through 1921 will be concentrated on for the special program. Mr. Hoover recently celebrated his 87th birthday in New York City with a quiet observance.

IN VIEW AND REVIEW . . . Polly Bergen, moving to Hollywood, is leaving CBS-TV's "To Tell The Truth" panel since the show remains in New York City . . . ABC-TV's schedule for college football coverage begins Saturday, Sept. 16, with Pitt-Miami game in Miami and ends Dec. 2 with Army-Navy in Philadelphia . . . Dennis O'Keefe is the guest star for "The Bachelor," first episode in the new NBC-TV "Joey Bishop Show," now set for Wednesday, Sept. 20.

Ron Hayes will star as county constable Lincoln Vail in "Everglades," a new syndicated series that uses the primitive beauty of Florida's "Glades" for its background . . . Ronald Reagan and Bess Myerson will be host and hostess, respectively of the "Tournament of Roses Parade and Pageant" which CBS-TV will carry from Pasadena, New Year's Day, 1962.

BUSINESS REVIEW

Area-Wide Support Is Sought By Sunday Observance Group

Efforts "to maintain Sunday as a family day" were made known this past week with the formation of a group called Greater Columbus Sunday Association.

Goal of the group is "to seek county-wide support for the principle that non-essential businesses should not operate on Sunday in accordance with Ohio's Sunday closing statutes," according to Executive Secretary Gene P. King.

Trustees of the Sunday Association are: Robert Keim, Gager-Keim Ford; Robert Ewing, Big Bear; Robert E. Levy, Jr., The Union; Charles H. Ackers, Ackers' Hardware; Carl C. Bair; Dave Madison, Madison's Inc.; Bill Owens, Owens Appliances; Gene Tuttle, The Kroger Co.; Lee Swinford, The J. C. Penney Co.; Guy Coffman; Jack Merriman, Seiller's Department Store; mon, Albers Super Markets; Asa Robert Echenrode, Echenrode Furniture Co.; Charles J. Alla- Beavers, Beavers and Horn Market; Erwin J. Fanta, Realtor; Gene P. King.

King said that he and his group "are gratified at the response already voiced by the many civic, church, and business leaders with whom we have discussed our objective."

The group is now exploring means to win further active support.

King said the Sunday group sees this problem:

"Each Sunday more and more non-essential businesses are opening their doors to steal the lead on their competition. In self-defense, responsible merchants are being forced to consider opening their stores.

"We are reaching the point where Greater Columbus will become a wide-open city and all businesses will be operating on Sunday. And when that occurs, Sunday as a day of rest will be a thing of the past because all of us, no matter what our job is, will have to gear to a seven-day work week.

Merk To Open New Facilities

Merk Sharp & Dohme, division of Merk & Co., Inc., will hold formal opening of its new branch office and warehouse at 4242 Janitrol-rd, at 11:30 a.m. Tuesday, Aug. 22.

A. F. Thomas is branch manager.

Last year, Burrough's intermediate boys won the city championship and the junior boys were runnersup in their division as they lost in the finals by a single run. The intermediates downed Glenwood 9-5, while the juniors shut-out Haunts 8-0. In the junior games, Raymour pitched a no-hitter as he faced only 19 batters in a six-inning game. The one extra batter got on base via an error but was quickly erased by a double play.

It's Football Fever Time Again . . .!

WEAK OPENERS . . . HOW COME?

Grid Season Should Start Off Big . . . Why Doesn't It?

By JOHN AUBLE, JR.

While many sports fans are still in their easy chairs counting Maris' and Mantle's home runs—it's time once again for football, king of the autumn sports in America.

There is one aspect of the game, however, that should be discussed in respect to the high school grid scene.

For some time now, it has been quite apparent that those involved in making up schedules for various high school powers have consciously avoided scheduling for an opening game either (1) another major team as an opponent, or (2) a team in the same league with the football power.

This year, for example, Lindsey-McKinley has chosen to kick off its colorful schedule with green Central High.

Powerful North starts out with one of the weakest South teams in recent memory and traditionally strong Reynoldsburg opens up with inexperienced Canal Winchester.

The reason for such scheduling is obvious. In fact, athletic directors and coaches make no attempt to conceal their thinking.

In plain and simple English—by opening against a weak and or preferably non-league team, the risk of losing (especially a league game) is reduced and the players and coaches get a chance to polish up performances for upcoming "more important" games.

But, why should this be so? Why shouldn't a team start off with a meaningful triumph if it's after top-drawer recognition for its pigskin prowess?

Why should it have to fear tackling an opponent of its own reputed caliber? If a team is truly a champion, then why not prove it from start to finish—instead of deliberately trying to avoid being exposed as not too strong at the season's outset?

After all, isn't almost a month's fall drills enough time to practice? So what if the titans do not have the benefit of several "exhibition" games' experience prior to meeting—this handicap exists for all prior to opening day.

Can you imagine the additional fanfare and interest that would be accorded the advent of the football season if say Linden opened with Urbana Worthington clashed with Arlington and West smacked head on into East?

The price of admission is the same all year.

AT WEST HIGH:

Fekete's Going To Re-Build . . .

By JOHN AUBLE, JR., Record Sports Editor

Gene Fekete is going to need more than a hammer and nails for his rebuilding job at West High School this year.

He needs talent, ability and support if he plans on making it. And, to sports fans who have followed Fekete's career—he's got it made already.

Fekete is a builder — you can make book on that. And, it's also a pretty safe bet that West High won't be an exception.

"I realize that this is going to be a rebuilding year for us at West," Fekete said Monday. "I'm new at the Cowboy school and I'm not sure what has to be done—specifically."

Fekete can speak in generalities, however, and it sounds like he's going to come up with a brand of football—on a high school level — that hasn't been seen around these parts for some time.

"After you don't win for about 13 years, enthusiasm naturally begins to dwindle," he said. "Enthusiasm on the part of both the team members and the spectators."

This makes Feteke's rebuilding program two-fold.

First, he's got to pour the cement and hope that it will harden into a fast, hard-hitting ball team and, second, he has to make the team colorful enough to please the spectators.

"I'm going to try — more or less — to bring football at West High School back where it should be. I know that there are a lot of aspects to the game that have to be worked on and, then again, other things look pretty good."

Plans New Offense

Fekete plans to use an offense which will be altogether different from what fans are used to seeing in Magly Field. Organization-wise, there's a difference also," he commented.

One thing's sure, Fekete and Company won't have to wait too long until they find out what they have.

They bang right into Eastmoor for their opener Sept. 8.

Eastmoor was co-champ in the City League last year and, as Fekete said, "We'll know in a hurry what type of team we'll have. If we can stay on the same field with the Warriors, I feel we'll shape up to a pretty good team."

What does he have to work with? From here, it looks like plenty.

He has 26 lettermen returning which is enough to make any coach proud as punch. Most of the Cowboy squad last year was composed of sophomores and juniors and the fellows are one year older now and ready to go to work.

But, they've still got much to learn—maybe too much.

They're going to have to more or less forget the principles taught them before this, and learn to play a more wide-open brand of ball.

"I can either be the losingest coach in town or the winningest," he added. "We'll just have to wait and see and hope."

And, while they're "waiting and hoping" they will be playing these games:

Sept. 8, Eastmoor; Sept. 15, Watterson; Sept. 222, Franklin Heights; Sept. 29, at Linden; Oct. 6 ,at Central; Oct. 13, Marion-Franklin; Oct. 20, Aquinas; Oct. 27, at North; Nov. 3, South, and Nov. 10, bye.

Inexperience Hurts Central High's Howe

Frank Howe, Central High School coach, took one look at his 1961 schedule, sighed and shrugged his shoulders. It's gonna be a long season for the Pirates.

Central's only bright spot, perhaps, is in the fact that eight strong lettermen are returning, including Don Mitchell, George Gilchrest, Bill Johnson, Oliver Hitchcock, Robert Jewell, John Bell, Oscar Toland and Winston Scales.

"The sophomores from last year are good," Howe said, "I'm going to rely almost entirely on these boys—some are fairly outstanding," he added.

His big problem is experience.

Last year, via graduation, Howe lost both of his regular ends and so he figures he'll keep the game more on the ground this season.

Not only does the loss of ends practically clinch his decision to keep away from the aerial attack, but this fact doesn't help matters.

The Pirates lost Steve Tweedy considered one of the most-talented passers in the City League last year.

The Pirate's will have average speed this year—a little better than average in two boys.

Bill Saleman and Scales both ran on the 880-relay team last year and will handle most of the sprint chores for the squad this year.

The Pirate schedule includes:

Sept. 8, at Linden; Sept. 15, at Newark; Sept. 22, at Troy; Sept. 29, East; Oct. 6, West; Oct. 13, Eastmoor (Homecoming); Oct. 20, at South; Oct. 27, St. Charles (Booster Night); Nov. 3, Aquinas and Nov. 10, North.

"Genial Jim" Cushman of Columbus, copped the 100-lap Charley Newsies National Championship feature Sunday night at the Columbus motor speedway in a race that saw 18 of the 20 starters still running at the end.

Cushman moved into the lead on the 22nd lap and was never headed as he drove a spectacular race with the complete coolness of a veteran of the super-modifieds.

Saturday night, Bud St. Amant captured the 50-lap National Championship for flying stocks, less than three-feet in front of Harold Hartley who was leading as they came out of the last turn of the last lap.

Several spectacular wrecks brought many thrills to the fans Saturday night, as one car stood on its nose in front of the grandstands and another came sliding down the straight-away on its side.

Races will continue on both Friday and Sunday nights, the supermodifieds and flying-stocks running a combined total of eight events each night.

THE CREW of old No. 10, sometime prior to the turn of the century.

AN UNKNOWN fireman exercises his steeds on Dakota-av.

Postscript From The Past

When (Fire) Horses Were Hayburners

In days of yore—before Henry Ford contrived his manyhorsed buggy—firemen were more apt to be powered to a blaze by two horses than 200. And the horses were more apt to be fueled with hay than gasoline.

And in that era—when the dashing smoke-eaters were more apt to wear mustaches, than today's clean-shaven firefighters—old Firehouse No. 10 on the West Side was the pride of the department.

The brassbuttoned buckaroos were the pride of the neighborhood at the turn of the century—heros to the boys, heartthrobs for the girls.

Of No. 10's crew during that long-ago period, the identity of only one man is known. Standing fourth from the left is L. G. Dolder. Efforts by present day department personnel to identify other men in the picture, taken 60 plus years ago, were unsuccessful.

Dolder, who served at the station for three-and-one-half years, later resigned and founded Dolder Bros. Market on Central-av.

Both photographs are the property of his daughter, Anna Dolder, 390 Oak.

Scouts Unveil Site Of New Campground In Hocking County

It's a Boy Scout's dream. Or soon will be.

That's Camp Greenhills in Hocking County.

The camp will be developed on an 1100-acre site southeast of Logan by the Central Ohio Boy Scout Council.

It will serve as the major camping facility for some 18,000 Boy Scouts including those from the Hilltop and West Side.

The council took the wraps off the new site for a Hartley Newspapers reporter with a tour Friday.

Plans call for the initial development of some 24 troop sites, providing camping space for some 500 boys.

Also slated for early construction are commissary, storage and administrative buildings.

Later developments—not scheduled for the immediate future—will approximately double the number of camping spaces.

Layout of the new camp was drawn up by the Camp Engineering Services of the National Scout Council.

According to a Scout spokesman, the plans make every effort to preserve the natural surroundings of the camp, located in rolling Hocking Hills.

The area is well-wooded with elm, maple, oak and aspen. Ravines and fast-flowing streams crosshatch the area.

Camp sites will be flexibly designed so that tents can be interspersed among the trees — leaving no permanent scars.

Showers and other health facilities will be centrally located. The number of buildings will be kept to a minimum.

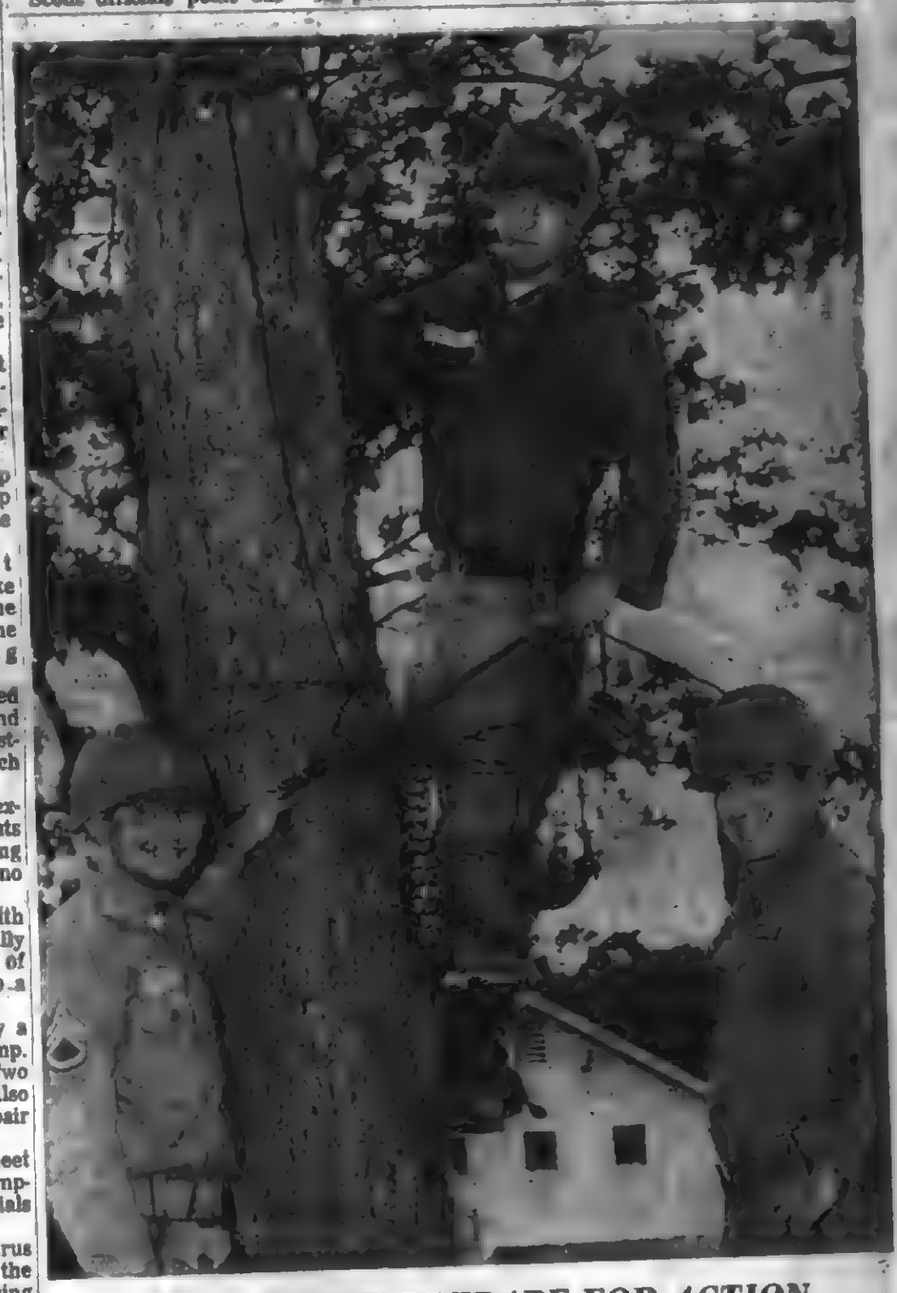
Water sports will play a major role in the new camp. One lake now exists. Two more are to be built. Also on tap are at least a pair of swimming pools.

The new camp will meet a need for additional camping spaces, Scout officials say.

At present Camp Lazarus near Delaware bears the major share of the camping burden. Each week during the summer season, some 275-330 boys use the camp which was originally designed for 175 campers.

This summer a total of 2382 boys camped at Lazarus during the eight-week season.

Scout officials point out that the camp was designed and built in the years right after World War I and is outmoded.



It has been inadequate to handle our camping load for the past eight years, a spokesman said.

He pointed out that only 28 per cent of the boys in the Central Ohio Council had an opportunity to camp this summer.

There was room for only 35 per cent of the troops during the season.

Limited camping will be

GUARDSMEN PREPARE FOR ACTION

AMONG THE CITIZEN SOLDIERS in action with the 37th Infantry Division at Camp Greyling, Mich., are three local men — S/Sgt. Rodger Smith, 2419 Harrison-rd, Pvt. Roger Hankle, 3237 McKinley-av, and Sgt. Dan Crites, 122 S. Richardson-av. The guardsmen, members of the Ohio National Guard's 166th infantry regiment, are stringing field telephone lines after arrival at the camp. The division will complete its annual summer-training trek this week.

Wreck Prone Intersection Claims Victim

One of Columbus' high accident rate intersections claimed another life early Tuesday.

Mrs. Audrey McQuirt, 22, of 784 Oak-st, was killed in a two-car wreck at Harrisburk-pk (Central-av) and W. Mound-st. Five other persons were injured.

Mrs. McQuirt was dead of head and chest injuries upon arrival at Mt. Carmel Hospital.

In fair condition at Mt. Carmel are Sue Wein, 19, of 1792 Cole-st, with head injuries and John C. Brown, 25, of 3083 Medina-av, with a broken collar bone and head injuries.

Treated for cuts and bruises at the hospital and released were Elizabeth Emery, 20, of 2042 Sullivant-av; Emma Phillips, 22, of 70 S. Douglass-st; and Robert F. Green, 24, of 873 Moon-rd.

Police said Brown was driving north on Harrisburg-pk and Miss Emery west on Mound-st when the cars collided at the intersection.

Mrs. McQuirt was riding in the Brown car, according to police.

70-Bed Hospital For Far West Side Should Be Ready Next Fall

Columbus' far west side, long without a badly needed hospital, should have a new 70-bed unit, before the fall of 1962.

The new facility will be called Doctors Hospital West Side Unit and will be built on a 925-foot frontage on West Broad-st, west of Sturbridge-rd, south of Beacon Hill-rd and east of New Rome.

An 11-acre parking lot will be constructed adjacent to the hospital.

In addition to the 70 beds the hospital will embrace, two surgery suites, a recovery room, dietary department, emergency X-ray facilities, clinical lab and supporting facilities for emergency and out-patient use.

A spokesman for the Doctors Hospital said there will not be obstetrics or pediatrics facilities.

He said it is intended that the new hospital would be a community health facility serving western Franklin County. Complicated diagnostic cases will be transferred to the Dennison-av Center.

The closest hospital now available to serve west side residents is nearly six miles away. The trip must often be made in heavy traffic.

More than 40,000 people live in Franklin and other townships which are nearby. And it is estimated that over a quarter-million people live within a four-mile radius of the hospital.

The staff of the new hospital will be drawn from the 111-member unit which operates the present Doctors Hospital. Thirty specialists are included in the staff.

It is estimated that 31 people will staff the hospital, 15 interns and 16 resident physicians.

Holscher Named Kiwanis Speaker

John N. Holscher, director of personnel and public relations for The Ohio Company, local investment banking firm, will address the noon luncheon meeting of the Hilltop Kiwanis Club, Thursday, Aug. 24, at Barry's Restaurant.

He will discuss the over the counter market in securities and will explain how an investment program is set up.

LION GOVERNOR VISITS HILLTOP

JOHN WARING, Lions Club International District Governor, paid a visit to the Hilltop Lions Club Thursday night during a dinner-meeting get-together. Waring is shown congratulating Bill Leibensperger (left), of the Hilltop Club who was recently named Zone Chairman. Waring discussed how Lionism works on three levels—international, state and local.

BASEBALL, BASEBALL, BASEBALL!

The big question in Ohio these days involves the Cincinnati Reds . . . will they or won't they?

Pennant-bound or not, the Reds are displaying a combination of power and pitching which is establishing them as one of the finest teams the National League has seen for some years.

If you'd like to see how you can be one of the lucky Hartley Newspapers readers who will make the Sept. 24 trip to Cincinnati to watch the Reds play the San Francisco Giants in the last Sunday doubleheader (home) of the season, look for the story and coupon inside this week's paper.

RESERVATIONS CLOSE . . .

160 To Attend Gold Wedding Fete

Registration for the Golden Wedding Club reception, planned Friday, Sept. 1, at Holiday Inn, 4601 W. Broad-st, has been closed.

Reservations for 160 persons, married 50 years or longer, have been received for the party.

The affair, its popularity proven by the response, will be repeated next year.

Golden Wedding couples, all residents of the circulation areas of West Rural-Urban News, The Hilltop Record and West Side News, will be honored at the reception, sponsored by the newspapers and Holiday Inn.

J. Curtis Allen, photographer, with studios at 2272 W. Broad-st, will present each couple attending a free candid portrait and, in addition, give the couple married the longest an eight by ten, framed portrait.

Floral arrangements for the party, flowers for everyone, and a corsage for the woman married the longest will be the gifts of Mr. and Mrs. John Hensel, owners of Rosebud Floral Co., 351 N. Burgess-av.

Mrs. Beverly Neumann of Hilliard will present a decorated wedding cake to the couple married the most years.

KEY-TO-CITY SUPPLY IS DEPLETED

Maybe You'd Better Bring Your Own Key

By JOHN AUBLE, III

If you have any dreams of making it big and then returning in triumph to open the home town's ceremonial doors, here's a word of advice:

Bring your own key, Conquering Hero.

It appears that keys to the city are in short supply. In fact, there just aren't any.

Mayor Ralston Westlake said his office is currently looking over samples in an effort to replenish the key supply.

In the past, when an occasion came up for giving out a key, the tokens were usually specially ordered, according to the Mayor's receptionist Francis Barlow.

Mrs. Barlow said that former administrations have had cardboard, gold-colored replicas of keys made up to give out at ceremonies.

"Often we'll get requests from a civic group or citizen having important guests in. They ask the mayor to hand out a key, and that group would furnish their own key for presentation."

Mrs. Barlow also said the city did have a plastic key that they used for awhile—with a thermometer in it. Westlake's office is now planning to have inexpensive keys to give to all visitors to Columbus and more expensive ones to give on important occasions.

Margaret Castle, Mayor Westlake's secretary, says that as far as she can remember, there never was

A GOOD COUNTY FAIR CAN BE MADE BETTER

ANOTHER FRANKLIN County Fair is now history and words of congratulations are generally due the Fair Board. The attendance this year was good and final figures will probably show it well ahead of last year.

The exhibits this year were very fine and quite interesting to most people. A special pat on the back is due those responsible for the women's section and the flower show.

Another measure of the popularity of the fair was the fact that there were more livestock exhibitors this year than last. And, too, the interest shown in the youth activities was high.

Many people have wondered about the future of county fairs. The interest shown in the Franklin County Fair, both by the exhibitors and the public who paid to see it, should be proof that there can be a bright future for the county fair.

While it has by no means run its course it is a fact, however, that future success of the fair and future improvement of it and more interest in it can and will come about if a few steps are taken in the right direction.

Nearly two years ago Hartley Newspapers outlined a program aimed at strengthening the Franklin County Fair. We think these points are still good and that the fair board, backed by the public, will be doing a great service to the fair if they will study these suggestions and do something about them.

We think the constitution of the Franklin County Agriculture Society should be changed to provide for the election of three members of the board of directors from each of five sections of the county: Northeast, Southeast, Southwest, Northwest and Columbus. Nine additional members could be elected at large with the county agent holding his place on the board automatically.

One such member should be elected from each district and three at large annually. Such a program would eliminate any inference that the fair is a "Hilliard Fair."

Along with this change there should be a yearly campaign to solicit and encourage membership in the Agriculture Society. An event of this magnitude is controlled by entirely too few people. This year there were but 176 actual members of the society. Only 127 of these voted.

We previously suggested a long range planning committee to study the needs of the fair and come up with some suggested solutions to the problems. We still maintain that this is essential to the best success of future fairs.

This committee should study the best uses of the fairgrounds so that this valuable land is put to better year-round service to the community.

It is important, in view of the fact that this county is rapidly becoming more urban than rural, that this be taken into consideration in planning future fairs.

An immediate need could perhaps be taken care of before next year's fair: That of providing a proper place for youth talent to perform. It is disappointing to both the performers and those there to witness and hear the performance to have such performances placed adjacent to the clang and bang of the midway and in competition with the sideshow hawkers. The value and importance of the performance is lost under such trying circumstances.

Then too, it would seem that a well planned promotion of the youth livestock sale next year would result in far better prices being paid for top prize winning stock. Many a youngster certainly must have been sadly disappointed when the animal he or she worked with so long in the past year was sold at but slightly more than the current day's sale prices.

Hotels, super markets, restaurants and others can be encouraged to cooperate and be present to bid higher prices if they can have the assurance of proper recognition and publicity when they make such purchases.

Again, we say, this editorial is not a criticism of the present fair board. They are to be congratulated. But an even better fair will result with any of the above suggestions being properly acted upon.

Any or all of the above suggestions will get no farther than this printed page unless those interested in the fair believe in the fair enough to do something about it . . . not just before next year's fair but NOW!

No Time Like The Present To Go Fishing For Perch On Lake Erie

INSIDE ON THE **Outdoors** By ROB COCHRAN

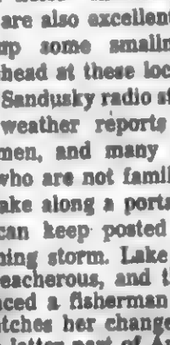
Several area anglers have reported that the fall perch run is starting at Lake Erie. The catches are not yet sensational, to my knowledge, but are signaling better days to come.

Art Whittemore, 29 Hoffman-av, caught 43 perch this past weekend fishing with his brother off Kelley's Island. "Perch must have been all over the bottom," said Whittemore, "for they kept hitting as we drifted. We were using minnows, and the only reason we quit was because we ran out of bait."

Fishing for ringed or yellow perch has been exceptionally good in the fall for several years now in western Lake Erie. Anglers swarm to the area. While it's not exciting fishing, it's good relaxing fun. And a freezer well stocked with perch fillets promises good eating all winter.

Surveys by the Division of Wildlife show more fishing boats out in the fall, when perch fishing is hot, than at any other time in the season. This may surprise you, for you've heard glowing reports of smallmouth bass, white bass and walleye fishing from up there. But the real popularity poll winner is the little perch, because he is so easy to catch. On calm days small boats venture out far enough to catch fish. A good example of this is the area around Mouse Island, just a few hundred feet off shore at the Catawba ferry dock.

Free Pier Available



You can even catch fish from shore. With no experience at all fishing on the lake, you can go to Catawba State Park, for instance, and fish off of a free pier. Other perch fishermen will be out, and are glad to help a newcomer. They will show you how far out to fish, how to rig your minnow and how to recognize a bite. Fishermen regularly come from Toledo and Cleveland to fish the little dock at Catawba, because it's a good spot for one thing, and the atmosphere is pleasant there.

Other public docks and breakwaters are along the shore—some of the most popular are at Cleveland, Huron and Port Clinton.

Fishing is good, often even better, farther out in the lake—not just any place, but on reefs and "perch holes" in the island area. There are also excellent chances to pick up some smallmouths and sheepshead at these locations.

The Sandusky radio station broadcasts weather reports hourly for fishermen, and many from downstate who are not familiar with the area take along a portable radio so they can keep posted on any approaching storm. Lake Erie waters are treacherous, and the more experienced a fisherman is the more he watches her changeable nature.

The latter part of August and all through September is a good time to fish the lake for autumn days can be bright and tranquil. On such days you reap a golden harvest of perch.

FULL STRINGER of perch and one sheepshead taken off Kelley's Island by E. A. Whittemore, above, Fredricktown, and his brother, Art Whittemore, 29 Hoffman-av. The perch were taken on minnows and signal what is expected to be a perch fishing bonanza this fall in Lake Erie.

FOOD MARKETS THIS WEEK

Markets Full Of Homegrown Produce

By ESTELLE B. FRANKS

THIS WEEK LOOK FOR:

Fruits — Peaches, cantaloupe, watermelon, summer apples.

Vegetables — Sweet corn, peppers, cucumbers, tomatoes, beans, cabbage, potatoes.

Meat and Poultry — Fryers, turkeys, medium eggs, chuck roasts, Boston butts.

Peaches are in the spotlight on fruit counters and roadside stands throughout Ohio. Supplies are expected to be heavy from now through September, and prices reasonable. The bright sunny weather last week was excellent for the peach crop, giving the fruit a beautiful reddish blush. You'll likely have the biggest selection in varieties this week and next if you want Ohio peaches.

Summer apple harvest is on, too, in Ohio orchards. You can take your pick from such favorites as Duchess, Maiden Blush, Red Astrachan and Red Bird. These apples have more color than the very early ones and make excellent sauce and pies.

Sweet corn harvest continues with more and more growers icing or hydrocooling their corn to be sure you get the best in flavor. If you plan to freeze or can some corn, do it soon before quality slips and prices advance.

Tomatoes have better color this week. The late tomato crop promises to be better than the early one, so if the weather is favorable you may still find good tomatoes to slice or can at a reasonable price.

New potatoes are being dug now throughout the state. Quality seems very good, but remember that these early varieties do not store as well as the fall varieties. This has been a good summer, too, for peppers—green, yellow, hot or sweet. Snap beans, limas and many varieties of summer squash are other vegetables to use often.

MEATS AND POULTRY

Meat prices are somewhat unpredictable at present. Wholesale prices on most meats advanced sharply last week, but were followed by heavy marketings and slow demand. Due to this sudden change, it is difficult to anticipate what will happen next, but the forequarter beef cuts will remain good choices as long as the weather stays warm. Advertised features are good buys.

The report of large turkey supplies for this summer and fall isn't just "talk." Production is expected to be 25 per cent above last year—and will be, by far, the largest crop ever grown. Live prices have already dropped to their lowest level in 19 years, with the period of heaviest marketings still ahead.

Theater Owners Don't Force Patrons In

To the Editor:

Why all this fuss about censorship? Might just as well close the theaters and be done with it.

How about the persons who do go? The theater manager doesn't stand outside and ask them to come in. I myself never went to the show because of that.

No censorship for me. I do not have to have someone tell me what I can see or eat or drink.

(George Stertzer)

A PENNEY FOR YOUR THOUGHTS

Question: What did you think of the County Fair?

ROSANNE WOLPERT, Miss Central Ohio of 1961 — "This fair has attracted bigger and better crowds than ever before, as can be seen from the large number of cars on the grounds and in town. There are also more varied events."

FRED STAMBAUGH, of Toy-rd, a winner in several farm animal classes — "The fair was pretty good. There were good prices in the hog auction, but beef suffered some from not having enough bidders. Future fairs might provide more room for the animals too. Mine were pretty crowded."

Shopping Around By Rolfe

"Stop squirming, young man! I'll soon find one that smells ripe enough!"

ONE MAN'S *Opinion . . .*

Ohio State University trustees took a giant step forward recently when they abolished compulsory ROTC training only to replace the defunct course with a faster weeding out program of rigid academic [illegible].

For years, since 1874, freshmen and sophomores have paraded around the campus in poorly tailored, ridiculous and outdated uniforms playing tin soldier, much to their embarrassment and others' amusement.

J. L. Allen

Countless valuable hours are lost during the first two years of college training marching to the cadence of enlisted and commissioned officers of the Army and Air Force who had to be stationed some place during their rotation to American soil in their service careers.

When the time comes for active military duty not one consideration is given the unfortunate who wasted two years in the ROTC program. No credit is given towards service time, pay longevity, and more often than not, if a recruit sounds off on his ROTC training his will be a long and rugged road.

Now the two years of being told how bright to shine the shoes, when and how short to cut the hair and stomping around in the rain, snow and heat of summer, has ended.

But its replacement program bears watching.

Forced to accept every high school graduate of an accredited Ohio high school, OSU officials have long sought a solution to overcrowded facilities.

When applicants come, OSU officials nearly brag of the drop-out figures, but even that tremendous cut in the enrollment has not aided the problem of space.

In an age when "higher" education is as necessary as a high school diploma is to get college training, the OSU trustees plan to waste even more of the student's time — and during a major transition period in every student's mental, physical and moral life.

No longer required to pay valuable money to play children's games, an even greater price will be paid in time consumed on the courses trustees are labeling the "enlarging and strengthening national defense education." This is a laugh since the trustees also are heaping the weeding out courses on girls, including two-year home economics majors.

Now every housewife will be able to call The First Lady and speak to her in French about the nuclear breakdown of the atomic submarines.

Land Of Kilts, Cricket Thrills Local Eagle Scout On Tour

Ed. Note: — Eagle Scout Craig Weaver, 2613 Whitehead-rd, Scout columnist for this newspaper, recently returned from a tour of the British Isles and the Continent with his mother, Mrs. Pearl V. Weaver. Following is an account of some of his experiences and observations.

by CRAIG WEAVER

This summer while in Scotland I had the chance to visit two pen pals with whom I had exchanged several letters.

Both of the boys, Michael Cruickshanks and Fraser Goodall, live in Dundee and are members of the British Boy Scouts Association. Michael is a Queen's Scout, equivalent to our Eagle Scout rank, and Fraser is a First Class Scout. It was very enjoyable to meet them and their families and to be able to talk to them first-hand.

I stayed in Dundee two weeks and visited two meetings of Fraser's troop, the 18th of Dundee. During the summer their meetings are held outdoors in Camperdown Park.

British scouting and American scouting are similar in main ideas and purposes but differ in organization and smaller details such as uniforms.

Wear Shorts All Year

British Boy Scout uniforms are either khaki or light green. The scout shirt is similar to ours except that they have epaulettes on their shoulders. The hats are like our campaign hats with the broad brim, or berets of different colors. Scottish Scouts have the choice of wearing a kilt or the regular shorts. Scouts in Britain and most parts of Europe wear shorts the year around. They call their neckerchiefs "scarves" and their neckerchief slides "woggles." The scout emblem is like ours but without the American Eagle. Their tenderfoot, second class, and first class badges are very similar to ours. They call their merit badges "proficiency badges."

I got the impression that they don't do as much year-around camping as we do here. One reason for this is that they have very few established camps in Europe. In Scotland, where there are no regular camps at all, the troops go camping in the summer on their own usually in the mountains. The scenic Scottish Highlands provide a terrific area for camping.

Hiking Very Popular

Hiking too is popular in Scotland. What we would call a cross-country hike they call hill climbing. And they really mean it too. I don't think they could hike five miles without running into some sort of a hill. The terrain isn't too rough, though, and the scenery is some of the most magnificent I've seen anywhere.

While attending a Scout meeting in Dundee I learned that games and sports activities were a usual part of the weekly program. I had a lot of fun playing soccer with them. They call it football. At one meeting they taught me how to play cricket. After the cricket game they wanted me to teach them how baseball is played. So I did, but can you imagine playing baseball with a flat-sided cricket bat! They enjoyed the baseball better than cricket. They say it is a faster moving game.

At the troop meeting I also traded many things like patches, woggles, and neckerchiefs.

Witnessed Ceremony

While staying in Scotland I was fortunate enough to see on live television the opening of the new Baden-Powell House in London. Queen Elizabeth did the honors along with other members of the royal family.

The B-P House is a scout hostel where scouts from all over the world may stay while visiting London. Lord Baden-Powell was the founder of Scouting. Later I visited there and toured the house. There is a nice museum with many B-P relics. Scouters and scouts alike can stay there.

Scouts sleep in dormitory-like rooms and scouters and their families may have private rooms. There is a nice cafeteria and a large dining hall. The walls of the lounge are decorated with different Scottish emblems. The building even has a roof garden. British Scouts have been contributing money for 20 years to pay for this beautiful hostel. Here I met a Scottish scout wearing a kilt and some scouts and their leader from Liverpool.

It was very interesting to see how brother Scouts run their organization in another land. This is one experience I will never forget.

A STUDY IN STONE of Lord Baden-Powell which was unveiled in mid-July by the Duke of Gloucester, is admired by Craig Weaver. It stands before the B-P House in London.

New Executive Named For Southwest Scout District

Bacon, 37, began his duties Aug. 20. The district which he will supervise encompasses the West and Southwest sections of Columbus and Franklin County.

He replaces William Lindsay who resigned to enter private business.

Bacon is a graduate of Missouri Valley College and the National Training School for Scout Executives. He is a former Life Scout, Scoutmaster, neighborhood commissioner and district committee member.

He has been district executive in St. Joseph and Columbia, Mo. and Cincinnati, with a total of eight years professional experience.

Everett R. Bacon has been appointed Scout executive for the Southwest District, Paul W. Handel of the Central Ohio Council of Boy Scouts, announced here.

Married and the father of two children, Bacon will move his family to Columbus in the near future, according to Handel.

Those 65 And Over Need Fishing License

Does a person 65 or over need a license when he goes fishing?

"He sure does," says J. L. Copeland, supervisor of law enforcement, Ohio Division of Wildlife, "with one exception."

"The free fishing privilege extends only to those 65 or older receiving assistance from the Ohio Division of Aid For The Aged. It does not include those persons drawing Social Security or other pensions."

Copeland states that an Ohio aid recipient who wishes to fish should apply to the local office of the Division of Aid for the Aged for an identification card. The card may be carried in lieu of a fishing license.

Part Time Jobs Are Available In Nursing

Approximately 16 percent of the professional nurses who were active throughout America in 1960 were working on a part-time basis, announced Sister M. Lucy, director of the St. Francis School of Nursing, in reviewing estimates reported by the American Nurses' Association.

Sister M. Lucy said these figures point up that professional nurses can "usually" find part-time job opportunities when and if she wants employment.

There are currently 251 full-time nurses for every 100,000 persons in the US population. A reasonable goal, according to the American Nurses' Association, is 300 full-time nurses per 100,000.

In a cooperative effort to reach this goal, the St. Francis School of Nursing will enroll the largest possible class of student nurses this fall.

Ohio Cities Spend $16 Million On Recreation

An additional 20 cities reported that no funds were spent to finance recreational programs of any type.

The 1960 expenditures represented an increase of $1,198,-$15,424,298 spent the previous 385, or 7.7 per cent, over the year.

Communities Share Taxes

Ohio's cities, villages, counties and townships shared the distribution of $52,771,374 in local government funds during the fiscal year ending June 30, 1961, State Auditor James A. Rhodes reports.

This distribution marked an increase of $1,496,712, or 2.7 per cent, over the 1960 fiscal year distribution.

Franklin County received $3,647,669 of the state-collected taxes which went into the local government fund.

A breakdown of the distribution shows that $24 million came from the legislative appropriations of sales tax revenues, together with $27,620,227 in intangible taxes paid by financial institutions, and another $1,151,146 in intangible taxes paid by dealers in securities.

Members of the dance act included Pam Scott, Melody Scott, Kathy Shute, Sue Evans, Carol Ward, Cheryl Pressman, Mary Bates, Sue Herbert, Diane Richesson, Benny Brooks, Gary Hartsell and Wesley Seymour. The staff at Burroughs would like to extend special thanks to Pam Scott for her many hours of work with the group.

At Holton . . .

Tennis has dominated the scene this week. Holton had 17 finalists in the city tournament and has won more places in the finals than any other one playground in the city. We are very proud of this record.

The senior boys' softball team lost in the city finals to Kenlawn 13-10.

Our act in the pageant was a success. The Bertram Sisters trio sang and as a result they were asked to be on a television program the following week. The members of the trio are Ruth, Sandy and Patty Bertram.

It has been a most rewarding summer for the leaders at Holton and we hope that we will see you again next year at

The leaders at Glenwood would like to thank the parents and the boys and girls for their participation and cooperation in the summer activities.

A meeting for the junior boys' football program was scheduled for Glenwood Recreation Center Wednesday, Aug. 23, at 7 p.m. Any boy who has not reached his 13th birthday by Sept. 1 and who weighs 125 pounds or less is eligible.

All boys will be placed on teams according to their ability, so that each of the four teams will be of equal strength. All games will be played after school at Glenwood. None of the teams will be entered in any other leagues with other centers or playgrounds. Each team will play one or two games per week. All boys who come out will make the teams.

Colored jerseys, furnished by the Hilltop Kiwanis and Hilltop Lions Clubs, will be issued to the first 18 boys on each team. Each player must furnish his own helmet and shoulder pads and these will be required. No football shoes will be permitted.

Each boy who attends practice sessions and games regularly will get to play at least one quarter of each game. All boys who are eligible to play are urged to attend the first meeting today.

At Sunshine . . .

The Junior Jet season has come to a close at Sunshine. The regular season ended this Friday. League champions were the Indians in the American League and the Dodgers in the National League. The winning teams were awarded first place ribbons at Junior Jet Night at Jet Stadium Aug. 17.

Coaches of the Indians were Mr. and Mrs. Carl Wright. The players were Danny Southward, Dennis Querry, David Gainer, Peter Coccia, Fred Masters, Charles Masterson, Paul Lewis, Dennis Wright, Tom Reynolds, Alton Kendall, Terry Blizzard, Larry Lambert and Danny King.

Coaches of the Dodgers were Mr. and Mrs. Lonzie King. The players were Charles Williams, Pat Bingham, David Johnson, Randy Harbor, Eddie Bragg, Ronnie Flint, Benny Martin, Sam Rodgers, Thomas Robbins, Mike King, John Humphrey and Michael Odum.

For the season the Indians were undefeated. The Dodgers lost only one game.

Friday was the "day" for the coaches. The American League coaches defeated the National League coaches by a score of 12-4 in a softball game. Most of the men said they thought that they were a little past the ball playing age but they had a lot of fun.

All the coaches and umpires who helped with the Junior Jet program at Sunshine are extended a vote of thanks by the members of the staff for their fine cooperation during the summer season. They helped keep the program progressing rapidly and smoothly.

Sunshine intermediate girls finished the season in fine style by upsetting heavily favored Kingswood 15-12. Outstanding players were Nancy Lewis, Doris Jones, Debbie Johnston and Pat McGue. We'll just whisper this so no one will know. "The girls capped the season by thumping the Sunshine Junior boys 11-4!"

Thirty boys and girls participated in the Spanish bull fight skit for the pageant held at Schiller Park Wednesday. Those having main parts were James Taylor, the matador; Teddy Wampler and Ralph Wampler, torreadors; Eddie Baker and Mike Smith, the bull; Judy Stout, the queen.

At Westgate . . .

This week ended a hard and well fought season for the Major League Junior Jets. The league winner was not decided until the last game. Monday, the Marlins beat the Colts 15-0 and 4-0. Swarts collected a grand-slam for the winners in the first game. In the second, Swartz and Ehlers each had a homer. The big man for the Colts was Phillips with two singles.

Tuesday, the Tigers slipped by the Indians 5-3. Castle and Bernes had hits for the winners. S. Martin, Bradley, Dominey, Dominey and Martin each had hits for the losers.

In the second game, the Bucks held the Marlins scoreless until the last inning when two walks and two hits by Rankin and Green brought in three runs for the Marlins. The two runs for the Bucks were on four-baggers by Hauth and Taylor.

In the rematch on Wednesday, the Marlins edged by the Bucks 2-1. All runs were scored in the first inning. Horky, Clark and Block had consecutive hits for both runs. For the Bucks, Hauth, Haines and R. Winston also collected straight hits. Horky, Clark and Swarts had three for three and Easton for the Bucks had one for one.

In the second game the Colts came back in the last inning to win their first game 3 to 2 over the Indians.

Canaday, Lyons and Phillips' hits together with Barnes' walk collected all three runs, while consecutive hits by S. Martin, Blackburn and Dominey produced their two runs.

In the final two games the Marlins clinched the title by beating the Tigers 1-0. The Bucks ended the season by beating the Giants 8-0.

The Westgate Goofs were runners-up in the City Volleyball Tournament for the 15 and under girls.

AUBLEGRAPH
BY JOHN AUBLE, JR.

You Might Not Recognize The Game This Year . . .

This the season high school football presents new makeup, if not a new face, to the world. This is becoming more evident in Columbus area high schools than ever before.

It's all being designed to make for a happier season for the fans who prefer high scores to "pitchers' duels."

Perhaps this is all due to the new blood which has filtered into various leagues this season. Many high schools now have new coaches for 1961, coming equipped with truck loads of new tricks to increase spectator interest.

This little matter of spectator interest has bothered and is bothering coaches more than one may think.

Take, for example, West High's new coach, Gene Fekete. Gene is the farthest thing from a stranger to the gridiron, and he promises some eye-opening formations to greet the fans this year.

These new items to high school grids need names. Sometimes coaches have trouble themselves tagging the new plays which they have devised.

South High's new coach, Robert "Stonewall" Jackson, has come up with, perhaps, the award-winner in the unusual names department.

He calls it his "Eclectic T" and explains that it is a combination of the split and straight "T" and combines the advantages of both formations.

At any rate, football is changing—for the better, I think.

You'll probably see more field goals attempted this year, too.
